1. As the subjects to be taught to the Infantry have now changed, the British Instructors (NCOs) are now redundant. It is however, of great importance that in the early stages of training, qualified personnel should be available to supervise the training of 4.2-in Mortar and M.M.G. personnel.

2. It is therefore requested that the establishment, as it affects Infantry Personnel (NCOs) should be amended as follows :-

Establishment.

NCO Instructor 3-in Mortar to read :

1. Liaison letters from 'A' and 'B' Type BLUs show that, with one exception, the shortage in Other Rank personnel on establishment is becoming acute. In some cases the situation is so bad as to cause inefficiency.

2. Whilst the overall position regarding availability of personnel is not known at this HQ, it is possible in a large HQ to carry on with deficiencies in W.E. In the case of 'A' and 'B' Type BLUs however, which are small units working on a W.E. already greatly reduced, any deficiencies in clerical personnel are a serious matter and necessitate officers who should be cut on Liaison duties dealing with the clerical work in an office.

3. It would be appreciated if you would ask G2E to take whatever steps they can to keep 'A' and 'B' Type BLUs up to establishment.

1. During the above period all the personnel of the Ordnance Services of 12, B.L.U. have been promoted to fill any existing vacancies in the Ordnance Establishment. The Staff Sergeant, who was attached, has been posted to this unit and promoted to the rank of W.O.II, (at present standing against the rank W.O.I) and acting as R.Q.M.S. He voluntarily deferred his release, (due last October) for 12 months. There is still one Storeman Private deficient in the Establishment who is not now required owing to the reduction of work on the stores side, although, in his absence, during the last quarter, a storeman was attached here from ADOS, Rome, for temporary duty, when large quantities of stores were arriving in this Centre.

2. The small section of Italian Military, consisting of 1 Officer, 1 Warrant Officer, and 4 O.R's, who were attached to the DADOS Storehouse for instruction and work have been disbanded, owing to the reduction of work. This section has benefited by its experience in handling and checking of British Ordnance Stores and has been a great help to the DADOS Storehouse.

3. Although all demands on British Ordnance for Clothing and Necessaries ceased last November, owing to the change over of the Italian Army, "Dues In" from previous demands have been arriving to date, the result being there is still a fair quantity of stores to hand over to the Italian Central Storehouse, but the work will be finished this month.

4. The date of demanding M.T. Spares and British Equipment was extended to 31st December 1945, and since then a number of indents have been screened and approved by G.S.Q., other stores of similar nature are still arriving, as a result of previous demands.

5. As at 31st October 1945 all vehicles held on the M.E. of Italian Units in this Centre were handed over to their charge, and since then the units concerned have been responsible for rendering their Census of vehicles to the Italian Ministry of War. This also applies/to now the

This also applies now to the Census of Controlled Stores.

6213

6. During the last quarter, Administration and Control have been satisfactory and there have been no major difficulties. At the commencement of the Winter Clothing Season, from 1st to 15th October, supplies of Clothing were insufficient to clothe the number of troops in this Centre. The reason for this was that when previous demands were made in advance on Base, it was almost impossible to assess the unexpected large intake of reinforcements which arrived at this Centre, but these difficulties were overcome by the despatch of hasteners to Base, Supplimentary Demands, and Special road Convoys, as a result of which conditions became normal by the end of October.

2. The 152 Increment to 12, B.I.U. is the only Bdl-ITI unit in this Centre which is solely dependent on the Ordnance Services for its Clothing, Necessaries and Equipment, for which provision has been made.

3. Comments.

After nearly one year's work of the Ordnance Services in this Centre, conditions of Organisation and Supply have become very satisfactory and it is sincerely hoped that they will continue on British lines, especially with the advice and help which in future will be the main object of the Ordnance Services here.

1. This unit is deficient of two Sgt. Instructors, R.A. on War Establishment.

2. It would be appreciated if action could be taken with regard to the posting of two R.A. Sergeant Instructors as soon as possible. It is particularly important that these N.C.Os. should attend the Officers and N.C.O's Instructors courses now in progress, in order that the standard of instruction can be checked before the recruits arrive in large numbers.

Subject: Postings and Attachments - APTC Instructors

To : GHQ. 2nd Echelon

G (Trg) GHQ., CMF.

DMT/127/4/MR.2

6 Nov 45

1. The number of APTC Instructors being released from the Army under Class "A" and Class "B" is making it increasingly difficult to keep an accurate check on postings and attachments.

2. This difficulty is accentuated by the fact that many instructors are on LIAP, and many more will become due during the next six weeks.

3. It is, therefore, requested that you will authorise the postings and attachments enumerated in Appendices A - H to this letter, with effect from 31 Oct 45. This will cover all APTC personnel in the theatre at that date, including those on LIAP. No movement is involved.

4. All APTC personnel have been instructed to report direct to the PT and Sports Centre immediately they return from LIAP. Formations/Units should note that, in normal circumstances, returning LIAP personnel will be despatched to the Formations/Units with which they were serving before they went on LIAP.

5. The reasons for them reporting direct to PT and Sports Centre on return from LIAP are:-

(i) To ensure that they have in fact returned to this theatre.
(ii) To give them three days at the Centre to bring their knowledge up to date - Refresher Courses have, for the present, been cancelled.
(iii) To prevent them wasting time looking for their previous units which have either disbanded or moved during the time they have been on LIAP.

6. If, for any reason, an instructor does not return to his pre-LIAP Unit or attachment, all concerned will be informed so that casualties can be submitted.

7. HQs all Divs, except 4 (Br) Inf Div, are requested to inform this HQ, copy to Higher Formation concerned, of the units to which APTC personnel are at present attached. All future moves of instructors within the Div should also be notified.

3. It is, therefore, requested that you will authorise the postings and attachments enumerated in Appendices A - H to this letter, with effect from 31 Oct 45. This will cover all APTC personnel in the theatre at that date, including those on LIAP. No movement is involved.

4. All APTC personnel have been instructed to report direct to the PT and Sports Centre immediately they return from LIAP. Formations/Units should note that, in normal circumstances, returning LIAP personnel will be despatched to the Formations/Units with which they were serving before they went on LIAP.

5. The reasons for them reporting direct to PT and Sports Centre on return from LIAP are:-

(i) To ensure that they have in fact returned to this theatre.
(ii) To give them three days at the Centre to bring their knowledge up to date - Refresher Courses have, for the present, been cancelled.
(iii) To prevent them wasting time looking for their previous units which have either disbanded or moved during the time they have been on LIAP.

6. If, for any reason, an instructor does not return to his pre-LIAP Unit of attachment, all concerned will be informed so that casualties can be submitted.

7. HQs all Divs, except 4 (Br) Inf Div, are requested to inform this HQ, copy to Higher Formation concerned, of the units to which APTC personnel are at present attached. All future moves of instructors within the Div should also be notified.

9 Oct 45.

Sir,

I served with 10 Trg Team R.A. during the ten months of their existence and with "F" B.L. & T.U. since June 1st 1945 as a Sergeant Instructor in 25 pr Equipment. It appears that the War Establishment of the R.A.WING of this unit does not permit a vacancy for WO II.

Having held the rank of Sergeant since Sep 1940, I feel that my present occupation is handicapping me from further promotion. Being a regular soldier with another year to do before completing my engagement, quite naturally, I am endeavouring to better myself. It is with this object in view that I submit this application for a posting to a Regiment, with a view to promotion.

The above is forwarded and the posting recommended.

Sgt PHILLIPS is a first-rate soldier, keen, intelligent and enthusiastic. His present technical knowledge is, if anything, above that of the average WO II A.I.G., he has a natural aptitude for administrative work, and is a disciplinarian.

During the fourteen months that he has been working with me I have found him in every way worthy of promotion, and I have no hesitation in recommending him for the position at which he now aims, viz B.S.M. in a Field Battery.

1. It is believed that three British Sergeants are at present employed with 502 ITI Guard Bn at MILAN. These N.C.Os. were originally sent to this Battalion as training N.C.Os. This Battalion has now finished its training and is fully employed on Guard duties, and we believe these N.C.Os. are now redundant.

2. As these N.C.Os. had experience in working with Italian troops they would be of very great value to this B.L. & T.U. If these British Sergeants could be transferred to this Centre we would be very grateful owing to our present losses of British personnel due to LEAF and Release.
