- Rif.f. LO/5/AQ del 31 luglio c.a. -

Questo Comando ha già dato disposizioni al dipendente Comando Genio per il ritiro delle 5 baracche italiane depositate presso il magazzino R.E. di Barletta.

Data l'assoluta indisponibilità di auto mezzi, questo Comando si è trovato nella impossibilità di effettuare con autoveicoli il loro ritiro e trasporto a Bari. Il Comando Genio peraltro ha già provveduto ad inoltrare richiesta di trasporto ferroviario allo S.M.R.E. (di cui si allega in copia), per cui il ritiro delle baracche avverrà non appena saranno stati concessi i vagoni richiesti.-

I' Ministero della Guerra col telex n. 11/22568/M del 27 aprile 1945, che si allega in copia, ha disposto che tutte le baracche resesi disponibili nel territorio di giurisdizione del Comando Militare Terr/te di Bari, devono essere recuperate, accantonate in magazzini vicini e tenute a disposizione di codesto Ufficio per l'ulteriore impiego. =

Poichè dette baracche, come rilevasi dall'unito elenco, sono quasi tutte in pessime condizioni sia per il loro uso che per la impossibilità di alcune volte = di farle custodire, questo Comando prima di disporre il ricupero di quelle della zona di Brindisi, prega codesto Ufficio di fargli conoscere se parte di esse, e quali, devono essere destinate ad eventuali esigenze in atto. Ciò allo scopo di evitare ripetuti trasporti che, per le condizioni in cui si trovano le baracche, renderebbero sempre più difficile il loro reimpiego. =

E' in corso il ricupero delle baracche della zona di Bari. =

Si rimane in attesa di riscontro. =

Riferimento foglio N° 68/2457/Op. del 18 corr. di codesto Comando e fog. n. 01/4785 di prot. in data 20 c.m. del Comando Presidio di Brindisi, faccio presente che il giorno 20 lo scrivente col Ten. Col. Andreulli ha visitato i baraccamenti attualmente occupati dalla 2728 ex cooperatori.

I 400 uomini circa della 1° e 4° Compagnia con il Comando di Btg. potranno sistemarsi adeguatamente in detta località dove sono impiantate 12 baracche. Le baracche risentono però del lungo tempo d'uso e delle intemperie; infatti alcune baracche sono pericolanti, altre hanno bisogno di piccole riparazioni. Non c'è alcuna piccola parte adibita a prigione. La cucina in muratura ha tre fornelli a nafta. La compagnia ex cooperatori disponeva altresì di una cucina mobile da campo inglese a tre fornelli a nafta. A parte il fatto che la compagnia trasferendosi di località porti con sé la cucina mobile che ha in carico, questo Btg. non può adoperare a nafta la cucina in muratura affatto insufficiente, d'altronde, per i bisogni dei reparti. Ci si si prega la cortesia di codesto Comando di voler interessare la Direzione del Genio del Comando Territoriale perché, dopo sopralluogo da parte della Sezione staccata del Genio, possano essere eseguiti urgentemente, e prima che il Btg. prenda sede nei baraccamenti, i seguenti lavori:

- a) - rimessa in efficienza delle baracche pericolanti;
- b) - esecuzione di piccole riparazioni alle altre baracche, là dove esse ne necessitano;
- c) - adattamento a prigione di una buona baracca con sistemazione di un tavolo quale divisione interna, costruzione di porta rinforzata, rinforzo delle tavole esterne;
- d) - sistemazione nella cucina di altri tre fornelli a legna per marmittoni e adattamento dei 3 fornelli già esistenti che funzionano attualmente a nafta perché essi possono funzionare a legna.

From :- Ministry of War.

Ref 11/24815/R

Date: 11 July 1945

To : M.M.I.A.

Subject:- Safeguarding of Premises and Property vacated by Allied Units.

1. The Engineers Territorial HQ. at Bari under our Command informs us that at the station Depot San Giorgio, Bari, 12 Wooden Huts that made part of an anti-aircraft battery have been rendered useless or carried away by civilians.
2. From the investigations carried out by the RR Carabinieri from Carrasai (who have already denounced 4 persons) it is discovered that the huts themselves were occupied by a "coloured" anti-aircraft Unit (British) who on date not known vacated the premises without warning anyone.
3. To avoid the repetition of such occurrences with the consequent loss of such useful material, we beg that orders be issued to the effect that on each occasion Allied Units vacate premises both the Civil and nearest Military Authorities are given warning, so that the necessary guard can be placed on the vacated premises. It would also be desirable to send a note of warning also to the Military Territorial Command, or to this Ministry - (Engineer Directorate General).

Ref: 11/24211/M.

Date 22 June 45.

Subject: Huts used by Allied units at BARLETTA.

1. The Bari Engineer Command has informed this Ministry that nine huts, (size 6 x 12 metres) once used by Allied units in Barletta, have been dismantled by said units and stored at their Barletta Garrison Warehouse.
2. It appears that said huts have ~~been~~ to be transferred somewhere else; however, we do not know where they are to be sent, and for what requirements they are intended for.
3. We report the above in case you deem it advisable to intervene in order to have said huts left where they are or to have them sent somewhere else.

24 June 45.To: War Ministry.

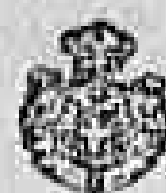

1. As you are aware difficulty is being experienced in providing adequate accommodation for repatriated Italian personnel. It has been suggested that surplus army hutting might be made available at Reception Camps.
2. It is estimated that some 40 huts 20 m. X 5 m. can be made available in the Bari Taranto area.
3. Provided the War Ministry retain control of such hutting in order that it may be returned to the Italian Army when required there is no objection to the release of Italian Army huts surplus to present needs for this purpose.

1. Ref. para 5 of LO/5/AQ of 29 April.

81
I consider that if ST.ANDREWS reception camp is reorganised and given an Italian Staff of approximately 50 Offrs and 250 other ranks there will be no need to retain the four P.O.W. reception centres.

2. All returners at whatever port of SOUTHERN ITALY they arrive would then be despatched immediately to ST ANDREWS camp.

3. This suggestion is known made without full knowledge of the proposed scope and organisation of ST ANDREWS camp.

4. 9 Terr.HQ.BARI, while agreeing that 3 Centre at ROCCA FORZATA will be able to be dispensed with, consider that it will be necessary to retain 1 and 4 (combined) at BARI and 2 at LECCE.

5. They consider that the centres fulfill an essential role in providing transit accommodation for all military, not only returners from overseas, arriving in and passing through BARI and BRINDISI-LECCE.

6. I contend that arrangements of this sort, which any way are NOT peculiar to BARI and BRINDISI-LECCE, can be looked after by an Officer from district H.Q.

1. Location It is situated in an Italian Military barracks which it shares with several BR ITI units. The site is good and the buildings clean. The C.O. of the POW Reception Centre is incidentally Senior officer and commander at the barracks. There is accommodation for some 500 returners in this barracks.
2. Establishment Two reception centres are authorized for BARI, each of 5 officers and 10 ORs, (see App A Sec(VIII) of SD 94 of 22 Feb). These two have been combined into one large one with ten officers and 20 ORs.
3. Officers C.O. is Lt. Col. DE TURRIS who is an experienced officer.
4. Work (a) The following figures of returned personnel passed through the centre from Aug 44 to the present date were given to me:-

EX BALKAN	Offrs	ORs	Total
POW	207	3544	3751
	16	78	94
Total	223	3622	3845

 (b) The total figures for March were:-

Offrs	ORs	Total
II	314	325
- (c) There were some forty returners quartered in the barracks at the time of my visit. Of the six I questioned four had been there since last NOV. or Dec.
- (d) The Centre also has the jobs of:
 - (i) Providing transit accommodation for troops passing through BARI.
 - (ii) Enrolling volunteers in the Italian Army.
5. Conclusion My own conclusion is that what ever POW reception work the centre does would be better done at St Andrews. And that this applies also to the other three centres at LECCE, BRINDISI and ROCCA FORZATA. I will put up an official recommendation as to this

5. Conclusion (a) My own conclusion is that what ever POW reception work the centre does would be better done at St Andrews. And that this applies also to the other three centres at LECCE, BRINDISI & ROCCA FORZANA. I will put up an official recommendation as to this when I have discussed it with the Italians.

(b) With regard to the transit and enrolling commitments, these could be undertaken by the local District HQs.

During the recent visit of the G.O.C. you raised the question of 9 Genic vacating the Baracks at Ferni.

This Unit can not be provided with suitable Office accomodation elsewhere and as it is understood the rooms which would be vacated are not actually needed by the BRD it is not proposed to make any change in the existing arrangement.

I.- Con disposizioni impartite per telefono ed in seguito confermate con lo stesso mezzo, codesto Ufficio fissava, tra l'altro, che tutti i militari provenienti da oltremare e prigionia debbono essere avviati al Campo di S.Andrea(Taranto).

II.- In effetti, oltre al Campo di S.Andrea, questo Comando dispone per il ricevimento dei reduci di tre centri alloggio (n.1 a Bari, n.2 a Lecce e n. 3 a Roccaforzata).

Per disposizioni impartite dal Ministero Guerra d'intesa con la M.M.I.A., i suddetti centri, all'arrivo dei militari, provvedono alla smobilitazione di quelli che ne hanno diritto ed all'invio in ospedali e convalescenziari di quelli bisognosi di cure. I militari aventi obblighi di servizio, residenti in territorio liberato vengono avviati in licenza con obbligo di presentazione allo scadere della stessa al Campo Trani, Astroni o Cesano a seconda che siano assegnati a reparti BR-ITI, US-ITI o siano volontari per i Gruppi di Combattimento. I militari residenti in territorio ancora non liberato e che non hanno bisogno di cure, vengono invece avviati subito ai suddetti Campi.

Le stesse mansioni vengono svolte dal Campo di S.Andrea.

III.- Ora, in base alle disposizioni di cui al capo I), i Centri alloggi nr.1, 2 e 3 avviano tutti i militari non bisognosi di cure ed aventi obblighi di servizio al Campo di S.Andrea che a sua volta deve avviarli a Trani, ad Astroni o Cesano. In effetti, quindi, detti militari vengono presi in forza due volte(dai Centri alloggi nr. 1, 2 e 3 e dal Campo di S.Andrea) con conseguente duplice lavoro d'immatricolazione.

.../...

- 2 -

IV.- Allo scopo di fornire chiarimenti al riguardo richiesti dal Ministero Guerra e dagli enti dipendenti, si prega far conoscere se la disposizione di cui al numero I) deve intendersi di carattere transitorio.

Per i motivi su esposti si ritiene consigliabile che i militari di cui trattasi vengano avviati come sempre praticato finora direttamente dai Centri alloggi ai Campi di Trani, Astroni e Cesano senza passare per S.Andrea che vi provvede già per il proprio personale.

In tal modo si eviterebbe un duplice lavoro d'immatricolazione ed un doppio trasferimento dei militari di cui trattasi.

V.- Per le decisioni.

On 25 Mar 45 an English Officer visited the Coy HQ. requesting information as to strength etc.

You may remember that I went to some length to obtain billets for this company which were both suitable and easy of access to the Railway Station and should be glad to hear from you that there is no possibility of this Company being moved.

Dear Bird

(65)  
Further to my Q/12/5 re Camp Accommodation, I shall be grateful if you can furnish me with some more information concerning the activities of the authorized POW Reception Sections alleged to be located as under:-

- 1 Sec Bari
- 2 " Bari
- 3 " Lecce
- 4 " Naples

Are these camps actually in use and who is controlling them? Capt Pacini reports that the "Centro Allogio" at Lecce under command Col Bellanti has never had more than a handful of men although accommodation and accommodation stores for 137 officers and 2700 men can be provided.

I am taking this up with the War Ministry but should appreciate your views on the necessity for these camps which seem to be redundant.

1. A Polish advance party in charge of a N.C.O. is in occupation of the school at Noci, but the small Italian rear party has not yet moved out.

2. The presence of the Italian rear party is hampering the R.E. work which must be carried out. This rear party has not received any instructions to hand the accommodation over, and they are retaining possession of a locked room in which the G.E. has various alterations to make.

3. In order that essential work is not held up can it please be arranged that -

(a) The Italian rear party are moved out, or

(b) They be instructed to hand over the school and retain temporarily sufficient accommodation as indicated by the G.E.

1. At the beginning of December, when AFHQ decided that a BRITI vet Hospital would be established in BARI, it was in the balance whether the CAPANNONI GIORDANO would be taken for this purpose. But owing to the great importance of the work done there, it was decided that part of the Duca della Puglie Barracks would be made available, and some accommodation was surrendered by 406 Pnr Regt. It was further decided that the premises occupied by the section of 14 Arty Regt, would be taken over, if required.
2. In view of the above, and also that 14 Arty Depot at CORATO is available for storage of all valuable materials now held in Duca delle Puglie Barracks, it is not considered advisable to ask 406 Pnr Regt to surrender further accommodation. Moreover there are indications that AFHQ may make further demands for additional accommodation in these barracks.
3. It is suggested therefore that it would be preferable to make arrangements to move all the Arty materials to CORATO where full precautions can be taken.

Allo scopo di consentire una maggiore sicurezza alle armi in deposito presso la Sezione Staccata Artiglieria di Bari, questo Comando avrebbe bisogno dei locali della vecchia armeria sita nella Caserma "Duca delle Puglie", occupata ora dal II Btg. del 406° Rgt. P.I..

Si prega pertanto codesto Ufficio voler compiacersi svolgere il proprio interessamento in merito, tenendo presente che in mancanza di tali locali le suddette armi non potranno avere adeguata sistemazione e che anche senza di essi, la Caserma suaccennata conserverebbe una capacità di 1300 posti, più che sufficienti al Battaglione in questione la cui forza ammonta attualmente a 1100 uomini.-

1. MMIA has asked if the huts in question may be taken to the new location.
2. As soon for Italian units is the responsibility of MMIA, it would appear to be sufficient for Town Major LECCE to surrender requisitions. Air Forces Sub Commission BARI will then be in a position to authorize removal.
3. In suggesting above action, it is presumed that the huts are in fact Italian Army property, though it is not then clear why Town Major LECCE holds the requisitions.

Italian Army Huts near Leverano Aerodrome.

Since September last year the Italian Air Force operational Fighter Squadrons have been occupying some huts belonging to the Italian Army close to LEVERANO.

These huts were requisitioned through the Town Major at LECCE.

These Units are now required to move to the TERMOLI area (CANNE), and are compelled to camp on an exposed site with extremely wet and muddy ground.

It would be much appreciated, therefore, if permission could be given for them to move the huts up to CANNE with them.

1. The Cigdam Capamoni, at present occupied by M.A.I.A., is used for the purpose of sorting and issuing of clothing to Italian troops, including Br-Itis. Stores held include 550 tons of salvaged clothing - this is increasing daily - and 30,000 pairs of boots; in addition, 200 females are employed on repairing salvaged clothing. After the clothing has been repaired it is dyed, then stored ready for issue. In addition to the 200 females employed on repairs, there is a staff of approximately 150 engaged in sorting the clothing and boots. The building has two storeys beside several outhouses, and covers an area of approximately 25,000 - 30,000 sq ft. This accommodation is also conveniently situated in the vicinity of the dye works. Twelve to fifteen Romney huts would be required by M.A.I.A. in lieu of the Cigdam Capamoni.

2. A large building of approximately 14,400 sq ft situated on the mole at Melfetta has been offered to A.F.G.D.5 for warehouse space. This building has not been requisitioned, but could be made available in three to four days. The offer was turned down by Col Withy of A.F.G.D.5 on the grounds that it was too far from Bari. The offer of this accommodation was also made to M.A.I.A. L.O. as an alternative to the Cigdam Capamoni, but it was turned down on the grounds that not only was it too far away but it was also too small.

3. Due to the fact that no other alternative warehouse accommodation is available in this area, and that to move M.A.I.A. would increase the difficulties and delay in equipping the Italian Army, it is suggested that Romney huts be provided for A.F.G.D. 5.

A project for adaptation of the Under age education center at Bari to a military and civilian prison is being held up due to the use of the building as a salvage clothing dump by the Italian Military Administration of Puglie and Lucania.

This prison was requested by the Public Safety Sub Commission, Allied Commission, and is urgently needed to alleviate the present overcrowded prison accommodations. Accordingly a L 2,500.000 project was prepared, approved, and financed by the Ministry of Public Works and the P.W.&U. S.C. Allied Commission.

It is requested that you bring pressure to bear on to the Italian Military Authorities to evacuate the building so that the construction programme can be started.

It is found upon checking that the above premises have been occupied as Clothes Store for 230 Italian Division since 20 Nov 44.

Previously to this an Italian Detachment had billeted there temporarily without authority so far as this office is concerned.

It appears that Major Murrell of M.M.I.A. gave orders to Italian Command to find store rooms, and these premises were occupied in consequence.

This is an Allied requisition since March 1944 and has been used as billets for 60 GIs of Railway Op Coy.

May instructions please be issued to M.M.I.A. to vacate these premises to make available for British personnel.

Ref. your Form 1A & 2 re above.

The position is as follows:-

Italian Military Authorities requisitioned 18 apartments in this building prior to requisition being made by this office of remainder for XV Air Force Rest Camp. Shortly after this requisition, your HQ requested that the additional apartments be obtained and Italian Authorities were asked. They stated that it would not be possible to give up the apartments as they were required by them. I then referred the question through 71 Sub Area, who raised the question with higher formation. I was informed subsequently that it had been decided that the apartments in question were to remain in possession of Italian Authorities.

About 2 months ago this question was again raised and I again spoke to Italian Authorities who again informed me that it was impossible for them to give up the remaining apartments.

If therefore you wish these apartments it will be necessary for you to raise the question through higher authorities.

On 22nd Jan. 44, Italian Authorities agreed to give up 7 of these apartments, leaving the 6 presently in their possession.

D. J. Hansen Major,
34 Town Major.

Prego V.S. esaminare la possibilità di venire incontro
alla necessità di alloggiamento del Gruppo di Artiglie-
ria testè giunto a Bari in ausilio di questa legione.
Non vi sono in atto locali disponibili all'infuori della
caserma Santa Chiara sita in Bari Vecchia e requisita
dagli alleati.

Presentemente la stessa caserma è vuota e sarebbe desti-
nata ad accogliere le truppe americane che eventualmente
dovessero affluire nella zona.

Tale plesso sarebbe sufficiente alla bisogna.

Ref:- DSP/7.
9th December 1944.

1. The commanding Officer Rear H.Q. No 3 I.W.T. Group has been Endeavouring for some time to obtain accommodation in the Italian Marine Barracks (Distaccamento R. Marina) opposite Area H.Q., as billets for No 1 I.W.T. (Italian) Port Operating Company who are at present billeted beyond San Pasquale Barracks.

2. The work of this I.W.T. Company would be facilitated and improved if this accommodation could be allocated and in addition they would provide a guard to prevent pilferage from craft in the Dock Area.

3. The matter of pilferage and theft of Army and Navy Stores from craft has been reported to the APM (Ports) for action, as instances have been reported of Italian marines from this Barracks rowing about the Dock Area at night and attempting to board various craft.

4. I shall be glad of your support in either removing these Marines from the Dock Area or premitting No 1 I.W.T. Port Operating Company to have accommodation in these premises.
