Torre del Greco.

As known, from quite a while this Direction is in grave difficulties owing to the deficiencies of locals for the carrying out of the services of the depending stores. Of these difficulties, that regarding the Barracks furnishings calls for particular attention.

In fact, the 10 Main Barracks Furnishings Stores of Naples actually occupies a part of the locals of the Garibaldi Barracks, a part of the locals of the Regina Elena Barracks and the ex-Allied Depot n. 158 in via Posillip 86.

While the locals of the Garibaldi Barracks must be cleared for handing over to the Military District (as it has always had its residence in this barrack), the locals of the Regina Elena Barracks have the following inconveniences:-

- absolute deficiency (being actually occupied by a small aliquot of various material and by about 800 quintale of vegetable matting.
- presence of the 212 Supply Section, which provides clothing and rations for the US-ITI troops.

For a convenient sistemation of the already mentioned Barracks Furnishing Stores, it would be necessary to be allotted all the locals of the Regina Elena Barracks, taking in consideration that the Ration Services of the 212 Supplies should not be mixed with the Barracks Furnishing Services (this latter often dealing with filthy material) and also because the Barracks Furnishings Stores has make and female civilian personnel which it would not be opportune to bring in contact with the military personnel on strength with the a/m 212 Section.

In reference to what is said in the preceeding paragraphs, it is please requested to examine the possibility to dispose for the disbanding of the a/m 212 Supplies Section having the services it actually carries out be absorbed by the depending clothing and rations Stores of this Direction, or at least, in case it is not possible to come to this solution, to dispose that the a/m 212 Section with its personnel be transferred to the a/m clothing and rations stores, where it would be possible for it to continue carrying out the special services it caters to under the control of the respective depositories.

Obtaining in this way the complete disposal of the Regina Elena Barracks, the locals of the Barracks Furnishing Stores could

out of the services of the depending stores. Of these difficulties, that regarding the Barracks furnishings calls for particular attention.

Obtaining in this way the complete disposal of the Regina Elena Barracks, the locals of the Barracks Furnishing Stores could be established definitively, thus disposing of the necessary and indispensable space occurring for the services it caters to besides the storing of costly materials and of the operations of issuing, return, and change of materials, including the very important activities of maintenance and repairs of the same materials.

We remain, therefore, awaiting the decision of this HQ, which will very certainly be adopted with the usual high aim of spirit directed towards the normalization of all the delicate services given this Direction.

COMANDO MILITARE TERRITORIALE
DI NAPOLI
DIREZIONE COMMISSARIATO MILITARE

Napoli, 26 ottobre 1946

Prot. N. DC. 6193 /3 Allegati

Risposta al foglio del

Div. Sez. N.

Al COMANDO IO° B.L.U.
TORRE DEL GRECO (Napoli)

OGGETTO Situazione dei locali dei magazzini dipendenti.

Come è noto, questa Direzione da lungo tempo si dibatte in gravi difficoltà dovute alla deficienza dei locali per l'espletamento dei servizi dei magazzini dipendenti. Tra questi, merita particolare attenzione quello del casermaggio.

Infatti il 10°Magazzino Principale Casermaggio di Napoli occupa attualmente una parte dei locali della Caserma Garibaldi, una parte dei locali della Caserma Regina Elena ed il Deposito ex Alleato n.158 di Via Posillipo 86.

Mentre i locali della Caserma Garibaldi devono essere sgomberati per essere restituiti al Distretto Militare, che ha sempre avuto sede in detta Caserma, quelli nella Caserma Regina Elena presentano i seguenti inconvenienti:

- assoluta deficienza (sono attualmente occupati da piccola aliquota di materiale vario e da circa 800 qli. di crine vegetale);
- presenza della 212^ Sezione Sussistenza, la quale provvede ai servizi vestiario e viveri per le truppe US-ITI.

Per una conveniente sistemazione del detto Magazzino Casermaggio dovrebbero essere ad esso assegnati tutti i locali della Caserma Regina Elena, anche in considerazione che il servizio viveri della 212^Sussistenza non può essere frammischiato col servizio casermaggio che tratta materiali il più delle volte sudici, ed anche perchè il Casermaggio ha in forza personale civile maschile e femminile che non è opportuno mettere a contatto con i militari in forza alla detta Sezione.

Per quanto precede, si prega compiacersi esaminare la possibilità di disporre lo scioglimento della predetta 212^Sezione Sussistenza facendo assorbire i servizi da essa attualmente espletati dai magazzini vestiario e viveri dipendenti da questa Direzione, o quanto meno, nel caso non si potesse addivenire

./.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

a tale soluzione, disporre che la stessa 212^ Sezione Cara. proprio personale, si trasferisca negli anzidetti magazzini viveri e vestiario, dove, sotto il controllo dei rispettivi consegnatari, potrebbe continuare a svolgere gli speciali servizi cui ora provvede.

Ottenuta così la completa disponibilità della Caserma Regina Elena il Magazzino Casermaggio potrebbe stabilirvisi in via definitiva, disponendo in tal modo dello spazio necessario ed indispensabile occorrente per i suoi specifici servizi che, oltre all'immagazzinamento di materiali costosissimi ed alle operazioni di distribuzioni, ritiro e cambio dei materiali stessi, comprendono l'importantissima attività di manutenzione e riparazione dei materiali stessi.

Si rimane, pertanto, in attesa delle decisioni di codesto Comando che certamente saranno adottate col consueto spirito di obiettività diretto alla normalizzazione di tutti i delicati servizi affidati a questa Direzione.

In reference to letter 1 Q dated 24 September 1946.

As the possibility of the constituting of a Detachment of the 10th C.A.R. at Caserta could be realised only at a very late date, and as the winter season is coming on, the 10th C.A.R. sees the actually already known existing difficulties becoming greater.

Riferimento foglio 1 Q del 24 settembre u.s.

La possibilità della costituzione di un Distaccamento del 10°C.A.R. a Caserta non potrebbe realizzarsi che molto tardi e, poichè la stagione invernale incombe, il dipendente 10° C.A.R. ve drebbe accentuarsi le già esistenti note difficoltà.

In seguito alla recente restituzione, da parte del Town Major di Salerno, delle Casermette funzionali di NOcera Inferiore, questo Comando, esaminata la possibilità ed i vantaggi relativi alla formazione di un distaccamento C.A.R. in quest'ultima località, e, dopo avere effettuato adeguate ricognizioni, è venuto nella determinazione di proporre il trasferimento di uno dei btg. del 10° C.A.R. nella predetta località.

Qualora la proposta venga accettata, il trasferimento verrà effettuato prima dell'inizio del prossimo ciclo addestrativo.

1. The War Ministry have been approached and no difficulty is anticipated in providing the services needed.

It is however requested that all concerned are instructed to contact Italian Military Commands through the appropriate R.L.O. An up to date location list is attached at Appendix 'A'.

2. It is further requested that the earliest possible notice be given by the Detachments concerned who should in the first instance arrange for an officer to make personal contact with the R.L.O. to which they are to be affiliated.

3. Some assistance is also needed by the R.L.O. before they are left dependent on the proposed local maintenance arrangements. In most cases they are satisfactorily accommodated both as regards living quarters and office space. In some (notably 10 R.L.O. at Naples) better accomodation is urgently needed.

It will be appreciated if before Area and Sub Area HQ are withdrawn they are instructed to provide the best possible accomodation under their control.

4. It is suggested that with changes in staff the functions of R.L.O.s are little known to Local formations and it is desirable that they be informed that R.L.O.'s form part of an Allied Mission whose duties will demand their presence after other Allied Units have been withdrawn.

1. The following information has been received from AFHQ:

"Both barracks can NOT be handed back to the Italian Government, until there ceases to be an HQ at CASERTA; this is unlikely to be before 1947.

It is hoped by rearranging the present layout to hand one of the barracks back in Oct.

There are two empty barracks at CAPUA, which were handed back when the SME was closed.

Further infm will be fwd later."

2. It is not clear from AFHQ reply as to whether the Barracks to be handed back in October will be selected by them or whether the the War Ministry can have any choice in the matter.
We suggest however that if you consider that the offer of one barracks only in October is worth accepting and if you have any preference for either ALDIFREDA or LE TORRETTE you will inform us and we will pass your preference on to AFHQ.

3. We assume that both barrachs at CAPUA referred to in para 3 of AFHQ letter will be required for the Engineer School.

4. We understand from 10 BLU, from whom we made enquiries as to the availability of SALERNO barracks that 10 Territorial Command do not consider the barracks at SALERNO suitable for a bn of 10 C.A.R. and we have not persued the matter of SALERNO any further.

1. Territorial HQ NAPLES has applied for the derequisition and release to the Italian Army of a target range 'UMBERTO I', at AGNANO, NAPLES.

2. The range is required primarily for the use of II Infantry Bn., which at present uses a range near VESUVIUS. This range does not offer full security for target practice and is too far away, the men arriving overtired.

3. The 'UMBERTO I' range, besides being much closer to NAPLES, offers full security for the use of firearms.

4. The 'UMBERTO I' range is at present used as a hutted camp for SEP Units under American administration.

5. May PBS please be asked whether there is any possibility of releasing the 'UMBERTO I' range and, if so, the approximate date at which it will become available.

5 Sept 46

Land Forces Sub Commission AC.,
(MEDITERRANEAN) ('Q' Branch)

1. The following review of accomodation, which has been applied for by Territorial HQ NAPLES, is compiled from the latest information available from NAPLES Area and CASERTA Enclave.

2. (a) NAPLES

(i) Artillery (MARSELLI) Barracks.

These barracks were empty, only a small workshops of the AMS remaining, and it was hoped to obtain their release in toto. NAPLES Area has now decided, however, to move three units from two schools and a part of the poorhouse into the Artillery Barracks in order to derequisition the former properties and to concentrate British troops in Italian State owned property. No estimate can be given of the length of tenure by these units.

Territorial HQ wish to use these barracks for 10 (Artillery) Repair Unit, 10 MT Unit and for the offices of the Directorate of Artillery.

10 (Artillery) Repair Unit are now accomodated in grottos at CAPODIMONTE. NAPLES Area have offered, as an alternative, other grottos at POSILLIPO, recently released by the RAF, and Territorial HQ is examining this possibility.

(ii) PIEDMONT Barracks.

These are situated opposite the Artillery Barracks and have been applied for as alternative accomodation for the 2nd Bn 10 Infantry Regt now in the VITTORIO EMANUELE Barracks.

PIEDMONT Barracks are occupied by British troops and the date of their release cannot be estimated.

They are not in good repair and it is doubtful whether they could be considered an improvement on the VITTORIO EMANUELE Barracks.

(b) CASERTA

Declassified E.O. 12065 Section 3-402/NNDG NO. 165020

1. The following review of accommodation, which has been applied for by Territorial HQ NAPLES, is compiled from the latest information available from NAPLES Area and CASERTA Archive.

2. (a) NAPLES

(i) Artillery (MARSELLI) Barracks.

These barracks were empty, only a small workshops of the AMS remaining, and it was hoped to obtain their release in toto. NAPLES Area has now decided, however, to move three units from two schools and a part of the poorhouse into the Artillery Barracks in order to derequisition the former properties and to concentrate British troops in Italian State owned property. No estimate can be given of the length of tenure by these units.

Territorial HQ wish to use these barracks for 10 (Artillery) Repair Unit, 10 MF Unit and for the offices of the Directorate of Artillery.

10 (Artillery) Repair Unit are now accommodated in grottos at CAPODIMONTE. NAPLES Area have offered, as an alternative, other grottos at POSILLIPO, recently released by the RAF, and Territorial HQ is examining this possibility.

(ii) PIEDMONT Barracks.

These are situated opposite the Artillery Barracks and have been applied for as alternative accomodation for the 2nd Bn 10 Infantry Regt now in the VITTORIO MANNELLI Barracks.

PIEDMONT Barracks are occupied by British troops and the date of their release cannot be estimated.

They are not in good repair and it is doubtful whether they would be considered an improvement on the VITTORIO MANNELLI Barracks.

(b) CASERTA

(i) Caserma Pumzionale, ALDINUEDA.

These barracks are occupied by GHQ Signals with the exception of the gatehouse which is ATS accommodation. GHQ Signals are expected to move with GHQ if the latter is sanctioned by War Office. In the case of this move being sanctioned Signals would probably vacate about 20 Oct. On the other hand it is understood that the American increment to GHQ will NOT move in any event.

The gatehouse is held on American requisition and they have warned the ATS to vacate by 21 Sept, in order to accommodate

2/.....

Declassified E.O. 12065 Section 3-402/NNDG No. T 16502

American WACS arriving by ship about that date. It is unlikely that, with American women in the gatehouse, they would be willing to share the barracks with other troops and would almost certainly requisition the remainder of the buildings as soon as they are released by the British.

(ii) Caserma F TOR ETA

At present occupied by a British Reception Centre and 'Z' German Hospital.

'Z' German Hospital serves the various SHP Units in the area and is expected to remain until December. If the American troops to GR4, who employ a quantity of German labour, are remaining in CASERTA this would appear to be a fair estimate.

(c) MADDALONI

(i) Barracks

The following four barracks are occupied by G2S :-

CROMWELL (ANNUNZIATA)	Barracks previously a Military Hospital.
ROBERTS	Barracks previously a school.
ALEXANDER	Barracks previously for a Training Unit.
WELLINGTON	Barracks previously a Cavalry Barracks.

Only CROMWELL Barracks have been applied for by Territorial HQ.

Again, IF GR4 move is sanctioned G2S expect to release all four barracks completely by approx 20 Oct 46.

(ii) Fodder Factory

This has been derequisitioned and handed over to ARAR. Its four buildings contain a quantity of stores and equipment and its release is dependant on the speed with which ARAR disposes of its contents.

(d) CAPUA

There are two barracks called :-

Caserma COLLE MONTO (BRAMPTON)
Caserma FIERAMOSCA (KITCHENER)

estimated to hold 1000 troops in all. These were derequisitioned some two months ago and are still empty. Territorial HQ have been asked to consider whether they can be used for any purpose.

3. It would appear that, under the present policy, barracks are the last type of accommodation to become available for release and that,

'Z' German Hospital serves the various SHAEF Units in the area and is expected to remain until December. If the American increment to GHQ, who employ a quantity of German labour, are remaining in CASERTA this would appear to be a fair estimate.

Caserma PIGNATOSCA (HITCHMERE)

estimated to hold 1000 troops in all. These were derequisitioned some two months ago and are still empty. Territorial HQ have been asked to consider whether they can be used for any purpose.

3. It would appear that, under the present policy, barracks are the last type of accomodation to become available for release and that, until there is a general exodus of Allied Troops, they will continue to be 'frozen'.

Subje t :- 10 CAR Detachment (AVELLINO)

1. The experience acquired during the training of recruits belonging to the 1st four-monthly group has shown the necessity - due exclusively to logistic reasons and these influencing training and moral of the troops - to form a detachment of the 10th CAR in another locality of the Naples area - Avellino of the strength of a Battalion.

2. The formation of this detachment, which is advisable, assumes a necessity which cannot be disregarded in view of the forthcoming winter, owing to the fact that part of the CAR buildings which have been improvised, are considered as uninhabitable during the winter.

3. The most idea area for the forming of the detachment, due to both existance of good barracks (Aldifreda and La Torretta barracks) and the suitability of ground round about is the town of CASERTA. The two barracks are at present occupied by Allied Units and German Hospital, the latter it seems will shortly be vacated.
Should it not be possible to have the above mentioned barracks, the detachment could be formed at SALERNO, which is just as suitable.

4. We would be very pleased if your Mission would kindly inform us as soon as possible :-

- whether it approves of the formation of the detachment;
- in which of the two areas proposed - Caserta or Salerno
- it could be formed with as little delay as possible.

1. At the request of NAPLES Military Territorial HQ the question of the release to the Italian Army of the MARSEILLI (Artillery) Barracks NAPLES has already been taken up with NAPLES Area.

2. This HQ is informed by NAPLES Area that the NAPLES Accommodation Committee will probably be willing to release this accomodation in the near future.

3. The present difficulty is that the AKS workshop is housed in a part of the barracks and difficulty is being found in moving this workshop to other accommodation.

4. Territorial HQ have expressed the opinion that it would not be satisfactory to occupy the site until it is available in toto.

5. Pressure will be maintained by this HQ for the release of the whole barracks.

1. The Allied Commission Liaison Office in Naples is closing with effect from the 31st July. Inventories are being taken of all fittings and furniture in the Provincia Building and should be ready by about the end of the week.

The furniture consists partly of requisitioned furniture and partly of furniture bought by the Allied Commission.

2. In accordance with instructions received from A.C.HQ. it is all being handed over to the Intendente di Finanza who has agreed to leave furniture now in use by UNRRA and MMIA, Air Force Sub-Commission, etc. with these organizations, taking a receipt for furniture so left.

3. The principal occupants of the building apart from Allied Commission are:

(a)- UNRRA, who it is understood are in negotiation to take over the building from the Italian Government if it is derequisitioned by PBS;

(b)- British Information Office who have other premises to go to;

(c)- MMIA Air Force Sub-Commission who, it is understood are to move to offices allotted by you in the Finanza Building next door;

(d)- The Italian Commissario degli Alloggi who it is understood will remain.

The depending Depot of forage and wood at the date of 8/9/43 was allocated in Via EMANUELE GIANTURCO No. 160 (GASLINI).

The place was provided of a balance, capable to weight wood, hay and straw.

The a/m place is now occupied by RE, Stores Section, B Stores, Depot Stores No. 1215.

Will you please let me know when this Allied unit will move out, and will you dispose that the a/m accommodation be given back to Italian Army and exactly to the Forage Depot depending by this Directorate. It is very important to get the GASLINI barracks, first of all because is difficult to find another place and second because are so wide and so comfortable that a large amount of wood and forage can be fitted there.

OGGETTO Locali per fieno e paglia

IL Dipendente magazzino foraggi e combustibili di Napoli, alla data dell'8 settembre 1943 ,era sistuato nei locali Caslini in Via Emanuele Gianturco n° 160-162 .

I locali sono provvisti di un ponte a bilico, idoneo alla pesatura della legna , fieno ,paglia ed altre derrate .

Detti locali,attualmente, sono occupati dal R.E.-Stores Stores Section- B.Stores -Depot Stores n° 1215.

Allorquando i locali in parola saranno sgombrati dagli enti alleati che li detengono presentemente,si prega codesto Comando di volersi compiacere preavvertire la scrivente e dare disposizioni agli Organi competenti perchè i locali di cui trattasi ritornino in possesso del magazzino militare foraggi di Napoli,facente parte di questa Direzione.

IL rientrare in possesso dei locali (Gaslini) riveste carattere di grande interesse, in quanto esistono molte difficoltà per ottenerne degli altri,non solo,ma gli stessi per essere spaziosi e siti in località periferica alla città,si prestano per l'accantonamento di ingenti quantitativi di legna e foraggi.

SUBJECT : Office Accommodation - Provincia Building.

TO : HQ. Magnoli Railhead F.B.S.

1. With reference to previous correspondence and your order allotting the top floor of the Provincia building to the Comandante degli Alloggi, the Italian Army, Direzione Commissariato have not moved out. They have instead expanded down to the 2nd floor and moved into offices previously occupied by the Allied Commission, Transportation Section and since re-allotted to the British Information Service.

2. They have had no authority whatever to do this, though they claim to have had verbal agreement with an officer of the Allied Commission. I have represented the case to Generale Romano, who is in command of the Italian troops, but nothing is being done and this Italian Military Command seem to be taking advantage of the courtesy extended to it, which allowed them space in an Allied building to spread without justification or authority.

By requisition's order of 11th December 1943 N°4476 the PBS required my house in Via S.BRIGIDA 51, int.32 property of Mariano PALMIERI and inhabited by the owner. In day 25th March 1946 the English officers of the MMIA left my house and effected the delivery to the Town Major. Now the apartment is not inhabited because there are not beds or kitchen fittings, but only a few tables and chairs. Notwithstanding the Town Major will not derequire the apartment and tells to hold it in evidence. The owner need the house and ask the derequisition.

Your respectfully

(b) Such premises to consist of all floors corresponding to rooms - 1 to 42, 47 and 48 on the ground floor according to the official ITALIAN plan, with all court yards appertaining.

3. This agreement was reached as a temporary expedient and does not preclude further requests when space permits.

4. May your approval please be given to 23 BSD to derequisition the premises described in para 2 when the conditions have been fulfilled.

.4/4774/Terr.di prot.

Napoli, lì 4 aprile 1946

OGGETTO: Richiesta immobili militari.

AL IO° B.L.U. = TORRE DEL GRECO

^^^^^^^

Il Ministero della Guerra - Gabinetto - ha comunicato telegraficamente a questo Comando che intenderebbe chiedere alle autorità alleate, la restituzione degli immobili dell'Accademia Militare di Modena, essendo indispensabili alle necessità del R.Esercito.

Nel contempo, detto Ministero ha fatto presente che per ottenere i suddetti immobili, occorre mettere l'U.N.R.R.A. in condizione di sistemare in altri edifici militari siti lungo la linea di comunicazione Reggio Emilia - Napoli, i 5000 profughi attualmente ricoverati nella citata Accademia.

All'uopo ha ordinato di esaminare d'intesa con codesto B.L.U. la possibilità di destinare allo scopo predetto alcuni degli immobili della C.

Si prega quindi codesto Ufficio di volere studiare la possibilità di mettere a disposizione di questo Comando i seguenti immobili:

- Capua: caserma Ettore Fieramosca - Collegio - 1° ottobre I
- Caserta : caserma Sacchi - Renato De Martino di Casagiove;
- Maddaloni : Caserma Nino Bixio;
- Nola : Caserma Principe Amedeo.

In caso affermativo, pregasi autorizzare sopraluogo di un ufficiale di questo Comando per valutazione attuale consistenza e capacità di ciascuna caserma.

TO : Allied Commission, Industry S/C
M.M.I.A. for info. — Date: 11 Mar 46

SUBJECT:- Total dereguisitioning of the Torre Annunziata Shell Factory.

1. With reference to your Commission, Economic Section, letter No. 5615-99-Industry of 25.5.45.

2. The Ministry of War has forwarded to this Ministry a letter from GHQ CC.RR which points out the necessity of approaching the Allied Authorities in order to obtain the total dereguisitioning of the premises of the Shell factory in question in order that it may be possible to offer vacancies for a larger number of unemployed.

3. In December 1943, in fact, the Shell factory was employing 1950 workers in addition to about 70 detached at the Army Arsenal, NAPLES.

4. In February of last year, following the dereguisitioning of a few of the premises of the Shell factory, it was possible to reabsorb a small part of such personnel, 484 in all.

5. Since the mass of the unemployed are agitating and threaten disorders, the Ministry of War has already pointed out that reemployment is subordinated, above all, to the scarcity of the available fittings and premises in addition to the possibility of supply of raw materials.

6. For forwarding the above mentioned request for the total dereguisitioning of the premises in question to your Commission, this Ministry was awaiting a report from the Naples Labour Inspectorate regarding the conditions of efficiency of the premises and installations of the Shell Factory after the recent explosions at Torre Annunziata.

7. Since in letter of the 12th inst, addressed to the M.M.I.A. the Ministry of War urged the meeting of the request for dereguisitioning of the Shell factory precisely because the local Civilian Authorities have pointed out the aggravated situation of the unemployed and repatriates following the grave disaster which occurred at Torre Annunziata, this Ministry takes the liberty of renewing its request to your Commission that you kindly use your best offices for the dereguisitioning in question in order to permit of the installation of other machinery in the premises of the Shell factory and the according reemployment of further personnel.

SGD. ILLEGIBLE,
Minister.

To: Major General, BROWNING,

M.M.I.A.

Sir,

I beg you to excuse my taking the liberty of approaching you in respect of my personal situation, which can only be assisted by your authoritative intervention.

At present my family is split into three: my wife at Bari, where I reside, my children in a hotel at Naples, and myself in Rome. You will understand what this means from an economic point of view. Since the majiority of my family interests are in Naples, I decided last summer to move the whole family there, but it has so far not been possible to arrange this because of the absolute impossibility of finding accomodation. The only solution appears to be the derequisitioning of an apartment on the part of the Allied Authorities. There is, for example, at N°18 Viale delle Acacie, flat N°20, the apartment belonging to Signora Bazzari who is resident in the North of Italy, which is at present requisitioned by an A.A.C. Air Force H.Q., and could be derequisitioned, since it is uninhabited, if the Naples F.B.S. received a request from some English authority. I would therefore like to beg you, Sir, should it possible, to kindly ask for the derequisioning of the said apartment in my favour. This appears to be the only possible solution to a family problem which is causing me great worry.

Please believe, Sir, that I shall be truly grateful for such as you may be able to do and, begging you to excuse me for any inconvenience caused, express my deepest thanks.

Sincerely,

It.Col.Barbone

1. An unsatisfactory state of affairs exists in connection with the accommodation occupied by British units in Naples, and it is the purpose of this letter to ensure that Cs C units carry out instructions as laid down in AFO 915/45 which refers to accommodation returns.

2. The returns received are from some 50 units only and cover 400 billets. As there are over 2000 requisitioned billets in Naples, even allowing for Royal Navy and RAF allotments, it is obvious that many units are not complying with instructions laid down in AFO 915/45.

3. C units will ensure that this AFO is brought to the notice of all sub-unit commanders whom it may concern and further that the return ordered, is in fact sent, at the time laid down.

4. Further AFOs on the subject of requisitioned accommodation are in the course of publication and strict compliance will be enforced.

TO : War Ministry

Reference is made to your 203415/II dated 12 February 1946.

1. Your anxiety to assist in reducing the unemployment problem in the neighbourhood of Torre Annunziata is fully appreciated, as also the fact that the number of employees engaged on munitions production has fallen from 2,000 to 500.

2. The Allied Commission is at present engaged in urging the Italian Government to study diligently the problem common to all countries of transforming the munitions industry into commercial production. The particular instance of Torre Annunziata has been referred to the Economic Section for their advice and assistance. Meanwhile you are requested to amplify the information contained in your above quoted letter, and to state more precisely what buildings are still occupied by the Allies, what work the 500 personnel employed at the shell factory now are engaged, and what work it is proposed to give additional employees should the premises be released.

1. The Direction of the Military Hospital in Maddaloni (Caserta) has informed that since a while ago there happen, almost daily, violent explosions due to the fact that Allied Forces are exploding ammunition in the vicinity of the hospital.

2. This fact , and the consequent air blast resulting, is the cause that the few window panes still existant are being blown to pieces.

3. On the 9 Feb, besides several window panes being blown, the inside wall of one Pavilion collapsed.

4. It appears that the ammunition are exploded in locality "Lagni Cimmino" by American troops.

5. Reference to what is a/m we ask that you will do what is in your power so that the Direction of the Hospital be warned in time of the explosions that will take place, in order to take every possible precaution to prevent the inconveniences resulting from same, and also in order that the quantities of explosive to be destroyed be as little as possible.

N°4/2267/Terr.di prot. Napoli,lì 20 FEB 1949

OGGETTO: Esplosioni munizioni alleate in località "Lagni Cimmino" del comune di Maddaloni (Caserta).

AL COMANDO 10° B.L.U. - Palazzo Provincia

N A P O L I

La Direzione dell'Ospedale Militare di Caserta in Maddaloni ha fatto presente che da un certo periodo di tempo a questa parte, si verificano, quasi giornalmente, improvvisi violenti scoppi dovuti a brillamento di munizioni che gli alleati fanno esplodere nelle vicinanze dell'ospedale.

Tale fatto, per il conseguente violento spostamento d'aria, provoca la rottura dei pochi vetri ancora esistenti e di intonaci.

Il giorno 9 corrente oltre all'infrangimento di diversi vetri si è anche verificato lo spostamento di un tramezzo di un padiglione.

Pare che le esplosioni vengano effettuate in località "Lagni Cimmino" da parte di truppe americane.

Per quanto sopra si prega codesto Comando di voler concedere il suo interessamento affinchè la predetta direzione dell'ospedale possa essere tempestivamente avvertita dei brillamenti da effettuare in maniera da adottare tutte quelle precauzioni onde evitare gli inconvenienti sopra lamentati, e perchè, nei limiti del possibile siano limitati i quantitativi di esplosivo da far brillare.-

2. As these two barracks are very near the town, an accidental explosion could produce large amount of damage.

3. HQ NOLA Garrison (It) requested by local civilian authorities, have contacted NOLA Town Major asking that the dumps be removed from the barracks and be located in open country.

4. Proposal has not been accepted by the Town Major who replied to the Garrison Commander with letter Q/C 49 dated 23 Jan 46 that the explosives cannot be removed as they are better guarded in the barracks and cannot easily be touched.

5. You are informed of this, so that, if you think it fit, you can contact Allied authorities and obtain the removal of the explosives.

N. 2/ 420 /2 di prot. Napoli 4 febbraio 1946

OGGETTO: Esplosivi.-

AL IO° NUCLEO INGLESE DI COLLEGAMENTO(IO B.L.U.)

N A P O L I

Nella Caserma "Principe Amedeo" e sullo spiazzale adiacente alla Caserma "ex Filanda" in Nola sono depositati notevoli quantitativi di esplosivi alleati, fra cui dinamite, come noto di facile deflagrazione.

Data l'immediata vicinanza delle due Caserme al Centro abitato, uno scoppio accidentale di tale esplosivo potrebbe provocare danni ingenti.

Il Comando del Presidio Militare di Nola, premurato dalle autorità locali, ha interessato il Town Major di Nola per ottenere, a fine precauzionale, che i depositi fossero rimossi dalle caserme e sistemati in aperta campagna.

La proposta non ha incontrato favore presso detto Town Major il quale ha fatto presente al Comandante del Presidio, con lettera Q/C 49 del 23 gennaio c.a., che gli esplosivi non possono essere allontanati perché nella caserma sono meglio sorvegliati e meno facilmente manomessi.

Se ne informa codesto B.L.U. perché voglia, ove lo ritenga 3227 opportuno, intervenire presso le autorità alleate per ottenere la richiesta rimozione.-

Subject:- Maintenance and Repair of Italian Army Barracks.

Land Forces Sub Commission A.C.
(M. M. I. A.) ROME.
Q.002.
5 February, 1946.

To:- War Ministry.

1. It is understood that Engineer Services are now being restricted and must in future be limited to such repairs and alterations specifically approved by the War Ministry or by a Territorial Command within their financial powers.

It is appreciated that considerable expense is being incurred in the preparation of the barracks allocated as C.A.R's.

2. You are advised to stress the importance of giving priority to buildings utilised as food storage and distribution depots.

In the present circumstances it is essential that the food reserves of the Army shall be most carefully preserved, and it is desirable that all buildings used for distribution and preparation of food be maintained in the best possible condition.

3. You are requested to inform this H.Q. of any policy directive issued by you to Territorial Commands on this subject.

1. On 7 Dec 45 we forwarded to you letter 2/8735 from the Prefetto of CASERTA in order to obtain your assistance in getting Allied authority for removing of the ammunition dumps from AVERSA Commune following the explosion of 30 Nov 45. We suggested that the said dumps be transferred to the unbuilt area of ISCHITELLA.

2. War Ministry (Cabinet) letter 227-503/II of 21 Dec 45 asked Land Force Sub-Comm AC(MMIA) Rome for this removal and also ordered this HQ to inform 10 BLU. 220.10.9

3. We ask now for the urgent attention to be given to this matter and beg you to remind the authority concerned of the urgency of the removal of the explosives.

1. It has been revealed that the Ammunition Dumps in the AVERSA area are an American responsibility.

2. The question of removing this ammunition was put before the 'Q' Department of PBS and the following points were contained in their reply.

(a) The AVERSA Dumps constitute 43,000 tons of ammunition.

(b) They are removing approx 600 - 1,000 tons per day.

(c) Limiting factors are :-

(i) Shortage of motor transport.

(ii) The allotment of only one ammunition ship to transport ammunition from Italy to America.

(iii) That at present there are no alternative dumps in Italy and the ammunition does in fact have to be transported to America if it is to be removed.

(d) When dumping in the sea begins a further 200 - 300 tons will be removed per day.

(e) The present shipping plan is to remove 4,000 tons per month.

(f) The store of Gelagnite which caused the last explosion has now been completely removed.

(g) The proposed target date for the complete removal of this ammunition was 1 April 46 but owing to limiting factors as described in para 2 (c) above, it is not expected to attain this target date.

(h) No more ammunition is going into the depot.

AVERSA

During the meeting held on the 2 Dec 45 the committee approved the following

MOTION

1. Following the explosion on the night of 30 Nov - 1 Dec 45 which caused very grave damage to the town and nearby villages, as the explosion took place in the vicinity of AVERSA, where a large number of explosives and ammunition are stored, these being a permanent danger to the public and their homes.

2. Seen the damage that has been caused almost continuously since 15 Aug 45, to persons and goods of the town of AVERSA by the explosions at the a/n Depots.

3. Considering the permanent state of fear of the whole population also the grave and dangerous excitement produced by this dangerous situation.

4. To establish between the population of AVERSA that tranquillity necessary to endure the other unavoidable privations of the war and post war time.

The Committee

being sure interpreter of the feeling of all the population,

raises a strong and grievous complaint for the woeful carelessness in regard to the town of AVERSA and decides to do all within its power to have quickly removed the explosive and ammunition dumps located in the immediate proximity of the town which is completely encircled by them, also to ask the civilian and military Allied and Italian authorities their comprehension for a prompt (issue) of the materials necessary to provide the homeless population with a roof, and enable them, with the necessary supply of glass, to protect themselves from the rigours of winter. They also ask, sufficient funds, to help the large number of damaged population, which in the smallest proportion could never be less than 30,000,000.

3263

5. The committee will study the possibility, according to the result of his intervention, to make a public demonstration of all the citizens, with the help of all parties, to give more importance to the voice of the population of AVERSA and to her requests.

6. The committee decides that this motion will be made public by means of notices and press of all parties, and will also be forwarded to the Prime Minister, War Minister, NAPLES and CASERTA Prefects, Territorial HQ NAPLES and to the

COMITATO DI LIBERAZIONE NAZIONALE

SEDE DI AVERSA

Nella riunione del 2 dicembre u.s. il Comitato ha votato unanime la seguente

M O Z I O N E

A seguito dell'esplosione verificatasi nella notte del 30 - 11 al 1 - 12 - 1945, la quale ha prodotto gravissimi danni alla citta'', frazioni e paesini vicini, poiche' l'esplosione stessa si e' verificata alla periferia di Aversa, dove sono depositate quantita' ingenti di esplosivi e munizioni, che costituiscono un incombente pericolo per la pubblica incolumita' e per la sicurezza dell'abitato.

Visti i gravi danni alle persone e alle cose che dal 15 agosto u.s. e successivamente senza interruzione la citta' di Aversa ha dovuto subire per le esplosioni dei suddetti depositi.

Considerato lo stato permanente di angoscia dell'intera popolazione ed il grave e pericoloso fermento in essa determinatasi dalla deprecata e minacciosa situazione.

Allo scopo di ridare alla popolazione aversana la tranquillita' necessaria a sopportare tutti gli altri inevitabili disagi della guerra e del dopoguerra.

Interprete sicuro dei sentimenti di tutta la popolazione

il Comitato

Eleva una vubrata ed accorata protesta per la lamentevole e nefasta incuria ai danni della citta' di Aversa e decide di spiegare tutto il suo interessamento perche' subito siano rimossi i depositi di esplosivi e munizioni esistenti nelle immediate vicinanze della citta' che ne resta addirittura accerchiata, e chiedere alle competenti Autorita' Alleate e Italiane, civili e militari, la loro comprensione per la piu' sollecita di materiali necessari a ridare il tetto alla popolazione sinistrata ed a metterla in grado, con opportuna provvista di vetri, di ripararsi dai rigori gia' presenti dell'inverno; chiedere inoltre sufficienti fondi per soccorrere la grande massa dei danneggiati, che nella piu' modesta proporzione non potranno mai essere inferiori ai trenta milioni.

Il Comitato si riserva di esaminare la opportunita', in relazione 22761 al risultato del suo intervento, di indire una pubblica manifestazione di tutta la cittadinanza, coll'adesione di tutti i partiti, su iniziativa del Comitato stesso, per dare forma e tono piu' solenne alla voce del popolo aversano ed alle sue richieste.

Della presente mozione il Comitato decide dare ampia diffusione merce' manifesti al pubblico e pubblicazione nei giornali dei singoli partiti, comunicandola altresi' al Capo del Governo, al Ministro della Guerra, ai Prefetti di Napoli e Caserta, al Comando delle Forze Armate della Campania, nonche' all'attuale Capo dell'Amministrazione della Citta'

Eleva una vubrata ed accorata protesta per la lamentevole e nefasta incuria ai danni della citta' di Aversa e decide di spiegare tutto il suo interessamento perche' subito siano rimossi i depositi di esplosivi e munizioni esistenti nelle immediate vicinanze della citta' che ne resta addirittura accerchiata, e chiedere alle competenti Autorita' Alleate e Italiane, civili e militari, la loro comprensione per la piu' sollecita di materiali necessari a ridare il tetto alla popolazione sinistrata ed a metterla in grado, con opportuna provvista di vetri, di ripararsi dai rigori gia' presenti dell'inverno; chiedere inoltre sufficienti fondi per soccorrere la grande massa dei danneggiati, che nella piu' modesta proporzione non potranno mai essere inferiori ai trenta milioni.

Il Comitato si riserva di esaminare la opportunita', in relazione 2261 al risultato del suo intervento, di indire una pubblica manifestazione di tutta la cittadinanza, coll'adesione di tutti i partiti, su iniziativa del Comitato stesso, per dare forma e tono piu' solenne alla voce del popolo aversano ed alle sue richieste.

Della presente mozione il Comitato decide dare ampia diffusione merce' manifesti al pubblico e pubblicazione nei giornali dei singoli partiti, comunicandola altresi' al Capo del Governo, al Ministro delle Guerra, ai Prefetti di Napoli e Caserta, al Comando delle Forze Armate della Campania, nonche' all'attuale Capo dell'Amministrazione della Citta'.

Between NAPLES and AVERSA.

1. You are informed that this afternoon an explosion took place in an Allied ammunition dump, located at about 100 yds from the houses and exactly near the Via ROMA of this Commune, which is also crossed by the provincial tramline.

2. No important damage or casualties have been caused owing to the immediate help of Allied authorities and of the firemen of NAPLES, called by this office.

3. It is again pointed out that this Commune is in great danger with the large number of ammunition dumps of all types located around it, and, what is more important, near the villages. The inhabitants of the area where the explosion took place are very excited with the panic caused, It took a long time to get them back to normal.

4. It is therefore asked of Allied HQ to evacuate as quickly as possible these war items which can produce immeasurable damages.

5. It is hoped you will inform superior Allied HQ asking for a speedy evacuation of the above items, or atleast to have them removed to open fields away from houses.

COMUNE DI S.ANTIMO - Provincia di Napoli

N°115 Ris. di prot. lì 11 dicembre 1945

OGGETTO: Depositi di munizioni delle forze armate alleate.

AL COMANDO MILITARE DELLA DIFESA TERRITORIALE

N A P O L I

Porto a conoscenza di codesto Comando che nel pomeriggio di oggi si è verificato uno scoppio in un deposito di munizioni alleato, posto ad un centinaio di metri dall'abitato e precisamente nei pressi di via Roma di questo comune la quale è anche attraversata dalla tranvia provinciale.

Fortunatamente non si sono prodotti danni di rilievo, nè vi sono state vittime; e ciò per il pronto intervento delle autorità militari alleate e dei vigili del fuoco di Napoli tempestivamente richiesti da questa Amministrazione.

Con l'occasione adempio al dovere di far presente ancora una volta i pericoli gravissimi cui trovasi esposto questo comune per i molti depositi di munizioni di ogni specie, che da ogni parte lo circondano e ciò che è più grave nelle vicinanze prossimo dell'abitato.

Gli abitanti della zona posta nelle adiacenze del luogo dove si è verificato lo scoppio è in grave fermento per il panico prodotto dalla esplosione; è occorso molto tempo per far tornare la calma.

Pertanto chiedo al Comando Militare Alleato il sollecito sgombro di tali materiali di guerra i quali per una causa qualsiasi possono produrre disastri incalcolabili.

Ho fede che codesto Comando vorrà rendersi conto della giustezza della mia richiesta, rendendo edotti i superiori comandi militari alleati, per gli opportuni solleciti provvedimenti di sgombro del materiale in parola o per lo meno per il trasporto del medesimo in aprte campagna, lontano dall'abitato.

Mi attendo un cortese cenno di ricevuta e di assicurazione.

Con distinta stima.

1. 10 British Liaison Unit to the Italian Army requires accomodation in the NAPLES area for the following :-

Officers	10
Other Ranks (British & Italian)	50

2. The unit is at present occupying the following billets :-

(a) Officers - Via SANTA BRIGIDA 51.

(b) Other Ranks - Via MEDINA 5.

3. These billets are not satisfactory, and it is desired to obtain better ones, preferably at POSILLIPO or some other area outside the town. The Villa Maria, 52 Via POSILLIPO, would be suitable in every way, and it is accordingly requested that it may be allotted to 10 BLU.

C/1704 28 November, 1945

SUBJECT : Alfa Romeo Building No.14, Pomigliano.

TO : The Prefect of Naples.

1. With reference to your request 20781 of the 18th October which came in while I was away from Naples, I paid a visit to Pomigliano on the 20th of November and was shown available accommodation by the Group Captain Commanding No.1 Air Base. We were also accompanied by a representative of the ALFA ROMEO Firm and saw the Firm's working conditions and accommodation.

2. There were two questions:
(a) - The accommodation of Italian workmen's families some of whom it had been proposed should be moved;
(b) - The use of shed No.14 by the Alfa Romeo Company.

3. As regards (a), the R.A.F. Commanding Officer has been able to make arrangements by which it will not be necessary to move any Italian families. He has gone a good deal further than this and in about ~~three~~ two months's time hopes to be able to hand over additional flats, now occupied by the RAF, for de-requisition.

4. As regards (b) building 14 we made a very careful examination of the available accommodation and saw the Alfa Romeo's working conditions. This building is some way off from the other Alfa Romeo buildings and is much damaged. It is the only possible accommodation for a very important M.T. Section. At present about 135 R.A.F. vehicles are housed in the open under deplorable conditions and more are arriving. It is essential that RAF should retain Shed No. 14. It cannot be de-requisitioned and will not be available for the ALFA ROMEO Company, who must, therefore, make other arrangements for their work.

1. It is understood that the 'Principe di Piemonte' Barracks, in Via Colonnello Lahalle, NAPLES, is requisitioned for Brit Tps.

2. The Ministry of War would like this barracks to be derequisitioned and made available to Territorial HQ NAPLES for the Artillery Directorate, which is, for want of better premises, located unsatisfactorily in a number of caves in the 'Tondo di Capodimonte' area. Here, stores are deteriorating owing to damp, and lack of working space has caused large numbers of civilian employees to be dismissed.
