SUBJECT: Repayment of Rations

TO : Quartermaster, Army Sub-Commission, ACC
Lequile

1. Reference you ST/58 dated 9 June 44, this office has no record of the receipt of ST/58 dated 26 May 44. The subject would indicate a report on the status of repayment of supplies by Italian Military to American and British depots.

2. All supplies have been returned to American depots with the exception of tinned salmon. This item has not been returned because there is none in stock to return. We are informed that the Italians here would like the necessary steps taken to bill them for the tinned salmon rather than to require them to repay the item to the American depot in order that this transaction could be completed without delay.

3. The items to be returned to the British depots are held up because of a combination of a lack of transport, lack of wine kegs, and the perishable nature of some supplies which the British will not accept unless they themselves can assure immediate distribution upon receipt.
