Subject: - Theft of electric motors.

To: - 4. British Liaison Unit

I am informing you that upon examination of the elevator and service lift of the Villa Lidia, occupied by your unit, it was found that the following parts have been completely removed:

- 1.) two complete motors and levers for opening breaks;
- 2.) Starter and electrical equipment has been destroyed.

Besides this a large electric motor for pumping water has been removed which was installed on the large fountain in the park and also another electric motor used for functioning the heater of the stables.

We presume that they were taken by German soldiers working for that Command at the w/n Villa Lidia, for although I have complained several times and have forbidden that they circulate in the park of the palace, they freely and at all times walked in it and often with civilians presumably friends of theirs.

I beg you to have the necessary investigations carried out to recover the material described above.

It would be greatly appreciated if you could issue this unit with one month's supply of fodder for three horses. This in order to avoid the large and unnecessary consumption of petrol and transport which would be entailed in drawing from you weekly.

This is a very important point for a unit which, as we are; is almost the only British unit for many miles and which draws its supplies from places far removed from its location.

Our last drawing was on 16 April 46 when 28 days supplies were drawn from B.I.D. Verona.

Message from the House of Commons to all ranks of HM armies serving overseas

Sir,

I am commanded by the Army Council to inform you that in the course of the recent Debate on Army Estimates in the House of Commons, the Secretary of State for War was requested to convey, on behalf of the House of Commons, a message to all ranks in the armies serving overseas, recognizing the trying and often tedious nature of the task in which they are engaged, and expressing gratitude for the spirit and manner in which those armies are fulfilling that task. The Secretary of State, confident that all ranks in these armies will be fortified by this generous tribute, has directed that it be brought to their notice, and I am to request that a copy of this letter may be published in your Command orders.

4/B/28-10

Sir,

After the disbandment of No.1. C.E.M. Group I was attached to your unit for 4 weeks. When I left I enquired of Sgt. Morrissey whether or not I could stay once more with the unit in the event of my having leave in Bolzano.

Today, the O/C Depot Battalion, Lt/Col. Longstaff, has given me permission to have leave in Bolzano, commencing the 28th May, 46. for a period of 14 days, on condition that I produce a certificate signed by the o/o 4 B.L.U. to confirm that I may stay with that unit.

So, is it possible that I may have such a certificate? I should be very grateful if my request be granted.

Lt/Col. Longstaff has instructed me to write asking for this certificate, but is also writing to you himself on the subject.

I am, Sir,

Yours obediently,

B. Wright
