Ref.your HQ.4578/1600 of 5th.March.45,hastened by your HQ.4623/1680 of 14th.,and AFHQ.DOS letter 2335 (ORD.2.) dated 26th.Feb.45.

My request for release ref.ORD/BB dated 15th.Feb.was made on the strength of indents submitted by Mech.E.W/Shops,4th.Italian Combat Group,through HERE this B.L.O.,stating that the items required,were deficiencies on Mech.Lorry type "A" and Mech.lorry type "F".

In view of DOS.letter 2335(ORD.2.) paragraph 4.,further investigation has been made.

The Machinery was deficient because other Mech.lorries were held in lieu of types "A" and "F".

Release has now however been obtained under authority 13 Corps.5th. Army letter HQ.5A/10 of 7th.March for the issue of one 3ton 6x4 Mech.type "A"Leyland, and a similar vehicle type "F".

Under these circumstances,it is suggested that no further action be taken to provide the controlled stores,pending the receipt of these two vehicles recently released.

Delay in replying to your HQ.4578/1600 is regretted.

DADOS 10 Corps

Ref your R/4578/1620 of 5 Mar 45, heated by your R/4823/1620 of 14, and AFHQ DOS letter 2335 (ORD 2) dated 25 Feb 45.

My request for release ref ORD/SA dated 15 Feb was made on the strength of indents submitted by Mech E W/Shops, 4th Italian Combat Gp, through RSME this SLU, stating that the items required, were deficiencies on Mech lorry type 'A' and Mech lorry type 'F'.

In view of DOS letter 2335 (ORD 2) para 4, further investigation has been made.

The machinery was deficient because other Mech lorries were held in lieu of types 'A' and 'F'.

Release has now however been obtained under authority 13 Corps & Army letter MB 8A/10 of 7 Mar for the issue of one 3 ton 6x4 Mech type 'A' Leyland, and a similar vehicle type 'F'.

Under these circumstances, it is suggested that no further action be taken to provide the controlled stores, pending the receipt of these two vehicles recently released.

Delay in replying to your R/4578/10SC is regretted.
