As will be seen the position in regard to deficiencies is still serious and it is again stressed that to a large extent it is interfering with the general efficiency of the CC.

There is no improvement in regard to the communication system notably in the BARI Legion where over 100 CC Stations are still without even a telephone. I understand that repeated application has been made to CC Higher Command in regard to this but up to now nothing has been done. Indeed it has been mentioned in all the monthly reports emanating from this ELU.

6. POLITICAL SITUATION

The general tenseness in regard to the political situation has eased considerably. People in the SOUTH seem more prepared to accept the position as it stands. The fact that DE NICOLA has been appointed Chief of State has generally been received with great satisfaction in the SOUTH as it is felt that he will be able to foster the SOUTHERN aspect of political life in government circles.

There is still a great deal of unrest in regard to the proposed Peace Treaty more especially in regard to the loss of the Italian Colonies and the TRIESTE situation. People gather in small crowds and the talk more or less dwells in these aspects but nothing of a serious nature is anticipated.

The general political situation in regard to the formation of a ministry by DE GASPERI is felt to be somewhat delicate more especially as TOGLIATTI is not in the picture and NENNI is only included as an acting cabinet minister. People are wondering what the exact intention of the Communists, who appear to be causing strikes by means of political agitation with the GCL (General Confederation of Labour), are.

7. PUBLIC SAFETY SITUATION

Generally throughout the area of the Legions, public safety has improved although the black spots in regard to brigandage still continue.

Demonstrations by the unemployed were held during the month at NAPLES, CASTELLAMMARE DI STABIA, and ZONA FLEGREA. No undue violence was however used either by CC or demonstrators.

Robbery is showing a slight increase in the REGGIO CALABRIA district and near PALMI. Unfortunately this cannot be completely suppressed at present owing to shortage of CC. Reinforcements have been asked for and it is hoped that in the immediate future decisive action will be taken.

Recently, a fairly large raid was undertaken in the ARIANO-VILLANOVA and GROTTAMINARDA (AVELLINO) district with very satisfactory results. 45 CC and 45 Security Police conducted the raid.

Generally speaking the CC have been extremely active during the past month in regard to the general suppression of crime and again it is stressed that when one considers the difficulties they are up against, they have done an extremely good job.

8. COMMENTS OF THE PRESS AND PUBLIC

No press reports regarding the behaviour of CC have appeared recently but public feeling and relationship still continues to be good.

On the 20 July 1946 a report appeared in the RISORGIMENTO concerning the recent inspection of the Motorized Coy of the Mobile Battalion by the GOC (See Appendix 'A').

9. DISCIPLINE MORALE AND COMMENTS BY CC

On the 13 July 4 CC of the NAPLES Legion including a Vice-brigadiere were charged with conspiracy to steal goods from the railway (Art 416 P.C.) and also abusive use of their ranks (Art 118 CMPM). The case is to be heard at the Military Territorial Court of Law NAPLES. Apart from this discipline and morale has generally been good. There is still a certain amount of resentment in regard to the discontinuance of the 'REALI' but generally speaking this is only idle gossip.

The new uniforms have been appreciated but it is felt that they are very hot for Summer use and the hope has been expressed that light uniforms will be issued.

10. POSTING OF SENIOR OFFICERS

11. GENERAL

The visit, and the inspection of the CC Mobile Battalion by the GOC MMLA on the 18/19 July, caused a tremendous stir of satisfaction amongst all ranks of the CC.

There is not the slightest doubt that the inspection was deeply appreciated and acted as a really big uplift for the general morale of everyone concerned.

There still seems to be a small amount of trouble in regard to the accommodation question but representations have been made to the Army and it is hoped that the Mobile Battalion will shortly be completely and adequately housed in the REGINA ELENA Barracks.

POLITICAL SITUATION

As soon as the Institutional question was over and the first Republican Government formed, the public opinion, generally, has taken again a tone of doubtful apathy.

The new Ministery DE GASPERI does not seem, at least from the first comments, to receive votes of assent. Serious worries have taken place among the right political parties, including demochristian circles, because an incontested supremacy of extreme left parties is feared. The fact that the ex Minister TOGLIATTI Palmiro has kept himself apart from the Government, is supposed to be a sharp manoeuvre of communist party in order to strengthen their political activity for the attainment of their aims.

The public opinion follows with interest the news of the dramatic meetings at the Constituent Assembly and the comments are quite different, according to the point of views of the several parties.

The demonstration occurred at Northern ITALY, against the decisions taken at PARIS by the Foreign Ministers, caused favourable impression in PUGLIE.

ECONOMICAL SITUATION

It is noticed that the economical crisis relating to the unemployment is growing worse, especially in the agricultural section, which in PUGLIE absorbs most part of the workmen. This occurs any time the seasonal works cease. The crisis is made sharper by the political interferences of the trade-unions.

Fortunately the harvest of wheat is plentiful and the gathering of the crop by the system known as 'ammassi' serves to counterbalance the scarce disposition of the farmers to bring their product to the market.

The average prices are high and show a tendency to rise. 47.50

IMPRESSION AND REMARKS OF CC

CC attend their duties with serenity and self-denial. They hope that the new Government will confer on them prestige and power in order to enable them to carry out their duties.

POLITICAL SITUATION

The public opinion of people of PUGLIE has willingly submitted itself to the decisions of the majority of the Italian people. The Southern-separatist tendency is going to strengthen itself, although it has not yet appeared openly and does not find maintainers. Many people in their own hearts hope the Southern Italy will reach a large autonomy or a complete independency.

The public opinion is now waiting calmly for the action of the new Republic.

The works of the Conference of PARIS deeply interest the public opinion. Unfortunately the disastrous news of the decisions adopted at PARIS grieves the souls of the Italian people.

ECONOMICAL SITUATION

The fact of the protest of bills and the difficulties of the extemporized dealers are increasing, they became enthusiastic for the easy profits they got and invested their capitals in the acquisition of materials which are now undergoing a depreciation. The intense agricultural activity of this season has taken up most part of unemployment. On the contrary, unemployment is much felt in industrial and commercial camps.

The harvest of corn is good. The technical personnel of control helped by Police Forces are working hard in order that most of the production may be sent to the gathering centres, although some producers are not willing.

IMPRESSION AND REMARKS OF CC.

Position as shown in previous report.

The position in regard to deficiencies is still serious/and it is felt is affecting the work of the CCRR to a large extent.

Apart from the actual materials etc. the question of communication is vital. Nothing has been done to improve the telephonic communications notably in the BARI Legion where 134 stations are still without telephone.

Great trouble was taken to expedite the transfer of wireless to CCRR High Command ROME with a view to its re-distribution prior to the election period. No wireless apparatus was received at NAPLES Legion and it was vital that no hitch occurred in the communication system, owing to the recent disturbances. District Headquarters

5/.....

Declassified E.O. 12065 Section 3-402/NNDC No. 165020

were approached and installed a receiving and transmitting set at Legion HQ temporarily.

It is stressed that this is only a temporary measure and the set may be called in at any moment, therefore it is urgently requested that representation be made to the CC.RR High Command and that they be requested to expedite the forwarding of the apparatus as quickly as possible.

6. POLITICAL SITUATION

As is known the voting in regard to the Referendum has been definitely Monarchist in the SOUTHERN area. Generally speaking the population are entirely dissatisfied with the result and rumours continue to circulate that the election results were faked. There has not been any definite evidence of this, it is largely hearsay, but reports obtained from informers concerning this matter have already been forwarded.

14A - 12A

Apart from a major demonstration which was staged in NAPLES on June 11, 46 (for full report see Appendix 'A') nothing has occurred which in any way was not expected, and that the authorities had not complete control. Even in NAPLES it was quite obvious after the first sporadic outburst that the authorities had the upper-hand.

There are rumours of Separatist movements but it is felt that for the moment very little credence can be placed in this.

Whilst the feeling is definitely Monarchist the people seemed to have more or less settled with an apathetic state of mind and seem content to let the Republic have a trial.

It is generally felt that apart from hot-heads, the deep thinking people, whilst anxious for the return of a Monarchy will be prepared to attain their ends by legal methods.

7. PUBLIC SAFETY SITUATION

The situation in regard to Public Safety has naturally deteriorated during the past month due largely to the political situation but it is hoped that as the situation becomes calmer so more attention will be able to be paid to normal crime.

Gangs of robbers are still very active in the MATERA and GARGANO (Foggia) territories and are causing considerable anxiety. In the MATERA district a dangerous gang - chief has been arrested by CC.RR 4-1 and it is hoped that this may ease the situation.

When one considers the difficult situation which the CC.RR have had to face during the last month, it is I think fair to say that the position is satisfactory.

The situation in regard to Public Safety has naturally deteriorated during the past month due largely to the political situation but it is hoped that as the situation becomes calmer so more attention will be able to be paid to normal crime.

Gangs of robbers are still very active in the MATERA and GARGANO (Foggia) territories and are causing considerable anxiety. In the MATERA district a dangerous gang - chief has been arrested by CC.RR and it is hoped that this may ease the situation.

When one considers the difficult situation which the CC.RR have had to face during the last month, it is I think fair to say that the position is satisfactory.

8. COMMENTS OF THE PRESS AND PUBLIC

Nothing outstanding in the press but the public opinion seems to be that the CC.RR have done an excellent job in a just and impartial manner.

9. DISCIPLINE MORALE AND COMMENTS BY CC.RR

No serious offences have been committed by CC.RR during the past month in any of the Legions.

Under all the circumstances morale is excellent and the CC.RR have stuck faithfully to their work, although there is no doubt that at heart they are practically 100% Monarchist.

Some resentment is felt that they will no longer be known as "REALI" also the fact that numerous P.S. Agents who are known to be Partisans and Communists have been imported into NAPLES from the NORTH to act as policemen.

Many of the CC.RR as is natural are worried concerning their future and a clarification of the position will - I feel sure - be welcomed.

(a) Pay

It is felt that a complete revision of the pay situation should take place as soon as possible. There seems to be some discontent in regard to the differences of pay between officers and personnel in the 'A' Group and others and it is felt that some speedy adjustments should be made.

11. GENERAL

Whilst the position of the NAPLES Mobile Battalion in regard to accommodation is more or less settling down for the time being, it is

7/.....

Declassified E.O. 12065 Section 3-402/NNDC No. 185020

again stressed that it is a matter of great urgency that suitable and permanent accommodation is found as soon as possible.

During the recent disturbances in NAPLES accommodation had to be found for 500 P.S. Agents who were imported into the City by the Ministry of the Interior. The present Barracks Regina ELENA, which were occupied by the Mobile Battalion CC.RR were used to accommodate these men which of course was a most unsuitable arrangement and the CC.RR to a great extent resented it but as the order was given by the Prefect nothing very much could be done. It is felt however that the Ministry should be advised that it is better for everyone concerned not to mix P.S. agents and CC.RR and that an episode such as this should not occur again.

SUBJECT: Bimonthly report.

POLITICAL SITUATION

During the electoral days the excitement of the population was great due to the uncertainty of the results and to the fear that serious disorders might arise.

The conflict between Monarchy and Goverment was commeted in different manners by the public opinion. The Monarchic circles - which represent the majority of the Puglie electors - praise the King and his proclamation, instead the Republican circles accuse the King of being a mischief maker.

The public order, notwithstanding the polital fight has been kept. Only in a few centres - Taranto, Francavilla Fontana (Brindisi), Ostuni (Brindisi), San Severo (Foggia), Bari, Cagnano Varano (Foggia) - disorders occurred but were immediately controlled.

The excitement is calming down day by day, also because the attention of the people is focused on the conference of the Foreign Ministers in Paris.

ECONOMICAL SITUATION

The general opinion is that the Italian economical situation cannot improve without the Anglo-American help. Therefor the comments of the Allies on the results of the elections are being awaited in order to know their views also in the economical field.

The harvest of the grain has already started: it is anticipated that the harvest will give favourable results, both for quality and quantity. In the areas were the ~~g~~ new grain is being produced there is already a large request of it, the offer prices reach 10,000 Lire.

IMPRESSIONS AND COMMENTS OF THE CC.RR.

The CC.RR. continue to keep their attitude, inspired to obedience and serenity. Many of them, due to the delicate internal political situation are worried about their future.

The work of the CC.RR. during these last weeks has been ~~a~~ very heavy one. The personnel, regardless of ranks, was conscious of its duties, CC.RR. sacrifices themselves with enthusiasm.

SPIRIT AND MORALE OF CC.RR.

CC.RR. continue to be worried about the future of the Country, of the organization and of the family.

The morale as usual is very high, but a certain pessimism concerning the future is spreading.

The sense of duty and military honor is deep in the heart of the CC.RR.

GENERAL REMARKS ON THE CONDITION OF PUBLIC SECURITY OF THE TERRITORY

The general conditions of public security are normal. The activity of gangs of robbers in the Matera and Gargano (Foggia) territories continues to be worrying.

The repression of brigandage by CC.RR. in the Province of Matera has caused the arrest of a dangerous chief-gang, responsible for numerous robberies and serious injuring of an officer and a Caraniniere. Special services are being performed for the total repression of the criminal activity in that province.

Good results have been obtained in the Province of Foggia.

It is respectfully pointed that stories of this nature are rampant in the NAPLES area and are no doubt doing much to aggravate the situation.

File N. 89/7 Naples, 12 June 1946

SUBJECT: Denounciation of electoral intrigues.

Today PROTO Enzo di Domenico from Ciro Marina (Catanzaro) presented himself to the undersigned. He was released on the 6 June 1946 from the prison in Bergamo, where he had been detained since 26 December 1945 for political reasons. PROTO stated that on the 2nd June 1946 partisans went to the Bergamo prison and took groups of prisoners on trucks to the polling stations (about 600).

PROTO added that the inmates were ordered to vote for the left parties and were promised that if the republicans won their cases would be reviewed. In fact, according to PROTO, it seems that some of the inmates have already been released on bail since 5th June. He also added, that it seems that this system has been used in other prisons in north of Italy.

PROTO in the end stated that some officers amongst whom General MOSCA, former inmate of the S.Vittore prison in Milan and Colonel DORATTO of the black brigade, charged him to report the above mentioned facts.

I enclose PROTO's statement for any investigations you may wish to make.

S T A T E M E N T

The undersigned PROTO Enzo di Domenico and di Malena Filomena, born at Cirò Marina (Catanzaro) on 13 April 1922, resident at Bellano (Como), Via Statale Colico No 11, on being questioned by the Commander of the CC.RR. Legion of Naples, to whom he spontaneously presented himself, states the following:-

"As a political inmate in the prison of Bergamo, where I was detained from 26 Dec. 1945 to 6 June 1946, I had the opportunity of noticing that on the 2nd June last, some partisans, obviously in agreement with the Director of the prison and other employees, from the early hours of the 2nd, collected a few at a time, all the inmates (non-political) amounting to about 600 and with trucks took them to the polling stations and had them vote for the leftist parties, and therefore, for the republic, The inmates were promised a review of their trials and if possible their sentences would have been annulled as soon as the result of the referendum would have been favourable to the republic.

I understand that already some of said inmates have been released on bail and their trials have been delayed since June the 5th.

I believe that the same systems have been used in all the prisons in northern Italy, the same allegations are rumoured in the north.

All the Italian officers interned in the prisons in the north for political crimes, and amongst others General MOSCA former inmate in the S.Vittore prison in Milano, and Colonel BORATTO of the black brigades are informed of the situation and have insisted that I present myself to your Legion to report the above.

I have nothing else to add and after having read it I sign.

Proto Enzo.

GENERAL REMARKS ON THE CONDITIONS OF PUBLIC SECURITY OF THE TERRITORY.

The general conditions of the public security are still worried for the presence of armed bands that frequently attack isolated farms.

1. I have to inform you that at about 1730 hrs. 11 June a Monarchists funeral was held in NAPLES at which a large number of persons attended.

As far as is known the funeral passed off without incident. Apparently during the proceedings, tales were circulated to the effect that a Republican flag and a Communist flag were hoisted on a building (alleged to be a Communist HQ) in the Via Medina, and as a result after the funeral the crowd which had greatly increased proceeded to the Via Medina.

Earlier during the day Lt Col MAURO Commander of the CC.RR Legion NAPLES had telephoned the Prefect concerning the flying of the flags in question, suggesting that in view of all the circumstances, it was a provocative thing to do, and likely to cause very serious breaches of the peace. The Prefect agreed with the Col. and stated he would give orders for the flags to be lowered at once. Shortly afterwards he rang up Col. MAURO and stated that he had consulted with Signor AMENDOLA, Vice President of the Council who had come from ROME to take over Public Safety measures during the emergency and that the Vice President had given orders that the flags were not to be lowered under any circumstances whatsoever.

The crowd were no doubt greatly incensed by the presence of the flags and repeated attempts were made to dislodge them. Persons were seen trying to scale the outside of the building, shouting, gesticulating, and numerous scuffles occurred. This went on for some considerable time, the crowd gradually increasing in size to between 25,000 and 30,000 persons. Men were seen in the alleyways with large bundles of heavy sticks, steel pointed, serving out to members of the crowd.

At about 2100 hrs two bombs (hand grenades) were thrown from the building flying the flags, by some persons unknown. By 2130 hrs the situation appeared to be getting out of hand. The crowd which had developed into a mob, had commenced firing on the PS Agents and CC.RR. Two trams, together with other material had been seized and barricades were erected, and firing with small arms became general. 4725

The entire area was cordoned off by British MPs. The Prefect applied to the Rome Command for permission to turn out the Mobile Batt CC.RR and this was granted. At approx 2130 the Mobile Batt went into action with the Staghounds.

The Prefect agreed with the Col. and stated he would give orders for the flags to be lowered at once. Shortly afterwards he rang up Col. The crowd were no doubt greatly incensed by the presence of the flags and repeated attempts were made to dislodge them. Persons were seen trying to scale the outside of the building, shouting, gesticulating, and numerous scuffles occurred. This went on for some considerable time, the crowd gradually increasing in size to between 25,000 and 30,000 persons. Men were seen in the alleyways with large bundles of heavy sticks, steel pointed, serving out to members of the crowd.

At about 2100 hrs two bombs (hand grenades) were thrown from the 4726 building flying the flags, by some persons unknown. By 2130 hrs the situation appeared to be getting out of hand. The crowd which had developed into a mob, had commenced firing on the PS Agents and CC.RR. Two trams, together with other material had been seized and barricades were erected, and firing with small arms became general.

The entire area was cordoned off by British MPs. The Prefect applied to the Rome Command for permission to turn out the Mobile Batt CC.RR and this was granted. At approx 2130 the Mobile Batt went into action with the Staghounds. As far as is known, they fired their guns over the heads of the mob, but it is known that they threw hand grenades.

By approx 2330 hrs the situation was in hand and the mob had started to disperse. It was found that the casualties were as follows:-

17A
14A

7 Civilians Killed.
47 injured, 22 detained in hospital
1 Italian soldier injured
11 CC RR injured and in hospital
6 PS Agents injured and in hospital.

CCRR/G/5

Declassified E.O. 12065 Section 3-402/NNRG NO. 78502D

Most of the casualties were due to bomb splinters and bullet wounds.

130 persons were arrested.

At 2245 a signal was received at the CC RR Legion HQ from the Prefect.

"Tonight groups of ARDITI armed with sub machine-guns; hand grenades planning to invade Prefettura, Questura, Flying Unit Barracks, Telephone Buildings. Will you please take necessary action."

Special guards were mounted but nothing materialized.

At 2400 hrs isolated groups attempted to attack the following CC.RR Barracks in order to obtain arms: PASTRENGO BARRACKS, S. FERDINANDO BARRACKS, and PORTO BARRACKS. 5 persons were arrested at PASTRENGO BARRACKS and all attacks repulsed. The situation was completely in hand by 0200 hrs.

At 0400 isolated groups again attempted to raid the Italian naval barracks, to obtain arms but the attacks were beaten off.

This morning the city was calm but tense and the authorities appeared to have the situation well in hand, although, it is felt that trouble may break out again at any moment.

2. Information has come to hand that Militant Groups of Monarchists are being formed by pensioned Army officers under the leadership of a pensioned Army Col VERDE GUSTAVO. There is said to be an office in NAPLES for dealing with the recruiting and to act as an assembly point. There is, I understnd a possibility of some form of insurrection in the City after which the groups propose to disperse to the hills around Naples.

Arms are believed to be received from the communes around Vesuvius. Attached hereto is a copy of a pamphlet which is being posted in and around Naples.

It is generally felt that there is a very definite Seperatist movement being organized and that it has quite dangerous possibilities, as long as the situtation in Government circles remains indefinite as it appears to be at present.

There is not the slightest doubt that the CC.RR are disturbed mentally over the situation, although they are sticking loyally to their job. I believe they feel that they are being spied on over petty things eg. I know that agents have entered CC.RR HQs to see if the portraits of the King and Queen have been removed.

Col MAURO is being pestered day in and day out with interference from Rome which, no doubt, is influencing his work here. He is in my opinion an excellent officer trying to do his duty fairly and honestly and being interfered with by persons on a higher level.

There seems to be quite a lot of resentment to the employing of PS Agents by the Questura who have been draughted from the North. The allegation is that these men were Partisans of Communist tendencies and are the private

There seems to be quite a lot of resentment to the employing of PS Agents by the Questura who have been draughted from the North. The allegation is that these men were Partisans of Communist tendencies and are the private Police Force of the Ministry of the Interior. Indeed they are I believe in possession of a different pass from the other Police signed by the Ministry. As it is alleged that the Minister is Communist this does not tend to help the situation. Three hundred were recently draughted into the city and it is alleged that the REGINA ELLENA Barracks were obtained for their billets by means of a trick. The Questura apparently telephoned Col MAURO and told him that the Ministry of War had given permission for the police to occupy the barracks. In view of this MAURO agreed, very much against his own wishes as the barracks were obtained from the Military for the use of the Mobile Batts. Subsequently

Declassified E.O. 12065 Section 3-402/NNXC NO. 125020

it was ascertained that the whole story was a fabrication but in view of the emergency MARUO decided to take no action.

3. Major PECORELLA who has been the subject of correspondence between this office and MMIA, still appears to be causing unrest and uneasiness in the CC.RR.

Recently he disappeared for 3 days and was definitely on the Wanted List by the CC.RR. It was suggested that he was leading one of the Seperatist Groups, as being a Sicilian he is known to have these views. Subsequently he reported to Col MARUO and gave his excuse for his disappearance that he had been investigating for the CIC and that he was going to ROME to report his actions to the CC.RR Command.

Apparently there have been a lot of political moves in regard to him and the CP Leaders had signed a manifesto addressed to the Prefect asking for his immediate removal.

There seems to be some thought that he is an opportunist and has betrayed his old Party.

4. It would seem from the foregoing information that things are in a somewhat disturbed state in the CC.RR here, but that really is not the truth. On the whole they are doing an excellent job but there are isolated centres as I have tried to explain of unrest.

If this Seperatist movement continues and gains any ground at all it is difficult to say exactly which way the CC.RR here will go. They are, generally speaking, intensely loyal to their King and bitterly resent the fact that they can no more be known as CC.RR but only as CC.

Personally I have formed the opinion that if the Monarchist movement really does break out a number of CC.RR would and will be prepared to throw in their lot with them, but at present their main interest is the maintenance of law and order.

" MOVEMENT FOR THE LIBERATION OF THE SOUTH OF ITALY.

The pact following which in 1860 the unity of Italy was decided, has been broken by a referendum which was carried on with arbitrary means and systems. Therefore, we do not feel bound, any more, to respect a pact that our ancestors have patriotically signed and that by means of blood and property sacrifices we have legally observed. Being confronted with events which break the unity of Italy we, therefore, plan with a broken heart to restore to our southern regions that freedom and that political and economical independence which once made the south quiet and prosperous. Hoping that God will help and protect our rights we invite the citizens to keep calm and disciplined.

5. DEFICIENCIES IN MATERIAL

The chief deficiencies in all the Legions, NAPLES, CATANZARO and BARI, are Transport and Pistols.
The position is slightly improved from the last report submitted on May 6 46 and it is hoped that if supply continues as at present, a more favourable report will be able to be submitted for next month.

4/.....

Declassified E.O. 12065 Section 3-402/NNDC No. 175020

The main deficiencies for arms exists in the NAPLES Mobile Battalion where :-

1557 Automatic Pistols
27 Automatic Rifles

are required.

Motor cycles appear to be the main deficiency in regard to transport and about 120 are required.

6. PUBLIC SAFETY SITUATION

The situation in the NAPLES area has deteriorated during the last month. This is no doubt due to the election fever which is spreading in the city. Crimes of violence, notably armed robbery, have increased - e.g. - 400 cases of armed robbery, out of which 191 arrests have been made. There have also been 14 cases of murder, 7 convictions have been obtained and 4 persons are at present under arrest.

Number of minor assaults have taken place in all the Legion areas, due to the political agitation which is taking place. It has been noticeable in the BARI and TARANTO districts that naval ratings have been responsible for a lot of this form of crime.

On May 15, 2 bombs were thrown by anti-monarchists in the VIA FORLA at a Monarchist demonstration. Investigations are being carried out in regard to this. Armed band robbery has increased in the GARGANICHE and LUCANE zones.

7. PUBLIC AND PRESS OPINION

Both public and press opinion are, generally speaking, very much in favour of the CC.RR. Even the leftist press has been far more favourable than in the past. It is generally felt that the CC.RR are fighting a hard battle in the midst of severe political strain and with lack of equipment, are putting up a very good show under the circumstances. It is felt that the use of soldiers for CC.RR is not satisfactory, and the press has commented on this on various occasions.

8. GENERAL DISCIPLINE AND MORALE OF CC.RR 4718

There has only been one case of crime in CC.RR and this took place in the NAPLES Legion. A CC.RR was arrested and charged along with other persons for theft and blackmail. The result of the case is still pending.

The general morale is good and keenness seems to be increasing.

9. TRANSFERRING OF RANKING OFFICERS

On 11 May 46, Major M. SPADAFORA relinquished command of the internal group of the CATANZARO Legion and was posted to FOGGIA. His place has been taken by Major ROMANO.

10. COMMUNICATIONS

Communications between outlying stations is still very bad notably in the BARI Legion, where it is known that there are 134 stations without telephones.

11. GENERAL

Difficulty is still being experienced in regard to the NAPLES Mobile Battalion accommodation. The barracks which they are at present occupying are in a shocking state of repair and some difficulty is being experienced in getting the repairs effected, due to lack of money and apparent lack of interest on the part of the authorities. It is hoped to eventually get suitable housing for the whole battalion in a barracks which is at present occupied by the Americans.

All legions are still complaining in regard to the inadequacy of stationary allowance.

1. POLITICS SITUATION

The situation consequent the abdication of the King Victor Emmanuel and the close political competition keep Italian public opinion awake. The various political parties try their strength in the journalistic, broadcasted and open-air propaganda preparing themselves to the great event of the referendum and of the elections.

The left wing parties insist imputating the Monarchist Institute for the misfortunes of the Country, but strong current of people criticize harshly the system of vulgar accusations, showing themselves agreeing with the Monarchy.

Considerable fearful for the unsolved Italian International problem. On this subject it is commonly believed that the uncertain interior situation of our Country may have influenced over the delay of the conclusion of the peace treaty's work.

2. ECONOMIC SITUATION.

Famine, unemployment and high cost-of-living keep people in a very serious crisis. An eventual reduction of food rations could not be easily supported by the people.

The industries struggle between the difficulty to get raw materials, the lack of coal and the high salaries of the workmanship.

The trade exchanges are difficult for the persistent transports deficiency.

3. REMARKS AND COMMENTS OF CC RR.

Carabinieri remain compact at their place, keeping themselves out of the political debates.

4716

The latest circular - published by the any political colour press - about the non-political reconfirmation, has again sanctioned the principle to which the activity of CC RR has been always inspired.

This reconfirmation has been favourably commented in any political camp.

1. POLITICS SITUATION

The situation consequent the abdication of the King Victor Emmanuel and the close political competition keep Italian public opinion awake. The various political parties try their strength in the journalistic, broadcasted and open-air propaganda preparing themselves to the great event of the referendum and of the elections.

The left wing parties insist imputating the Monarchist Institute for the misfortunes of the Country, but strong current of people criticize harshly the system of vulgar accusations, showing themselves agreeing with the Monarchy.

Considerable fearful for the unsolved Italian International problem. On this subject it is commonly believed that the uncertain interior situation of our Country may have influenced over the delay of the conclusion of the peace treaty's work.

2. ECONOMIC SITUATION.

Famine, unemployment and high cost-of-living keep people in a very serious crisis. An eventual reduction of food rations could not be easily supported by the people.

The industries struggle between the difficulty to get raw materials, the lack of coal and the high salaries of the workmanship.

The trade exchanges are difficult for the persistent transports deficiency.

3. REMARKS AND COMMENTS OF CC RR.

Carabinieri remain compact at their place, keeping themselves out of the political debates.

4716

The latest circular - published by the any political colour press - about the non-political reconfirmation, has again sanctioned the principle to which the activity of CC RR has been always inspired.

This reconfirmation has been favourably commented in any political camp.

4. PRESS COMMENT ABOUT CC RR OPERATION.

Beretta Pistols Mod 34- 2057

BARI LEGION and MOBILE BATTALION are in an equally bad condition and have not yet received any issue of arms or transport. Again, the shortage of Beretta pistols is underlined. The same considerations apply to CATANZARO LEGION.

6. PUBLIC SAFETY SITUATION.

The situation in the FOGGIA, MATERANO and MURGE areas of BARI LEGION has deteriorated. Armed robbery is common, and the bands of robbers are well armed. In the first fortnight of April there were 19 murders, eight of which were solved, 5 arrested; 36 armed robberies, 13 solved, 14 arrested; 121 aggravated thefts, 51 solved 45 persons arrested or reported. Violence on the part of leftist organisations has provoked disorders with retaliation from the more moderate parties. The BARI LEGION attributes this to the weakness of the provincial authorities who yield to the demands of agitators in the vain hope of avoiding more serious consequences.

A recrudescence of armed crime is reported from the NAPLES LEGION. Bands of criminals, some disguised in Allied Uniforms, do not hesitate to murder to achieve their ends. The worst area is ARIANO (Avellino) where exceptional measures are being taken against these persons. The situation in CATANZARO remains unchanged, but can hardly be termed satisfactory.

7. PRESS COMMENTS.

Generally, the leftist press, particularly "LA VOCE", attacks the CCRR whenever possible. Other papers are generous in praise of them.

8. VARIOUS.

Ex-PWs returned from Russia wrecked two communist and one socialist HQs in NAPLES, and an attempt to break into the Municipio was prevented by the Police.

At SAN GENNARO, as a result of an explosion, (believed Allied mine) 17 persons were found dead.

Complaint is made of the inadequacy of the station-pay allowance.

9. GENERAL.

(a) Considerable difficulty has been found in providing accommodation for the NAPLES MOBILE BATTALION. I have at last found a barracks which the Americans are evacuating, and it is suitable for housing the whole Battalion.

(b) All the mitra Beretta received at NAPLES have been distributed to groups, as also has the ammunition. They are now in course of distribution to lower formations. There is no doubt that the arrival of the 10 load carriers will enormously improve the speed of distribution.

1.- OPINIONE PUBBLICA

L'opinione pubblica deplora la incerta posizione giuridica internazionale dell'Italia. Dopo vari mesi di conferenze e riunioni dei rappresentanti degli Stati vincitori, si intravede ancora assai lontano il tanto atteso trattato di pace. Le divergenze degli Alleati, circa riparazioni e problema coloniale, destano sempre vive preoccupazioni sull'esito delle riunioni di Parigi. Si teme che riescano vani i tentativi anglo-americani in nostro favore, contrastanti con l'atteggiamento sovietico, decisamente ostile ai nostri interessi.

Le parole di elogio e d'ammirazione avute dal prof.Lusky, in riconoscimento dell'apporto dell'Italia alla lotta per la liberazione, hanno prodotto favorevole impressione.

4677

Per quanto riflette i problemi interni, l'attenzione della maggioranza delle popolazioni è stata attratta dalle elezioni amministrative, svoltesi quasi ovunque senza disordini e violenze. L'affluenza alle urne è stata superiore alle previsioni: le donne hanno partecipato in grande maggioranza. La libertà del voto non ha subito imposizioni.

2 MAY 1946

CURR/5/5

Declassified E.O. 12065 Section 3-402/NNDC NO. 725020

E' intensa ora la preparazione al grande evento storico delle elezioni politiche del 2 giugno. I partiti politici hanno già iniziata la propaganda e si potenziano per la lotta, che si prevede serrata. Più attivi i partiti di sinistra, che non fanno mistero di disporre anche di armi, con le quali difendere, se necessario, il loro partito.

Masse cospicue di intellettuali, ex combattenti, reduci e indipendenti auspicano la vittoria dell'Istituto monarchico, quale solo idoneo a rafforzare l'unità del Paese e a sanare le gravi sciagure da cui è afflitto. E' convinzione di costoro che il popolo italiano non sia ancora preparato ad affrontare l'avventura repubblicana, che potrebbe facilmente far scivolare il Paese decisamente nel bolscevismo.

SITUAZIONE ECONOMICA

Le persistenti gravi difficoltà alimentari ingenerano vivo allarme. Tuttavia le popolazioni sperano nella comprensione degli Alleati, particolarmente nella Nazione Americana, che ha già dimostrata la sua benevolenza verso gli Italiani, per adeguati rifornimenti di viveri e di materie prime. Occorre però provvedere d'urgenza, prima che lo spettro della fame e della miseria si appalesi in pieno con gravi conseguenze per l'ordine e la sicurezza pubblica.

4676

2.- DIMOSTRAZIONI E CONTENTI DELL'ARIA

I sistemi violenti di lotta, fondati sulla intolleranza, usati frequentemente dagli organismi politici di sinistra, esasperano gli aderenti ai partiti moderati e

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

la maggioranza del popolo, ormai stanchi di perturbamenti, disordini, saccheggi ed incendi.

Si attribuisce la responsabilità dei disordini alla debolezza delle autorità politiche provinciali, che facilmente cedono alle imposizioni degli agitatori e dei mestatori, nella vana speranza di evitare conseguenze più gravi.

La recente circolare diramata ai prefetti dal Ministro degli Interni, riportata nella stampa periodica, ha suscitato favorevoli commenti. Il pubblico si augura che le tassative disposizioni contro i perturbatori dell'ordine siano scrupolosamente osservate e rispettate. Invero in alcune province pugliesi - Brindisi, Lecce, Taranto, Foggia - la circolare ha trovato rapida applicazione in occasione di disordini verificatisi in alcuni centri.

3.- COMMENTI DELLA STAMPA SULL'OPERATO DEI CARABINIERI

La " Gazzetta del Mezzogiorno " - quotidiano indipendente- nell'editoriale del 9 corrente prospetta un quadro della situazione delle forze dell'Arma e della polizia, rilevando che esse, mal pagate, mal nutrite, mal vestite, numericamente insufficienti, e sopratutto sprovviste di armamento adeguato, si prodigano in un lavoro estenuante e pericoloso, oltre ogni sopportazione. Aggiunge che non è facile mantenere l'ordine pubblico destreggiandosi fra la debolezza, che può sembrare acquiescenza, e la repressione violenta, che può produrre vaste, funeste reazioni.

4675

Il settimanale " Orizzonte " del 13 corrente, in un trafiletto di seconda pagina dal titolo: " I Tre non torneranno più ", ricorda con accorate e nobili parole l'eccidio dell'appuntato Turco Pietro, del carabiniere Romeo Carlo e del carabiniere Mombello Nicola - caduti nel marzo u/s.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

durante i noti moti di Andria;i tre militari, aggiunge il giornale, all'ignominia del disarmo, preferirono la morte.

Qualche organo di sinistra censura talvolta ingiustamente l'operato dell'Arma. Tali critiche sono però sfavorevolmente accolte dal pubblico. Specie nei piccoli centri di provincia,la popolazione vede sempre nell'Arma la tradizionale istituzione tutelatrice dell'ordine e della sicurezza pubblica.

Molto apprezzata da autorità ed esponenti politici l'azione imparziale svolta dall'Arma durante le elezioni amministrative.

4.- GRAVI MANCANZE COMMESSE DAI CARABINIERI

Nessuna.

5.- F A T T E

Nulla da variare a quanto detto nelle precedenti relazioni.

6.- TRASFERIMENTI DI UFFICIALI SUPERIORI

Il Tenente Colonnello (r) CC.RR. Schiavoni Giovanni,già collocato in congedo, è stato richiamato in servizio per la durata di un mese.

4674

7.- DEFICIENZE DI ARMAMENTO, EQUIPAGGIAMENTO, ECC.

Del vestiario assegnato a questa legione sono finora pervenuti:

Declassified E.O. 12065 Section 3-402/NNDC NO. 725020

- 1500 camicie di tela g.v.;
- 100 fasce ventriere di flanella;
- 3487.95 metri di panno kaki, a completamento dell'assegnazione per confezionare le nuove uniformi tipo alleato.

Si presume che dette uniformi potranno essere pronte verso il giorno 15 del prossimo mese di maggio.

Circa l'armamento nessuna variante alla precedente relazione.

8.- SPIRITO E MORALE DEI CARABINIERI

Grave motivo di apprensione, a discapito diretto del rendimento in servizio, è l'insufficienza delle paghe dei militari dell'Arma. Malgrado accorgimenti e privazioni i militari non riescono a fronteggiare il minimo delle esigenze della vita.

9.- CENNI GENERALI SULLE CONDIZIONI DELLA PUBBLICA SICUREZZA DEL TERRITORIO

Le condizioni della pubblica sicurezza sono poco soddisfacenti; particolarmente nel Foggiano, nella zona delle Murge e del Materano.

L'abigeato infierisce nella zona garganica, compromettendo il patrimonio zootecnico. I proprietari sono costretti a venire a patti con gli abigeatari.

4673

Nella zona del tavoliere le audaci rapine nelle fattorie e sugli stradali sono innumerevoli. La delinquenza, organizzata in bande, dispone di buon armamento e munizionamento.

Reati verificatisi nella 1ª quindicina di aprile:

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

- Omicidi dolosi 19; per 8 sono stati scoperti gli autori, arrestando 5 persone;

- Rapine 30; per 13 sono stati scoperti gli autori, arrestando 14 persone e denunziandone 2;

- Estorsioni 4; 4 scoperte e 4 persone arrestate;

- Furti aggravati 121; per 51 sono stati scoperti gli autori, arrestando 23 persone e denunziandone 22.

V A R I E

- Nel settore dell'agricoltura v'è scarsa disponibilità di fertilizzanti ed anticrittogamici, con grave nocumento alle culture.

- I servizi pubblici sono tuttora imperfetti. La efficienza delle ferrovie è inadeguata ai bisogni: il numero delle corse viaggiatori è ridotto per deficienza di materiale rotabile e sopratutto di carbone.

- I trasporti automobilistici risentono delle difficoltà di approvvigionamento di pezzi di ricambio, gomme, carburante.

- Assai limitata l'erogazione del gas.

- Collegamenti dei comandi dell'Arma:
  - stazioni non collegate ai comandi di ufficiale con telefono: n. 134
  - stazioni nella cui sede non esiste ufficio telefonico: n. 134

N A P O L I

1.)- OPINIONE PUBBLICA

L'opinione pubblica segue con interesse lo svolgersi delle elezioni amministrative, dalle quali vorrebbe trarre deduzioni circa la consistenza delle varie correnti politiche.

V'ha equilibrio fra le varie tendenze politiche, in taluni centri, prevalenza di masse orientate a destra e verso l'Istituzione Monarchica.

Commenti favorevoli - anche per le simpatie e la fiducia che godono nelle masse gli uomini che sono a capo - ha riscosso l'annuncio della costituzione dell'Unione Democratica Nazionale.

Il pubblico segue con appassionata ansia le notizie circa la stesura del trattato di pace con l'Italia, ed attende ansiosamente di conoscere quale sarà il suo destino internazionale.

Preoccupazioni per i manifesti dissidi esistenti fra le grandi potenze che, oltre a mettere in pericolo la pace del mondo, pregiudicano ed ostacolano la definizione del trattato di pace con l'Italia, ritardando sensibilmente ogni attività di ricostruzione e rinascita.

4669

%

2.)- SITUAZIONE ECONOMICA

La situazione economica ed alimentare è grave e non appare suscettibile di miglioramento, fino a quando non saranno iniziati i lavori di ricostruzione ed incrementati i traffici.

Malcontento per la riduzione della razione della pasta e per la rarefazione, con conseguenti sensibili aumenti di prezzo - al mercato nero - di vari generi di prima necessità, come farina, riso, pasta, pane, olio, ecc.

3.)- IMPRESSIONI E COMMENTI DELL'ARMA

La maggioranza della popolazione, amante dell'ordine, auspica che l'Arma venga posta in condizioni di agire vigorosamente contro gli aggruppamenti di delinquenti comuni, che traggono baldanza da presunte o reali protezioni politiche.

Molti non si spiegano come mai, in occasione dei ricorrenti perturbamenti da tutti riconosciuti opera di delinquenti, il Governo invii esponenti politici e non funzionari dell'amministrazione centrale della P.S., per coordinare e dirigere l'opera di repressione.

L'Arma, conservando le sue caratteristiche di assoluta apoliticità, segue gli sviluppi del regime democratico, ispirando la sua azione al rispetto della legge ed alla tutela dell'ordine e sicurezza pubblica. Interviene tempestivamente ed efficacemente, cercando di prevenire atti inconsulti, vittime e violenze in genere. Ripristina l'ordine ed il rispetto alla legge, spesso a prezzo di sanguinose perdite. Il suo intervento ha talvolta evitato gravi conseguenze e maggiori lutti.

4668

Declassified E.O. 12065 Section 3-402/NNDG NO. 785020

4.)- COMMENTI DELLA STAMPA SULL'OPERATO DEI CARABINIERI

La stampa di destra pretenderebbe che i carabinieri si mostrassero più energici nella tutela dell'ordine e della P. S., quella di sinistra, invece, accusa l'Arma di fascismo e di reazionismo.

In complesso, però, la stampa seria e moderata dimostra una certa simpatia, apprezzandone l'obbiettività e l'attività.

Durante la quindicina in corso sono state riportate, senza commenti, alcune operazioni di servizio condotte felicemente a termine.

5.)- GRAVI MANCANZE COMMESSE DAI CARABINIERI

Il comando Generale ha preannunciato l'assegnazione a questa legione dei seguenti materiali:

- camicie di tela K.O.
- asciugatoi
- guanti di cotone bianco
- scodelle di alluminio
- borse da viaggio
- scarpe nuove paia 500.

9.)- SPIRITO E MORALE DEI CARABINIERI

Depresso a causa delle rappresentate difficoltà economiche e della carenza assoluta di vestiario.

10.)- CENNI GENERALI SULLE CONDIZIONI DELLA SICUREZZA PUBBLICA DEL TERRITORIO

L'Arma sta attraversando un periodo difficile, forse il più critico della sua secolare esistenza. Pur difettando di uomini, mezzi, armamento, ed equipaggiamento e pur essendo il suo personale tutt'altro che sereno per le precarie condizioni economiche, l'attività dell'Istituzione si dimostra preziosa ai fini della ricostruzione. Indipendentemente dal campo politico, dove i vivi contrasti la mettono a dura prova, è stato necessario affrontare la dilagante delinquenza, incoraggiata dai facili successi anche nelle imprese più azzardate. Preoccupante è anche la delinquenza minorile. 4663

Le popolazioni sono esposte a gravi pericoli anche perchè i criminali, bene organizzati, dispongono di larghi mezzi ed ottime armi.

A tutto ciò è da aggiungere la mancata rigorosa applicazione di condanne esemplari, pena di morte compresa. Pochi esempi di condanne capitali riuscirebbero a ridurre sensibilmente gli

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

episodi criminosi che turbano la pubblica sicurezza.

Reati verificatisi nella 2^ quindicina di marzo:

- Omicidi dolosi n. 8 di cui 8 scoperti con 8 persone arrestate
- Rapine n.14 di cui 7 scoperte e 7 persone arrestate e 6 denunziate
- Estorsioni n. 5 di cui 3 scoperte e 3 persone arrestate e 4 denunziate
- Furti aggravati n.340 di cui 145 scoperti e 100 persone arrestate e 136 denunziate.

Migliorati - ma ancora lontani dalla normalità - i vari servizi: trasporti, scuole, illuminazione. In questi ultimi giorni diminuite alcune corse di treni per deficienza di carbone. Limitatissima l'erogazione del gas.

Risposta al foglio del 15 marzo u.s. 156/22

OGGETTO: Relazione bimensile.-

CARABINIERI REALI * COMANDO 5ª BRIGATA 23 MAR 1946

AL COMANDO DELLA 5ª BRIGATA DEI CC.RR.

N A P O L I

I°)- OPINIONE PUBBLICA

L'opinione pubblica in queste settimane é completamente avvinta dalle operazioni elettorali per la nomina delle amministrazioni comunali.

La propaganda dei partiti politici escogita ogni sistema per convogliare il maggior numero di voti alle varie liste: ridda quindi di comizi elettorali, di articoli di stampa, di programmi di nuovi provvedimenti economici ed amministrativi che i candidati delle liste promettono agli elettori.

Circa l'orientamento generale della massa degli elettori nulla di definitivo può ancora dirsi: le due prime giornate hanno posto in risalto come in alcune zone(quali la provincia di Foggia) ed in alcuni centri minori(quali S.Michele di Bari, Montemesola, Capurso, Conversano, Montejasi, Laterza, S.Mauro Forte, Aliano) la prevalenza sia in modo indubbio dei partiti di sinistra, mentre in altre(specialmente la provincia di Lecce) vi sia netto predominio delle correnti di destra e moderate. 4662

E' da porre in evidenza che la campagna elettorale, sebbene intensa e combattuta, si sta svolgendo in piena libertà d'azione e di coscienza. Tranne uno o due episodi di irrilevante importanza, le operazioni si sono svolte ordinatamente.

2°)- IMPRESSIONI E CONCETTI DELL'ARMA

L'ordine pubblico nelle provincie di Foggia, Lecce, Brindisi, Taranto e Matera si é mantenuto in genere calmo. In provincia di Bari si sono invece verificati due gravi e luttuosi episodi.

Le agitazioni del grosso centro agricolo di Andria, durate dal 5 all'8 corrente, ed il conflitto fra elementi qualunquisti e di sinistra di Ruvo di Puglia.

Ad Andria - centro ove i movimenti popolari sono ricorrenti - una cospicua massa di disoccupati - principalmente lavoratori dell'agricoltura - lotta contro le classi agrarie che detengono la totalità della ricchezza della zona. A questo fattore eminentemente economico si innesta, con intelligente sfruttamento, il fattore politico ad opera di agitatori di sinistra. Il movimento popolare ultimo - ormai completamente sedato con l'impiego di larghi mezzi di polizia - ha avuto conseguenze tragiche per la popolazione civile, che ha subito tre morti e vari feriti, e per le forze dell'ordine, il cui contributo di sangue é stato di tre morti e 3 feriti gravi.

A Ruvo di Puglia, ove i disordini sono stati immediatamente repressi, si sono lamentati due morti e 41 feriti.

Le autorità hanno proceduto per entrambi i casi all'accertamento delle prime responsabilità, operando fermi ed arresti.

3°)- CONCETTI DELLA STAMPA SULL'OPERATO DEI CARABINIERI

La stampa dei vari partiti - sebbene sia influenzata dalle idee di parte - tuttavia negli ultimi tempi si é dimostrata piuttosto riservata ed obbiettiva circa l'azione delle forze di polizia e particolarmente dell'Arma.

Nulla di rilevante da riferire.

4°)- GRAVI MANCANZE COMMESSE DA CARABINIERI

Denunzia di un carabiniere per rifiuto di obbedienza ad ufficiale.

5°)- P A G H E

Il trattamento economico non é proporzionato al grado, in quanto esiste una differenza irrilevante fra gli assegni dei vari gradi gerarchici. Detto trattamento non é neanche proporzionato allo stato di famiglia dei militari, in quanto non esiste una differenza sensibile fra celibi e ammogliati. Sostanziale é la differenza nel carovita fra i militari che risiedono nei grandi centri e quelli residenti nei centri minori. Per contro é notorio che il costo della vita nei piccoli paesi é uguale ed a volte superiore a quello delle città.

Gli assegni corrisposti al personale con famiglia non sono in relazione al reale costo della vita.

VESTIARIO ED EQUIPAGGIAMENTO GRUPPO A

Da qualche tempo lievemente migliorato, tuttavia si é ancora lontani dalla situazione che il decoro ed il prestigio dell'Arma richiederebbero.

I militari attualmente hanno una sola uniforme e molti anche una sola serie di biancheria e maglieria. Ciò provoca più rapido logorio dei materiali in distribuzione. Va notato anche il fatto che la divisa attuale dell'Arma non é dello stesso tipo e colore per tutti: é in uso, infatti, un misto di uniformi di p.t., grigio verde e tela kaki oliva. Ciò, oltre ad avere ripercussioni sulla snellezza e praticità delle distribuzioni, confezioni e riparazioni, infirma quel prestigio dell'Arma, derivante anche dalla tradizionale divisa di panno turchino.

Attualmente il magazzino legionale manca, od ha scarsità, dei seguenti capi di corredo e di equipaggiamento. Se ne indica il fabbisogno:

- camicie di tela g.v. con colletto 3000
- " di tela kaki oliva 5000
- corpetti o farsetti di lana a maglia 2000
- mutande di tela lunghe 2000
- pantaloni di tela bigia lunghi 2000 4663
- asciugatoi 2000
- borse di tela da viaggio 500
- soggoli per cappelli 200
- gavette 500
- distintivi di grado da vicebrig. 500

- distintivi di grado da brigadiere 500
- secchi da fanteria 500
- guanti di filo bianco paia 1000
- lacciuoli per scarpe paia 2000
- pantaloni di panno g.v. con banda a cavallo 100
- cappelli da carabiniere 200
- alamari argentati paia 2000
- tazze di alluminio 500

- pantalone di panno g.v. per arma a piedi 2000
- " " " " " " " cavallo senza bande 100
- giubbe, pantaloni lunghi e corti, cappotti e berretti di p.t.. Circa tali oggetti il Comando Generale ha fatto conoscere che l'uso della serie di panno turchino resta riservata per le sole legioni della Capitale, ed ha assegnato a questa legione il panno kaki oliva e gli accessori per la confezione di 2000 uniformi; ciò sarà fatto appena detto Comando Generale avrà inviati i relativi conti di costruzione.

MATERIALI DEL GRUPPO B.

Difettano i seguenti oggetti, di cui si indica il fabbisogno:

- manette per detenuti 150
- catenelle di sicurezza 2000
- lucchetti con chiavi per catenelle di sicurezza 2000
- catene lunghe per detenuti 50
- catene corte per detenuti 50.

8°)- SPIRITO E MORALE DEI CARABINIERI

Depresso in conseguenza del trattamento economico assolutamente insufficiente per far fronte all'elevato costo della vita.

Motivo di serie preoccupazioni per i militari dell'Arma

./.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

ammogliati é costituito dalla gravissima crisi degli alloggi,sia nei grandi centri,come nei piccoli,che molte volte obbliga i militari a gravi sacrifici economici,non potendosi far seguire dalle famiglie nei vari trasferimenti.

9°)-CENNI GENERALI SULLE CONDIZIONI DELLA SICUREZZA PUBBLICA

Durante la prima quindicina del corrente mese si sono verificati i seguenti delitti:

- omicidi dolosi	5
- rapine	22
- furti aggravati	350
- " semplici	160
- associazione per delinquere	1

Le provincie dove si sono verificati il maggior numero dei suddetti reati sono Foggia,Bari e Matera . Cause che alimentano in buona parte la delinquenza sono da ricercarsi nella forte percentuale di disoccupati,nelle condizioni di miseria di larghi strati della popolazione,nella abbondanza di armi da guerra illecitamente possedute dai civili.Dette armi provengono - come é noto - nella quasi totalità dallo sbandamento delle truppe italiane susseguente all'armistizio.

L'Arma ha perseguito,con arresti e denunzie,buon numero dei responsabili di reati.
