PART 2. State of Training of Specialists and Tradesmen.

The C.F.P. is being run entirely by Italian personnel and is giving satisfaction.

PART 3. Balance of Programme to be completed.

There is no balance of programme as such to be completed. It remains for the Italians - Officers and O.R.'s - to be introduced to Technical Stores as against the Clothing and General Stores which they are handling now. This, it is intended, shall be effected after the present pressure of work subsides, when two more Italian O.R.'s including a Sergeant, will, it is proposed, be taken on to work in the Dump.

G 1, 52 B.L.U.

1. Ref your G/38/17 dated 1 March and Fifth Army letter 192/2/G(SD) dated 26 Feb 45.

2. The training given to 2 Italian Ord Officers and 10 Italian Ord O.R.s of the Parco Mobile (Ordnance Field Park), Legnano Gruppo, has proved one might say amazingly effective, especially in the case of the Officers. The O.F.P., from an Ordnance point of view, is a model.

Further experience to date has tended to prove that the O.F.P. will, as a result of RAOC training, be able to perform its function with a high degree of efficiency.

3. Suggestions for improvements or extensions are:-

- (a) A short course for Officers and O.R.s on office procedure.
- (b) Training of Officers in D.A.D.O.S. duties.
