To: Commandant,
"F" B.I. & T.U.

"F" Bri sh Liaison & Training

Unit, RTC, ICF.

Ref: ORD/4/9

July 27th 1945.

1. Almost daily this office has to send about six or more observations to HQ. RTC, ICF, concerning Indents, Receipt Vouchers, Part X Orders, Census Returns, Stock Reports etc, because these are incorrectly submitted or contain wrong information.
2. Almost invariably these observations are on matters of routine details, small elementary things where the language difficulty is practically of no consequence, and where in any case written instructions have been given in Italian.
3. I find it more and more irritating to sign these observations which are a continuous repetition of each other.
4. The number of times I have sent back Stores Vouchers because Italian Officers apparently cannot or do not bother to read a very simple instruction telling them to append their signature and add their name, rank, appointment or unit in clear letters or by the use of a stamp, is just nobody's business.
5. Every month I have to send back several Census Returns because Units do not follow instructions.
6. Many units seem incapable of writing down correctly their unit name and often suddenly lose their memory as to their W.E. No. There is also some carelessness in the mere copying of Vehicle Nos. 5378 Nos.
7. HQ. RTC, ICF, are well aware of all instructions governing the submission of all these documents. Many (and there is no reason why this should not be all) documents pass through their hands before they reach me. Strictly speaking THEY administer the units, NOT THIS OFFICE. I respectfully suggest that it is the duty of HQ. RTC, ICF, to check all such documents before they reach me.
8. Another point is that I have ^{Had} to complain more than once of faulty stock returns from Central Storehouse, and did so only yesterday. To me the fault appears to be in that there is an officer in charge of that storehouse who is chair-bound in his office and has not a very enquiring mind as to what is going on in the sheds.

9. The Central Storehouse is not under my jurisdiction, but faulty information therefrom, is likely to affect any provision action I take eventually to replenish stocks.

10. Lastly, the question of punctuality. Only yesterday I requested HQ. RTC, ICF, to instruct all units that Part X Orders should be submitted within twenty-four hours of a vehicle casualty, and not six weeks later as in some instances recently.

11. Your support would be appreciated to effect a remedy to what is a source of perpetual irritation over elementary (but essential) details in administration.
