3. The reasons for the Proposal.

(a) 3 O.Ss. (Interpreter, Officers' Mess Master, Officers' Mess Cook) have been found unnecessary under W.S.

(b) Drivers. The proposed new W.S. of vehicles for 12 H.L.V. is 10. An increase of 2 drivers would therefore be required to allow one driver for each vehicle, taking into account casualties due to sickness, etc.

(c) Batmen. The proposed W.S. of British Officers and that of Italian Lieutenant Officers combined, is 14. It is considered that an increase of 3 would be sufficient for the permanent staff and attached officers.

Italian N.C.O. and Cooks for Italian Mess. Since the drawing of Italian rations is now an Italian responsibility, the N.C.O. would be required for its supervision. He would also supervise the running of the Italian N.C.O.'s mess.
2 Cooks should be sufficient for 63 O.Ss.

Telephone Operators. 4 telephone operators allow one man to be on duty for a total period of six hours per day.

Guards. Experience has proved the necessity of providing guards for the officers' sleeping quarters by day and the garage by night. Guards cannot be supplied by 12 H.L.V. since the majority of personnel are N.C.Os. and full-time employed. The buildings occupied by 12 H.L.V. and the Italian Mess are spread over a wide area and require constant supervision.

(a) Includes persons for detached schools.

Reference DMT letter DMT/08/13/MT1, dated 27 Feb. 45.

1. The subject of increasing the training personnel in the four trades from 270 to 450 was raised some weeks back, when I was speaking to Major Bellamy, D.A.D.M.E. A.F.C. on the telephone.
2. I mentioned then that the present accommodation at Casano for the Mechanics School was inadequate for 450 trainees, and could just house the 270 for which the school was planned.
3. However the extra number of trainees was under consideration. I was asked to give a list of the instructors which would be necessary to instruct the increased number of trainees.
4. The list as per DMT's letter attached was submitted by me, and will be adequate.

(e) Copy of proposed War Establishment is attached at A. 4311

3. Reasons for the Proposal.

It has been decided to combine the functions of the British Liaison Unit and the British Training Increment to R.F.C., I.C.P., in one organization. At the same time, greater powers and responsibility in regard to both training and administrative matters have been vested in the command of the British nucleus at GESSANO.

The strength of the R.F.C., I.C.P., has been increased from approximately 10,000, all ranks, to 13,500, all ranks, with a consequent increase in work involved.

The experience of two months has shown that the British Liaison Unit training and administration staff have to undertake much more detailed work in all aspects than was at first envisaged and that the increase in personnel and vehicles now proposed is essential to efficient liaison and control.

1. The Establishment for Italian Increment to British Liaison and Training Unit, R.T.O., A.O.P.

Ref: A/64/3
14 March 15.

1. The Establishment.

- (a) A new War Establishment.
- (b) It is proposed to convert to this W.E. the following units :-
 - (i) 152 Italian Increment to B.L.U. (NA/509/4)
 - (ii) Incorporated Italian personnel authorized by GH/73/4 R.T.O. to R.T.O., I.C.P.

2. The Effect of the Proposal.

(a) Increase of :-

	GRASS.	INF.	(see para. 2(c)(1))
(i) Personnel.			
Officers.	2	1	
O.Ns.	56	22	
(ii) Transport.			
Truck 15-cwt. x 2 GPs.	4	1	

(b) R.A.

- (c) (i) The increase will be partially covered by:
 - A. The disbandment of 152 Italian Increment to B.L.U. (NA/509/4)
 - B. Incorporation of Italian personnel on authorized R.T.O. of R.T.O., R.T.O., I.C.P. (GH/73/4).
- (ii) All personnel will be Italian military.

(d) There will be only one unit affected by this proposal.

(e) Draft new War Establishment is attached at Appendix 'A'.

3. Reason for the Proposal.

It provides an Italian increment to the new British Liaison & Training Unit proposed under A/62/3. The unit authorized by War Establishment NA/509/4 is assigned to be attached to B.L.U. with a Group in Subalterns. Such a B.L.U. is an entirely different War Establishment to the B.L.U. Training Unit, and consequently it is essential to form a special Italian increment to meet the requirements of this Unit.

Ref. 380/12/2.
6 Feb 45.

To:- D.A.A. and Q.E.S. Br. Inc. R.F.C. I.C.P.

As I understand the proposed W.E. of the British Liaison Unit, to be attached to RVC. ICP, is at present under discussion, may the following comments and suggestions regarding R.A.O.C. personnel be considered in the light of local requirements, and as a personal opinion on my part.

1. The reason is that I understand that R.A.O.C. personnel (O.Rs) in the B.L.U. may consist of 4 B.O.W.O. (W.O. 2.) and 2 storemen (1 Cpl. 1 Pte.), and these I consider inadequate to meet the task ahead efficiently and effectively.

2. I suggest that my O.Rs staff at a minimum should consist of:-

1 B.O.W.O. (W.O. 1 or W.O. 2)

1 Clerk (Pte.)

3 Storemen (1 Sgt 2 Opls.)

3. The B.O.W.O. is required as my chief assistant.

(a) To keep constant contact within the R.F.C. and ancillary Italian Units to assist and advise in all difficulties and problems regarding Ordnance Stores.

(b) As my deputy in my absence at any time.

4. An Ordnance Clerk is required, because it will be essential that his work be done by someone who has had previous training and experience in Ordnance Procedure.

5. (a) In the R.F.C. Central Storehouse practically all types of Ordnance Stores will be handled. As yet the Italian Stores personnel have very little knowledge of British Equipment and practically none at all of weapons and other technical stores of any kind, even Italian.

(b) The quantity of stores likely to be handled will be quite considerable in proportion to the personnel available, both Italian and British. The first consignment of stores since my arrival will consist of 500 tons in clothing and necessities alone. Storage space will have to be extensive and probably four medium sized sheds will be used. I do not consider that one British Junior W.C.O. and one private will be adequate or competent to give much useful and comprehensive assistance under these circumstances.

1. The reason is that I understand that R.A.C.O. personnel (O.Rs) in the P.L.U may consist of 1 P.O.W.O. (W.O. 2.) and 2 storemen (1 Cpl. 1 Pte.), and these I consider inadequate to meet the task ahead efficiently and effectively.
2. I suggest that my O.Rs staff at a minimum should consist of:-
 - 1 P.O.W.O. (W.O. 1 or W.O. 2)
 - 1 Clerk (Pte.)
 - 3 Storemen (1 C/Sgt 2 Opns.)
3. The P.O.W.O. is required as my chief assistant.
 - (a) To keep constant contact within the R.T.C. and ancillary Italian Units to assist and advise in all difficulties and problems regarding Ordnance Stores.
 - (b) As my deputy in my absence at any time.
4. An Ordnance Clerk is required, because it will be essential that his work be done by someone who has had previous training and experience in Ordnance Procedure.
5. (a) In the R.T.C. Central Storehouse practically all types of Ordnance Stores will be handled. As yet the Italian Stores personnel have very little knowledge of British Equipment and practically none at all of weapons and other technical stores of any kind, even Italian.
 - (b) The quantity of stores likely to be handled will be quite considerable in proportion to the personnel available, both Italian and British. The first consignment of stores since my arrival will consist of 500 tons in clothing and necessities alone. Storage space will have to be extensive and probably four medium sized sheds will be used. I do not consider that one British Junior N.C.O and one private will be adequate or competent to give much useful and comprehensive assistance under these circumstances.
 - (c) The British Increment of Storemen should possess between them practical knowledge of all the stores involved, e.g. clothing and general stores, weapons, small arms ammunition, M.F. spares and doubtless some technical equipment, and in my opinion each one should be a specialist in a different category from the others. Furthermore they should all be N.C.Os in order to be acceptable as instructors and supervisors to help the Italian Staff competently.
