Your HQ letter No. 1090/G dtd. 4 May 46 refers.

The following is a translation of a letter received from the Ministry of War by HQ 4 Terr Comd.

I interpret your ruling as authority for Italian troops to take any action they wish up to the line of the frontier, in the area referred to. In view however, of the high level from which this question originates and the high policy involved it is felt that a precise ruling should be given by a higher authority than this HQ, in order that it may be passed to HQ 4 Terr Comd for onward transmission to the Italian Ministry of War.

(dated 6 June 46 ; ref. 2144 M4/II.)

Ref. your 01/2939/CP/A.13 dated 22 May 46.

Will yuu please make sure with 4 B.L.U. if the communication we have received from 217 Area, refers to the control of the frontier exclusively (as we are supposing), viz. supervision of the access of individuals across the line of demarcation,
or if that communication also refers to actions of military units who may try to occupy any place up there.

We are awaiting a strictly precise statement.

RIASSUNTO GENERALE DELLA SITUAZIONE: Nessuna variante alla situazione dei dipendenti reparti per quanto si riferisce alla sicurezza militare.-

Situazione generale stazionaria.-

Negli ultimi giorni del mese di marzo, è partito da Belluno un primo scaglione di minatori della città e della provincia, diretti in Belgio:- questa ripresa dell'emigrazione, che si spera possa assorbire in seguito un numero sempre maggiore di lavoratori, unitamente al vasto programma di lavori, già approvato, favorirà la soluzione del problema della disoccupazione.

P A R T E 1 1 ^

SICUREZZA CIVILE:

1° SPIRITO PUBBLICO - Un avvenimento che ha tenuto desta l'attenzione del pubblico per vari giorni, è stata l'evasione dei detenuti dal carcere di Belluno. Dei 64 detenuti riusciti ad evadere, circa due terzi sono stati successivamente catturati e ricondotti nel luogo di pena.

Le forze di polizia ed i reparti del reggimento sono stati instancabili nell'azione di rastrellamento e si spera che nel più breve tempo tutti gli evasi potranno essere assicurati nuovamente alla giustizia.

Trattandosi di delinquenti comuni, condannati già per reati vari, e stante la trascurabile aliquota di " politici " evasi, è da escludere nel modo più assoluto che l'evasione possa essere in relazione con il fatto politico.

2° SITUAZIONE POLITICA - La prima quindicina di aprile, dal punto di vista politico, può essere distinta in due periodi:
-primo periodo, quello che ha preceduto la giornata elettorale (1 - 7 aprile) tutto improntato ad una attività propagandistica di tutti i partiti,

5486 -

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

manifestatasi attraverso comizi, ed articoli sulla stampa, manifesti ed affissioni varie, scritte murali, volantini ecc.- La curiosità del pubblico acuitasi, specialmente negli ultimi giorni, ha avuto il suo culmine nella giornata successiva alle elezioni, allorché sono stati pubblicati i risultati delle votazioni;

- secondo periodo, quello che ha immediatamente seguito la giornata elettorale caratterizzato da maggior calma e da commenti vari.

La popolazione bellunese ha dimostrato in questa prima prova di manifestazione di libertà un senso di educazione e di civismo veramente notevoli, spirito di comprensione dei doveri che incombono al momento sui cittadini, e moderazione assoluta.

La campagna elettorale si è svolta in un ambiente calmissimo. I comizi, perfino sei in una giornata, hanno raccolto un pubblico corretto e disciplinato. I contradditori, ammessi in qualche comizio, pur servendosi di spunti polemici adatti allo scopo, non hanno mai assunto carattere di attacchi violenti e sono stati contenuti nei limiti della correttezza.

Come era da prevedersi, e ciò poteva desumersi dai risultati delle elezioni svoltesi precedentemente in altri comuni della provincia, tre partiti si sono contesi il primato: la Democrazia Cristiana - i Socialisti ed i Comunisti. Quest'ultimi a Feltre avevano fatto blocco per controbattere la supremazia della D.C.-

I risultati in Belluno hanno confermato le previsioni. Il maggior numero di voti è andato alla D.C. che ha così conquistato il maggior numero di seggi in tutta la provincia.

Nessun incidente ha turbato lo svolgimento delle operazioni di voto e di scrutinio in tutte le sezioni elettorali della Provincia e l'ordine pubblico è stato perfetto.

Attualmente la situazione politica è stazionaria né vengono segnalati mutamenti nei rapporti fra i partiti locali.

In merito alla questione istituzionale nulla di nuovo da segnalare.

Già da tempo i partiti politici esistenti hanno assunto un'atteggiamento ostile alle attuali istituzioni.

Non si può però con sicurezza affermare se questa ostilità basata esclusivamente sull'avversione per partito preso, sia infatti sentita o sia soltanto una mossa politica. 0485

Questo fa pensare che il "Referendum" istituzionale potrà riserbare delle sorprese specialmente [illegible] quelli che credono di avere già partita vinta.

7 May 1946.

Dear Douglas, Vide Folio 191.

It is possible you may have received an official programme of my proposed visit to MONTARIO VERONESE and subsequently to BOLZANO, direct from M.M.I.A. I am staying the night of Thursday, 23rd May, in Venice and hope to arrive at ~~MANTOVA~~ M.U. at 14.00 hrs.

As the chief object of my visit is to study administrative conditions rather than training, please do not worry about making the long journey to meet me, but I would be glad if you would advise the Colonel Commandant of the C.A.R of my proposed visit. After leaving Verona I propose to come to BOLZANO for a couple of nights and I would be most grateful if you could arrange with the Central Hotel to book me a couple of rooms for the nights 24th and 25th. The object of the second room is because my fiancee will be with me, - she has officer status.

On Saturday I was rather hoping to go over the Stelvia Pass to Como and I would be most grateful if you could find out for me if this route is yet open. I presume you will be able to give me a fill up of petrol.

I hope this programme will be convenient to you, but please do not let me inconvenience you in any way.

5481 -

Yours ever
L Hugh Mackay

Sottocomandante di batteria s.s. schierata in posizione avanzata per due giornate consecutive di aspra e dura lotta contro soverchianti mezzi di fuoco tedeschi, sostituendosi nei momenti più critici ai serventi al pezzi, offriva ai dipendenti alto esempio di sprezzo del pericolo e di elevato senso del dovere.-

Combattenti della guerra di liberazione!

A Voi, nell'annuale della liberazione, torna l'animo riconoscente e memore dei cittadini.

Allorchè tutto sembrava perduto, Voi mostraste cosa possano l'amore per la Patria e la fede nel suo avvenire. E con il vostro eroismo avete arricchito l'epopea italica di nuove gesta.

Rapidamente riordinati, i soldati di una guerra pur sempre eroicamente combattuta tornarono primi all'attacco; i marinai continuarono a tener alta sul mare la bandiera mai ammainata; gli aviatori ripresero con l'antico sprezzo della morte i combattimenti nel cielo, a tutti affiancandosi con fraterna gara di patriottismo, di dedizione e di audacia, i partigiani, che ben sapevano di coinvolgere nella lotta anche le loro famiglie.

Queste forze vive ed eroiche diedero alla vittoria delle potenti armi alleate un contributo ogni giorno più evidente e sicuro, ogni giorno più lealmente riconosciuto.

Quando un popolo in così aspro travaglio non cede di fronte alla immensità della sciagura e alla avversità del destino, ma trova nelle fibre profonde della stirpe il coraggio per non disperare e la forza per lottare ancora, quel popolo può alzare la fronte davanti a tutto il mondo e affermarsi degno di un migliore avvenire.

E questo l'Italia lo deve a Voi, soldati, marinai, avieri e partigiani.

La Patria vi ringrazia. Viva l'Italia.

It has been represented to me by Gen. Negroni, Comd 4 Terr Comd, and the Italian Air Force Representative in this District that the Rome-Bolzano Air Service should be reinstituted at an early date. This matter has already been represented to A.C. Liaison Group Bolzano Province but I wish to support the suggestion from a military aspect. British communications between BOLZANO and the South are both irregular and restricted, and it would be the greatest bebfit to have available an alternative swift means of communication. From the Italian Military aspect, the desirability of such an enterprise is obvious, and from a security aspect almost essential. If any weight can be added to this suggestion by your HQ it is felt that you would be supporting a very worthy cause.

SUBJECT :- Disposal of Documents
for Disbandment of Units

H.Q. 217 Area., CMF.

A 1937.

12 Apr 46.

4th BRITISH ... Date 15 Apr ...

List 'A' & 'C'

1. The attention of all OsC units is directed to the fact that large quantities of useless documents are being sent to GHQ 2nd Echelon by disbanding units for disposal.

2. Records of units about to disband should be weeded out before despatch to GHQ 2nd Echelon, and only documents or files containing matter likely to be of value or to be of historical, technical or legal importance will be forwarded.

3. The attention of OsC units is invited to the pamphlet "Submission of War Diaries and Preservation of Documents of Historical Value" issued under GRO 327/45, which lays down the general principles to be followed in deciding which documents should be retained, but it is pointed out that the tables contained in Part II of the above pamphlet refer to the periods for which documents should be retained by an existing unit, and not to a unit about to be disbanded.

For example, the following classes of documents are listed for retention for the periods shown. The periods laid down are for the benefit of existing units only, and upon disbandment of the unit these classes of documents should be destroyed, as the original documents will be preserved by the originator. Card, indices, bin cards and the like should also be destroyed.

(a) Circular letters and memoranda received from a higher formation - 1 year.

(b) Returns which are required for temporary purposes only or have been consolidated in other returns - 6 months.

(c) Duplicates and copies of documents filed elsewhere. - 6 months.

4. OsC Units will therefore use their discretion in applying these rules in the event of their unit disbanding.

Existing orders re Control of the Frontier lay down that no Italian Tps. other than CC.RR shall be located within 25 Kms. of the Frontier.

A.C. L.O. Bolzano (Col.Miller) has recently inserted a notice in the local press rescinding "restrictions" in this area, and HQ 4 Territorial Command are anxious to know how this effects the locations of their Tps.

I have informed them that to the best of my knowledge any orders emanating from A.C. L.O. are purely administrative and have no bearing whatever on existing military instructions, and that therefore the previous restrictions on the military remain unaltered i.e. no tps. to be located within 25 Kms. of the Frontier.

I would be grateful if you would confirm that my interpretation is correct..

SICUREZZA CIVILE :

1° SPIRITO PUBBLICO - Il giorno 9 u.s. un migliaio circa di persone (operai disoccupati, reduci ecc.) si riunirono nella Piazza antistante la Prefettura ed inscenarono una dimostrazione di protesta all'indirizzo delle autorità.

Un centinaio di dimostranti, superata la forza pubblica (pochi carabinieri e una trentina di agenti di P.S.) invasero i locali della Prefettura.

I capi dei dimostranti vennero ricevuti dal Prefetto al quale esposero la gravità della loro situazione, le difficoltà in cui la massa dei disoccupati oggi si dibatte, e chiesero al tempo stesso immediate provvidenze a loro favore - in primo luogo stanziamenti finanziari per opere pubbliche già progettate per la provincia di Belluno.

Il Prefetto promise il suo immediato interessamento presso le autorità centrali per far ottenere quanto richiesto, e l'assembramento si sciolse senza ulteriori conseguenze.

5411

Il giorno 17 la manifestazione si è ripetuta in proporzioni più ridotte ma sempre con lo stesso obiettivo.

Le notizie giunte alle autorità nei giorni scorsi facevano temere disordini ed eccessi, per cui fu chiesto, in ausilio alle scarse forze di polizia esistenti nel capoluogo, l'impiego delle truppe allo scopo di prevenzione.

In effetto la portata della manifestazione è risultata di gran lunga inferiore al previsto (un centinaio o poco più di dimostranti) e la giornata è trascorsa tranquilla senza essere turbata da alcun incidente.

Probabilmente ciò si deve al fatto che sulla stampa è apparso l'annuncio dello stanziamento da parte del Governo di 150 milioni di lire per lavori pubblici per tutta la provincia, di altri 50 milioni di lire per lavori boschivi, e l'approvazione del programma di un prossimo invio

./.

Declassified E.O. 12065 Section J-402/NNDC NO. 785020

di forte aliquota di operai per lavori nelle miniere del Belgio.

Si è inoltre appreso che il Prefetto si è recato a Roma per solle=citare personalmente l'approvazione di un vasto programma di provviden=ze,stabilito per le masse operaie del capoluogo e provincia.

Tutto ciò ha indubbiamente contribuito à dare alla popolazione un senso di sollievo e la precisa sensazione che le autorità si preoccupano delle sue condizioni e che pongono ogni interessamento al fine di allie=viare lo stato di miseria in cui da tempo il popolo giace.

Ambedue le dimostrazioni sono state organizzate dalla locale Camera del Lavoro e capeggiate dal Segretario della Camera stessa.

2° SITUAZIONE POLITICA:. - Nel complesso normale. Non è stato fino ad oggi indetta alcuna manifestazione o comizio dai vari partiti,eccezion fatta per il partito repubblicano che ha in programma per domenica 17 p;v. una serie di comizi reppublicani nelle sedi di Belluno - Auronzo - Pieve di Cadore, durante i quali parleranno rappresentanti del P.R. qua=li Da Rold - De Luca - De Col ed altri.

3° VARIE :- La truppa impiegata nei vari servizi di ordine pubblico ha dimostrato fino ad oggi contegno serio e disciplinato, con-sapevolezza nel difficile e delicato compito affidatole, per cui con certezza si può affermare che su di essa si può fare conto per il mantenimento dell'o dine.

The attached correspondence has been brought to me by the Senior Chaplain to 4 Corr Gend. It appears that the applicant, Capt [redacted], for reasons of ill-health wishes to return to his home in Cortina (Station 46) and remain there at the disposal (on parole) of the Allies, as he considers this to be his only hope of recovery.

Having served in the German Army he was arrested by the CIC on 21 Dec 45 it is reported however that he has documents which show that he rendered assistance to British PoW and further that during the last days of the war he was instrumental in preventing a bridge being blown up by the Germans. His request is that his case may be reexamined by the CIC and that he may be given an opportunity to produce this evidence.

It would be appreciated if the result of any such enquiries could be forwarded to this HQ.

TO the English Command

of the POW-Hospital M e r a n o

March, 15th 1946

The undersigned, Capt.Mc. Viktor Mazzocco/Martini, begs to take into consideration the present request on account of the actual state of his health which is very serious.

" On April 30th 45 I was seriously wounded and as I had a gun-shot wound and fracture of the left shank I was sent to the War Hospital Cortina. I was treated by Capt.Mc. Dr. Schuppler who is an excellent specialist for orthopaedic surgery. On June 16th 45 the hospital under direction of Dr. Schuppler was transferred from Cortina to Merano. In accordance with the Allied Command I was sent to a civil hospital where my treatment was continued at my own costs. For financial reasons I left the Hospital Codi-villa at Cortina on November 1st 45 and moved over to my own home. I was treated further on as an out-patient by the chief-surgeon of Codivilla. But I didn't make any progress in recovering. On the contrary I was confined to my bed almost constantly. On December 2nd 45 I was arrested by the C.I.C. as I was a former member of the German Army, and because of my wound I was sent to the German Hospital Merano. I believe that it was good luck to find the afore-mentioned Dr. Schuppler again as chief surgeon of the surgical ward. Unfortunately Dr. Schuppler stated that in consequence of wrong treatment a " pseudo-artrosis " had remained which made my even partial recovery very dubious. After the first operative intervention on 14.1.46 a slight improvement began. A second operation was made on 3.2.46. According to my opinion I owe the salvation of my foot and perhaps later on also its partial function to these operations. In Dr. Schuppler's opinion I will be able to walk again within 9-12 months time. The state of my health has grown worse in these last weeks because, besides my wound, I am now suffering from diabetes as well. Major Mc. Dr. Zachariae, physician, has also declared the state of my health

I assure on my word of honour that I am always at the disposal of the Allied Command and that I will always be ready to comply with any invitations they make.

AL IV° COMANDO MILITARE TERRITORIALE

^^^^^^^^

A seguito foglio 804/M1 del 25 febbraio 1945.-

1 - Il giorno 23 febbraio 1945 verso le ore 14,30 la guardia polacca che presidiava il forte cessava dal servizio e veniva prontamente sostituita dai sei operai già addetti all'opera stessa, due dei quali montavano di fazione armata sui bastioni.-

2 - Alle ore 16;30 e cioé due ore dopo l'allontanamento dei polacchi l'operaio di guardia Battacini Mario avvertiva uno scoppio e vedeva fumo e vampe uscire dal locale n.3.- Egli dava subito l'allarme. Accorreva il maresciallo sub-consegnatario del forte Serretta Agostino con gli altri operai e iniziavano l'opera di spegnimento. Veniva intanto richiesto l'intervento dei vigili del fuoco e segnalato l'accaduto alla Direzione Artiglieria di Verona.-

3 - Nel locale n.3 erano accatastate in un angolo casse di proietti da 20 mm. sbossolati, per un totale di circa 10.000 proietti (tedeschi), circa 20 mila bossoli vuoti da 20 mm., e circa 15.000 imballaggi di cartame per bossoli da 20 mm. Il locale era chiuso da sette giorni e cioé da quando il lavoro di riordino era stato interrotto per insufficienza del numero degli operai.-

4 - La guardia polacca, durante il proprio servizio era solita asportare tavole, lamiere e materiali vari dal forte (foglio 79/M1 e 106/M1 del 9.1.46) e; pare che,durante l'assenza del personale italiano, ammettesse estranei, per analoghe asportazioni, entro i locali del forte.-

5 - Le ipotesi più verosimili sono :

- autocombustione per esistenza di qualche proietto al fosforo;
- lancio dentro al locale stesso di un corpo incandescente (mozzicone di sigarette, fiammifero, od altro) attraverso una feritoia o attraverso la finestra e che tale corpo incandescente abbia comunicato il fuoco agli imballaggi di cartone o alle cassette di legno contenenti le munizioni. Il fuoco ha covato lentamente per qualche ora, e poi, essendosi ravvivato trovando materiale più combustibile, con fiamme e calore ha provocato lo scoppio simultaneo delle munizioni da 20 mm.

5394

6 - I danni sono irrilevanti :

- un locale sconnesso ma sempre utilizzabile come prima;
- un quintale circa di imballaggi di cartone bruciati;
- 10.000 proietti da 20 mm. tedeschi - destinati alla distruzione - ridotti a rottame.-

7/ Risulta :

- che le guardie polacche fumavano indifferentemente e accendevano fuochi nell'interno del forte; è probabile che prima di allontanarsi,per impru

./.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

denza o per malanimo, una guardia abbia lanciato nell'interno del materiale incandescente, come sopra detto. In tal caso l'esplosione sarebbe stata la conclusione di un fuoco covato per 2 - 3 ore;
- che sugli operai non si possono formulare uguali sospetti perché sono tutti elementi fidati e ligi alle norme di sicurezza.- Erano tutti sul posto e avrebbero ben capito a quale pericolo sarebbero andati incontro per simile imprudenza.-

8 - Dalla disamina del fatto giungo alla conclusione che lo scoppio sia stato conseguenza di un'imprudenza o di un atto di volontà.- Non é perciò possibile identificare il colpevole e il cambio della guardia porta a coinvolgere nella responsabilità i militari polacchi. Non si hanno però prove o testimonianze per sostenere tale accusa.-

9 - Per quanto sopra ritengo-per opportunità- che non sia il caso di concretare una denuncia al R. Procuratore.-

10 - in considerazione dell'immediato intervento del Maresciallo sub-consegnatario e dei 6 operai che con la loro coraggiosa,attiva e proficua opera svolta con spreazo del pericolo sono riusciti a limitare e contenere l'incendio, propongo l'elargizione a ciascuno,a titolo di premio, di L.500.=

GRUPPO ESTERNO DI BOLZANO

N.275/3 di prot.div.III^ Bolzano li 3 marzo 1946

OGGETTO: Omicidio in persona del doganiere austriaco RUTZ Giovanni commesso in territorio austriaco a sospetta opera del cittadino austriaco SEIDNER Carlo.-

.....INDIRIZZI OMESSI.....

^^^^^^^^

Per notizia, comunico la seguente segnalazione che ho testé ricevuta dalla Tenenza dei CC.RR. di Vipiteno:

"""Si viene ora a conoscenza che in ora imprecisata della notte sul 21 febbraio u.s., gendarmi austriaci, nelle vicinanze di Passo Sella, in territorio austriaco, rinvennero morto, ucciso a colpi di bastone alla testa, il doganiere austriaco RUTZ Giovanni, non meglio indicato.-

Il giorno successivo la polizia alleata procedette all'arresto, in località Lupo, territorio italiano nei pressi del Brennero; del cittadino austriaco SEIDNER Carlo fu Sebastiano e di Hirber Maria, nato il 2-12-1906 a Gossensas (Colle Isarco) e residente a Landeck (Austria) impiegato d'albergo, sospetto autore dell'omicidio, consegnandolo all'autorità giudiziaria austriaca.

Secondo quanto ha riferito la polizia austriaca al commissario di P.S. italiano, il SEIDNER si sarebbe scagionato dall'accusa ed avrebbe incolpato dell'uccisione del doganiere dei finanzieri italiani i quali avrebbero percosso anche lui? Del fatto é stato informato -a cura del funzionario di P.S.-il tenente comandante la tenenza della R. Guardia di Finanza di Brennero.-

Il SAIDNER-che é stato trovato in possesso di due carte di identificazione: una italiana (carta d'identità rilasciata dal comune di Brennero il 31-8-1945) da cui risulta cittadino italiano residente a Colle Isarco, é l'altra austriaca, dalla quale si rileva la cittadinanza e la residenza a Landeck (Austria)-sarebbe entrato clandestinamente in Italia dall'Austria il 2 febbraio u.s. e la notte dal 20 al 21 faceva ritorno oltre frontiera""".

My dear Geoff,

1. In confirmation of conversation (Gen [illegible] - Lieut-Col [illegible]) of 7 Mar 45.

In order to provide additional guards for dumps etc. of Allied equipment handed over to the Italian Army, it is agreed on 15 Dec 45 in principle that employment of armed civilians subject to certain limitations.

2. We have been informed that though the War Ministry state that they have not received any definite indent for civilian guards of this type from Corps HQ, they nevertheless make repeated requests for the release of soldiers still employed on such duties.

3. They have therefore asked me to request that you refer the necessary indent to the Ministry of War: further I would be grateful if you could notify me in advance of the details of your request.

- BERNARDI Hans di Franz 1924 Nato. Austrian Nationality, ex Corporal of the Wehrmacht, previously belonging to 2 nd. Tank Div.

- BERNARD di Hans di Franz, 1924 class. Austrian Nationality, ex Corporal of the Waffenmacht, previously belonging to 2 nd. Tank Bn. 3349

- PARISUTI Augusto di Luigi, 1925 class, Austrian Nationality, previously a corporal in 26 th Panzer Grenadier Division.

- BUJAKI Edoardo di Franz, 1924 class, Hungarian Nationality.

- LUKA Karl fu Karl, 1925 class, Hungarian Nationality.

The first two when interrogated stated they had actually served with the units indicated above and had abandoned them after the surrender of the German army so as not to be taken prisoners. They were civilian dress and had crossed the frontier in the region of MONTE RAINER to avoid the frontier control. -

They were not in possession of any official document. They were sent to the P.W. Camp in Brecevanok.

The latter two on the other hand, stated they had come from Venice where they had arrived about the middle of November coming from Hungary, without passport papers or permits to leave the country, in order to find there some of their relatives. Their search for these relatives being in vain they had undertaken the return journey across Austria. Also they had crossed the frontier in the region of MONTE RHANER to avoid frontier control. Their statement are however not very plausible. Therefore they will be sent tomorrow to the 23 Refugee camp who will ~~then~~ decide with their case.

- LUKA Karl fu Karl cl. 1925 di nazionalità ungherese;

I primi due interrogati hanno asserito di aver effettivamente prestato servizio presso i reparti a fianco a ciascuno indicati e di essersi sbandati dopo la resa della Germania per non venire presi prigionieri. Essi vestivano l'abito civile ed avrebbero attraversato la frontiera nei pressi di Monte Rainer per esimersi dal controllo di confine. Non sono provvisti di alcun documento alleato. Sono stati pertanto avviati al P.W. Stockade in Bressanone.

Gli ultimi due hanno invece asserito di provenire da Venezia dove sarebbero giunti verso la metà di novembre provenienti dall'Ungheria, sprovvisti di passaporto o permesso di sorta, allo scopo di rintracciarvi dei loro congiunti. Risultate vane le ricerche di costoro avrebbero intrapreso la via del ritorno attraverso l'Austria. Anche essi hanno attraversato la frontiera nei pressi del monte Rainer per esimersi dal controllo di confine. Le loro affermazioni sono, comunque, poco attendibili. Pertanto verranno avviati domani al 23° Campo Profughi per i provvedimenti a loro carico.

G.P./Nr. 30

Subject: Interrogation of 1st Lt.Remiger M.C.

To
1st Bn. The Kings Own Royal Regiment.

Enclosed please find the interrogation of 1st Lt.Remiger M.C..
From the interrogation as well as from further questions by word of mouth results, that R. deviated only from his original route Brixen-Meran, because a driver of a truck said to him, that there were an accident near Mittermühl, and he wanted to render eventually the first medical assistance. He also returned at once, when he found out, that nothing of an accident was to be seen any more.
The pass was issued the day before for the original driver Falkenberg. F. could not drive the following day on account of an interrogation, and on his place, the driver Meirhardt was employed.
By an error, the pass has not been corrected.
The declarations of 1st Lt.Remiger M.C. are worthy of faith. R. has also fulfilled his duties, he had until now, in a most satisfactory manner.
R. and M. were impressively warned.I ask to disregard of a further inquiry or of a punishment of Remiger resp.Meirhardt.

Regarding the person: My name is Anton Kemiger, 1st(Med.)Lt. in Camp Bressanone, born 13th May 1909 at Weseritz/Bohemia, married, 2 children. In the army since 4th Feb. 1942.

Regarding the subject: On Nov. 16th 1945 I had to go to Merano military hospital for a medical conference with the oculist. On the journey between Bressanone and Merano I was stopped off Albeserwirt by a German vehicle and informed, that an accident had happened in the direction of Funes. My vehicle could be recognised as a red-cross-vehicle. I drove on to Mittermühl, but could see nothing more of an accident, nor could I determine an accident. On the return journey from Mittermühl I had to stop for a little while on the main Bressanone-Bolzano road, because the cars roof had unfastened. At that time a vehicle arrived with Italian soldiers and stopped alongside. An italian soldier- it was revealed later, that he was an officer - asked my documents. As I wanted to know, whom I had to do with, I asked the officer to show me also his papers. This he refused. After the check I continued my way to Merano.
The trip-ticket had been issued the day before for Driver Falkenberg. F. could not come on Nov. 16th 1945, as he was required for an interrogation in the camp. Kfx Driver Mainharth was taken in his place. In the hurry it was omitted to alter the name on the trip-ticket.
I confirm, that I intended in no way to deviate from my original order, but that I only went in the direction of Mittermühl, because I was informed that an accident xx had happened in this valley.

Re: Release of GIRTLER Erwin.

Mrs. Girtler from Colle Isarco came to our office yesterday asking us to intervene for her son. She made the following statement:

GIRTLER Erwin, born on Jan. 21st, 1927, hairdresser, became shortly before the surrender POW of the Italian partisans. After the end of war he returned home with a discharge paper issued by the partisans. On Nov. 9th the "Folgore" at Vipiteno arrested him, brought him to Bressanone and detained him there. In the meantime his discharge paper got lost. But it appears that SSM at Bressanone has stated in writing that he had been in possession of this document. On inquiries made by his mother the Italians replied that they would submit the matter to the Allies for decision.

We therefore beg you, Capt. Harmer, to take up this matter and, if the young fellow is not guilty, to use your influence for his release from detention.

Thanking you in anticipation
