Subject: Vehicles for "Centro Recupero"

To : Major Airey - HQ M.M.I.A

From: 7 B.L.U. FLORENCE

Reference your visit to this District and your concern about lack of vehicles for "inter-depot" work of the "Centro Recupero" enclosed find memorandum in return to my request.=

Direzione Commissariato declare that loan of vehicles to "Centro Recupero" is sufficient. Suggest, however, that release of vehicles for exclusive use can be effected in due course from vehicles recovered from Leghorn.=

If you agree perhaps you might endorse their request.=

Subject: Recovery of Geographical Institute material

=====

Authority has been granted by M.T.O.U.S.A. under reference FX 55112 of 1st Dec. addressed P.B.S. for the release of all equipment of Italian origin listed on Theater Shipping Document 488 and located at U.S. Depot 2L76 located 7 miles north of Leghorn on the Ocean Road.

This equipment is part of the Geographical Institute and consists of some twenty crates; approximately 7/10 tons.

Request you send a representative to identify and remove property so released, as soon as possible. Capt. Mac Iwraith (Value 685) American Eng. Supply Officer is the person to contact. Telephone conversation Capt. Downing - Capt. Mac Iwraith (Dat. 3/Dec.) confirms availability of equipment.

A copy of receipt voucher given to U.S. Authorities will be forwarded to 7 B.L.U.
