Ref your RE 18/1 of 7 Jan 45 and enclosed draft in English of a proposed Italian Training Pamphlet on the Compressor Truck.

1. Herewith my comments as requested:-

(a) A pamphlet of this nature will be very useful, providing the translation is done accurately.

(b) The technical detail appears to be accurate.

(c) It is suggested that in Section III a paragraph on the PNEUMATIC SAW would be useful.

Dear *Jentle*

ES.

I enclose herewith the draft in English of a proposed Italian Training pamphlet on the compressor truck,

I would be grateful if you would look through this and forward your comments as early as possible, preferably by 14 Jan. In particular please give your opinions on the following points:-

- a) whether or no you consider a pamphlet, such as this, would be useful?
- b) whether the technical details are correct?
- c) what alterations, if any, are required?

Yours sincerely
Dick Giphart
