O Hewett, Lt/Gen Lieutenant, 55th Army
H.Q. Central Group POLAMIA
USF
Card ...

1. Attached hereto as Appx 'A' is a statement showing particulars of tyres and tyres tubes required by Central Group POLAMIA.

2. At present the Central Group is deployed over a very large area in which, in certain localities, the roads are very poor and little more than cart tracks.

3. The 3 x 2 Coy of the Group does maintenance supplies from the WARSAW area, map ref F 4445 and has to deliver these supplies to KIELCE and SANDOMIR, distances of 105 miles and 175 miles respectively from the Supply Point. Maintenance of the Group is affected every other day and involves 60 x 3 ton lorries on a two day turn round. (This figure includes 20 lorries from BIELSKO, map ref G 8403).

4. During the last six months Group transport has had to operate over very bad roads, involving very considerable wear on transport tyres and the replacement position of these tyres has been very poor.

5. Unfortunately, the Group during the last 2 months has failed to submit complete indents for tyres to the Ex DUMP this HQ and the demands for replacements as shown by him have therefore given a false picture.

6. The position at present is critical. The Group state that the figures given in Appx 'A' do not represent the complete requirements of their units of tyres and inner tubes, however, they do represent the major proportion. If the Group is to continue to have to maintain stocks with this long and line life, it is essential that these specialist indents are duly involved will merely make the position worse.

7. It is requested that this HQ be informed earliest as to the possibility of tyres and inner tubes in the quantities shown in Appx 'A' being allotted to the Group.

To: O.C. QMP,
44th Italian Combat Group. 13TA

Reference Tyre & Tube Demand as at 28 Apr 45.

You are advised that covers and tubes size 7.50 x 20 are not controlled, and indents for this and other uncontrolled sizes should be submitted to 557 B.O.D. in the normal manner. 43

Para 1 of my letter of even reference dated 25 Feb 45 gives a complete list of sizes of covers & tubes known to be controlled at present. All other sizes are not controlled, and indents should be submitted for these in the normal manner. Uncontrolled sizes must not be included in the weekly tyre & tube return.

Major,
DADOS.

1. Due to the recent arrivals of Battle Batteries in the theatre, it is intended, as soon as these can be brought forward, to destroy all those manufactured before Oct 44.

2. It is emphasised that battle batteries which are discarded will not be sent to Salvage, but must be destroyed by fire or other suitable means.

3. Provision action has been taken to obtain sufficient batteries to replace all stocks in Army considered to be O/S under the provision mentioned in para (1) above and it is expected that these will be available within the next 7 days.

4. It is intended that the position be reviewed each month and you will therefore submit to this office on the 23rd of each month a statement showing your stocks by months of manufacture and your estimated wastage for the ensuing month, and provided stocks at Base allow, replacements for those batteries considered by AFHQ to be doubtful, will be provided.

Subject: Controlled Sizes of Covers & Tubes.

53 B.L.U.
Ref: ORD/4.
25 Feb 45.

To: OC 4th Italian Combat Group OFP.

1. The following sizes of covers & tubes pneumatic are controlled by DDOS Eighth Army:

3.25 x 19	9.00 x 16	11.00 x 24
6.00 x 16	9.00 x 20	12.00 x 20
7.00 x 16	10.50/11.00 x 20	13.50/14.00 x 20
8.25 x 15	10.50/11.00 x 16	

2. OC OFP is responsible for making a consolidated weekly demand on the attached pro-forma for tyres and tubes of these sizes as at 23.59hrs. on Saturday of each week. In practice, this will not be possible, since the demand must reach Corps Hq on Sunday, so OC OFP will submit his demand (in triplicate) as at 23.59hrs. on Friday of each week, to reach this office not later than 12.00hrs each Saturday.

3. Releases will be made to OFP by DDOS Eighth Army. Covers & tubes will normally be delivered direct to OFP, but in cases where OFP is instructed to collect, OC OFP will contact DADOS 53 BLU to make necessary arrangements.

4. Dues Out against previous week's [redacted] demands will not be maintained by DDOS, and therefore each demand will constitute net requirements after taking into consideration current releases, and cancellations of indents.

5. The authorised initial stock of controlled sizes of covers & tubes is as follows:

SIZE	Type of Tread	Quantity Covers	Quantity Tubes
3.25 x 19	Standard	8	10
6.00 x 16	CC	6	10
9.00 x 16	CC	10	15
9.00 x 20	CC	5	5
10.50 x 16	CC	14	20
10.50/11.00 x 20	CC	11	18
13.50/14.00 x 20	CC	5	5
6.00 x 16	Standard	2	[redacted]

The majority of these have been released, and are expected to be received within the next few days. In some cases, Standard Tread covers have been released in lieu of CC.

6. It is emphasised that the quantities mentioned above are only an estimate of the Combat Group's requirements for 14 days, and must be amended as necessary by OC OFP.

Your ORD/4 dated 16 Feb 45

1. Copy of demand for controlled sizes of Tyres and Tubes is attached.

2. The figures inserted in the '14 days reserve' column are estimated, with a view to obtaining an initial stock for the Ord Fd Park. They must, of course, be amended as necessary in the light of experience.

3. Sizes 900 x 20 and 1400 x 20 are not shewn in your letter, although small quantities of each are required to meet dues out. A small stock has therefore been demanded for 14 days reserve.

1. Some confusion exists as to the correct nomenclature of various types of engine assemblies. In order to introduce a standard nomenclature, the attached list is forwarded for information.

2. The list is not exhaustive but will serve as a useful guide in making your weekly engine demand.

3. A column headed 'CODE' has been added where possible, which should be used on all demands and returns and will provide sufficient identification.

DOS CIRCULAR NO. 172

Subject:- American - British Lend-Lease Agreement - Issue of Stores.

1. Pending the issue of revised instructions on the subject of issues of Lend-Lease stores to Foreign Governments and civilians, the U.S. and U.K. Governments have agreed to an interim procedure.

2. For the purpose of reference, the terms "Re-transfers" and "Diversions" are introduced in legislature covering the interim procedure. The definitions of the terms are as follows :-

"Re-transfers" - is used to refer to issues from theatre stocks whether of Lend-Lease origin or not to Foreign Governments (See Appendix 'A' paras 1 and 3) for military end use.

"Diversions" - is used to refer to issues, sales or hire from theatre stocks whether of Lend-Lease origin or not to civilian end use, foreign or otherwise.

3. Appendices 'A' and 'B' to this Circular set out details of the assignment and financial aspects of "Re-transfer" and "Diversions" of stores.

Briefly, negligible quantities of uncontrolled or unreserved stores in Categories "D" and "E" only, may be issued to civilians without prior approval from this H.Q. if such stores are to be used directly to aid the war effort; and stores for disposal as scrap or salvage. All other issues to civilians (except British, American and Allied in Allied military or Government employ for which legislature already exists) and foreign forces or Governments, for civilian or military end use must be authorised by this H.Q.

4. D.Ds.O.S., A.A.I. and Districts, C.O.Os. Depots and O.Os. Independent Commands will arrange forthwith to report bi-monthly :-

(i) Statement of "Re-transfers" to Foreign Governments for military end use

(ii) Statement of "Diversions" for civilian end use.

in respect of all issues made direct from formation Dumps and Ordnance Depots to such Foreign Governments and civilians. First bi-monthly reports will reach DOS AFHQ on 7th Jan '45 and will be in respect of issues made during months of November and December 1944.

PROCEDURE COVERING "RE-TRANSFERS" OF STORES TO FOREIGN GOVERNMENTS FOR MILITARY END USE.

1. All "Re-transfer" issues must be covered by authority from ...E.H.Q. Issues to :-

(i) U.S. Forces or

(ii) Any Naval or Military contingents of Foreign nations serving as parts of a British Operational Command, and drawing their equipment and maintenance supplies through British supply sources in similar manner to British Forces.

do not fall into the "Re-transfer" class. Such issues as in (i) and (ii) above, after authorisation by AFHQ may be made without special "Re-transfer" formalities.

2. The financial aspect of "Re-transfer" issues is covered as follows :-

(a) On consent being given to "Re-transfer" of Lend-Lease material, U.S. authorities amend their transfer Directives and book transactions to foreign governments actually benefiting from the receipt of goods. U.S. authorities also make financial adjustment with recipient direct. No like financial action nor repayments is to be taken or made by British in case of "Re-transfer" of Lend-Lease material.

(b) "Re-transfers" of non Lend-Lease material will be treated as normal issues. Financial action will be in accordance with the financial procedure normally applicable to the receiving force or Government.

3. For "Re-transfer" purposes :-

(a) Mandated territories do not rank as foreign Governments.

(b) Sudan ranks as foreign Government.

(c) Sudan Defence Force ranks as contingent force.

(d) Forces of mandated territories are treated as forces of British Empire.

NOTES TO APPENDIX "B"/.....

NOTES TO APPENDIX 'B'

1. Proposals to "divert" stores under column 2 must be referred to D.C.S. before any "Diversion" is carried out when controlled, reserved, or large quantities of uncontrolled or unreserved stores e.g. spare parts, are involved. Issuing officers will report details stating category in which stores are classified to DOS AFHQ who will obtain War Office approval through Q(Maint) Q.2. A.F.H.Q.

2. Particulars of all stores surplus to local requirements (including essential civilian requirements in aid of the war effort) will be notified by Categories to DOS AFHQ. DOS AFHQ will verify with DDOS, COPC(ME) that the stores are surplus to requirements of theatres for which COPC(ME) provides and obtain War Office instructions as to disposal through Q(Maint). Q.2. AFHQ. No "Diversions" of stores as surplus to war requirements will be made without first obtaining War Office authority.

3. Whenever reasonably possible the British will avoid financial transactions in respect of stores issued under column 2 to civilian organisations on Italian territory. Instead such issues will be recorded as made to Allied Commission in accordance with G.R.O. 479/43, and it will be for the latter to make any necessary financial adjustments with the civilian organisations. This will not apply to civilian organisations on Italian territory which have been taken over by the British Military Authorities, issues to which will be regarded as issues to part of the Army machine.

4. It is essential that the authority responsible for sale should invariably show the category of stores as defined in column 1, on the debit vouchers sent to Command Paymaster. of Appx 'H'

5. Stores identifiable as of U.S. origin should be treated as Lend-Lease unless there exist good grounds for believing them to have been Dollar bought.

6. Stores of American origin which are believed to have been Dollar bought should be treated as non Lend-Lease and classified under Category "C" or "D".

7. Stores identifiable as of non U.S. origin should be treated under Category "C" or "D".

8. Stores which cannot be identified as either of U.S. or non U.S. origin should be treated under category "E".

1. Reference your letter 062/2006/1 dated 21 Oct., 1944.

2. No float of gas cylinders is at present held by this Combat Group.

3. Until the Ordnance Field Park of this Combat Group receives its scaling of stores, I consider that a float of Cylinders should be held by Divl. Workshops to meet immediate requirements. In consultation with Staff Captain, R.E.M.E. of this B.L.U., I estimate that this float should consist of a minimum of 12 Acetylene and 20 Oxygen cylinders.
