1. It is confirmed that Major J. MILAN officer commanding 9 British Liaison Unit BARI is the authorised representative of MMIA in that area and that the report requested by him from BARI Legion Carabinieri may be supplied.

2. It was not the intention that the supply of the report should be the cause of unnecessary work by BARI Legion but it was requested as useful and necessary information, the possession of which, will help Major MILAN and his staff to be of some assistance to the Legion and Mobile Bn in military matters.

3. If you feel that it is throwing too much of a burden on the BARI Legion to supply the monthly report in the form requested in addition to the monthly report at present supplied to this HQ for onward transmission to HQ MMIA, may arrangements please be made to supply a copy of the same monthly report as is forwarded to this HQ for onward transmission to HQ MMIA, direct to OC 9 British Liaison Unit BARI as it appears that he has not been getting anything but a very abbreviated version of the monthly report.

Further to my conversation with Lt Col POLI of 5th Nov 1946.

1. To assist in compiling the report, the various statistics requested in App A-F should show the position as at the 20th of each month.
This will leave five days for the required information to reach your HQ and five days for co-ordinating the report. Rendition of the report should not be held up for any portion not completed by the last day of the month, which should be forwarded later.

2. I do not think that the task of collecting the report should require the opening of a special office.
The programme is framed so that it can be broken down easily into parts for completion by the various branches of the staff and heads of services. It is thought that much of the information requested ~~will be readily available.~~ *

I suggest that the task of drafting the consolidated report for approval by C.S.M. could normally be delegated to ⁶⁰⁸ L.O. appointed to the B.L.U. (ref para 1 of my 3/1/10 of 6 Nov).

3. Please amend a measure 1 of our 4/18 dated 31st Oct as shown at appx.

* is of the kind that should normally be available in your H.Q.
However should any particular items cause special difficulties, please indicate these, & we can discuss the matter again.

1. It is confirmed that grenades were issued on the scale authorized, as stated in the report, and are held by units. Your view is agreed with that it is undesirable for individual soldiers to be at all times in possession of two grenades.
2. Ref para 1 of your letter, it is not understood why my report dated 2 Mar 46 should be un-numbered. My file copy shows the number 6 clearly, and all copies were mimeographed off the same sheet of wax.

Ref your Periodical Report dated 2 Mar (which please number numerically in future.)

Under "Arms and Amn" you state that "two grenades per infantryman are being issued".

Clarification is requested as to whether this means "grenades are being issued on a scale of two per infantryman" or whether the issue is actually of two grenades to each individual man.

It is considered most undesirable that individual soldiers should be at all times in personal possession of two grenades.

Your further report, and your views, are requested.
