Artillery Stores.

I have just been visiting CREMONA to examine the question of stores from the Artillery point of view in order that we may benefit from the experience and mistakes inevitably made by the first Gruppi who have to draw stores. You may like to bring some of the points to the attention of the DAQUAG & Ordnance Officers on your staff.

a) 51 BLU prepared handwritten indents on 997's for all the equipment. I believe that 50 BLU interpreted the order "to prepare indents" in a different way cutting out the various printed sections of the mimeographed G 1098 and submitted them in the form of indents. This saves several days work in addition to lightening the task of the Depots, who in preparing vouchers have to copy a printed indent rather than a handwritten one. If they have not already signified approval I am sure O.S. A.F.H.Q. would do so if requested.

b) 51 BLU have indented for gun stores. Now it is the normal procedure for gun stores to be issued without special indent as associated and ancillary stores for the guns, on receipt of the Q(AE) release for the guns. If this method is followed accounting is simpler within the Regts. In the case of CREMONA the depote are preparing two lots of vouchers one from the indents and one from ~~the~~ stores associated with the Q(AE) releases. They typed out the vouchers in full according to the normal procedure copying them from AE & S scales and then had to write Mil in the 'required' column afterwards because most of the stores had been indented for again together with the ordinary G 1098 equipment. This is difficult for the Regts because it means the equipment appears on two vouchers.

c) CREMONA drew all equipment for the whole division in bulk and have put it in a vast store. Since vouchers etc. get separated from stores not only will Artillery equipment get mixed up with other Artillery equipment but Eofor parts are getting mixed up with Infantry Six pounder parts - I suggest that the following procedure is followed.

Indents are made out under the following Unit and Sub Unit headings :-

- All stores for Field Batteries and RHQ X Field Arty Regt
- All stores for Artillery, A/Tk Batteries Y A/Tk Battery
- All stores for A.A. Batteries Z A.A. Battery.

The stores are then grouped initially in "Mobilization" at the depots -

a) 51 BLU prepared the order to prepare vouchers. I believe that 50 BLU interpreted the order to prepare vouchers in a different way cutting out the various printed sections of the mimeographed G 1098 and submitted them in the form of indents. This saves several days work in addition to lightening the task of the Depots, who in preparing vouchers have to copy a printed indent rather than a handwritten one. If they have not already signified approval I am sure C.S. A.F.H.Q. would do so if requested.

b) 51 BLU have indented for gun stores. Now it is the normal procedure for gun stores to be issued without special indent as associated and ancillary stores for the guns, on receipt of the Q(AE) release for the guns. In the case of CREMCA the depots are preparing two lots of vouchers one from the indents and one from the stores associated with the Q(AE) release. They typed out the vouchers in full according to the normal procedure copying them from AE & S scales and then had to write Nil in the 'required' column afterwards because most of the stores had been indented for again together with the ordinary G 1098 equipment. This is difficult for the Regts because it means the equipment appears on two vouchers.

c) CREMCA drew all equipment for the whole division in bulk and have put it in a vast store. Since vouchers etc. get separated from stores not only will Artillery equipment get mixed up with other Artillery equipment but before parts are getting mixed up with Infantry Six pounder parts - I suggest that the following procedure is followed.

Indents are made out under the following Unit and Sub Unit headings :-

All stores for Field Batteries and RRC X Field Arty Regt
 All stores for Artillery, A/Tk Batteries Y A/Tk Battery
 All stores for A.A. Batteries Z A.A. Battery.

The stores are then grouped initially in "mobilization" at the depots and then despite all temptations to the contrary, the stores for Field Arty Regts should be loaded into one lot of lorries and A/Tk Bty stores into another lot.

They should then be taken to different store houses in the Regt area with strict instructions not to issue until there are English personnel at hand to assist in the distribution down to troops etc. The Pink Copy of the voucher is then sent back to DADOS for registration in his books and sent on by him to the depots - it is difficult enough to sort out stores between troops, but almost impossible to sort out the stores of a whole division in to Regts, Btys and Troops.

Z 6233

I have to my misfortune a certain amount of experience, mostly bitter, in the distribution of Ordnance stores to Allied formations. I should be very pleased to expend these notes or discuss them with DADMGs or DADOS if you consider it to be worthwhile.

Subject :- Tentage

To :- 3 District.

Ord.

53 B.L.U.
Ref. Q1 - 10
4 Nov. 41.

1. Certain personnel of the Combat Group FOLGORE are under canvas and are likely to so remain while the Group is in this area. In all cases this canvas accommodation is very overcrowded and many cases of three men sleeping in one tent bivouac can be found.

2. In order that this position may be remedied, it is requested that the following tentage be released as soon as possible :-

Tents bivouac	1000
Tents 180 lbs	80

3. This matter is most urgent and if possible the immediate release of the tentage would be appreciated.

1. Information has now been received from Q(AE) that releases are now being authorized for entitlement scales of all Q(AE) controlled stores to ISLAMO and FOLGORE Italian Combat Groups. Collection instructions will be issued by H.Q. 3 District.

2. The undermentioned items of equipment have already been released to H.Q. 3 District for each Combat Group :-

Rifles No.4	689
Bren LMG	410
TMG's	43

3. Training scales already held, of these items only, VIZ

Rifles No.4	4500
Bren LMG	90
TMG's	2500

will now be taken on charge as part of G. 1098 and retained against entitlement.

4. All other items of training scales of equipment will be handed over to No. 5 (LADOVA) Italian Combat Group by both ISLAMO and FOLGORE Combat Groups immediately after the G. 1098 equipment has been drawn. Detailed lists of this equipment will be forwarded in due course together with the disposal dates.

5. Further orders regarding collection and distribution will be issued later to those concerned.

Ref Q1 - 58
9 Dec 44.

1. Cases have occurred in the past of Combat Gp units failing to arrive at Br Ord depots at TELISH to collect stores at the times previously agreed upon by DADOS this Hq and your staff.

2. Recently the following cases have occurred :-

(a) San Marco Regt. Arrangements were made on 5 Dec for this unit to collect blankets on that day. By 1800 hrs 8 Dec these had not been collected.

(b) 2 Md Fk Coy. G. 1098 Scale of equipment was to have been drawn on 6 Dec. By 1800 hrs 8 Dec this equipment had not been drawn.

3. Please ensure that units collect stores at the times arranged as delays such as the above, result in the Br depots becoming unnecessarily overcrowded and place an additional strain on the Br personnel operating them.

33 B.L.U.
Ref. Ord/15
10 Dec 44

1. Ref my signal 65/6
2. The 9,000 yds of flamelleto issued by you on I.V. 5057/2, were not collected or received by me.
3. It would appear that these 9,000 yds have been collected in error by another B.L.U. As there is now no possibility of its recovery, I should be grateful if you could issue another 9,000 yds on the strength of my signal.
4. In addition, I enclose herewith a further indent for 21,000 yds of Flamelleto. This is required in view of the fact that the full scale of small arms, I.M.G., Mortars, etc, has now been released to this Group.
5. The date of my original demand for Flamelleto was 19 Oct last. This requirement is now URGENTLY URGENT, can you please make an immediate issue to bearer? If not please let me know (by bearer) what the position is in regard to this item, i.e. whether I can expect an early issue, and, if possible, the date on which it may be collected.

1. On the visit of DADOS this HQ to Ord your HQ on 9 Dec, the question of the late submission of indents for G.1096 scale equipment for Combat Group FOEGOR was raised.

2. It is appreciated that there was a delay in submitting these indents and that now all that can be done to recover lost ground must be done as the date by which this Combat Group is to be equipped cannot be altered.

3. However it is pointed out that this delay was caused entirely by the non-arrival of correspondence at this HQ as shown by this HQ signal AQ/Q1-57 of 4 Dec, despatched immediately your 485/10 of 2 Dec had been received. Actually, copy of AMHQ/9193/Q(AE) of 29 Nov was only received on 8 Dec while your copy of this letter sent under ref 485/10 of 9 Dec was received 11 Dec.

4. All indents have now been submitted to your HQ.

COP

Copy: HQ Combat Gp SALGOON (Ref your 2359/serv of 6 Dec 44)

In the equipping of this Combat Group (AF G. 1098 Scale) the fire-fighting equipment would not appear to be adequate. In this respect, the considerations are particularly Vehicle Parks, Depots, and Petrol Dumps.

It would be appreciated if you would kindly arrange an enquiry here, into this question, as soon as possible with a view to any necessary additional fire-fighting equipment being secured.

Please consider this matter as urgent.

Ord

53 B.L.U.
Ref Q4 - 28
27 Dec 44

54

1. Ref your 2191/Serv of 15 Dec.

2. It is expected that shortly reinforcements will be arriving with Br clothing. However till such date there is bound to be a loss of this clothing through deserters, personnel detained in hospital for more than thirty days etc.

3. The British system for dealing with losses of equipment arising through deserters is for the unit after the man is absent for 21 days, to hold a court of inquiry, post the man as a deserter, and charge all clothing and equipment, with which he had been issued and which is missing, to him. The court of inquiry proceedings are then the authority for the issue of additional clothing to be made to the unit. If the man in question is not recovered the charge of his lost equipment is made against the public.

4. It is suggested that a similar system be put into operation by your Gp but that instead of the Br Ord price of the lost articles being charged against the deserter, he is charged with between 5 to 10 times the price thereby making the sale of this equipment in the "black market" unprofitable.

6175

AG 141 to 53 IVJ letter
Ref. Q12 - 12 of 2 Jan 45. 5811

230 rd Hospital.

1. Information that 230 rd Hospital was an auxiliary unit attached to Combat Group POLKES for equipping through this HQ was received from the Combat Group on 18 Dec and confirmation received from your HQ on 20 Dec.

2. As this Hospital Unit had previously been attached to Combat Group LAMARNO information had to be obtained from that Group as to what proportion of the G.1023 scale of equipment had been received, that proportion was audited collection and what further incidents had to be submitted.

3. On 31 Dec it was learned that a very considerable proportion of the G.1098 scale of equipment to which this auxiliary unit is entitled had yet to be indented for. Incidents were reviewed immediately and on 1 Jan 1945 this HQ perurgally took these incidents to Gvt HQ 3 District. A copy of your HQ signal was given to Gvt 3 District and the need for credit action on this matter was stressed.

4. The present position re G.1098 scale of equipment for this Hospital is as follows :-

(a) Alighting - Complete with the exception of the following deficiencies :-
Helmets web, coverlets water bottles, gas-tanks, 1 pr of boots, (1 pr only your man has been issued to this unit.) 1 blanket (1 pr blanket only your man has been issued.) ,braces.

(b) Other G.1098 items - Incidents submitted 1 Jan 45 to Gvt 3 District. No tents or beds held by this Hospital at present. No arms or 4 controlled stores released to this unit.

(c) Eqts. (3) W.B. scale - 1 Truck 15 cwt L x 2 G3
1 Lorry 3 ton L x 2 G3
1 Lorry 3 ton L x 2 G3
Manufactories (Manufactories to be provided by (qualified army)

(11) Eqts released - Army (AR) Release Note W/512 of 23 Dec and 3 District Release Note A 3285 of 26 Dec released to this Hospital unit - 1 Truck 15 cwt L x 2 G3 G.I.
1 Lorry 3 ton L x 4 G3 G.I.

Personnel from this HQ linked with the Vehicle Park from which this unit was to be collected. As a result of this the Vehicle Park state that this unit cannot be issued till between 18 - 23 Jan. This position is unsatisfactory and this point is being raised with ARS (AR) and 3 District, 3 Jan.

(11) Eqts held by 230 rd Hospital -

- 1 - 3 ton Lorry W/1000 ID No. 4 4273576
- 1 - 15 cwt truck W/1000 ID No. 4 4734287

These vehicles can be classed as G.I. D at best.

5. The present position is as follows :-

Inventory for... items were prepared... A copy of your... given to Ord... District and the need for... was stressed.

The present position is 1,173 scale of equipment for this hospital is as follows :-

(a) Equipment - Consists with the exception of the following collections :-
1st to 5th, carriers water bottles, gasometers, 1 set of boots, (1 per
only per man has been issued to this unit.) 1 blanket (1 per blanket
only per man has been issued.) 1,173.

(b) Other U.S. Army things - Includes submitted 1 Jan 45 to Ord 3 District, no tents
or beds held by this hospital at present. No arms or equipment
stores released to this unit.

(c) Scale (1) U.S. scale. - 1 Truck 15 ton 4 x 2 G2
1 Lorry 3 ton 4 x 2 G2
1 Lorry 3 ton 4 x 2 (M) Disinfector (Disinfector to be
provided by 1st Liaison unit)

(11) Trucks released - AFHQ (AS) Release Note 77/812 of 23 Dec and 3 District
Release Note A 2025 of 26 Dec released to this hospital
unit - 1 Truck 15 ton 4 x 2 (M) G2
1 Lorry 3 ton 4 x 2 (M) G2

Personnel from this HQ limited with the Vehicle Park from which this
unit was to be collected. As a result of this the Vehicle Park state that this unit
cannot be issued till between 10 - 25 Jan. This position is unsatisfactory and
this point is being raised with AFHQ (AS) and 3 District, 3 Jan.

(12) Trucks held by 230 MI Hospital -

- 1 - 3 ton Lorry IMVENS NO 80.1.4574576
- 1 - 15 ton truck DORSEY NO 80.1.4794887

These vehicles can be classified as G.I. D at best.

The personnel position is as follows :-

U.S.	Personnel	OR
Personnel strength	7	58
Strength present with unit	7	57
Personnel on leave	7	54

SUBJECT :- Waterproofing of Tentage.

Rear HQ Eighth Army
Tel Ext : 230
ROS 2/4

85A

25 Jan 45.

The following letter has been received from DOS A.F.H.Q. and is passed to you for information and necessary action.

- 1. During the past few months numerous methods of waterproofing tentage have been submitted for consideration.
- 2. In most cases the various ingredients are in short supply and in some cases not available, and if normal provision action is taken it will mean an elapse of four months before stocks can be expected in our depots.
- 3. Under the circumstances most of the suggestions are temporarily ruled out and it has been decided that the following method of waterproofing tentage will be taken into use as a short term policy :-

- (A) It has been found that if 10 ozs of paraffin wax are shredded and dissolved in 1 gallon of petrol and the resultant solution painted on the erected tentage, the latter is rendered waterproof. This quantity of wax and petrol is sufficient for 3 x 160-lb tents.
- (B) Units will make their own solution. Indents for wax will be submitted to ADOS/DADOS concerned. Wax will be received in lump form and should be flaked to ensure rapid dissolution. Not all the wax is completely soluble in petrol, but sufficient will dissolve to form a satisfactory wax film on the surface of the fabric.
- (C) The solution should be applied with a flat paint brush. It is useless to apply solution on wet canvas. The solution will require 30 minutes to evaporate, and may also be applied with a spray gun.

This method has been tried and produced definite results in rendering tentage (except when completely unserviceable) waterproof.

- 4. Troopers are at present experimenting with a solution named Dipsonil V and also a Shirilan Paste preparation and a consignment will be sent out to this theatre to enable experiments to be tried out here. It is anticipated that one of these preparations will prove to answer our purpose.
- 5. A further instruction will be passed at a later date on the long term policy after experiments have been completed with the solution mentioned in para 4 above.

mean an elapse of four months before stocks can be re-ordered.

3. Under the circumstances most of the suggestions are temporarily ruled out and it has been decided that the following method of waterproofing tentage will be taken into use as a short term policy :-

- (A) It has been found that if 10 ozs of paraffin wax are shredded and dissolved in 1 gall of petrol and the resultant solution painted on the erected tentage, the latter is rendered waterproof. This quantity of wax and petrol is sufficient for 3 x 160-lb tents.
- (B) Units will make their own solution. Indents for wax will be submitted to ADOS/DADOS concerned. Wax will be received in lump form and should be flaked to ensure rapid dissolution. Not all the wax is completely soluble in petrol, but sufficient will dissolve to form a satisfactory wax film on the surface of the fabric.
- (C) The solution should be applied with a flat paint brush. It is useless to apply solution on wet canvas. The solution will require 30 minutes to evaporate, and may also be applied with a spray gun.

This method has been tried and produced definite results in rendering tentage (except when completely unserviceable) waterproof.

4. Troopers are at present experimenting with a solution named Dipsonil V and also a Shirlan Paste preparation and a consignment will be sent out to this theatre to enable experiments to be tried out here. It is anticipated that one of these preparations will prove to answer our purpose.
5. A further instruction will be passed at a later date on the long term policy after experiments have been completed with the solution mentioned in para 4 above.

6153

SUBJECT :- Mosquito-proofing of Bivouacs.

A.D.O.S. 10 Corps Tps
DADOS 53 BLU att'd Folgore Gruppi.

Rear H. Q. 10 Corps
954/OS

February 1945

1. As it is not possible to withdraw Tents Bivouac for servicing, to ensure that they are adequately proofed against Mosquitos for the Summer of 1945, the responsibility rests with you.
2. Will you therefore take steps to ensure that all Tents Bivouac are inspected and reproofed where necessary, materials for which are being made available in the Depot.
3. New tentage is still in very short supply and it is imperative that all possible use is made of existing Unit holdings to meet requirements for this summer.

del CONFIDENTIAL ¹⁵

53 B.L.U.
Ref GO/5/1
4 Feb 45

88

1. At Appx 'A' to this letter is a statement showing the authorised scale of Digging and Entrenching Tools for an Italian Combat Group.

2. In view of the nature of operations which the Group may have to undertake, and also of the declared intention to equip Italian Combat tps as nearly as possible in conformity with British tps, it is requested that the attached scales be examined in comparison with British scales of similar equipment, with a view to increasing them in accordance with operational requirements.

3. Doubtless the policy regarding this Combat Group will be affected by the experiences and recommendations of 51 BLU.

4. In particular, the scale of Entrenching Tools (and carriers) appears very small. The Inf Bn scale of 322 has to provide for three rifle coys (each 160 all ranks) and sq coy (160 all ranks).

5. Outstanding deficiencies in the present authorised scale of the above items are being forwarded to your HQ through appropriate staff channels. It is requested that these be made up urgently since their deficiency is handicapping important training.

1. Information has been received from AFHQ that Lockheed Brake Cylinder Cups Section LV6/MT1/AU/LK-131, AU/LK-2762, AU/LK/-1277 and AU/LK-331 produced in synthetic rubber permit, or may permit, excessive fluid leakage from wheel cylinders, and they must therefore be treated as suspect. The only effective remedy is replacement by natural rubber cups, and steps are being taken for these to be despatched to the theatre to replace all synthetic cups issued from UK since March 1944.

2. Meanwhile, as there is no safe method of distinguishing synthetic cups from natural rubber ones, all stocks held in OFPs will be considered under suspicion and issued only in cases of emergency. It is intended that when natural rubbercups become available, all such stocks under suspicion will be destroyed, and in order to avoid any confusion a new part no will in all probability be allotted to the natural cup.

3. Furthermore, the u/m makes of vehs of the types specified, produced since March 1944, may be fitted with synthetic cups:--

Austin 3 ton 4 x 2)	
3 ton 4 x 4)	
3 ton 6 x 4)	
Bedford 3 ton 4 x 2)	front brakes
3 ton 4 x 4)	only

Subject:- Ordinance Stores

Ref: ZIV/24/45

D.A.D.C.S.,
Belmore Div. C.M.F.

The attached Army Form G.9323, together with the Ladies Cooks CB (1) which was entered therein, has been received at this hospital.

We have no knowledge of a Ladies Cooks being indented for or your location, despite the fact that your voucher shows - N.2 Field Hospital It.

Will you please issue disposal instructions.

C.M.F.
10th: February 1945.

SUBJECT: Anti-Gas Equipment - Italian Units.

53 HQ

Main HQ 10 Corps
Ref: 3L G
18 Feb 45

1. AFHQ have ruled that personal and unit anti-gas equipment will be issued to Italian personnel in established units of the Italian Combat force on the same scale as for Allied troops.

2. The following scale is therefore authorized for issue to personnel of Italian Combat Groups and the Banda Maiella:-

- (a) Personal Equipment -
 - Respirator complete 1
 - Ointment, 2 oz tin or pot 1
 - Eyeshields 6
 - Cape 1
 - Cotton Waste can 1
 - Detectors, gas, ground, (pads of 25), (offr and ICCs only) 1

(b) Unit Equipment. Only the following will be carried:-

Alarms, local) According to the number given for the equivalent type of unit in Security Document B.498
Eqpt for stretcher bearers)	

3. Anti-Gas Equipment will not, at the moment be issued to Italian personnel other than Combat Groups or the Banda Maiella.

Subject: Situation of the W/Shps Pl of the S & T Unit.

To : 53 B.L.U.

Herewith, the situation of the S & T Unit W/Shps Pl, for your attention.

1. Allotment of one tool kit each for the painter and upholsterer only, are shown in the Special Equipment List, and none in respect of the other workmen. Since, on the other hand, there has been assigned, according to W.E., the following men, it is necessary to supply the relative tool kits, without which there can be seen no reason why the tradesmen themselves should be there, - 2 smiths, 2 carpenters, 2 sheet metal workers, 2 fitters and 11 motor mechanics.
2. In the S.E.L. there are not provided tools of a general use, (e.g. workbenches, special spanners, oil lamps, calipers or measuring instruments, extractors etc).
3. Although in possession of Lathes and drills there has been no allotment of the necessary tools to work in conjunction with them, with the result that these machine tools are useless.
4. There is no allotment of expendable material (Bolts, nuts, iron, bronze, or brass).
5. There are no tools for making screw-threads (threading dies or screw-taps).

The Light Wksp's of the Regts which, however, have no Wksp's lorry, are provided by the S.E.L. with a tool kit more complete than that of the Wksp's Pl which has a more important task as far as vehicles are concerned.

At the same time I mention that the Wksp's lorries of the platoon arrived incomplete, as was already pointed out at that time.

Subject: Equipment of Mech. Eng. Platoon.

53 B.I.U.,
C.M.F. 145
Ref: ORD/15.
26 Feb 45.

To: DDCS 10 Corps.
DDCS 13 Corps.

Herewith copy of a letter received from HQ 4th Italian Combat Group re the general state of the equipment of the Mech. Eng. Platoon of the Group. The following comments are made:

1. Endorsed. Staff Capt., REME, this HQ, agrees that tool kits are necessary if the Platoon is to carry out its duties efficiently.
- 2, 3 & 5. No Equipment Lists are held for RASC Wacky Lorries, so it is not known whether these items are deficient on vehicles, or whether they should appear on the SML.
4. No Store Lorry is provided, so it would appear that spares and expendable material are to be drawn from Stores Sec. Mech. Eng. W/shops as required.

DADOS BLU (Folgore Gp)

1. It is intended to replace worn Locks Breech MMG Vickers with new ones, priority of issue being given to MG Bns and then to Infantry.
2. A supply of these locks is now available and will you forward your requirements.
3. The worn locks will be withdrawn and returned through normal Ord Channels to RSD 557 BOD.
4. Quantities and details of despatch thereof will be reported to OO RSD 557 BOD and each batch returned will be labelled with a reference to DOS/2125/5(Ord2) dated 15 Feb 45.

See 175, 257, 258

COPY LETTER
-----The War Office
London S.W. 1.14 February 1945
-----W.S. d/EM/909/S/DDs OS
All Commands at Home & Abroad
-----Subject:- 25pdr Breech Rings and Jackets - Issue of

It has now been definitely established that the Breech ring and the Jacket for the OQF 25pdr are intended to be mated together during production and that in no circumstances should either the Jacket & Breech Ring be separated or issued separately.

Both Jacket & Breech Ring should bear the same regd number.

Owing to the difficulties involved in attempting to match up Breech rings and jackets in hands of troops, both here and abroad it is proposed to confine the arrangements to stocks in depots, and to establish the principle of mated breech rings and jackets for future replacement.

All stocks of breech rings and jackets should therefore be checked and where necessary correctly mated.

Jackets or Breech Rings that cannot be mated should be segregated and on no account issued as a separate item.

Action is in hand to cancel the part or catalogue numbers of Breech rings and Jackets, and for a new catalogue or part number to be allocated showing the two items as an assembly.

An RMEF covering this question will be issued in the near future and in all probability an A.C.I. will be published.

Signed ?????????? Major
D.D.W.S(A).

MORTAR EQUIPMENTS

130A

1. O.M.L. 2" MORTAR

TYPE	REMARKS
Mk 2 ^x , 2 ^{xx} and 7.	For use with Universal Carriers. (21" barrel with normal baseplate)
Mk 7 ^x	Converted from Mk 7 for airborne use. (14-in barrel and spade baseplate)
Mk 7 ^{xx}	Converted from Mk. 7 for infantry use (21 in. barrel with spade baseplate)
Mk 8	New production of Mk 7 ^x (Airborne use)
Mk. 8 ^x	New production of Mk. 7 ^{xx} (Infantry use).

2. O.M.L. 3" MORTAR

BARRELS

TYPE	WEIGHT	REMARKS
Mk 2	44 lbs	The normal Service barrel at the beginning of War
Mk 2S (South African)	44 lbs	As above, but certain of these barrels were made from an inferior steel and these were restricted to current Charge I firings only. These barrels are identified by a 2" white band, with figure "1" painted on it, just below the recoil spring band.
Mk 2 (South African)	Depends on the sleeve fitted	Same as above, but fitted with a strengthening sleeve to withstand Charge II firings.
Mk 4	43 lbs	New issue. Easily recognized because it has an end cap similar to 4.2" mortar.
Mk. 5	36 lbs	Lightened design of Mk 4 with lower grade steel. Not in service in this theatre. (Makes the Mk 4 obsolescent)

6088

Baseplates/.....

3. O.D. S.E. 4.2" MORTARBARREL

Mr. 2 90 lbs Normal service barrel

BASEPLATES

No.1 Mr.I - Training baseplate.

No.2 Mr.I - A strengthened model which is similar to No.3 Mr.I

No.3 Mr.I 117 lbs Normal service baseplate

Auxiliary 185 lbs For use with the No.3 Mr.I on soft ground

MOUNTING

Mr. I 64 lbs Normal service mounting.

MORTAR EQUIPMENTS

150A

1. O.M.L. 2" MORTAR

TYPE	REMARKS
Mk 2 ^x , 2 ^{xx} and 7.	For use with Universal Carriers. (21" barrel with normal baseplate)
Mk 7 ^x	Converted from Mk 7 for airborne use. (14-in barrel and spade baseplate)
Mk 7 ^{xx}	Converted from Mk. 7 for infantry use (21 in. barrel with spade baseplate)
Mk 8	New production of Mk 7 ^x (Airborne use)
Mk. 8 ^x	New production of Mk. 7 ^{xx} (Infantry use).

2. O.M.L. 3" MORTARBARRELS

TYPE	WEIGHT	REMARKS
Mk 2	44 lbs	The normal Service barrel at the beginning of War
Mk 2S (South African)	44 lbs	As above, but certain of these barrels were made from an inferior steel and these were restricted to current Charge I firings only. These barrels are identified by a 2" white band, with figure "I" painted on it, just below the barrel spring band.
Mk 2 (South African)	Depends on the sleeve fitment	Same as above, but fitted with a strengthening sleeve to withstand Charge II firings.
Mk 4	43 lbs	New issue. Easily recognised because it has an end cap similar to 4.2" mortar.
Mk. 5	36 lbs	Lightened design of Mk 4 with lower grade steel. Not in service in this theatre. (Makes the Mk 4 obsolete)

6088

Baseplate/.....

OML 3" MORTAR (Continued)BASEPLATES

No. 1 Mk. I	37 lbs	The normal Service baseplate at the beginning of War.
No. 1 Mk. IA	XXXX	The No. 1 Mk. I baseplate lightened for Airborne use. Is suitable for long range (2700 ^x) firing if strengthening modification has been carried out.
No. 1 Mk. IB	42 lbs	The No. 1 Mk. I modified locally by fitting additional webs to give increased strength for long range firing (2700 ^x).
No. 3 Mk. I	XXXX	Service Airborne baseplate. New production of the No. 1 Mk. IA. Is suitable for long range (2700 ^x) firing if strengthening modification has been carried out.
No. 4 Mk. I	41 lbs	New manufacture of the No. 1 Mk. IB
No. 5 Mk. I	44 lbs	New design (Flat top)
No. 6 Mk. I	34 lbs	Lightened design of the No. 5 Mk. I. also accepted and therefore superseded the No. 3 Mk. I for Airborne use.

MOUNTINGS

Mk. I	45 lbs	The normal service tripod.
Mk. 2	45 lbs	Similar to Mk. I but has rigid leg stays
Mk. 2 ^x	45 lbs	The Mk 2 modified. Rigid leg stays were found to be unsuitable on service and toggle type stays were fitted.
Mk. 3	45 lbs	New production of Mk. 2 ^x .
Mk. 4	29 lbs	Was designed to meet a very urgent requirement for special troops (150 only produced). This mounting does not incorporate a crosshead
Mk. 5	36 lbs (0)	New design in Light Alloy.

XXXX Information not immediately available.

A.D.O.S. 3 Army Brit. Inc.

1. Some concern is felt at the large number of incidents which are received from many sources for Desootie cloth.
2. It is quite apparent that the general impression appears to be that stocks held in our depots are plentiful.
3. This is not the case and the stock holdings at present held are wanted for General Garbage repairs.
4. The supply does not warrant issue to officers' messes welfare or similar institutions.
5. Special provision action has been taken to cover welfare requirements on the recommendation of Welfare Branch St A.S.O.S. Naturally 3/4 remains will elapse before this stock is to hand.
6. Please advise your A.S.O.S's. etc. accordingly.

Subject: Telescopes stereoscopic
No. 15; Mk. I - CS 598 GA
Increase in scale

THE WAR OFFICE (W.S.A.(b).)
WHITE HALL PLACE,
LONDON, S.W.1.

176B

26rd. JANUARY, 1945
W.S.A.(b). D.M./932/5

- D.D.O.S. -
- C.I.F.
- C.I.F.
- Eastern Command
- Northern Command
- Scottish Command
- Southern Command
- Western Command
- Northern Ireland District
- London District
- 21 ARMY GROUP

The scale of entitlement of Telescopes stereoscopic, No. 15, Mk. I, Part No. CS 598 Ga, Section V5, for all Heavy, Medium and Field Regts., R.A. (including Field S.P.) was increased in September, 1944.

Owing to the supply position at that time it was not considered advisable to amend the relevant A.F.S.O. 1020, until receipts from trade would allow for issues to be made to the new scale.

Supply has now improved and issues to complete units to new scales will commence on 1st. March, 1945. Present scales, now scales and quantity required to complete each Regt. R.A. are tabulated below -

UNIT	Present Scale		New Scale	
	Per Regt.	Per Regt.	Per Regt.	Per Regt.
Field Regt (inc. S.P.)	3	3	6	3
Inf. Regt.	2	2	5	4
Div. Regt.	4	4	8	4

MA 75 BTM
1000000

Issues will be made on a priority basis to mobilised units only, as follows:

- (a) B.L.A.
- (b) C.I.F.
- (c)

Part No. O3 600 G., Section V6, for all Heavy, Medium and Light Regts., U.S.A. (including Field S.F.) was increased in September, 1944.

Owing to the amply position at that time it was not considered advisable to amend the relevant A.Fs.G.1093, until receipts from trade would allow for issues to be made to the new scale.

Supply has now improved and issues to complete units to new scales will commence on 1st, March, 1945. Present scales, new scales and quantity required to complete each Regt. R.A. are tabulated below -

1 UNIT	2 Present Scale Per Regt.	3 New Scale Per Regt.	4 Required to complete
Para Regt (inc. S.F.)	3	6	3
Med. Regt.	2	6	4
Trn. Regt.	4	8	4

HA
TS
BT
170421

Issues will be made on a priority basis to mobilised units only, as follows :

- (a) D.D.A.
- (b) C.H.F.
- (c) Home Commands

In the case of (a) and (b), bulk demands will be submitted and in the case of (c) units will be submitted individually. All demands should be submitted to Commandant, S.F.C.(P.S.), C.O.D., Donnington, Salop, and this letter reference and date should be quoted as authority.

In no circumstances will issues be made in excess of the quantities per list shown in col. 4. The scales shown above are applicable only to units in the European Theatres.

Amendments to the relevant A.Fs.G.1093 will be circulated as early as possible.

2. Sub Depot,
557. B. O. D. OMF.

I have received an urgent signal from No.2. Sub Depot, 557. B.O.D. notifying me that the Safes Ordnance Room have been consigned to this Combat Group.

The stores in question are for Italian Field Hospitals no longer being serviced by this R.L.U. (My letter ORD/15 dated 12th March bears ref.) I understand that these safes are now in your Transit Bay. If this is correct, will you please have them back-loaded to 2. Sub Depot 557. B.O.D. as soon as possible, as the Sub Depot inform me that the keys of these safes have been wrongly issued.

1. It has been agreed with DDOs this HQ to delegate to Coy. Commanders of Fire Fighting Company's authority to approve the issue, where necessary, of first-aid Fire Fighting equipment in excess of 3 1098.
2. Accordingly, indents submitted by Units for first-aid Fire equipment in excess of authorised holdings, will be passed to the Coy. HQ of the local Fire Fighting Coy, with a request that the indent be vetted to ensure that the equipment is essential.
3. Fire Service Company Commanders will be responsible for visiting Units requesting equipment, and will satisfy themselves that the equipment indented for is necessary to maintain efficient Fire Precaution. They will also ensure that the correct type of extinguisher or appliance has been designated in the indent.
4. Indents will then be returned to ORD marked "Approval for Issue" or amended as necessary. Coy Commanders will sign the approval.

COPY LETTER

Subject:- Muffs & Bonnet Rugs

AFHQ ORD (Brit)
Ref:- DOS3/32(3)
Tel:- Freedom 938

10 Mar 45

Dist:- Not Copied

1. Demands for Radiator Muff and Bonnet Rugs are far in excess of availabilities.

This is due in the main to two factors (a) Units demanding in excess of their entitlements (b) the world shortage of suitable canvas.

2. The attached statements detail the Vehicle Kit List serial number against the appropriate vehicle make and type, and the entitlement of that vehicle, of Muffs, Rugs and Flaps shown by Section and Part Number.

It is considered that this statement will prove useful in checking Unit demands and will in consequence ensure that what items are available are issued to vehicles entitled to same.

Signed H.G. EVANS Major

Subject: Telescopes Stereoscopic

Ref: 53. Brit. Liaison Unit.
C. M. P.
Ref: ORD/45
Date: 23 March 1945

To: S.O.R.A.
H.Q. 53. Brit. Liaison Unit.
C. M. P.

1. Your observation of Appx. "A" attached is requested please.
The present entitlement for an Art. Regt. Italian Group is as follows:-

OS 598GA. Telescopes Stereoscopic No. 1B, Mk. I. Qty 1

shown on S.E.L. No. 134/1 sheet 4 of 55 (Regimental H.Q.)

If you consider the entitlement as shown on S.E.L. insufficient, and should be increased in accordance with the attached ~~scale~~, will you please quote A, B or C showing type of unit applicable. - *for attached scale.*

I would appreciate your remarks on this by telephone; confirmation by letter.

Please treat as urgent.

It is suggested that if you do not consider it is necessary or desirable to hold any additional Telescope(s) in the Regt. that a reserve of this item be held at this Div. C.F.P. U.K. 6042

Appendix "A"

The scale of entitlement of Telescopes Stereoscopic No. 1A, Mk. I. Part No. CS598GA, Section V5, for all Heavy, Medium and Field Regts., R.A. (including Field S.P.) was increased in September 1944.

Owing to the supply position at that time, it was not considered advisable to amend the relevant A.R.C. 109B, until receipts from trade would allow for issues to be made on the new scale.

Present scales, new scales and quantity required to complete each Regt. R.A., are tabulated below -

	1 ^o	2 ^o	3 ^o	4 ^o
UNIT.	Present scale per Regt.	New scale per Regt.	Required to complete.	
"A"	Field Regt (inc. S.P.)	3 ^o	6 ^o	3 ^o
"B"	Med. Regts	2 ^o	6 ^o	4 ^o
"C"	Hy. Regts	4 ^o	8 ^o	4 ^o

Subject:- MT Tools

HQ RA Folgore Gp

To:- DASMG, 55 BLU (2)

23 Mar 45

198A

1. At present the MT maintenance within the Folgore Arty Regt is seriously handicapped by lack of tools. It is appreciated that at present a complete set of tools cannot be allotted to each vehicle. However, at the present time 75% of the vehicles in the Regt are either without tools at all, or with most meagre kits.

2. It is proposed to establish in each sub-unit a pool of MT tools in order to ensure that the correct tool is always accessible to a driver when maintaining his vehicle. It is therefore requested that driver mechanics' kits be made available to the Regt on the following scale:-

Each Troop, Bty HQ,	2 sets	=	36 sets
RMG			<u>2 sets</u>
			38 sets

6036

3. May steps please be taken to obtain an issue of tool kits to this scale as soon as possible?

Subject : Observation on Indents.

To : S.O.R.A.
H.Q. 53 B.I.U.
(thro' B.O.W.O. "Acc" Route.)

19
Near 53. Brit. Liaison Unit.
C. M. P.
Ref: CMB/15
Date: 24th March, 45. 201

Re: attached Indents. The following observations are raised :-

1. Indent No's A/2
A/3

- (a) Please refer to instructions issued by Italian DADG ref. No. 991/Serv. di pr dated 16th March, 45.
Indents will be submitted separately in respect of Arty Groups I to VI, and H.Q., by the group concerned to their respective B.O.W.Os.
- (b) On what authority are these stores demanded?
Our records show that an Indent No. 27 from Arty. Regt., was submitted to 2. Sub Depot, 35. A.O.D. on 15th. Feb. 45 for qty. 21 Boxes Mobile Offices. This quantity has been queried by 35. A.O.D. as excessive, and investigation has shown the total authorised for Arty Regt. to be qty. 7. only. This figure has been notified to 35. A.O.D. as amended requirement.

Indent A/3 therefore would appear to be a duplication.
Please cancel.

(c) ~~Indent~~
Indent A/1

Padlocks not required separately for Boxes Mobile Offices, as these are complete with locks and keys.
Please cancel.

2. Please inform whoever prepares these Indents, that the original copy should be forwarded and not retained as the Unit copy.

COPY LETTER
-----Subject:- Bedford Exhaust ValvesAFHQ ORD (Brit)
Ref:- DOS 2/1/7(3)
Tel:- 988 Freedom
22 Mar 45
-----Dist:- Not Copied

1. Trouble is still being experienced with Bedford Exhaust Valves, and supplies of new valves from U.K., are sufficient to cope with all demands.
2. Production of the new gastenitic valves is restricted and the policy is to use these valves as received, in engines reconditioned at 750th Base Wksp, thus ensuring that such engines start their reconditioned life with good valves.
3. Valves that are removed from engines about to be reconditioned at 750 Base Wksp are examined and those that are considered to have a further serviceable life are packed ready for re-issue. At present there are 20 cases each of 315 valves, Pt No 7058151 ready packed and a further 20 cases will shortly be available.
4. It is considered these would prove very useful to Units and formations able to repolish valves, and if any are required by Units under your administration, arrangements will be made to despatch cases of valves proportionate to the requirement and the availability.

Signed H.G. EVANS Major
