1. Ref. your 2/JOE/141/50 dated 4 Apr. 45,
it is confirmed that the discrepancy refers
to I.V. 2/509131.

2. Some days prior to the stores being
received here, an officer of this unit had
occasion to visit Railhead Arezzo, and
whilst there, he saw one bale addressed to
this unit, which contained gloves hedging,
and which showed signs of having been
pilfered. Attention was drawn to this fact
at Railhead.

3. The stores were eventually received
here in two canvas packages, having been
collected from 4 O.B.D.

1. Ref. your ST/1/131 dated 2 Apr. 45,
Ordnance will continue to issue soap until
'S and T' are in a position to take over
this responsibility.

2. It is pointed out that, at present, the
monthly scale of issue is as follows:-

300 grms.	per man.
300 "	" Bed in General Hospital.
60 Kilos	" Evacuation Hospital.
4 "	" Medical Section.
2 "	" Field Surgical Unit.
600 grms.	" Unit Medical Officer.

DADOS 52 BLU. —

It is understood that up to the 1st April the issue of soap has been an Ordnance responsibility on the scale of 150 grams per man per month and 200 grams per horse per month.

However, from the 1st April it has been changed to an 'S & T' Supply. Enquiries were made yesterday at the Supply Section at the FMA and it was ascertained that none would be available for at least two months.

Owing to this non-availability would you please inform me if this commodity can still be issued through Ordnance channels.

ORD 1811
52 B.L.U.
C.M.F.

27th March, 1945.

The 244 and 332 Field Hospitals of the Gruppo have hitherto been cooking on wood fires, which presented no difficulty when the units were in buildings. Very considerable inconvenience is now experienced as these hospitals are under canvas and kindling is also difficult to obtain. It would be appreciated if oil or paraffin stoves could be provided on a scale of two per hospital.

It is regretted that this subject has not been raised before but the matter has only now been brought to my notice.

Ref letter from British Increment 5th Army, 167Q dated 18th March, 1945, regarding the additional issue of soap to Medical Units I have ascertained that the monthly requirements for the Field Hospitals, Medical Section and F.S.U. are 154 kilos. I believe that indents for this quantity are being submitted in the usual manner but should be glad if you would confirm. The extra ration to unit medical officers is also included in the above figure.

1. It is thought that small quantities of Stoves Oil Wickless Portable may have been issued in lieu of Stoves Oil Wickless No. 1 as Ant Warfare

2. Below is the text of a War Office letter on this subject and it is requested that all concerned are warned of the extreme danger of using Stoves Oil Wickless in a confined space.

" Reference issues of KF. 834B (now AG. 5998) Stoves Oil Wickless Portable.

1.. It has been found recently that these stoves give off an exceptionally high percentage of carbon monoxide fumes, which if not watched and dealt with carefully might endanger the lives of personnel using them.

Experiments are being carried out in U.S. and it is anticipated that future production of the stoves will be modified to obviate the above trouble. Meanwhile, the maximum amount of ventilation should be used in tents when the stoves are in operation, and the greatest care taken to impress upon the users, the dangers involved.

2. This stove is not a heating agent, and its usage should be confined to the minimum time required for cooking food"
