1. The present letter is to clear up the position on the above, including correspondence exchanged and action taken while the undersigned was absent on journey.
2. The position of demands and releases authorized is contained in attached table.
3. The Pet. Sec. second allotment referred to is the release authorized in Pet Sec telegram RM/30/4/13 of 12 Oct 44 to CMAS 11 Pet installations for OIP Bari.
4. It will be noted allotments to date are a little below quantities demanded on 1st CO, Clear Oil and Grease, although on 1st CO the allotment is exactly equal to the entitlement as per Training Scale for vehicle strength as reported to this HQ by War Ministry.
5. It is therefore considered the position can now be considered for practical purposes satisfactory. Will HQ. Lt 54 Area please confirm?
6. This HQ has taken appropriate action to request authorization for Polignano School POI requirements to be supplied through normal British W.D. channels. Such authorization if and when granted will be later communicated.
