I wish to thank you for the very quick action you took to supply the stores I asked for in my letter OMB/8-48 of 18 May.

It was costing this Unit 500 Lira a night to accommodate each visiting officer in a civilian hotel, so by forwarding the a/m stores you have saved the Government quite a considerable amount of money, as we usually have two or three officers visiting every week.

1. Will you please inform us of the system being adopted to distribute the year's scaling of vote 9 spare parts for the five Combat Groups, which is now being prepared at Naples. I.e. is the scaling going to be stores in one central store, or is a proportion being allocated to each Division.

2. Is there any scaling of Vote 8 being allotted, the special oils etc. for the upkeep of Artillery and small arms are urgently required, also it is impossible to buy S.A.A. spanners etc. on the local market.

We understand from this Terr. Cmd that A.R.A.R. are disposing of the majority of the Stores held at LAIVES to civilian firms.

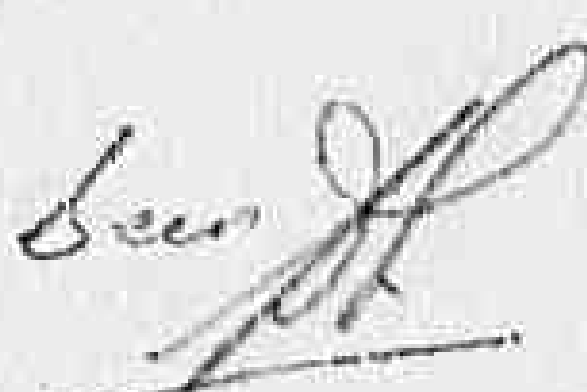

When this Dump was last inspected it was noticed that most of the stock was crated, the crates being marked with a green circle which was the Army brand used for materials to be sent overseas.

It would be appreciated if some check could be made by you to ascertain whether the Spares now being disposed of actually belonged to the Italian Army, and if so, can arrangements be made to withdraw same for use in Terr. Comd wksp.

Dear *Palleggi*

Your OLU/40 dated 15th February brought good tidings. I feared that I was to carry the baby of accounting for issues to Folgore from British sources subsequent to hand-over.

I am working on the consolidation of the Receipted Lists at 14th November. This appears to be the wildest of approximations and I have a feeling that plenty of stores have been received since they were prepared.

I leave for Civvy Street next week so here's wishing you all the best and my thanks for your assistance.

Dear Denyer,

I tried to get hold of you at Bolzano without success and also tried to locate 4 B.I.U. which doesn't appear to be functioning at the moment.

As arranged by MMIA and DDOS 2 District I am taking care of old Friuli work, Census records, lists of stores etc and have just finished **off** up there. I have also brought back a lot of their demands which in order to save time I will vet and sign and send off from here.

What Friuli urgently need to keep above water is about 1500 kilos of leather which could be supplied from Italian sources if the 4 Comando Territoriale really **look** the matter up with the Ministero di Guerra.

MMIA suggested that the Territorial Commands be notified of the Divs approx monthly requirements of Vote 7 & 8 in order that stores can be moved to Depots concerned. Would you please pass on the enclosed Friuli requirements.

As I am simply flooded out at this end with work could you let me know when you are shall we say officially on the job so that I can hand over Friuli to you.

All the best and a "Happy New Year".
