Sjt. Newbury was posted to 2 CRU on 20 Jun 45, whilst the last record of Sjt. Chick was that he was on strength of BRD.

2. Of the remaining NCOs mentioned in your communication, 3 are at present on LIAP, and 1 is of Age/Service Group 18 and due for release within the next few weeks. CSM. KEENE, J. Mx is at present employed as Coy CSM.

3. It will therefore be seen from the above that this Centre's X(1) List personnel are at present sorely depleted by reason of LIAP, release, and Python, and the request is therefore made for reconsideration of your decision to post 2 NCOs to 'P' BLU.

4. You will no doubt appreciate that the majority of NCOs of the rank of Sjt and above are of low Release Groups, and in order to maintain smooth handling of the administration of release personnel passing through the Assembly Centre, it is absolutely essential that we retain Permanent Staff personnel who are fully trained in such duties, and in whom we have the utmost confidence.

5. May the matter please be reconsidered and the attempt made to obtain the 2 NCOs required from some other Unit whose task may not be so important as the work at present carried out by this Centre.

1. Under authority O2E/MP/AFT/7926 dated 23 June 45, 4696666 Sgt. BARNES. R.H. (Green Howards) is attached to this unit as an Instructor in Weapon Training.

2. At a recent Medical Board he has been re/graded B.5 on account of nerve deafness and he must not be exposed to blast or gunfire.

3. In the circumstances it is not possible for this N.C.O. to continue to instruct. My disposal instructions therefore please be issued in respect of him.

4. As the attachment of a Sergeant Instructor is still urgently required, it would be appreciated if a replacement could be effected, preferably with an N.C.O. who has instructed or has received weapon training instruction at BENEVENTO.

Men rated "E" should be unsatisfactory, with such defects as can never be removed by any length of training.

TRADESMEN. (M.P. to delete this section if not applicable).

Where the man has been recommended for a trade, he should be trade-tested after a reasonable period of training and the pro-forma returned to this HQ immediately after the test, the result of which should be entered in the appropriate section, and also reported on AF W3012A to this HQ.

NON-TRADESMEN. (M.P. to delete this section if not applicable).

Where the man has been recommended for a non-trade employment, a rating only need be given, except in the case of certain specialists; e.g. Driver IC and Signaller, who can be classified. Where classification takes place, an entry will be made in the appropriate section. The pro-forma of all non-tradesmen will be returned to this HQ six weeks after the arrival of the men.

NOTES FOR THE COMPILATION OF THIS RATING REPORT

Reasons for these ratings are of great value in revising selection standards and in the re-allocation of men where necessary. They should be given in every case. A guide to the type of comment most valuable is given below.

(1) Physically unsuitable, e.g.
"Cannot stand at a machine for a normal working day owing to a leg injury."

(2) Temperamentally unsuitable, e.g.
"Cannot stand workshop noise"; "Lacks interest in this type of work"; "Lacks concentration."

(3) Intelligence too low to absorb the necessary training, e.g.
"Slow to grasp new work".

(4) Education attainments inadequate, e.g.
"Figuring weak"; "Poor hand writing"; "Lacks even elementary knowledge of Mag. and Elect".

(5) Insufficiently experienced, e.g.
"Experience to specialised (or too amateurish or too limited) to absorb training he has been given".

(6) General conduct, e.g.
"To lazy (or troublesome, or unreliable) to perform the job satisfactorily."

NOTE:—*In certain cases a man can satisfactorily do the job for which he was recommended, but owing to his inability to do guard duties, he cannot pull his full weight in the Unit. If this is so, it should NOT be allowed to affect his rating, but should be stated.*

PART III O2E/Form/MP1

This section will be completed by the receiving Unit, detached, and returned to GHQ 2nd Echelon, (Manpower Section) immediately on arrival of personnel.

SUBJECT:- Cooks - Reinforcements.

To :- Distribution "B" (Br). less Serials 1 to 29.

Reference Rome Area Allied Command Routine Order No. 572 of 14 June. 1945.

1. It is pointed out that Units may be called upon to supply ACC personnel for priority postings elsewhere in or outside this Theatre without immediate replacement and that all units must consider the possibility of a large scale dilution with Civilian Labour - attention is drawn to GRO. 870/45.

2. Many enquiries are being received at this H.Q. ref. the provision of ACC personnel for replacement of Cooks on Release, LIAP, Posting, etc.

3. The provision of ACC reinforcements within the area is at present impossible except through unit personnel for training.

4. Reinforcements which may in the future become available within the area will be allotted in priority in accordance with the last "Return of Cooks" received at this H.Q. as notified in para 4 of the above Routine Order.

5. It is therefore essential that this return is rendered promptly and regularly, as no enquiries can be entertained from units who fail to comply with this order.

[illegible] No. 794 U. S. Army
Office of G-3 (British)

RAAC/30/12/G3(Br) 2 July 1945

SUBJECT: Transfer to APTC

TO: See Distribution

1. The Inspector of Physical Training, War Office, is most anxious that the present high standard of the Army Physical Training Corps should be maintained, and has requested assistance from this theatre in finding some first class personnel for transfer.

2. The total strength of the APTC is approximately 3,000 WOs, S/Sjts and Sjts, of whom over 50% will have been released from the Army under Class 'A' by the close of this year. In addition, civilian bodies, such as the Ministry of Education, will be demanding the release of a considerable number under Class 'B'.

3. As it is not anticipated that the total WE of the APTC will fall much below 3,000 for at least 12 months, the outlook is serious, and it is considered to be very much in the interest of the Service that the strength and standard of the APTC should be maintained.

4. In CMF, 194 APTC instructors out of a total of 256 are in Age/Service groups 1 to 26. In view of this world-wide demand, and in particular of the present and future deficiency in this theatre, it is requested by DMT, AFHQ, that Commanding Officers be strongly urged to release young NCOs suitable for training, and, if found suitable, for transfer to the APTC.

5777

5. Assuming that the response to this request is satisfactory, it is proposed to hold a special 6 weeks course at the PT and Sports Centre to train suitable NCOs for transfer.

6. NCOs selected should have not less than 18 months service to complete, and should, if possible, have had previous PT experience. In default of the latter, good games players will be selected.

7. Commanding Officers willing to release any such first-class NCOs should forward direct to DMT, AFHQ, CMF the proforma attached at Appx 'A' to this letter, with copy to G-3 (Br) Section, this Headquarters. Proformae should reach both addressees as soon as possible, and not later than 10 July 1945.

8. Commanding Officers will ensure that this scheme is brought to the notice of all ranks under their command.

25 June 1945

Dear Colonel.

Re: Sgt Payne. J.

The above mentioned Other Rank has been employed on the British Staff attached to the Reinforcement Training Centre under my Command. I have only a small number of British personnel, all of whom are personally selected, or should be, and no means of enforcing discipline whatsoever. It is most essential that all members of the British Staff should bear unreproachable characters, as any failure, in any respect, is immediately commented upon by the Italians in the Camp.

It is unfortunate that this particular man has shown himself to be unreliable, and I have had a number of complaints from young Italian ladies of his behaviour. I have no concrete proof nor am I in a position to investigate these allegations, but the very fact that a British soldier should be the subject of criticism by Italian personnel renders it impossible for me to keep him here any longer. I am therefore taking the somewhat irregular step of sending him back to you without delay, in the hope that you will appreciate my position, and retain him until such time as the position can be regularised.

5762

I would much appreciate your co-operation in this matter as I feel sure you will realise how very delicate the position between the British and Italians is, and how important it must be to retain their respect at all times.

Yours sincerely

Commandant,
'F' British Liaison and Training Unit, RTC ICF.

I have received an application for transfer from S/Sgt WILTON, which I attach.

He has a good knowledge of his particular trade, but I regret to add that he has not the personality of liaising with British or Italian. Under the circumstances it would be advisable to have him replaced if possible.

INSTRUCTIONS.

1. Parts 1—4 to be completed in all cases.

2. Parts 5—7 to be completed on active service only.

3. These forms are to be completed in all cases of injury (other than wounds received in action) involving the absence from duty of an officer or soldier, whether due to the individual's own act, or that of a comrade, or to other extraneous circumstances.

4. Where several casualties occur as the result of one accident, one form is to be completed for each officer or soldier injured. A copy of the set of statements from the witnesses of the accident will be attached to each form (vide para. 7 on reverse and para. 5 of these instructions).

5. Full statements are to be taken by an officer from the witnesses of the accident or, where there was no witness, from any persons to whom the injured officer or soldier may have mentioned his injury immediately after the occurrence. These statements, when obtainable, will be signed by the persons making them, and by the officer who takes them, and will be forwarded with this form. Where it is intended to take disciplinary action, duplicates of these statements should be retained by the unit for use in lieu of a summary of evidence.

6. Where it is possible to obtain it, a statement from the injured officer or soldier will also be forwarded. This, however, should not be used as evidence against him in any subsequent disciplinary proceedings.

7. Where the injury was incurred during sports or games the statement at (3) overleaf should show clearly, (a) who organised the game, match, tournament or sports in which the injury was incurred; (b) whether the officer or soldier concerned had been selected or detailed to play in a representative military team or to compete as an individual. In the case of injuries at practice, it should be stated whether the individual was a selected representative of some military formation practising under authority.

8. After final action this form will be disposed of as directed in para. 773, King's Regulations, 1940.

SPECIAL INSTRUCTIONS AS TO EVIDENCE IN CASES OF SELF-INFLICTED WOUNDS.

9. In these cases the statements mentioned in paragraphs 5 and 6 above should bring out all material points, *e.g.*, statements to the effect that the witness was with the accused standing on the fire step (or sitting in a dug-out); that the accused was cleaning his rifle; position of safety catch, magazine, etc., if known; muzzle of rifle on toe of foot; hand on muzzle; that accused pulled trigger; that the rifle was afterwards examined and an empty cartridge case was found in chamber; that accused was seen to be wounded; what accused said ("I have shot myself," "I did not know it was loaded," etc.).

10. An officer or a soldier is specially trained in the safe use of his rifle and revolver, and evidence of any neglect of the ordinary precautions as to their handling in such cases usually has considerable bearing on the question of negligence. In cases of wilful self-wounding the fullest possible evidence should be obtained; unless the evidence is conclusive this charge should not be used. The charge will therefore usually be laid under section 40 Army Act—"Conduct to the prejudice of good order and military discipline in wounding himself through negligently handling a rifle," and an alternative charge to this effect should be made, even if the accused is to be tried under section 18 for wilful maiming.
