**THIS FORM WILL ONLY BE USED FOR CONSOLIDATED DEMANDS. PLAIN PAPER
WILL BE USED FOR DEMANDING ONLY A FEW ITEMS.**

1. This form will be completed and sent to reach the appropriate Stationery Depot at least a week before the items demanded are required for use.
2. Army Forms and Books will be listed in numerical (not alphabetical) order. One line is enough for each item.
3. Commanding Officers are required to keep quantities as low as is compatible with efficiency, and to check any excessive consumption.
4. Supplementary indents will if possible be avoided. Commanding officers will ensure that all the items required are included in their regular periodical indents. If a supplementary indent is unavoidable, it will, if small, be submitted as a letter, if many items are required this form will be used.
5. Army Forms, Books and Stationery are costly. The need or the strictest economy in their use must therefore be brought home to all ranks. No attempt must be made to hold a large stock.
6. Attention is drawn to King's Regulations, 1940, para, 1671, under which all "nil" returns will be made on plain paper and not on printed forms.
7. Where several copies of an Army Form have to be made out, it is often possible to make some of them on plain paper. Where the number of entries to be made on a large and expensive Army Form is small, a saving can sometimes be effected by using plain paper even for the original, and putting "In lieu of A.F. so-and-so" in the top right-hand corner.
8. Wooden packing cases sent by Stationery Depots to Units must be returned, with their lids, as soon as possible. Failure to return cases promptly is likely to delay the despatch of the next consignment demanded.
9. Only H.Q.s of formations and units will submit indents.
10. Office Machinery and Publications will NOT be demanded on this form.

MAPS AND CHARTS TOO LARGE TO FILM

Dear

I am sending this application to you, in the hope that you will ask 'G' (Trg) G.H.Q. to deal with it. I hear that D.A.D.P.S.S. is very sticky, and would be more likely to respond to pressure from above rather than from below.

Yours

Stationery supplies indented for under cover of the above quoted letter have been received, but it is noted that, in particular, only three Typewriter ribbons were included instead of twelve. It is realised that this item may be in short supply but in view of the fact that 4 typewriters are continually in use at this H.Q. it would be appreciated if our demand could be met in full, as the three ribbons sent are only sufficient to renew those of three machines.

Your request for manufacture of two Rubber Stamps "BRACCIANO"
 has been passed to us by 21 Base Stationery Depot in JD/5 of 17 December.

Materials for manufacture of Stamps are scarce and we need to
 consider each demand on its individual merits. We are unable to decide from
 the "text" of the stamps ordered how much use they may be put to or how
 necessary they are.

Temporarily your demand is rejected but if the stamps are
 essential and you care to state brief reasons for demand we will give your
 order further consideration.
