COMANDO MILITARE TERRITORIALE DI NAPOLI
STATO MAGGIORE = UFF.OP.ADD.ORD. E MOB.

N.3/6482/Mob. di prot.

Napoli, 21 maggio 1946

OGGETTO: Limiti circoscrizione territoriale Comiliter Napoli.

AL MINISTERO DELLA GUERRA
S.M.R.E.- Uff.Ord. e Mob.

R O M A

~~~~~  
Seguito f. 3/16000/Mob. del 26 settembre 1945 di questo C.do -

La questione dei limiti di circoscrizione del Comiliter Napoli è stata ulteriormente esaminata da questo Comando.

Sulla scorta di quanto precisato nella dispensa 14 della circolare 227 del giornale militare 1945, indicata da codesto S.M., si è accertato che la giurisdizione del distretto di Cosenza si estende anche ad alcuni comuni della provincia di Potenza.

Precisamente rientra nella circoscrizione di detto distretto, e quindi di questo Comiliter, il tratto di territorio, della provincia di Potenza, delimitato: a nord ovest dal limite di provincia Salerno-Potenza; ad est della rotabile Lagonegro-Castrovillari; a sud est dal limite di provincia Potenza - Cosenza; ad ovest dal golfo di Policastro.

LAND FORCES SUB COM, A.C. (MIA)

C/16

17 Apr 46

TO : 3 DISTRICT  
10 BRITISH LIAISON UNIT

1. This HQ is informed that I/60 I.S. Regt is employed by Allied request on guards at CROTONA harbour and at certain dumps in 52 Area, also that III/60 I.S. Regt is largely employed in guarding the SIA hydroelectric works.

2. It is not within the terms of the handover of the ITALIAN Army to ITALIAN control for all purposes, that IRI-IRI troops should be so employed. The Ministry of War have requested this HQ to take steps to have I and III/60 I.S. Regts relieved of these commitments.

This HQ considers that this request should be acceded to.

3. It will therefore be appreciated if you will inform this HQ how soon these guards can be relieved.

10 BLU will liaise direct between 3 DISTRICT and NAPLES Territorial Region HQ.

4. If it is considered that certain guards (e.g. on the SIA installations) are still required in ITALIAN interest, the Ministry of War will replace the troops withdrawn by armed civilian watchmen.

## COMANDO MILITARE TERRITORIALE DI NAPOLI

UFFICIO OP.ADD.ORD. E MOB.

N° 3/1673/OP.

Napoli 25 Marzo 1946

OGGETTO: servizio di sorveglianza agli impianti idroelettrici della Sila.  
(allegati N° 2)

AL IO° B.L.U.

N A P O L I

1.-Con riferimento al Capo 3 del foglio n° 3/1393/Op.del 15/3/46, si trasmette:

- specchio -allegato n° 1-dal quale risulta:
- personale impiegato giornalmente dal III/60° per provvedere al servizio in oggetto,
- servizio di vigilanza attuato ai medesimi impianti dal personale della S.M.E. (Società Meridionale Elettrica);
- schizzo al 50.000 indicante la dislocazione ed i servizi espletati dal III/60° agli impianti in oggetto.

2.- Dato che:

- le condizioni che dettero luogo all'impiego del btg.come indicato più non sussistono;
- il personale della S.M.E. è in grado di assicurare la vigilanza delle opere nelle attuali condizioni;
- l'incipiente stagione calda potrebbe aggravare le condizioni sanitarie del battaglione da oltre un anno costretto a vivere in zone malariche;
- l'insufficienza dei mezzi di trasporto e la palese inutilità del servizio mantiene il battaglione in notevole stato di depressione fisica e morale;

Questo Comando ha proposto al Ministero della Guerra il disimpegno del battaglione

della Sila.

1. This office has received a complaint from Territorial HQ (171) Naples, stating that civilians have been trying to steal material from the ARAR depot adjoining 21 Base Salvage Depot. These civilians are said to pass through 21 Base Salvage Depot at night and enter ARAR depot.

2. Territorial HQ request that you be informed so that the guard be reinforced in order to prevent pilferage in ARAR.

3. It is not understood why you should be requested to reinforce your guard at the Salvage Depot in order to accommodate ARAR. May this office please be given your views so that an appropriate reply may be forwarded to Territorial HQ Naples.

Reference your G/14 dated 25 Feb 46 the following information can now be given :-

1. Territorial Hq Naples state that they have received suggestions from the Ministry of War to replace units on guard duty by civilian guards.
2. Territorial Hq agree that for certain services civilian guards would be suitable in lieu of Army guards but NOT in lieu of CARABINIERI.
3. Territorial Hq recommended to the Ministry of War the replacement of 2 Coys of 10 Inf Regt by civilian guards. These coys do duty for the ARAR.
4. Generally speaking Territorial Hq are in agreement to replacement of guards by civilian guards on Dumps, empty barracks etc. There are at the moment civilian guards being employed on guard duties.

letter SD. 15 dated 19 Mar 46 and this office letter 1 G dated 15 Mar 46  
addressed 3 Dist copy to you.

1. 3 District state :-

(a) 3 Bn 60 Rgt relieved the 2 Bn 46 Rgt of all guard commitments at the  
Sila Hydro-electric plants in Jan 45. Both units were then under  
command Italian Military HQ CALABRIA with HQ at CATANZARO.

(b) This relief was made by 52 Area in so far as transport was supplied  
for the change over.

(c) Guarding of these installations was and still is an Italian  
responsibility and should continue as these plants form an important  
link in the electric supply for the whole of Southern Italy  
including the province of Naples.

(d) 1 Bn 60 Rgt no longer guards Transit Camp at CASTELLONCINO as it is  
now said to be closed.

(e) ONIGONE Harbour is a purely Italian responsibility.

2. Territorial HQ state :-

It is their opinion that as long as the necessity for the guards exists  
it is not thought advisable to substitute the military guard for a civilian guard.

3. It would therefore appear that the employment of both I and III Bns of  
60 Rgt are entirely an Italian concern.

1. In assessing the value, if any, of the divisional and brigade organisations it is not easy to give an estimate without taking into account the personalities of the officers concerned. Some commanders in the North are working well and energetically, whereas in this divisional area, the two commanders merely drain their pay.

2. In theory the brigade and division should assume a certain amount of responsibility for the legions under their jurisdiction. This responsibility does not appear to be well defined and it apparently can be avoided altogether, depending on the officers concerned. In practice, the legion commander is entirely responsible for his legion.

3. Orders from GHQ are transmitted to legions via division and brigade. The only effect of this is that inevitable delay occurs in the receipt of such orders by legions.

4. As far as can be ascertained the only matter dealt with directly by brigade and division is the confirmation of awards and punishments inflicted by a legion commander on his subordinates. This is felt to be entirely unnecessary: a legion commander being well able to decide on the merits of each case without direction from above. In addition, brigade and division commanders frequently alter legion commanders' decisions unnecessarily and there is more than a suspicion that they do so in order to justify their positions.

5. The administration, pay, etc. of brigade and divisional headquarters is carried out by Legion HQ. That this system places considerable extra burdens on Legion HQ is obvious and it also demonstrates the way in which brigades and divisions have been grafted on to the original system. Experienced officers are of the opinion that brigades and divisions were formed to find jobs for the large number of surplus generals after the last war.

6. Although the establishments of brigades and divisions are small, it is pointed out that the NCOs and ORs are hand-picked men whose services would be extremely useful in ordinary duties.

7. In defence of the present system it has been said that some channel of communication is necessary between Legions and GHQ. I cannot agree with this on the following grounds:

1. In assessing the value, if any, of the divisional and brigade organisations it is not easy to give an estimate without taking into account the personalities of the officers concerned. Some commanders in the North are working well and energetically, whereas in this divisional area, the two commanders merely draw their pay.
2. In theory the brigade and division should assume a certain amount of responsibility for the legions under their jurisdiction. In addition, brigade and division commanders frequently alter legion commanders' decisions unnecessarily and there is more than a suspicion that they do so in order to justify their positions.
5. The administration, pay, etc. of brigade and divisional headquarters is carried out by Legion HQ. That this system places considerable extra burdens on Legion HQ is obvious and it also demonstrates the way in which brigades and divisions have been grafted on to the original system. Experienced CCMs and officers are of the opinion that brigades and divisions were formed to find jobs for the large number of surplus generals after the last war.
6. Although the establishments of brigades and divisions are small, it is pointed out that the MCOs and ORs are hand-picked men whose services would be extremely useful in ordinary duties.
7. In defence of the present system it has been said that some channel of communication is necessary between Legions and GHQ. I cannot agree with this on the following grounds:
  - (a) Legions are highly self contained units perfectly capable of dealing direct with GHQ, as in fact they have done for over a century.
  - (b) Legions do in fact deal directly with GHQ in most matters.
  - (c) Communication of orders, etc., presents little difficulty, owing to the small number of legions.
  - (d) In other ministries, no such intermediate steps are found necessary, e.g. prefects who far out number legion commanders, communicate directly with their ministry.

- 2 -

8. In conclusion I am of the opinion that the most satisfactory system would be the complete abolition of brigade and division and their substitution by two or three senior officers of proved merit whose duties would be to tour the country visiting, inspecting and reporting on the legions, and working directly under GHA.

CCRR/G/9

Land Forces Sub-Comm., AC.,  
MMIA, ROME. (CORR. Section)

27 Mar 46

O/C 10 BLU.

1. Some recommendations which it is thought will help to improve the standard of CC.RR. are given below :

(a) OFFICERS. The whole existing officer corps should be subjected to drastic examination and elimination of undesirable and inefficient elements, who are not up to the required standard. The uselessness of many officers is well known, especially among the higher ranks. There are far too many who are content merely to hold their offices and do the minimum of work. Others are retained owing to their being strongly protected, and even because of their precarious financial position. Should a commission be formed to examine the cases of officers, it is felt that a wholly Italian Commission would effect little and would not work with impartiality. A mixed Allied-Italian Commission would be essential.

(b) NCOs. Similar measures should be adopted in regard to NCOs, but in this case the matter could be left in the hands of an Italian Commission.

(c) Reorganisation or abolition of Brigade and Divisional Commanders. This is being reported on separately.

(d) Rapid completion of the demobilisation of recalled and auxiliary CCRR.

(e) Strict application of the rules relating to the Stationing of CCRR in provinces where they were born or have interests. This rule has largely been disregarded in recent years. This point is felt to be very important, especially in Italy where partiality and favouritism are rife.

(f) MARRIAGE. I am strongly in favour of the prohibition of marriage to all CCRR below at least the rank of Brigadiere, for the following reasons :

(i) The pay is insufficient to support a man and his family.

3736

(ii) A young CCRR has been brought up under strict military discipline and this discipline remains while he is in a barracks. If he is married and has to live out, he rapidly becomes undisciplined.

(iii) CCRR experience is that a young man becomes attached to his family at the expense of his duty, and all officers are agreed that the marriage too early in life of a carabinieri has the effect of

(b) NCOs. Similar measures should be adopted in regard to NCOs, but in this case the matter could be left in the hands of an Italian Commission.

(c) Reorganisation or abolition of Brigade and Divisional Commanders. This is being reported on separately.

(d) Rapid completion of the demobilisation of recalled and auxiliary CCRR.

(e) Strict application of the rules relating to the Stationing of CCRR in provinces where they were born or have interests. This rule has largely been disregarded in recent years. This point is felt to be very important, especially in Italy where partiality and favouritism are rife.

(f) MARRIAGE. I am strongly in favour of the prohibition of marriage to all CCRR below at least the rank of Brigadiere, for the following reasons :

- 3756
- (i) The pay is insufficient to support a man and his family.
  - (ii) A young CCRR has been brought up under strict military discipline and this discipline remains while he is in a barracks. If he is married and has to live out, he rapidly becomes undisciplined.
  - (iii) CCRR experience is that a young man becomes attached to his family at the expense of his duty, and all officers are agreed that the marriage too early in life of a carabinieri has the effect of

- 2 -

ruining him as far as his work is concerned. The position is of course very different from conditions in England where a police officer has to accept personal responsibility for his actions very early in life and is not under continual military discipline.

2. CORRESPONDENCE. CCRR are not exempt from the Italian custom of interminable piles of paper and office work. Even in the smallest CCRR stations, the quantity of paper work is excessive.

3. INCREASE IN SALARY. Increases are necessary to attract the right man, and to put the CCRR in such a position that they do not have to resort to black market and other undesirable practices.

Ref your IG dated 1 Mar 46.

1. Ministry of War has informed that Allied Authorities have agreed that I and III/60 will no more be employed in their actual duties and that 10 BLU had been asked to contact 3 District to study if it was possible :

(a) to replace the guard

(b) to use for that purpose personnel not of the army.

In a second time the Ministry of War asked how many civilian guards would be necessary to free units of 60 Inf Regt and added to consider also the eventual help of I/40 located in COSENZA.

2. Generally, for certain services, this HQ is of the opinion of using civilian guards in lieu of Army guards, but not in lieu of CARABINIERI, as the services carried out by the latter are more delicate.

It would be specially recommended the replacement of 2 Coys of 10 Inf Regt used in guard duties for the ARAR, with civilian guards. Decision of Ministry of War on the subject have been asked; answer is awaited.

3. Proposals forwarded to Ministry of War from this HQ are :

(a) replacement of guards to CROTONE Harbour and CASTELLUCCIO staging Area with personnel of I/40 Inf.

(b) replacement with civilian guards of Army personnel guarding some dumps and empty barracks that are being recuperated, or sold.

4. Nowadays in the area of this HQ there are some guard services carried on by civilian guards.

UFFICIO OP. ADD. ORD. E MOB.

N. 3/1393/Op.

Napoli 15 Marzo 1946

OGGETTO: Guardie Giurate.

AL 10° B.L.U.

N A P O L I

.....

Riferimento n. I G. data 1° marzo 1946.

I)-Il Ministero della Guerra ha fatto sapere che le Autorità Alleate hanno convenuto che il I e III/60° non dovranno attendere al servizio cui sono adibiti e che il 10° BLU era stato incaricato di studiare con il 3° District la possibilità di:

- sostituire le guardie;
- impiegare a tale scopo personale diverso da quello dell'Esercito.

Successivamente ha richiesto il numero delle guardie giurate indispensabili per svincolare i reparti del 60° ftr, aggiungendo di prevedere anche l'eventuale concorso del I/10° ftr., di stanza a Cosenza.

2)- In linea di massima, per determinati servizi, questo Comando è del parere d'impiegare guardie giurate al posto di soldati ma non al posto di carabinieri, data la maggior delicatezza dei servizi espletati da quest'ultimi.  
Sarebbe, in particolare, gradita la sostituzione con <sup>375</sup> ~~guardie~~ giurate delle due compagnie del 10° ftr. impiegate in servizi AR.AR. In proposito si attendono le decisioni del Ministero delle Guerre interessato in tal senso.

3)- Le proposte inoltrate in merito da questo Comando al Ministero della Guerra, e prescindere dagli impianti silani per i quali si attendono precisazioni dal C/do 10° ftr., in quanto sembra che la società elettrica stia provvedendo alla sorveglianza degli stessi con proprie guardie giurate, possono così riassumersi:

Riferimento n.I G. data 1° marzo 1946.

3/1388/Op.10 BLU.

14 Mar 46

Ref. sheet 1 G dated 8 Mar 46., herewith requested information :-

A) length of employment of 1/60 :

The service has been ordered by Hq 3 District with the <sup>OPERATIONAL INST.</sup> "Routine Order No. 11" of 21 August 44. Said Hq with sheet 393/G dated 12 Dec 45 informed : "Transit Camp of Castelluccio, situated in a convenient locality, will certainly be used in the course of next winter. " The O.C. the troops in the Crotone harbour consider the guard service essential, as thefts are in increase. This is the reason why the Officer in charge of the harbour service has requested other guards. " Consequently, for the a/m services, reinforcements were disposed for, until the numbers reached the figures mentioned in sheet 2/1424/Serv. of 19 Feb 46.

B) Opinion about the a/m employment:

We are of the opinion that, as long as the necessity of which above subsist, it is not opportune to substitute the military who are now doing guard duty with "guardie giurate" (Civilian police).

C O P Y

SUBJECT : Guarding of Stores handed over by the ALLIES

LAND FORCES SUB COM, A.C. (MILIA)

C/14

27 Dec 45

TO : Distn below

Ref your 224826/11 of 12 Nov 45.

1. I am in agreement with you on the necessity of guarding effectively the stores now being handed over to you but I am not authorised to discuss the question of placing or retaining under arms any personnel in excess of the 205,000 authorised for the ITALIAN Army (including CC.RR), in MILIA Directive No. 1 of 2 Nov 45.

2. AFHQ however, have now given permission for the employment of civilian guards to safeguard the stores involved, with the following provisos:

- (a) That the number of guards so employed is kept to a minimum consistent with efficient guarding.
- (b) That guards carry arms only while they are on duty. That the arms with which the guards are equipped do not exceed one per man on duty at any one time, and that these weapons are held as 'post' stores.
- (c) That all guards wear some easily recognisable badge or insignia.
- (d) That the authority of these guards to make arrests or use their firearms while on duty shall be clearly defined and conform to the general lines of that accorded to the Carabinieri. The general authority accorded to the CCR is as follows:

(1) When Carabinieri and Civil Police are employed as properly constituted guards, patrols and sentries, on such duties as guarding dumps, property, buildings, etc. they may open fire on thieves or suspected thieves after direct challenge in the following circumstances;

- (1) Every attempt must have been made to apprehend the thief or suspected person.
- (2) There must be no other effective way of stopping that person.
- (3) There will be no following up in order to shoot beyond the immediate area to be guarded.

3709

1. I am in agreement with you on the need to discuss the stores now being handed over to you but I am not authorised to discuss the question of placing or retaining under arms any personnel in excess of the 205,000 authorised for the ITALIAN Army (including CC.RR.), in MMIA Directive No. 1 of 2 Nov 45.

- (c) That all guards wear some easily recognisable badge or insignia.
- (d) That the authority of these guards to make arrests or use their firearms while on duty shall be clearly defined and conform to the general lines of that accorded to the Carabinieri. The general authority accorded to the OCRR is as follows:

(i) When Carabinieri and Civil Police are employed as properly constituted guards, patrols and sentries, on such duties as guarding dumps, property, buildings, etc. they may open fire on thieves or suspected thieves after direct challenge in the following circumstances:

3759

- (1) Every attempt must have been made to apprehend the thief or suspected person.
- (2) There must be no other effective way of stopping that person.
- (3) There will be no following up in order to shoot beyond the immediate area to be guarded.

(ii) When Carabinieri and Civil Police are employed on normal patrol and police duty, they may open fire on ALLIED personnel only in the following circumstances:

- (1) When attacked by an armed ALLIED soldier in circumstances which render the use of firearms essential in self-defence.

/.....2

-2-

- (2) When attacked by an unarmed ALLIED soldier an the attack is of such a character that retreat is impossible and that resort to firearms is necessary to safeguard their lives.
- (3) When an armed ALLIED soldier is making an attack with firearms on a third party.
- (iii) When CORR and Civil Police are employed on normal patrol and police duty, they may open fire on civilians in such circumstances as are laid down by existing ITALIAN regulations on this subject.
- (iv) Automatic fire will not be used. Automatic weapons capable of firing single shots may however be used as single shot weapons.
- (v) In no circumstances will fire be opened against women members of the ALLIED forces.
- (e) That this HQ be kept informed for transmission to the ALLIED Commission, of the numbers, locations and types of weapons employed by such guards.
- (f) That the arms with which such guards are equipped are supplied from ITALIAN resources, and that such guards are not equipped at the expense of the ITALIAN Army or Carabinieri.
- (g) That BEFORE any such guards are actually on duty, this HQ is informed, for transmission to the ALLIED Commission, to AFHQ, and to all ALLIED Military personnel in the neighbourhood of the depots, of full details of the distinctive insignia adopted in accordance with sub-para (c) above.
- (h) That such guards will not go on duty until confirmation has been given to you by this HQ that all those mentioned in sub-para (g) above have in fact been duly informed.

20 FEB 1946

2. Arrangements are being made for COBR on guard duty at NAPLES Ports to be replaced by Finance Guards when the post is handed over to the Italian Authorities at the end of the month.

3. As USIA is taking up the whole question of Italian Troops being employed by Allied Units, it would be appreciated if the Air Forces SC could be approached with a view to having COBR at CAPORICELLO Airfield replaced by R. Aeronautica personnel, thus releasing 175 men for ordinary duty.

1. This HQ is perfectly aware of the importance of substituting the 180 CCRR now in service at the Capodichino Airport. This HQ must, however, point out the following :-

(a) The only unit from which this HQ may draw the necessary personnel is the 10 Inf Regt.

(b) The situation of this regt is as follows :-

1 Bn has gone to COSENZA on the 5th inst. and is need of training and also for a period of disciplinary instruction, as for long periods the men were on guard duty, divided into small groups under orders from 3 District.

2 Bn has about 300 men employed on guard duties and is the only mobile unit in NAPLES. Should more personnel be taken from this bn, and should necessity arise, this HQ would possibly be unable to cope with it.

3 Bn is in SALERNO and has already detached a coy reinforced with 40 men in CAPUA, (for guard duties at the dumps of explosive materials) and one coy to CAVA DEI TIRRENI. This bn also provides all the services of the SALERNO Command and is the only mobile unit in that province, should necessity arise.

2. This HQ, having pointed out the above, is of the opinion that it is not advisable to substitute the 180 CCRR on duty at the Capodichino Airport with personnel from 10 Inf Regt.

Riferimento n. I G del 28 gennaio u.s.-

1.- Questo Comando si è reso perfettamente conto dell'importanza della sostituzione dei 180 CC.RR. in servizio all'Aeroporto di Capodichi no. Deve peraltro far presente quanto segue:

a)- l'unico ente dipendente da cui questo Comando potrebbe attingere il personale occorrente è il 10° rgt.ftr.

b)- la situazione di questo Reggimento è la seguente:

- I btg.: ha raggiunto il giorno 5 la dislocazione di Cosenza e necessita, oltre che di addestramento, di coesione disciplinare, dato il lungo periodo in cui è stato impiegato frazionato in servizio di guardia, alle dipendenze del 3° District.

- il II btg. ha circa 300 militari impiegati in servizi di guardia e rappresenta l'unico reparto di manovra in Napoli. Una ulteriore sottrazione di personale a questo Battaglione metterebbe, in caso di esigenze O.P., questo Comando in condizioni di completa passività.

- il III btg. è dislocato a Salerno ed ha una Cp. rinforzata da 40 militari distaccata a Capua con compiti operativi (servizi di guardia a depositi di materiale esplosivo) ed 1 Cp. a Cava dei Tirreni. Provvede inoltre ai servizi di Presidio di Salerno ed è l'unico reparto di manovra in quella provincia in caso di esigenza O.P..

2.- Dato quanto precede questo Comando ritiene che non sia conveniente provvedere alla sostituzione dei CC.RR.
