1. Ref under weight releases of certain types of flour sacks from Allied Sources.
2. Policy letter dated 25 Sep 44 from NMIA - ROME to Ministry of War laid down that all flour received from Allied Sources would be accepted and registered exactly as to net weight shown on sacks. Any damaged sacks were to be weighted and taken on charge at that weight.
3. Ministry of War was also instructed to inform all Territorial HQs of this policy for onward transmission to Depots etc.

HQ of 63 Forest Coy, CROTONE, depend. from this unit, inform that they have not received from the Depot in Crotone, which in its turn draws from 38 DID, TARANTO, fresh potatoes and vegetables.

I request that action be taken in order to prevent the repeating of such a thing, so that the unit will be able to provide a reasonable meal for the troops. This is actually impossible as the actual food furnished now is inadequate. Also we wish to point out that the only vegetables furnished are carrots, and troops do not seem to like them.

This HQ., with sheet 23385/1, date 27 Dec 45, informed that the 10 Special Food Depot, Naples, while checking the flour drawn from the American Depot Q 5n A, in BAGNOLI, had noticed a difference in weight averaging 478 grs. for each 100 lbs., and had asked your HQ. to require from the Officer in charge of said Depot a statement acknowledging the difference in weight.

Since no answer has to date been received, it would be appreciated if the matter could be taken up.
