1. Approximately 150 students for Scuola di Specializzati Reparazioni, will go through their respective courses at one or the other of the following schools:-

(1)	Centro Studio	-	Via Pindo vecchio
(11)	Scuola Industriale	-	Duo d'Aosta - Via Taranto
(111)	"	-	Galileo - Via Conte Verdi

2. They will be accommodated in the Caserma Regina Margherita - Viale dell'I Milizie.

3. I have, to-day, visited this accommodation and found:-

- (a) No water available - except between 1000 hrs. and 1300 hrs.
There are no roof tanks, and as this order appears to be general throughout Rome, any alteration seems to be outside our capabilities.
- (b) Electric light is laid on but there are no lamps.
- (c) There is no Dining Hall. The men queue for their food and take the meals 'al fresco'.
- (d) The accommodation is not particularly clean, and the walls need colour washing.
- (e) There are only 8 taps in two ablution rooms, but places for 12 taps.

Major G.K. Alexander, RA (Civitavecchia).

1. Reference this H.Q. letter A/3/1551 dated 6 May 46. It is very much regretted that a representative of the Italian State Maggiore was not present at the appointed time. A letter of explanation from Col. Malvesti, head of the State Maggiore at the Comando Scuola, is attached, from which it will be seen that the failure of the officer to appear was due to circumstances outside our control.

2. It is hoped to make arrangements for a further meeting in the near future.

-----SUBJECT: Inventory of Fixed Assets at the Duce d'Acosta Barracks, CIVITAVECCHIA

The absence of the officer representative of the Stato Maggiore, who was to have reported this morning to the Duce d'Acosta Barracks at Civitavecchia, as requested by 12 B.L.U., was substantially my fault, on account of a misunderstanding on the telephone.

I ask you to excuse me and to let me know on what day another meeting can be fixed.

PART 100

Grand total including permanent staff 38 + 167 = 547
Additional courses may be run for Senior Officers say total 600

Present course started 25 Mar 48 in order to supply all O.A.As. with necessary number of Medical Orderlies and Medical Assistants.

77 students on course and will be appointed after by S.M.R.S. at rate of 4 per territorial No.

Chief object of visit.

1. Consider to see accommodation occupied by School including Welfare Centre on KINNI - THANI road.
2. Discuss the accommodation to be occupied by officers. Bearing in mind that:
 - (a) A number of Senior Officers will be attending the course.
 - (b) It is now PLEASANT and accommodation should, whilst not luxurious, be better suited than during war-time.
3. Consider remarks on future improvements. Bearing in mind that PLEASANT is the key to most of the problem.

Subject: ACCOMMODATION - SIGNAL SCHOOL.

12 BRITISH LIAISON UNIT
for the
ITALIAN CENTRAL MILITARY SCHOOLS.
(Tel: ROME 66319)

Ref: G/Q.18/993.

16 Feb. 46.

To: Commander
12 B.L.U.

Copy to: Comando Scuole Centrali Militari,
Comando Scuola Collegamenti.

1. The present accommodation of the Signal School will, according to the plan proposed by the Commandant, accommodate approximately 2,300 men. Under the training scheme proposed by S.M.R.E., the total numbers to be accommodated in the School will be approximately 2,600 in May, rising to a peak of 3,000 by September.
2. It is believed that the D. & M. School are vacating the buildings adjacent to the Signal School, when the Poles move from CROCCINOLA, and are transferring the portion of their School at present occupying these buildings, into the accommodation to be vacated by the Poles. If these vacated buildings are allotted to the Signal School, as is believed to be the intention, it will then be possible to house the 3,000 personnel in good accommodation.
3. The present allocation of accommodation, as proposed by the Commandant of the Signal School can, however, only be put into effect by 1 May 1946 if a considerable amount of re-habilitation is carried out before that date. The building allotted as a Troop's cookhouse and that allotted as a troops' dining room are both at present devoid of roofs, while one block of the main barracks is almost devoid of doors and windows.
4. At present, few men are engaged on the re-conditioning of the barracks and unless considerably more men and material are made available for this work in the immediate future, there appears little prospect of the buildings being in good condition by the beginning of May.
5. Owing to the large numbers to be accommodated it has been necessary to use three of the four main blocks purely for accommodating men and as a result, the classrooms have had to be provided in what were originally stables. It is hoped that, when additional accommodation is obtained, it will be possible to use the classrooms for their original purpose.

The present allocation of accommodation, as proposed by the Commandant of the Signal School can, however, only be put into effect by 1 May 1946 if a considerable amount of re-habilitation is carried out before that date. The building allotted as a Troop's cookhouse and that allotted as a troops' dining room are both at present devoid of roofs, while one block of the main barracks is almost devoid of doors and windows.
4. At present, few men are engaged on the re-conditioning of the barracks and unless considerably more men and material are made available for this work in the immediate future, there appears little prospect of the buildings being in good condition by the beginning of May.
5. Bring to the large numbers to be accommodated it has been necessary to use three of the four main blocks purely for accommodating men and as a result, the classrooms have had to be provided in what were originally stables. It is hoped that, when additional accommodation is obtained, it will be possible to use some of the more suitable rooms on the ground floor of the main buildings as classrooms.
6. If a pressing need for accommodation arises for a period, when the School has its first intake, it is suggested that the recently acquired barrack block outside the main barracks could accommodate considerably more than the 537 men allocated to it. Judging by the capacity figures painted on the walls of each room by the Americans, it is capable of holding approximately 700 men.
