In Nov. 46 this unit drew a 3 months supply of hard rations expiring on 18 Feb. 47.

On completion of disbandment a considerable quantity of rations will be left unconsumed. May disposal instructions please be issued.

It is suggested that to avoid difficulties of transport, some items such as flour might be vouchered over to the British Consulate in Palermo who, I understand ~~is~~ entitled to certain rations on repayment.

ALL UNITS.

20 August 1946.

Below is a copy of G.H.Q., C.M.F., General Routine Order No. 573 of 1946 for compliance by all units drawing rations from this Depot.

#### 270. PREPARATION OF RATION INDENTS

1. In connection with the food economy campaign GHO 228/46 para 9(c) lays down that ration indents will be signed by an Officer only after careful scrutiny. Recent reports indicate that there is considerable laxity in preparation of ration indents and that, if indeed these are signed by an officer (and many are not) he is not aware of the correct method of preparation. With the exception of the number of rations required most other important details are ignored on the assumption that the issuing depot will fill in the other spaces. This latter omission indicates that responsible officers are giving little or no thought to underdrawals.

2. The attention of all concerned is therefore drawn to the "Instructions to Units" found in AB 55 and in particular to the following points most frequently neglected in the preparation of ration indents.

- (a) Title of unit/sub unit must be clearly and legibly stated,
- (b) The actual numbers rationed by the unit on the day previous to that on which the indent is prepared must be shown.
- (c) The components of the ration not required must be listed.

These quantities should be related to the unconsumed quantities remaining in the unit store after the completion of messing for the day.

- (d) CO unit or a responsible officers representative nominated by him will sign the indent.

3. Local modifications are sometimes necessary to the standard requirements of number of copies of ration indents, and to the times of presentation of indents; those and other instructions necessitated by local conditions will be complied with.

4. Orders have been issued that ration indents which indicate lack of attention to the above instructions will be forwarded through the usual channels to Area Headquarters or its equivalent for appropriate action.

5th Aug. 46

Dear Major,

I want to visit PALERMO to see the C.I.P. people and to discuss with you the matter of your rations (see below). The M.O. P/Lt SMITH would also like to visit your unit and bring Mrs SMITH along.

I should be grateful if you would let me know if you could accommodate the three of us plus one British L/Cpl driver from Friday evening 16 Aug to Monday morning 19 Aug. The ration problem of course would be solved by your adjusting your indents for these dates accordingly.

Rations for 11 B.L.U. I have to implement the instructions contained in the attached copies of 3 District ST 3049 26 July 46 and GHQ 2521/Q1 11 June 46. No doubt you will be able to institute the necessary enquiries and have available when I call some preliminary information on the following paragraphs in the 3 District letter.

- 2(a) Estimated ration strength for next two months
- 2(c) Charges for getting bread baked locally
- 2(d) Is there a local cold store? If so, what is the temperature maintained in it? What is the charge for hiring space (per cubic metre)?
- 2(e) What is the cost of ice per kilo?
- 2(f) What are current prices of melons - Grapes - Pears - Cabbage - Eggs - Potatoes - Tomatoes - Cucumbers (or any other items you fancy).

Yours sincerely

By Hand

## Appendix "B" to GPO 434/46

1. The Return will show the *average daily numbers* drawing rations or allowances in lieu during each period of thirteen weeks ending on the Friday nearest the last day of Feb, May, Aug and Nov.

2. The return will be rendered by all units, formations, detachments, etc., demanding rations independently. Should a unit normally entitled to submit separate indents for rations be in fact attached to another unit for such purposes the accounting unit will include on its return details of any such units, and will state the titles of all such units for which it is accounting.

3. The return will include all personnel on the strength of or attached to the unit for the purpose of rations but will exclude all personnel attached to any other unit for these purposes, *eg.* attending courses, in hospital.

4. Personnel of the Womens Services and female civilians drawing male scale of rations will be shown as women.

5. Numbers shown "in Mess" will be the actual numbers without the authorized additions for small units.

6. Hospitals, convalescent units and Detention Barracks will ensure that they include not only their own staff but also patients and men undergoing sentence under the appropriate headings.

7. Returns from Prisoner of War Camps will show staffs and prisoners separately. Prisoners will be segregated under headings "Workers" and "Non-Workers".

8. Where RAF or Naval personnel are attached for rations to Army units, such attached personnel will be shown in the appropriate "RAF or RN" column of the return.

HQ

Authority is requested for the issue of rations on repayment to the u/m American Army personnel and wives of the U.S. Army Unit 2621 G.H.U. Palermo.

Lieut. A.L.Lawson.

Mrs A.L.Lawson.

PFC R.Jurovsky.

Mrs R.Jurovsky.

PFC E.A.Walsh.

Mrs E.A.Walsh.

The reason for this application is there is no other American army unit in Palermo from whom they can draw rations.

It is presumed that the payment is treated in the same manner as issues to British civilians. If this is incorrect please state the correct procedure.
