CONFIDENTIALSubject: Officers Reports.5 British Liaison Unit,
GHP.23 Dec 45.AC/55/71.

Comd, RA, MALTA.

666

Major A.V.BORDA, RMA, has reported to this unit with a view to obtaining a Confidential Report from GI, 5 BU (late 52 BU), Lieut-Col DOUGLAS. Lieut-Col DOUGLAS is at present on LIAP in Scotland and will not be returning until 30 Dec. Accordingly, in order to save time, I have written the report myself: I will ask Lieut-Col DOUGLAS to confirm this report to you, on his return.

115558. Major A.V.BORDA. RMA.

246

A versatile, hardworking officer with a thoroughly sound knowledge and experience of 'G' matters. During his nine months with this unit he has had the difficult task of working with, and instructing Italians on British lines: this required tact and firmness, and he possesses both. He also has a good knowledge of the Italian language.

He has performed amongst his other duties, the duties of Assistant Unit Maintenance Inspector to the vehicles on charge to the LIAISON Air Division, and with his considerable technical knowledge and ability, he has done it well. Recently, during a difficult period of handover to the Italian Army, he performed the duties of LIAISON very efficiently. He is loyal and much liked by his fellow officers.

1. At the present time, both the LEGHANO and the MANTOVA Gruppi are under command of this HQ. In addition, liaison on Internal Security matters has to be maintained with

GOC III Comando Militare Territoriale, MILAN
GOC II Comando Militare Territoriale, GENOVA
GOC VI Comando Militare Territoriale, BOLOGNA
GOC 231 Adm Div

Altogether, therefore, liaison has to be maintained with no less than six Italian General Officers.

2. My "G" Staff consists of GSO II and GSO III only and it is quite impossible for them to carry out in addition to their normal duties the essential close liaison required with the a/m Italian formations. It is therefore urgently requested that the attachment to this HQ may be authorised of an Italian-speaking British Officer of the rank of Major.

3. An eminently suitable Officer is Capt (T/Major) G. TABONA (67298), RMA, who is at present employed as Liaison Officer with 52 BRD but who will be free after 23 Oct 45. This Officer has been acting for some months as Liaison Officer with III Bn 114 Inf Regt (MANTOVA) in MILAN, has been in close touch with this HQ and is personally known to me.

1. The Majors in the AFHQ Maltese Liaison Pool all have fairly high seniority in their Units. If the proposed disbandment of the Unit is effected, they shall be due to revert to their substantive ranks after a period of 61 days, thereby forfeiting their seniority in Malta.

No 157568 Major LC PENECH, KOMH
AFHQ Maltese Liaison Pool.

Major Penech has been with the unit under my command for the past 8 months. He talks Italian fluently and I employed him as Liaison Officer at one of the Rde HQs of this Liaison Division (18GHABO) throughout the period that they were in the line: in this capacity he performed both valuable and valiant service.

Since the cessation of hostilities he has been employed as my personal Liaison officer with the HQ of this Division.

Firm and resolute when dealing with liaison matters he supports my decisions and those of higher authority to the full and he cannot be swayed from his purpose by those with other views. His task has not been an easy one, but his outright manner, tact and discretion have won him the admiration and confidence of all those with whom he has made contact. A loyal and devoted friend who will do anything to help on his way, and an enthusiastic worker he has performed his duties to my utmost satisfaction. 11

Major A.V. BORDA, RMA.

FNE

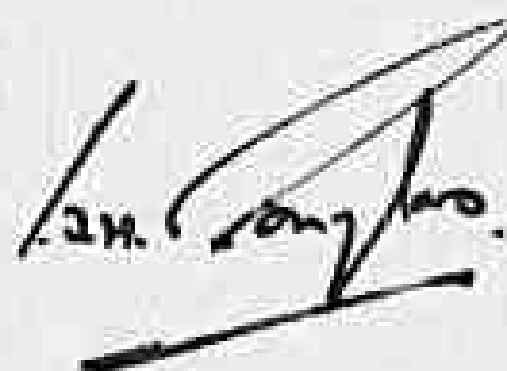

12

AFHQ Maltese Liaison Pool

Major Borda joined this Unit 8 months ago for Liaison Duties with the 1888th Division, for which he was well qualified by reason of his knowledge of the Italian language. At the time however, this Unit was very well provided with Liaison Officers, and as he had previous staff experience as Staff Captain in a formation HQ, he was requested and agreed to assist the 'Q' Branch of this BLU who were understaffed at the time since no Staff Capt was allowed for on the War Establishment.

A conscientious and hardworking Officer, his knowledge of Italian coupled with a very considerable technical knowledge of AF has been a veritable asset to the 'Q' Branch of this BLU; furthermore he has been able to combine with these duties those of Assistant Unit Maintenance Inspector of the vehicles on charge to this Command and this has proved of definite value to the Staff of the Div Workshops. He is a loyal and versatile officer who is prepared to turn his hand to anything and can be relied upon to do it well.

2. The case of this officer has been carefully considered by AFHQ. It is, however, pointed out that before an officer can be considered for employment as an AOP Pilot, he must have reached a state of training in gunnery appropriate to a troop commander. In the case of an officer without previous gunnery experience, such training and experience would take at least eighteen months to acquire.

3. It will be appreciated that, at the present time, it would not be in the interest of the service to attach an officer, other than a Regular officer, for the purpose of undergoing training of such an extended nature.

4. It is regretted, therefore, that Lieut. CAMILLERI's application must be refused.

- 1 As a result of the cessation of operations in this theatre it was felt that it was no longer practicable to employ all Maltese Officers of the Liaison Pool solely on liaison duties.
- 2 It has therefore been agreed with MALTA Command that the future of these officers shall be in accordance with the three following alternatives :-
 - (a) Continued employment as liaison officers with Gruppi.
 - (b) Employment as interpreters.
 - (c) Return to MALTA for duty.
- 3 It is emphasised that these officers volunteered for service in this theatre as liaison officers with Italian Gruppi. It is therefore desired that the maximum number of officers who can be usefully employed as liaison officers with Gruppi shall be retained as such.

154
- 4 Officers whom it is not desired to retain as liaison officers will be given the choice of volunteering for either (b) or (c) of para 2 above.
- 5 All Maltese officers will be informed of the contents of this letter and in addition will be assured that acceptance of appointment as interpreters will not prejudice their chances of selection for courses for Maltese Officers in UK which have been arranged with W.O. by MALTA Command.
- 6 Will BLJs please report earliest to this HQ full particulars of officers who will :-
 - (a) be retained as liaison officers with Gruppi
 - (b) accept appointments as interpreters

Candidates for RMSC will similarly be interviewed by an officer of that Corps not below the rank of Lt-Col. A certificate signed by the interviewing officer will state whether the candidate is or is not technically suitable for appointment to the Corps concerned and will be forwarded for attachment to the candidates application form. Addressees will forward to this HQ immediately, the names of all officers who have applied for a regular army commission in RMSC, RMOC or REBE in order that the interview required above can be arranged before these officers are called forward to the Board.

1. Ten Maltese Officer Interpreters are at present att to this BLU (7 Inf 3 Arty).
2. Although these officers would have been invaluable during the training period, experience shows that they are NOT required in such numbers now that the GRUPO is operational.
3. I consider that four inf (Gp HQ 2 Inf Regts 1 (pool), Engineer Bn 1) and three Arty officers are sufficient for present requirements.
4. Of the existing seven inf officers one is being returned to regt duty. Two Maltese Officer Interpreters (subalterns) are therefore now available for other employment.
5. May disposal instructions please be issued forthwith, since these officers are not only to all intents and purposes unemployed but are also filling valuable and limited space.

SUBJECT: Maltese Officers for Italian Combat Groups

ALLIED FORCE HEADQUARTERS.

CR/2284/2/G1(B)11 Jan 45 ✓HQ 15 Army Group

Reference your signal A 1501 dated 29 Dec 44.

1. The following information is appended regarding the employment the Italian-speaking Maltese Officers released by MALTA Command for Interpreter duties with the Italian Combat Groups in this theatre:

- (a) Maltese Officers are British Subjects enlisted in the "private army" of MALTA, and as such, do not count against the UK manpower ceiling. Their terms of service and regimental records 11 are the concern of MALTA Command.
- (b) The Officers have been posted to this theatre by MALTA Command on condition that they retain temporary rank.
- (c) Officers will be paid at Standard-British rates of pay whilst outside MALTA, but will only receive Maltese Allowances.
- (d) Officers are eligible for promotion and recommendations should be forwarded through the usual channels to G1(B) AFHQ. MALTA Command are particularly anxious that these Officers should do well, and ask that any Officer who does not come up to the required standard be returned to MALTA immediately.

2. A nominal roll of the Maltese Officers is attached. Your above quoted signal indicates that the officers shown in column 'A' have already arrived in this theatre. It is understood that the remaining officers, shown in column 'B' will be arriving from MALTA about mid-January.

3. It is requested that the units to which the Maltese Officers are posted be notified to this HQ and GHQ 2nd Echelon as soon as known. Pending approval of a War Establishment all Maltese Officers may be attached to units under the terms of para 1 (b) (c) and (d).
