Lieut. BOLOGNA has served with H.Q., 52 Area and subsequently with H.Q., 52 Sub Area as Italian Liaison Officer since 20th Oct. 1945. This officer speaks very good English and has been a most useful interpreter. He has a pleasant personality and is very cooperative.

With his aid it has been possible to establish cordial relations with the Italian authorities both civil and military.

Owing to the disbandment of this H.Q. his services are no longer required and he is therefore placed at your disposal.

1. It has been represented to this HQ that the points rationing system for Officers' Shops introduced by GRO 431/46 falls especially hard on officers who have been economical in the past and have not drawn up to their full entitlement on old scales.

It is also at variance with the principle established in para 4 of GRO 968/45 which reads:-

"It will therefore be appreciated that Officers who have not found it necessary to draw their full entitlement on the CMF ration card will not be jeopardised by the expiry of that card prior to the date on which it would have expired but for the substitution of the War Office Scheme"

2. The institution of the new card without prior warning resulted in the cancellation of 16 pts for the two months subsequent to 1 May 46. (GRO 431/46 was published 14 Jun 46).

3. The following suggestions have been put forward to this HQ:-

3. The following suggestions have been put forward to this HQ:-

(a) Items not drawn in the first 12 months of the rationing period should now for a limited time be allowed free of points, and

(b) the deduction of 8 pts per month for the period when the card was not in issue should be remitted.

4. Your comments on this matter are requested. Should it be considered that officers generally are suffering genuine hardship as the result of the introduction of the new system, this HQ will make the necessary representations to GHQ on the subject.

1. The following comments were made by OC No 8 Inspectorate of Army Hqpt, following visit made to NAPLES DID recently:-

- "(a) It is seldom that OSC or QMC visit the DID to see the system and safeguards at the supplying end.
- (b) Units reps responsible for taking over the unit sups are frequently of such rank, and of such little experience that they cannot efficiently represent the unit.
- (c) It is suspected that the good and informative circulars and scales of weekly issues provided by DID for units often remain in the pockets of the ration storeman, instead of reaching OSC and Messing Offrs.
- (d) Although unit strengths are now to be stated on ration indents, it is clear there is little, if any, check on entitlement. Neither is it clear to what extent issues to, and recovery from, civilians (married families and civilian employees of army units) are controlled.
- (e) Some of the above applies also to drawing from BIS."

2. The above comments are considered to be of fairly general application, and OSC will ensure that such instructions are issued, as they may consider appropriate and necessary to cover these points.

TO ALL RANKS OF M.M.I.A.

On vacating the appointment of G.O.C. Land Forces Sub-Commission A.C. (M.M.I.A.), I wish to extend my grateful thanks to you, past and present, for the loyal and efficient manner in which you have done your work. Ours has been a great and unique task. We created an Italian Army 350,000 strong, which played a considerable part in the final victory in ITALY. We then re-organised that Army on a peace basis of 140,000. In addition we have re-organised the Carabinieri and repatriated over 1 million Italian Prisoners of War. I feel we can be proud of our achievements in this important sphere of international activity.

M.M.I.A., also, has been one of the outstanding examples of Anglo-American cooperation. We have been a real team, working together in complete harmony and cooperation. For that, as a British officer, I thank that outstanding soldier Colonel CLAYTON P. KERR and all his American officers. We will never forget them or their work.

And so I bid you all farewell and godspeed. I wish you all the best of good fortune in the confused, though I believe happier, days which lie ahead.

RECORD INSTRUCTION TO HQ FORMATIONS AND X/1 LIST UNITS, CWP, MESC,
RASC, RAVC, AEC, FNR CORPS, INT CORPS, APTC AND ACC UNITS.

No. 6.

6 June 46.

Note: All previous circulars of "Guide for Units in connection with
Records Procedure" will continue to be effective unless cancelled.

1. DESCRIPTION ON TRANSFER TO RESERVE OR DISCHARGE OF REGULAR SOLDIERS.

Reference para 1 of "Records Instructions for Units No. 6," dated
21 March 46, which calls for the notification to this Headquarters of the
description of regular soldiers on despatch for release, etc.,

Instructions have now been received from the War Office that this
description must also be entered on the reverse of page 3 of the Release
Book, where a regular soldier is released in Class "A".

2. DOCUMENTS.

A large number of documents are being received at this Headquarters
with nothing to indicate the purpose for which they have been sent.

Since documents may be forwarded to this Headquarters for a number
of reasons, the AF.B.198 or letter accompanying such documents should, in all
cases, bear a brief indication of the reason for which they have been sent.

3. INOPERATIVE ACCOUNTS - R.E. PERSONNEL.

The Regimental Paymaster, Royal Engineers, has requested that he be
notified of all cases where personnel have not drawn pay at least once
during any 3 monthly period.

All units will, therefore, inform Regimental Paymaster R.E. direct
(GRO 1129/45 refers) of any such cases.

4. RENDITION OF AFs.W. 3149.

AFs.W. 3149 are being received at this Headquarters with incorrect
regimental particulars.

2220

In order to assist in the speedy clearance of AFs.W. 3149, Os.C. Units
will ensure that regimental particulars as stated thereon, are correct.
It will be appreciated that considerable time is wasted in tracing personnel
for whom incorrect regimental particulars have been quoted on AFs.W. 3149
and it is particularly important that Branch of Regt or Corps should always
be clearly shown (e.g.: RA(LAA), CWP(TC), Par Corps (PTW) etc.)

TITLE: Ration and Subsistence Return

1. Consequent upon the re-introduction of financial estimates, all units will now be required to submit a "Ration and Subsistence" Return in accordance with the proforma at Appendix 'A'. This may be modified as necessary to meet local conditions.
2. The numbers to be shown under the various headings will be the average daily numbers obtaining during each period of thirteen weeks on the Friday nearest to the last day of May. Aug. Nov and Feb, viz, 31 May, 30 Aug. 29 Nov 46, 28 Feb, 30 May, 29 Aug, 28 Nov 47, etc. The first return will be in respect of the period ending 31 May 46, and consolidated returns will be rendered by District and equivalent headquarters to arrive at GHQ GWT not later than 30 June 46. Future returns will be rendered to reach GHQ within three weeks of the last day of the period covered.
3. Detailed instructions for consolidation of these returns have already been issued to District and equivalent Headquarters. Some general notes, are, however, attached at Appendix 'B'.

Appendix 'B' to GPO

1. The Return will show the average daily numbers drawing rations or allowances in lieu during each period of thirteen weeks ending on the Friday nearest the last day of Feb, May, Aug and Nov.
2. The return will be rendered by all units, formations, detachments etc demanding rations independently. Should a unit normally entitled to submit separate invoices for rations be in fact attached to another unit for such purposes, the accounting unit will include on its return details of any such units, and will state the titles of all such units for which it is accounting.
3. The return will include all personnel on the strength of or attached to the unit for the purpose of rations but will exclude all personnel attached to any other unit for these purposes, e.g. attending courses, in hospital.
4. Personnel of the Womens Services and female civilians drawing male scale of rations will be shown as women.
5. Numbers shown 'in Mess' will be the actual numbers without the authorised additions for small units.
6. Hospitals, convalescent units and Detention Barracks will ensure that they include not only their own staff but also patients and non undergoing sentence under the appropriate headings.
7. Returns from Prisoner of War Camps will show staffs and prisoners separately. Prisoners will be segregated under headings "Workers" and "Non-Workers".

2. It may however be confidently assumed that so far as the Italian Army is concerned existing procedure will continue, viz:-

- (a) Recaptured material of Italian military origin not required by Allied authorities for military purposes including maintenance of POW will be turned over immediately to the Italian Military Authorities.
- (b) The Allied Authority (i.e. nearest Area or Sub Area HQ) controlling any particular CEM dump should therefore be approached if material of this nature has been located.
- (c) If control has passed to A.M.G. similar action should be taken with the A.M.G. officer concerned and any difficulty resulting reported to this HQ.
- (d) Material other than of Italian military origin if released by the Allied Authorities is at the disposal of A.M.G. and possession can only be secured by the War Ministry through Italian channels.

Since documents may be forwarded to this Headquarters for a number
of reasons, the AF.B.198 or letter accompanying such documents should, in all
cases, bear a brief indication of the reason for which they have been sent.

3.

INOPERATIVE ACCOUNTS - R.E. PERSONNEL.

The Regimental Paymaster, Royal Engineers, has requested that he be
notified of all cases where personnel have not drawn pay at least once
during any 3 monthly period.

All units will, therefore, inform Regimental Paymaster R.E. direct
(GRO 1129/45 refers) of any such cases.

4.

RENDITION OF AFs.W.3149.

AFs.W.3149 are being received at this Headquarters with incorrect
regimental particulars.

In order to assist in the speedy clearance of AFs.W.3149, Os.C. Units
will ensure that regimental particulars as stated thereon, are correct.
It will be appreciated that considerable time is wasted in tracing personnel
for whom incorrect regimental particulars have been quoted on AFs.W.3149
and it is particularly important that Branch of Regt or Corps should always
be clearly shown (e.g.: RA(LA), CAP(TC), Par Corps (FFW) etc.)

2206

Instructions have now been received from the War Office that this description must also be entered on the reverse of page 3 of the Release Book, where a regular soldier is released in Class "A".

2. DOCUMENTS.

A large number of documents are being received at this Headquarters with nothing to indicate the purpose for which they have been sent.

Since documents may be forwarded to this Headquarters for a number of reasons, the AF.B.198 or letter accompanying such documents should, in all cases, bear a brief indication of the reason for which they have been sent.

3. INOPERATIVE ACCOUNTS - R.E. PERSONNEL.

1. The need for economy in food has been stressed in GRO 228/46 and it is evident that efforts are being made to reduce waste. In order to assist further in this campaign it has been decided that in future meals of more than three courses with an addition of Dessert and Coffee shall not be served in any messes, Clubs or Hotels under British Control. This is in conformity with current practice in UK and other theatres.
2. The three courses referred to above may be constituted as under:-
 - (a) Hors D'oeuvres or Soup or Fish
 - (b) Meat or Game or Poultry
 - (c) Sweet or Savoury.
3. It might be argued that the preparation of the ration into a meal or more than three courses as outlined above would not prejudice food economy, but a larger number of courses cannot be the most economical and beneficial use to which available supplies could be put. In addition it is important that this theatre should conform to the practice elsewhere as stated in para 1 above.
4. A relaxation of this ruling to allow for special occasions will only be permitted on authority of this HQ.
5. A similar instruction is being issued by HQ MTOUSA applicable to US Forces.

TO : List "B"

1. The object of this letter is to explain the present position regarding "supply" of maintenance items and to dispel any suspicions that the War Ministry are not concerning themselves sufficiently with the need to repair deficiencies in Unit maintenance.

2. The maintenance of the Italian Army including the CC.RR is the responsibility of the Italian Government through the War Ministry. With the exception of British Ordnance weapons, equipment and ammunition the sources of supply are under the control of the Italian Government. As regards transport see para. 5.

3. The War Ministry control all maintenance items which are distributed down to Units through the normal administrative channels i.e. Supply Depots, Clothing Depots, Ammunition Magazines etc. The procedure for indenting, system of supply and detailed routine have been communicated to Territorial Commands in Directives issued by the War Ministry.

4. Some confusion and uncertainty has arisen regarding provision and supply of British Ordnance stores. It must be remembered that the re-organisation of the Italian Army and re-equipping of Units other than CC.RR with British weapons is coinciding with the run down of British stores in the theatre and the closing of Ordnance installations.

Every endeavour is being made by this HQ to secure for the War Ministry the stores needed to complete authorised equipment scales including maintenance items. Wherever possible (and invariably in the case of weapons and ammunition) transfer is being arranged direct military to military. In certain cases the War Ministry are acquiring stores through Allied Disposal Agencies and A.E.A.P.

5. The long term policy regarding transport is that the Italian Army shall be equipped with vehicles manufactured by the Italian Motor Industry. As a temporary measure efforts are being made to obtain further serviceable Allied vehicles and spare parts for those already held. The difficulty is the fact that there is an actual shortage in the theatre of such equipment and no allied surplus exists.

6. On receipt of the necessary GHQ authority the transfer of British Ordnance equipment to Italian Depots is arranged. Thereafter distribution follows the normal practice.

No useful purpose is served by making detailed demands for this or that item and all concerned are requested to ensure the above situation is made clear to Territorial or other Commanders. List 1B1

1. RECORDS AG. have ruled that a Master List of Files be submitted in order that a true picture can be obtained of numbers of existing files held by HUS and also to obviate unnecessary work in the future.

2. To compile this Master List of Files it is essential that all files submit copies (in duplicate) of their existing file lists. These will be forwarded to RECORDS SECTION, MIL, not later than 10 JUNE 45.

On and after the 1st date RECORDS Section will be informed of all additions, deletions and amendments to existing files. In the event of the introduction of a new series of files, a copy of lists will be forwarded to RECORDS Section. File numbers of a new series will be such as to not in any respect clash with the old series.

When it is found necessary to originate a new file, particular care will be taken to ensure that the file does not bear a number already existing in the present list of files. This in effect means, that if a file is closed and subsequent covers are not re-issued, the number of the file will become ineffective and not used again even under another title. As C.R.U.s will ensure that their files are reviewed and that instances of this nature have not occurred. Steps will be taken to alter all files which have the same number but different titles, and that the also run in conjunction with the present list of files.

EXAMPLE

C.R.U.

Monthly Reports (present file,)

MISC

(dead file)

In the above case the dead file will be changed to the number of the present MISC file and marked as / cover of this series, or if there is no MISC file now existing, it will be added to the end of the present list of files and the number changed accordingly.

5. All file covers will be marked plainly and clearly and subsequent covers will be marked, i.e., "2nd cover, Opened 12 SEP 45, closed 12 SEP 45".

TO : HQ 3 DISTRICT

1. On 27th Oct 1943 the Italian Liaison Office for H.Q. 2 District was formed at Bari and, subsequently, passed to under command of HQ 3 District, retaining its duties of control over all the other Liaison offices with Area and Sub Area H.Q.s located in the area.

Because of this change-over this H.Q. intended to disband this Office in view of the fact that there was already the Liaison Office with 54 Area, sufficient to meet the requirements of the HQ-III units.

2. This intention, however was opposed by the American H.Q.s and in particular by H.Q. Adriatic Base Command which, after reaching agreement with this H.Q., arranged for the continued existence of the Office, with the denomination "Liaison Office with the Allies", continuing its Liaison duties with US-III units; the personnel were all transferred to the strength of H.Q. 205 Division.

3. In Oct 1945 the American H.Q.s left the Bari area while the office remained working for the Liaison Office with 54 Area, making up the latter's deficiencies.

Ministry of War now propose that the above mentioned office (consisting of 1 officer and 2 ORs) which is no longer necessary, be finally disbanded; the officer will be discharged on request, 1 OR interpreter posted for all purposes to the Liaison Office with 54 Area and the other re-employed by 205 Division.

1. Ref conversation Colonnello Petitti - Major Ferro on 12 May 46, it is kindly requested that the Italian Liaison Officer Maggiore Lembo, be replaced by Capitano DE RINALDIS.
2. The reason for this request is that Magg. Lembo, though having a knowledge of written English, lacks practice in the spoken language. In the 8 months that he has been employed in this unit, the British officers all spoke Italian and there was no occasion when he was required to interpret orally. Now that there is an officer who speaks no Italian, the services are required of a liaison officer who can interpret conversations freely.
3. I wish to point out that I have no other reason for requesting Magg. Lembo to be replaced. In fact, I have found him to be a competent, hard-working and conscientious officer, whose services have been of value to this unit.
4. I would add that Magg. Lembo was posted to Bari for employment with MMIA. Now that he is no longer required here, it is strongly recommended that he should be posted to a place nearer his home, which is at Torino.

A : Lista "B".

- 1 Sembra non esser sufficientemente compreso che i viaggi in aerea per mezzo della Linea Aerea Commissione Alleata in Italia sono limitati a persone che viaggino in servizio e la cui domanda sia stata approvata da un rappresentante della Commissione Alleata.
Viaggi in aereo non sono autorizzati per personale in licenza o per le famiglie di persone che agiscono in servizio.
Domande di viaggi in aereo da parte di personale dell'Armata Italiana sono vagliate in Roma dal Ministero della Guerra e da questo Quartier Generale.
Ad altre stazioni particolarmente porti aerei terminali, il vaglio dovrebbe essere effettuato dal Comando Territoriale interessato e dalla locale Commissione Alleata Precedenze Viaggi Aerei.
- 2 Allo scopo di evitare inutile lavoro e inopportunità a passeggeri militari che soddisfano i regolamenti ed hanno ricevuto i biglietti di una via per Roma, si dovrebbe avvisare che la loro domanda di ritornare a mezzo di aereo non sarà presa in considerazione a meno che attestata dal Ministero della Guerra come essenziale per motivi di servizio.
- 3 Indirizzi sono richiesti per assicurare che il locale Comando del Quartiere Generale e i rappresentanti della Commissione Alleata sono a conoscenza di quanto sopra. Si suggerisce di esporre un visibile manifesto in tutti gli uffici di prenotazione aerei e che i passeggeri siano informati prima della partenza.

3 May 1946

TO : List "B".

- 1 It appears to be insufficiently realised that air travel by A.C., Air Line in Italy is restricted to individuals travelling on duty and whose application has been approved by an A.C., representative.

Air travel is not authorised for leave personnel nor for the families of individuals proceeding on duty.

Applications for air travel by Italian Army personnel are screened in Rome by the War Ministry and by this H.Q.

At other stations particularly terminal air ports screening should be effected by the Terr. Command concerned and by the local A.C., Air Priorities Board.

- 2 In order to avoid unnecessary work and inconvenience to intending military passengers individuals who satisfy the regulations and are granted one way tickets to Rome should be warned that their application to return by air will not be considered unless vouched for by the War Ministry as essential on grounds of duty.

- 3 Addressees are required to ensure local Command H.Q. and A.C. representatives are aware of the above. It is suggested a prominent notice be displayed at all air booking offices and that passengers be warned before departure.

stitute "22 years". (H) Re-engagement to complete 22 years service will be carried out on AFM 136 amended as in sub paragraph (G) above.

(J) Soldiers who enlisted as boys or as men between the age of 17 years and 18 years and who wish to continue in the service beyond 21 years for a period of less than 1 year to enable them to complete 21 years qualifying service for pension but who do not wish to complete a full 22 years service must nevertheless re-engage to complete 22 years service. This is necessary as with effect from 30 April 1946 section 85 of the army act will provide for continuance in the service beyond 22 years only on completion of 21 years qualifying service for pension the soldier may elect discharge under King's regulations 1940 paragraph 390 (III). "Having obtained discharge after 3 months notice". Provisions of above amendments will be brought to the notice of all units by fastest means.

No. 5

21 Mar 46

Note: All previous circulars of "H. Formations, etc., Records Instructions" will continue to be effective unless cancelled.

1. DESCRIPTION ON TRANSFER TO RESERVE OR DISCHARGE OF REGULAR SOLDIERS

In order that Officer i/c Records may be in a position to complete description of soldiers serving on Regular Army engagements on their transfer to the reserve, or discharge, the following information will be included in GTS/3014/3012, notifying their despatch from the unit for release, or on terminal leave:-

- (A) Height
- (B) Complexion
- (C) Eyes
- (D) Hair
- (E) Marks or scars

It is emphasised that the description required is that at the time the soldier leaves the unit.

2. FAMILIES OF SERVING MILITARY PERSONNEL IN CMF

When an officer occupies a D. Married quarters he ceases to be entitled to Field Allowance (if in issue) and Family Lodging Allowance. Mediterranean Allowance continues to be admissible (if in issue).

In these cases units will ensure that the following casualty is rendered without delay:-

"Occupied furnished/unfurnished/married quarters wof
CMF to (Field Allowance) (a) Family Lodging Allowance wof same date."

The fact that the family of an Other Rank occupies Married Quarters will also be reported. In these cases deduction for Quarters is made automatically by the R.P. on receipt of the casualty.

3. MARRIAGES, BIRTHS & DEATHS - SOLDIERS' FAMILIES RESIDING IN CMF

Units are reminded that marriages, Births and Deaths in respect of families of military personnel resident in CMF must be reported to this HQ.

KR para 1741 refers, but it is pointed out that this HQ alone is responsible for upkeep of JAs 112, 113 and 114 in this Command.

4. ENLISTMENT - RECORDING OF THE AGE OF SOLDIERS FOUND TO BE UNDER 20

In all cases where soldiers other than those enlisted as boys, who, on production of a birth certificate, are found to be under the age stated on their attestation or Record of Service paper, the following action will be taken:-

- (1) Entry as shown below will be made on top of page 2 in B 64 Part I in RED INK and will be

D.O.S. CIRCULAR NO. 249

SUBJECT:- Crating of Anti-Gas Stores.

1. Considerable difficulty is being experienced in providing crates for all Anti-Gas stores issued from Ordnance Depots.
2. In future demands for Anti-Gas stores will be endorsed stating whether the stores are required for immediate issue or whether they are required to be stored by the consignee. Where stores are for immediate issue the cartons containing the stores will not be crated. Anti-Gas stores which are required to be stored by the consignee will be crated.
3. D.O.S. Circulars No's 113 and 150 are now cancelled.

D.O.S. CIRCULAR NO. 251.

SUBJECT:- Financial Arrangements - Provision of Stores, Supplies, and Services by the British Army to Foreign Governments (including the Armed Forces of Foreign Governments).

The following information is extracted from AGI 1381/45.

1. Termination of mutual aid arrangements.- During the war there have been numerous bilateral mutual aid agreements between the Government of the United Kingdom and certain foreign governments as a result of which much of the assistance rendered by one government to the forces of another has not been the subject of cash reimbursement. With the conclusion of hostilities these agreements are coming to an end and it will be necessary to re-introduce normal financial arrangements under which all assistance by the British Army to the armed forces of foreign governments and vice versa, is on a payment basis. The purpose of this circular is to indicate in the case of each foreign government with which the United Kingdom has had a mutual aid agreement the arrangements for the transition from mutual aid to payment.

2. Distinction between "initial equipment" and "maintenance".- In para. 3 below a distinction is drawn in many cases between "initial equipment" and "maintenance".

(a) The term "initial equipment" is used to cover the following :-

- (i) Initial issues to personnel of equipment and stores required to complete their approved scale of personal equipment (but not the replacement of such equipment after initial issues).
- (ii) Initial issues to units or formations of equipment and stores for the purpose of completing their holdings in accordance with approved equipment tables (but not replacement of such equipment after the original issue).
- (iii) Stores provided for foreign governments in satisfaction of governmental requisitions by them (generally known as headquarter issues).
- (iv) Where it is customary for a scale of maintenance spares to be issued automatically with an initial equipment, the scale of spares will be regarded as an integral part of the initial equipment and will be subject to the same financial terms as apply to the latter.

(b) The term "maintenance" is used to cover all day to day maintenance of personnel, units or formations (rations, accommodation, medical services, transportation, etc.), training, and also (subject to the exception at sub-para. (iv) above) the maintenance of unit and personal equipment up to approved scales, including the repair of such equipment. For the purposes of this circular the

For the purposes of this circular the term "maintenance" will also be deemed to include the replacement of unserviceable equipment which originally formed part of an initial issue.

3. The dates of cessation of mutual aid arrangements with various foreign governments.

Notes.

(i) This paragraph sets out the general policy governing the cessation of mutual aid. Exceptions to this policy have been, and may be, specially authorised from time to time.

(ii) The references in this paragraph to the armed forces of foreign governments will be regarded as covering any foreign personnel or units operating with British forces (e.g., on occupational duties) and also recovered prisoners

of war of the allied force concerned.

A - United States of America.

(a) With certain exceptions which have been notified to those concerned, the lend-lease/reciprocal aid arrangements between the United Kingdom and United States Governments terminated on 1st. September, 1945. For the period from 2nd. September, 1945, to 28th. February, 1946, inclusive, special arrangements which will be the subject of separate instructions will apply. With effect from 1st. March, 1946, normal payment terms will apply to all stores or supplies issued, and services performed or arranged, by the British Army for the United States Forces and other United States organisations.

(b) Similarly with certain limited exceptions all stores, supplies or services furnished by the United States to the British Army will be on payment from 2nd. September, 1945.

B - France and Holland.

(a) Initial equipment. - With effect from 9th. May, 1945, all issues of initial equipment to the French or Netherlands Governments (including personnel, units and formations of their forces) are subject to payment terms except that issues made to personnel, units or formations of the French or Netherlands Forces for use in the war against Japan continued to be on mutual aid terms until 15th. August, 1945, inclusive.

(b) Maintenance. - All maintenance provided by the British Army for French or Netherlands personnel, units or formations will be on payment terms with effect from 9th. November, 1945, except that maintenance for French and Netherlands units in or en route to French Indo-China or the Netherlands East Indies, respectively, will continue to be on mutual aid until 15th. February, 1946, inclusive.

(c) The foregoing rules will also apply to stores, supplies and services furnished by the French and Netherlands Governments to the British Army.

C - Belgium, Luxembourg, Norway, Denmark and Yugoslavia.

(a) Initial equipment. - With effect from 9th. May, 1945, all issues of initial equipment to these governments (including personnel, units and formations of their armed forces) will be on payment terms except that the following issues will be completed on mutual aid:-

(i) Initial equipment issued from British Army sources to complete the approved equipment holdings of Belgian Brigade Groups Nos. 1, 2, 3 and 4, including the personal equipment of the troops comprising these brigades.

(ii) Initial equipment issued to complete the approved holdings of divisional equipment of the two Belgian divisions of which the brigade groups referred to in sub-para. (i) above are to form the nucleus.

(iii) Initial equipment issued to the Belgian liberated manpower personnel and units to the extent that the equipment of these was approved as a British army responsibility.

(b) Maintenance. - All maintenance provided by the British Army for Belgian, Luxembourg, Norwegian, Danish or Yugoslav personnel, units or formations will be on payment with effect from 9th. November, 1945.

(c) The foregoing rules will also apply to stores, supplies and services furnished by the allied governments concerned to the British Army.

(a) Initial equipment. - With effect from 9th. May, 1945, all issues of initial equipment to the French or Netherlands Governments (including personnel, units and formations of their forces) are subject to payment terms except that issues made to personnel, units or formations of the French or Netherlands Forces for use in the war against Japan continued to be on mutual aid terms until 15th. August, 1945, inclusive.

(b) Maintenance. - All maintenance provided by the British Army for French or Netherlands personnel, units or formations will be on payment terms with effect from 9th. November, 1945, except that maintenance for French and Netherlands units in or en route to French Indo-China or the Netherlands East Indies, respectively, will continue to be on mutual aid until 15th. February, 1946, inclusive.

(c) The foregoing rules will also apply to stores, supplies and services furnished by the French and Netherlands Governments to the British Army.

C - Belgium, Luxembourg, Norway, Denmark and Yugoslavia.

(a) Initial equipment. - With effect from 9th. May, 1945, all issues of initial equipment to these governments (including personnel, units and formations of their armed forces) will be on payment terms except that the following issues will be completed on mutual aid :-

(i) Initial equipment issued from British Army sources to complete the approved equipment holdings of Belgian Brigade Groups Nos. 1, 2, 3 and 4, including the personal equipment of the troops comprising these brigades.

(ii) Initial equipment issued to complete the approved holdings of divisional equipment of the two Belgian divisions of which the brigade groups referred to in sub-para. (i) above are to form the nucleus.

(iii) Initial equipment issued to the Belgian liberated manpower personnel and units to the extent that the equipment of these was approved as a British army responsibility.

(b) Maintenance. - All maintenance provided by the British Army for Belgian, Luxembourg, Norwegian, Danish or Yugoslav personnel, units or formations will be on payment with effect from 9th. November, 1945.

(c) The foregoing rules will also apply to stores, supplies and services furnished by the allied governments concerned to the British Army.

D - Czechoslovakia.

Lend-lease aid by the United Kingdom to Czechoslovakia has always been confined to stores, supplies and services for the Czechoslovak forces organised and employed under the British high command. Maintenance will continue to be provided on mutual aid terms for any Czechoslovak units under British command for as long as they so remain. All other issues and services by the British Army

785020

- 2 -

for the Czechoslovak forces will be on payment.

E - Greece.

With effect from 1st. January, 1946, all issues and services by the British Army for the Greek forces will be on payment terms (subject to certain exceptions which will be notified separately). Issues and services for the Greek forces before that date were the subject of special arrangements which were notified to those concerned.

F - Turkey.

Payment terms have applied to all issues and services for Turkey with effect from 15th. June, 1945.

G - The Soviet Union, Poland, China and Portugal.

Separate instructions will be issued as necessary regarding issues and services for the Soviet Union, Poland, China and Portugal.

4. For the purposes of para. 3 above the date of issue and not the date of demand or order will determine whether mutual aid or payment terms apply.

5. Foreign governments other than those detailed in para. 3 - Stores and supplies issued, and services rendered, by the British Army to the forces (or other organisations) of foreign governments other than those mentioned in para. 3 above will continue to be on payment terms except where special instructions are issued to the contrary.

6. Authority for issues of stores and supplies to the forces of foreign governments. - Nothing in this circular is to be construed as constituting authority for the issue of stores or supplies to the forces of foreign governments. Such authority must be obtained in the normal way and through the appropriate channel. This does not, of course, apply to cases in which authority has already been given.

7. Recapture by the United Kingdom Government of stores and supplies issued to foreign governments on mutual aid terms. - Under the various mutual aid agreements the United Kingdom Government reserved the right to require the return of any item issued by it to the forces government on mutual aid terms which has not been "lost, destroyed or consumed". This right has been waived in the case of the equipment issued to the Belgian Government as detailed in para. 3 C (a) (i), (ii) and (iii) above.

The British Army may exercise this right of "recapture" in the case of any item for which it has a specific requirement and which the foreign government concerned is prepared to release; this will, of course, be subject to such War Office authority as may be necessary for the acquisition of the item in question. Apart from such cases, however, no general action will be taken at present to exercise this "recapture" prerogative unless and until further instructions to the contrary are issued.

8. Separate instructions setting out the detailed payment procedure to be applied to the various categories of stores, supplies and services which are furnished by the British Army to the forces of foreign governments.

C - The Soviet Union, Poland, China and Portugal.

Separate instructions will be issued as necessary regarding issues and services for the Soviet Union, Poland, China and Portugal.

4. For the purposes of para. 3 above the date of issue and not the date of demand or order will determine whether mutual aid or payment terms apply.
5. Foreign governments other than those detailed in para. 3 - Stores and supplies issued, and services rendered, by the British Army to the forces (or other organisations) of foreign governments other than those mentioned in para. 3 above will continue to be on payment terms except where special instructions are issued to the contrary.
6. Authority for issues of stores and supplies to the forces of foreign governments. - Nothing in this circular is to be construed as constituting authority for the issue of stores or supplies to the forces of foreign governments. Such authority must be obtained in the normal way and through the appropriate channel. This does not, of course, apply to cases in which authority has already been given.
7. Recapture by the United Kingdom Government of stores and supplies issued to foreign governments on mutual aid terms. - Under the various mutual aid agreements the United Kingdom Government reserved the right to require the return of any item issued by it to the forces government on mutual aid terms which has not been "lost, destroyed or consumed". This right has been waived in the case of the equipment issued to the Belgian Government as detailed in para. 3 C (a) (i), (ii) and (iii) above.
The British Army may exercise this right of "recapture" in the case of any item for which it has a specific requirement and which the foreign government concerned is prepared to release; this will, of course, be subject to such War Office authority as may be necessary for the acquisition of the item in question. Apart from such cases, however, no general action will be taken at present to exercise this "recapture" prerogative unless and until further instructions to the contrary are issued.
8. Separate instructions setting out the detailed payment procedure to be applied to the various categories of stores, supplies and services which are furnished by the British Army to the forces of foreign governments and the procedure to be adopted in those cases where the date of the cessation of mutual aid arrangements is before the date of this circular have been ^{or will} be, issued to those concerned as soon as possible.
9. It will be made clear to all concerned that in no circumstances will any application be made to, or received from, representatives of foreign governments requesting or agreeing to issues of stores, without prior written authority has been obtained from 'Q' Branch, G.H.Q., C.M.F.

see reverse.

10. Whenever authority is given for issue of stores to any foreign government, details of the appropriate accounting instructions to be followed, will also be given.

11. D.O.S. Circulars No's. 12, 19, 77, 102, 103, 104, 143, and 172 are all cancelled.

All OSC Units, 3 District.

1. I am very much concerned over the question of VD, the incidence of which throughout the District has risen by over 100 per cent during the past few months, and on the latest returns has reached the extremely high figure of 146 per 1000 per annum; in other words on an average 1 man in 7 contracts VD each year. Moreover, this figure shows an upward trend week by week.

2. I am, therefore, addressing this personal appeal to all OSC in the District with a view to enlisting their personal help in a campaign in order to rectify this deplorable state of affairs. This, I feel, can best be done by means of personal appeals to the men, and while I do not wish to prescribe how OSC should tackle the problem, or to cramp their initiative in any way, I suggest that the following facts and reasons might form the basis for talks on the subject.

3. (a) The chief reasons contributing to the increase in the incidence of VD are, in my opinion:-

- (i) The failure to make use of P&Cs
- (ii) The comparative ease of cure of gonorrhoea, owing to the availability of penicillin.

(b) As to (ii) above, it is perhaps not generally appreciated that out of 100 VD cases in this theatre 35 are NOT gonorrhoea. Even against gonorrhoea penicillin is not 100 per cent effective, and against other forms of VD it is much less so. Further, at one exposure a man may contract more than one form of VD.

The use of penicillin to treat gonorrhoea will mask, without curing, an infection of syphilis coincidentally acquired. It is, therefore, essential that every man who contracts VD, in any other form, should be kept under surveillance for at least six months after the initial treatment, in order to ensure that the more serious infection with syphilis has not also been present. This period of surveillance, and treatment, if found necessary, may extend well beyond the date a man is due for release.

(c) With the limited resources at their disposal the authorities are doing their utmost to control the sources of infection, and to afford facilities for preventative measures. In conjunction with the Italian authorities in the populous centres arrangements exist where prostitutes are medically examined, and it will astound most people to know that, of those examined, some 50 to 60 per cent are found to be infected with VD.

In conjunction with the Italian authorities in the populous centres arrangements exist where prostitutes are medically examined, and it will astound most people to know that, of those examined, some 30 to 40 per cent are found to be infected with VD. The actual percentage is probably a good deal higher than this, as prostitutes who know they are suffering from the disease will, in many cases, evade medical examination in order to avoid being detained in hospital for treatment.

(d) The loss of man-power due to VD is not generally appreciated. On an average, the number of men undergoing treatment for VD at any one

-2-

time in the District is 200. In addition a very considerable number of officers and men is fully occupied in the treatment of VD. This means, at the best, that in the District units are permanently short of 260 men whose work must be done by others. At the worst it means that, but for the prevalence of VD, we might be able to speed up release to the extent of that number. At a casual glance these figures may not be striking, but the statistics for the year 1945 show that in this District, in British troops only, there was the staggering total of 10,098 cases of VD - 3,588 of them NOT the relatively easily cured gonorrhoeas. During that year the rate of infection was one man out of every fourteen. Today it is one man out of seven.

(e) It will be apparent from the figures quoted that very considerable quantities of penicillin are used in the treatment of VD. This drug is in short supply throughout the world. How much better it would be if the penicillin now being used for the treatment of VD could be used for the saving of lives and the relief of sickness and suffering elsewhere!

(f) Finally, can any self-respecting, clean-living man contract VD without some feeling of shame? Is it the sort of thing that he would like his friends and, more particularly, his family to know of?

Is it appreciated that the disastrous after-effects of VD may come on even some years after the disease first appeared? Medical opinion is that a definite proportion of men who become infected now and are apparently cured can expect to pay a dear and terrible price for it in later life, perhaps just at a time when they are ready fully to enjoy their lives and health. Is it a fair deal to expose one's wife or future wife, and even the unborn babe to the risk of contracting this foul disease?

VD is preventable, if not by "continence" or "abstinence", then at least by taking proper precautions.

Appendix "C" to DOS Circular No. 248.Demands to R.E.M.E.1. E.M.E. Regulations:

In general the distribution of EME Regulations is of no concern to RAOC, but is the responsibility of the Senior REME representative with the command or force. In certain instances, however, EME Regulations are issued with equipments, being one of the items shown on the A.E. and S Scales (normally because EME Regulations have replaced Working Instructions). In these instances Ordnance is responsible for initial issue with equipments only. All demands will be met by the Senior REME Representative, to whom they should be passed.
