1. It is observed that weekly demands are not in all cases showing details of 'Type of Tread' required.
2. In future demands unless the 'Type of Tread' is specifically stated it will be assumed that the alternatives will be accepted in lieu.
3. Where a proportion of each can be accepted the demand will be annotated to this effect giving the relevant split between types of tread.

53 H.Q.S.

Ref 4/2-22-34

6 July 45.

1. Continuing verbal instructions already given to your H.Q.
2. Reference this H.Q. letter 422-23 of 24th June 45.
3. All vehicles with the exception of those listed in Annex "B" of this letter are to be concentrated without delay at a camp selected by you. These vehicles are classified as follows:

Motocycles	10
15 cwt	12
ambulances	1
3 ton	27
6 ton	15
Tractors	2
14 recon cars	5
and 15 cwt	1

4. These vehicles must all be in good running order.
5. Please inform this H.Q. immediately all the a/m vehicles have been handed in, giving location of the camp.
6. In addition a report is required from you by 10 July showing full details and present locality of any other cars or load-carrying vehicles, civilian or army owned, that are at present held by you with units or in depots.
7. Vehicles in this list must be in good running order, or can be made so with little difficulty.

3136

1. Further to this HQ letter Q22 - 28 of 24 Jun and ref conversation Col.Chavasse - Lt.Col.Taylor of 28 Jun re the above subject.
2. Herewith as Appx 'A', particulars of 50 cars which the Combat Group FOLGORE wish to retain against deficiencies of WD tpt authorised by WE.
3. It will be seen that of the 50 cars listed in the a/m appx 31 do not appear in Appx 'E' to this HQ letter Q22-28 of 24 Jun. The reason for this is that this HQ has been informed that the list of vehs shown in the a/m Appx 'E' was not complete, it is hoped to complete this list in the immediate future.
4. The following points were raised by Combat Group FOLGORE while submitting the a/m return to this HQ :-
 - (a) It will be observed that authority to retain cars only is now requested and not heavier vehicles as originally. The reason for this is that the existing deficiencies of heavier vehicles do not affect the efficiency of the Group to any great extent. However, the opposite is true in the case of light cars.
 - (b) The deficiency of 46 light cars as shown in Appx 'P' to Q22-28 of 24 Jun is correct. However, there are 17 light vehicles awaiting condemnation which will increase this figure to 63 - of these vehicles awaiting condemnation 6 are cars 2 str Utility. The balance of 10 of this type of vehicle held by the Group are in a bad condition and are not giving satisfactory service.
 - (c) Owing to the large area over which the Group is operating it is necessary for all commanding officers down to the company level to make long tours of inspection of their units. Light tpt for this task is greatly preferable and if it is not made available, large tpt will have to be used resulting in an increase in the Group's daily petrol consumption.
 - (d) It is therefore requested that authority be given to retain 63 cars, and that in the event of cars 5 out of 434 being withdrawn this figure be increased on the basis of one car for every jeep handed in.
 - (e) "From our experience of guarding vehicle parks it has been shown that to give vehicles to units means that their serviceability is assured as it is in the interests of the units to do this. However to keep them in vehicle parks means that owing to it being impossible to maintain a thorough guard the serviceable vehicle is reduced to cannablis scrap in a very short time."

2. Herewith as Appx 'A', particulars of 50 cars which the Combat Group FOLGORE wish to retain against deficiencies of WD tpt authorised by WE.

3. It will be seen that of the 50 cars listed in the a/m appx 31 do not appear in Appx 'E' to this HQ letter Q22-28 of 24 Jun. The reason for this is that this HQ has been informed that the list of vehs shown in the a/m Appx 'E' was not complete, it is hoped to complete this list in the immediate future.

4. The following points were raised by Combat Group FOLGORE while submitting the a/m return to this HQ :-

(a) It will be observed that authority to retain cars only is now requested and not heavier vehicles as originally. The reason for this is that the existing deficiencies of heavier vehicles do not affect the efficiency of the Group to any great extent. However, the opposite is true in the case of light cars.

(b) The deficiency of 46 light cars as shown in Appx 'E' to Q22-28 of 24 Jun is correct. However, there are 17 light vehicles awaiting condemnation which will increase this figure to 63 - of these vehicles awaiting condemnation 6 are cars 2 str Utility. The balance of 10 of this type of vehicle held by the Group are in a bad condition and are not giving satisfactory service.

(c) Owing to the large area over which the Group is operating it is necessary for all commanding officers down to the company level to make long tours of inspection of their units. Light tpt for this task is greatly preferable and if it is not made available, large tpt will have to be used resulting in an increase in the Group's daily petrol consumption.

(d) It is therefore requested that authority be given to retain 63 cars, and that in the event of cars 5 cwt 4x4 being withdrawn this figure be increased on the basis of one car for every jeep handed in.

(e) "From our experience of guarding vehicle parks it has been shown that to give vehicles to units means that their serviceability is assured as it is in the interests of the units to do this. However to keep them in vehicle parks means that owing to it being impossible to maintain a thorough guard the serviceable vehicle is reduced to cannibalised scrap in a very short time."
