519. POL - LUBRICATING OILS, HD30, HD50 and Hy90. B 3294

Lubricating Oils HD30, HD50 and Hy90 are now obtainable from 207 Petrol Depot in 44 gallon barrels.

In order that small units with a light consumption of Lubricating Oils may have the benefit of the use of small containers it is essential that as many large consumers as possible draw their Lubricating Oils in the 44 gallon containers.

Units drawing quantities in excess of 44 gallons will state on their indent whether they require lubricants in drums or barrels and if drums are not specified 44 gallon barrels will be issues.

Barrel Taps may be obtained from 207 Petrol Depot on the scale of one tap for each grade of oil drawn in barrels, and demands should be made on the first indent for Lubricants in barrels.

1. It has been reported that confusion has resulted due to the fact that the OFP has inadvertently been included in the list of ME Units and this has apparently created the impression that the OFP is a RE Unit.

2. This Unit is of course an Ordnance one and its location has been given for information purposes and to indicate its position with regard to ME Units.

3. Please insert "(ORD)" after OFP.
