As the strength of personnel of this unit is seriously diminishing and is likely to continue to do so, the policy is being adopted of gradually handing control of the railways back to the I.S.R. and Sud-Est railways.

It is requested, therefore, that any day to day difficulties should be dealt with as far as possible locally in conjunction with the R.T.O. and/or 86 Capo Stazione at the station concerned.

Only when local action has failed should the matter be referred to Bari Operating Office who are located at I.S.R. headquarters and when circumstances justify it can bring the necessary pressure to bear.

Bari Operating Office will be better able to give attention to matters of serious import if they are relieved of many of the minor enquiries and complaints at present being addressed to them. The cooperation of all is invited to achieve this end.
