1. The Director of Supplies and Transport GHQ has now confirmed, his letter 64/ST6(a) of 5 March 1946 refers, that the ATTA drawn from 14 CRASC Supply Units amounting to 6½ tons and that drawn from 22 CRASC Supply Units totalling 20 tons may be returned forthwith to the respective installations.

2. As anticipated, DST GHQ is unable to agree to the return of 295 tons already drawn at ANCONA as the consignment was railed specially from BARI, but he raises no objection to this quantity being sold for animal feeding. It will of course be necessary for the normal procedure to be adopted for condemnation of supplies unfit for human consumption.

1. Reference conversation Col. BEAN/Lt.Col. WILCOX may it please be confirmed that authority is granted for the Italian War Ministry to cease acceptance of infested stocks of ATTA at NAPLES and BARI and to return any quantities already accepted at these two points.

2. Regarding the ANCONA consignment of 400 tons it is noted that in view of the fact that this has been railed from BARI it will be necessary for the Ministry of War to accept the total quantity but that there will be no objection to them disposing of this for animal consumption.

3. It is further understood that you are prepared to waive repayment in kind for ATTA accepted, and that payment will be effected by shipping ticket in the normal manner.

Come noto la razione giornaliera di verdura fresca é di gr.350 pari a 12 once circa.=

Below for information is translation of text of a letter 3266/S/1 dated 16 Feb 46 forwarded by The Ministry of War to all Commissariat Directorates and Sections.

"As it is known, owing to difficulties encountered in drawing rice, it has often occurred that the Food Depots have been unable to issue this item in due time; therefore it has been complained that the soldiers have not been able to have their rations.

Considering the above as a consequence of the application to High Commissariat for Food, we have been able to obtain the allocation of Flour in lieu of Rice for the month of March; we therefore instruct that 28 grs of pasta per day be issued during next month in lieu of rice rations; provided that remainders of rice are exhausted in Food Depots."

Your assistance is requested in the following matter.

1. During the period 16.6.44 to 25.10.44 various commodities were received by 46 B.S.D. from a Depot of the Italian Armed Forces, the Deposito Speciale Viveri.

2. It would appear that discrepancies in the amounts vouchered and received were not agreed immediately, and certain small discrepancies are still outstanding.

3. Agreement as to amounts vouchered and received has been reached on the following commodities and amounts:

| | |
|---|---|
| Coffee | 21,596 lbs. |
| Peas Dr. | 4,250 " |
| Beans Dr. | 151,300 " |
| Carrots Dehy. | 57,800 " |
| Pepper | 216 " |
| Cheese Tnd. | 37,352 " |
| Rice | 111,950 " |
| Matches | 85,320 boxes |
| Onions | 20,000 lbs. |

The following are the discrepancies upon which no agreement has been reached:

| | Vouchered | Received | Discrepancy |
|---|---|---|---|
| Sauce | 68,517.75 | 68,510.75 | -7 |
| Spaghetti | 99,520 | 93,760 | -5,760 |
| Macaroni | 231,210 | 235,440 | plus 4,230 |
| Sugar | 14,296½ | 14,160 | -136½ |

4. The matter is complicated by the fact that 46 B.S.D. state that the vouchers pertaining to these receipts are not available, having been destroyed in the fire which occurred at BARI Supply Installation in January 45. Figures given by 46 B.S.D. are taken from the Daily Movement of Commodities return for the period. The Italian Depot do not appear to hold any form of receipt from 46 B.S.D. and they now request a clear receipt for the total amounts vouchered. 29-1

5. 46 B.S.D. stocks were taken over by 27 B.S.D. on 18 Sep 45 and it is difficult to see how a clear receipt can now be given as there are no surpluses held on the commodities in dispute, in fact no Macaroni is held in stock. It is appreciated however that discrepancies should not be referred back to the Italian Depot (vide AFHQ/19/29/S16(d) dated 7 Jul 45).

6. May guidance please be given in this matter.

H.Q.,
22 C.R.A.S.C. (Supply Units),
C.M.F.

With reference to your B/75/4 dated 6 Feb '46 concerning discrepancies between amounts vouchered and received.

With regard to the items of Spaghetti and Macaroni, it is considered that either, quantities of the former were taken on charge as the latter in error, or that Macaroni was wrongly vouchered as Spaghetti but correctly taken on charge.

Under the circumstances and in order to clear the matter finally, it is suggested that 1,230 lbs of Macaroni be transferred by C.I.V. to Spaghetti, thus reducing the discrepancy on this item to 1,530 lbs.

Application should then be made through normal channels for the write-off of this deficiency together with those of Sauce and Sugar.

A receipt may be given to the Italian Depot as requested, confirming that the items vouchered were received during the relevant period. The discrepancies as above will then be treated as Losses in transit.

Subject: Flour Supplied From 27 BSD

109

This Bakery received yesterday the following quantities of flour ex Allied Depots :

- Sacks 1344 x 100 = 134,400 lbs = 60883,200 kgs.

As 140 sacks have shown some crusted flour their recoverable weight will be accepted as soon as the pouring into - work is carried out. The remainder of the sacks, though original, show a certain shrinkage in weight esteemed from a minimum rate of 200 grs to a maximum one of 200 grs. In a flour sack a shortage of 8 kgs has resulted.
It is reported by the men charged with the drawing items from Allied Depots that they are not allowed to exercise any check in Allied Stores above all because it entengles the drawing of items.

B A R I

In data di ieri questo Panificio ha ricevuto dal 27 B.S.D. i seguenti quantitativi di farina Alleata:

SACCHI 1344 x 100 = libbre 134.400 = Kg. 60883,200

Sono stati riscontrati 140 sacchi con incrostazioni secche di farina sui quali si fa riserva di accettare il peso della farina ricavabile non appena saranno ultimate le operazioni di travaso.

I rimanenti sacchi, pure essendo originali, sono tutti deficienti di peso con una oscillazione che va da un minimo di 200 Gr. ad un massimo di 200 Gr.; in un sacco sono stati riscontrati mancanti 8 Kg.

Il personale incaricato del ritiro presso i Magazzini Alleati riferisce che non è consentito in detti Magazzini di fare accertamenti di sorta che non sarebbero ne-anche possibili perchè intralcerebbero tutte le operazioni di ritiro.

2. All supplies for March will be released at BARI with the exception of P.MEAT/FISH which will still be released in accordance with the a/q letter. 50% only of quantities of P/B/L scheduled will be released at NAPLES and BARI. It is proposed that the remainder of P/B/L will be forthcoming at NAPLES and BARI ex Italian Ministry of Food stocks and will form part repayment of loan of 388 tons due to British Depots.

3. Para 4 of this branch letter ST/179 of 8 Feb 46 will still apply.

SUBJECT:- Dried Peas - Chick Peas.

Land Forces Sub Comm. A.C.
(M.M.I.A.).
Tel. 478207
ST/134

7 Feb 46.

86

Ministry of War.

List 'B'

The following is passed to you for information.

(a) Recent shipments of Dried Chick Peas consist of fairly good quality peas with a small proportion of inferior stock mixed in. The lower grade stock has been attacked by a species of beetle (viz Bruchid) and a proportion of the peas have been partly hollowed out by the larvae. In many cases beetles will be found in the holed peas.

(b) The bulk of these stocks (approximately 90%) is of satisfactory quality, with approximately one per cent only of the peas showing insect attack. About 5% of the stock contains more than 10% of holed peas. In general, stock showing excessive insect attack is packed in individual sacks irregularly distributed throughout the bulk.

(c) The following method is notified of separating off sound peas from these which are infested as holed.

"Before soaking, preparatory to cooking, the peas should be placed in cold water. Peas containing beetles or holed will rise to the surface and float. These should be skimmed off and rejected. The remainder of the peas are quite suitable for cooking."

(d) It will be appreciated that this action should be taken only by units after issue provided that the percentage of infestation is as small as anticipated.

COMANDO MILITARE TERRITORIALE DI BARI
DIREZIONE DI COMMISSARIATO
Ufficio I^Sezione

N.10/UCA di prot. Bari, lì 4/1/1946.-

OGGETTO: Ricevute di razioni.-

AL COMANDO DEL 22° CRASC BARI
e, per conoscenza
AL 9° DEPOSITO SPECIALE VIVERI BARI
AL 9° B.L.U. BARI

Seguito nostro foglio n.2222/UCA del 16/11/'45, trasmesso a cotesto Comando dalla M.M.I.A. 54^ AREA, con foglio ST/5 del 19/11/'45, si rende noto che un Ufficiale del dipendente Deposito Speciale Viveri si è recato presso il Comando del 27 B.S.D. onde appianare le Note divergenze esistenti tra i quantitativi ceduti agli Alleati nel periodo 16/6/44 - 25/10/44.

Il Comando del 27 B.S.D. non ha potuto però produrre i registri d'introduzione in magazzino in quanto tutte le contabilità e pratiche inerenti a tale periodo furono distrutte a causa dell'incendio occorso in quei locali nell'Aprile u.s.

Allo scopo di mettere il Consegnatario del Deposito Speciale Viveri di Bari in condizioni di poter regolarizzare la propria contabilità, si prega - ove nulla osti - voler far tenere allo stesso una lettera del Comando del 27 B.S.D. con la specifica dichiarazione che non può essere rilasciata la ricevuta regolare per i viveri introdotti, in quanto i registri sono stati distrutti dall'incendio e che pertanto il Consegnatario del Deposito Speciale Viveri di Bari è autorizzato ad avvalersi delle ricevute provvisorie in suo possesso.-

1. Request that this office be furnished, at the same time the model P is submitted, typewritten lists from each Food Distribution Depot under your control in the same form as Model L (MMIA Form ST/9) in the MMIA Accounting Instructions. To facilitate checking, names of Units should be those shown in Italian Army Strength State N° 2/8 corrected to 22 March.

2. In compiling these lists, they should be sub-divided into such groups as will make it simple to determine the total number of rations issued by each depot to the various categories such as Army, Navy, Air Force, Carabinieri, BR-ITI, US-ITI, ITI-ITI.

Reference your letter 2345/UCA of 21 Dec 45.

1. Before action is taken as requested in the final paragraph of your above-quoted letter, it is desired to make the following remarks.

2. 27 B.S.D. in their letter BSD/320/45 dated 7 Nov 45, state that discrepancies were found as follows, and as you have already been informed.

| Item. | Vouchered. | Received. | Remarks |
|---|---|---|---|
| Sauce | 68,517.75 | 68,510.75 | - 7 |
| Spaghetti | 99,520 | 93,760 | - 5760 |
| Macaroni | 231,210 | 235,440 | + 4230 |
| Sugar | 40,296½ | 40,160 | - 136½ |

3. It is noted that in your letter 2222/UCA dated 16 Nov 45, you state that " l'interessato al prelevamento dichiara ". Since, however, 27 BSD (as shown in above paragraph) state that they received 4230 (lbs ?) of macaroni more than the figure shown in the voucher, it is evident that the form of control exercised at Deposito Speciale Viveri was NOT exact. This throws a certain amount of doubt on his other statements

4. In view of above, it is requested that you investigate the whole matter fully, and inform this office of results.

2821

5. It is regretted that, although the transfer of rations took place in period 16 June 44 to 25 Oct 44, the question of regularising the receipts was raised only in June 45, and then allowed to lie until Oct 45 before action was taken.

27 Dec 45.

British Cadre,
86 (Italian) E & M Section, RE.

Reference your EM/18/234 dated 19 Dec 45.

1. The question of rations for BRITIs in this area has been brought up by C.O. 711 Italian Raggruppamento, and S & T. HQ 54 Area has been informed.

2. It has been agreed that potatoes (when available) will form part of the vegetable ration for BRITIs, and it is understood that D.I.D's have been issuing over the last fortnight.

3. Tea (or cocoa) is an alternative item to be issued when coffee is not available, and milk is not an authorised issue to Italian troops.

4. It is pointed out that the ration scale for BRITIs has been laid down by Combined Chiefs of Staff in the light of the present world food situation, and is higher than the scale for other Italian troops, and considerably higher than the ration available for the Italian civilian population. These are points not generally appreciated by Italian Commanding Officers.

Complaints are being forwarded to this Office daily in regards to insufficient rations being issued to Italian Personnel in this Unit.

In view of the following I think that the complaints are forwarded with a reasonable cause, recently Potatoes were extracted from their ration scale, and then being that tea is now being issued in lieu of Coffee and Milk has now been extracted it is difficult for them to make themselves a good drink.

It is thought that the Ration Scale for BRITIs is very small and it would be appreciated if action could please be taken to improve matters.

1. Attached vouchers have been found among papers taken over by this unit from MMIA LO c/o 54 Area.

2. Commissariat Branch of BARI Territorial HQ was asked about them, and stated that these vouchers had been returned unsigned for the following reasons:-

(a) The 7,220 litres of wine in 29 containers was a purely Italian item, ordered and paid for by the Magazzino Militare Viveri of BARI from the firm MICELLI & FERRARI, of ALESZIO (LECCE), consigned by them on 6 May 45 to NAPLES Deposito Speciale, and unloaded in error from wagon N° 130456 in the Fiera del Levante yard.

(b) The 81 plus 3 empty barrels were Italian Army property, which had contained wine supplied through Magazzino Militare Viveri BARI, to 46 B.S.D.

3. The Italian authorities therefore state that they do not consider that these items should be debited to the Italian Government.

4. Vouchers are herewith returned to you for investigation.

SUBJECT: Economy of Subsistence

LAND FORCES SUB COMMISSION
A.C. (A. M. I. A.) R O M E
Q/1-110
17 December 1945

TO : Minister for War

1. Requirements of foodstuffs for the Italian Interim Army have been met for the month of January, with the exception of 450 tons of flour.

2. As advised in my Directive No. 1 of 8 Nov. 45 subsistence for the Italian Interim Army is an Italian Government responsibility. Procurement of requirements is to be effected through Italian indigenous resources and from importation. The Allied Military Headquarters could not promise to make any subsistence available after 1 January 1946.

3. It developed during December that certain items; i.e., flour, macaroni, meat/fish, sugar, coffee, pepper, and dried vegetables could not be procured from either indigenous resources or importation for requirements in January, February or March. Representation was made to AFHQ for release of these items from Allied military stocks, either on repayment in kind or for dollar purchases. Only after lengthy consideration were these items released.

4. A world food shortage has resulted in the cancellation of many shipments to this Theater for the Allied military; consequently, there are negligible surpluses available.

2807

5. Your requirement of flour for one month is 3450 tons. The Allied military have made 3000 tons available and stated that further quantities of flour can not be released without detriment to the Allied position and could not be considered without the fullest examination into Italian Government availabilities.

6. Cognizant of the general world food situation it is incumbent upon you to exercise every means of conservation and strict economy of stock existent at your disposition. A program of economy must extend from your Bulk Food Depots down to the unit mess. A strict observation of control should be exercised in the physical inter-depot transfer of stocks to avoid losses by thefts, etc., rigid control to avoid issues to unauthorized personnel, insistence on prompt disbandment of units no longer required, etc.

7. a. Your letter 23911/S/1 of 10 Dec. 45 requested that a double ration for Italian Armed Forces be made for Christmas Day.

7. a. Your letter 23911/S/1 of 10 Dec. 45 requested that a double ration for Italian Armed Forces be made for Christmas Day. This request was transmitted to AFHQ. Reply has been received that a double ration could not be authorized for US-ITI & BR-ITI Service Units, Air Force, and Navy for the same reasons stated in para. 4 above, and further that no additional issues were being made to Allied troops for Christmas.

b. A double issue to the Italian Interim Army for Christmas will obviously prejudice future provision, particularly in regard to the basic item of flour. Economy in December will assist in meeting the January deficit.
