To: 7 Territorial Command

Copies to: Town Major - Florence
2 Coy 16 G/C Signals

1. In the early part of March a request was received from 211 Sub Area for six light armoured vehicles from 7 T.C. to be ~~assigned~~ as Signal despatch vehicles in the event of civil disturbances.
2. This question was discussed between Major DOWLING of this Hq. and Col. FICCOMINI of 7 T.C.; the latter stated that it would not be possible to supply these vehicles at that time as only one armoured car was in serviceable condition, the remainder being off the road due to lack of spare parts. It was further stated that when these vehicles were repaired this Hq. would be notified.
3. Will you please now state whether, in the event of a civil disturbance, six light armoured cars could be supplied for the maintenance of signal despatch services from PARMA to BOLOGNA, MODENA and FORLIMO.
