With ref. your letter ref. AQ/40/2/388 of 10 Oct 45.

1. It is not specified what type of course the a/n OR has in mind.
2. The position in regard to GRO 565/45- Technical Education (Release Period) Courses for men skilled in civilian trades - is that these courses are definitely reserved for men nearing release. At the moment, the limit is set at age/service group 29.
3. With regard to GROs 676, 677, 679/45 - Technical Education, Higher Trade Training - there is no restriction placed on these courses. GRO 678/45 has been cancelled owing to the response being so small.
4. It is hoped that the above information will satisfy your inquiry.

My Dear Colonel,

Please forgive me for putting this case direct to you, but I am sure you will agree that it is one of extreme hard luck.

No. 11401123 Gnr WHELDON J.W. is a man of 40 years of age, he has been overseas 2 years and 10 months and is in Release Group 24. He was attached to 10 Trg Team (which did not exist at the time) for the sole purpose of accompanying Col DEHN as his batman. Some eight weeks ago he went into hospital and has been there ever since. As a result he missed going to AUSTRIA with Col DEHN and also his turn for LIAP. After he went into hospital he informed us that he had received notification of applications made in the U.K. through the War Office for his return on the grounds that his mother was seriously ill. A few days ago this office received a letter from A.F.H.Q. stating briefly that "applications had been received by them from the War Office for the return of Gnr WHELDON to U.K. on compassionate grounds, would we interview him and forward our recommendations." As he was in hospital we immediately forwarded this to 104 Gen Hosp for action. We were informed by them yesterday that he was being discharged and we have received no word whether or not they are proceeding with his case.

When I discussed the matter with the Staff Captain yesterday neither he nor I were in possession of all the facts of the case and decided that Gnr WHELDON should go to R.A.T.D. In view of all the above facts, I feel that we might be in a position to help him out and treat him rather more considerately than a large unit like R.A.T.D. As this is an urgent and particularly compassionate case I feel certain that you will not mind me approaching you direct.

Yours sincerely

1. Supplies of A.F.W. 5335 are now available and a GRO authorising the submission of indents is being prepared.
2. This issue of this form will, however, be approved only in respect of personnel whose units have been authorised to implement the release period scheme. The intention is that all units, without exception, shall implement the scheme as soon as possible and all inducements for O.S.C. to delay implementation must be avoided.
3. This may appear a hard ruling against certain individuals. Special cases can, however, always be taken up separately by S.Os (Edn).
4. It is agreed that particulars of all courses attended, other than those organised at Command, i.e. AFHQ level, should be entered in Part I of the Record Card.

7 Sept. 45.

To: O.C.

On 6 September when this unit drew the weekly M.A.A.P.I. supplies, 144 empty Lemonade Bottles and 3 Crates were returned but unfortunately the N.C.O. who was sent accepted and signed the attached Credit Note which only gives credit for 48 Bottles and 1 Case, and he states that in the hurry of getting the supplies he did not notice the discrepancy.

On reference to your records you will find that this unit has returned, without fail, week by week the number of bottles and cases drawn the previous issue day, and we can definitely assure you that 144 Bottles and 3 Crates were returned on Thursday last.

As the sum involved is considerable, it would be very much appreciated if you could kindly make a check, if this is possible, with a view to making good the deficit. On Thursday afternoon we telephoned you and were given to understand that the matter would be adjusted, but on calling at your Depot to-day it was stated that nothing could now be done and we were unable to contact the person with whom we spoke on the telephone.

Reference your letter of the 2nd -

- (a) The three tubes of shaving cream will be replaced at the earliest opportunity - probably this week.
- (b) Your reference to recent NAAFI supplies of Whisky is not understood. For the past two months we have received only three bottles of Scotch Whisky and our last issue was entirely Canadian. It is felt that the Bracciano Detachment is inclined to regard itself as the Cinderella of the sub-units of this H.Q.; a point of view which is hardly justified in view of the fact that the officers and sergeants messes were allotted 4 rations over strength on last week's issue, and has every facility available to it which is available to the messes at this Headquarters.

Returned herewith are <sup>3</sup> tubes of <sup>SHAVING CREAM</sup> toothpaste,  
very much gone to seed. May these please be replaced  
or credited.

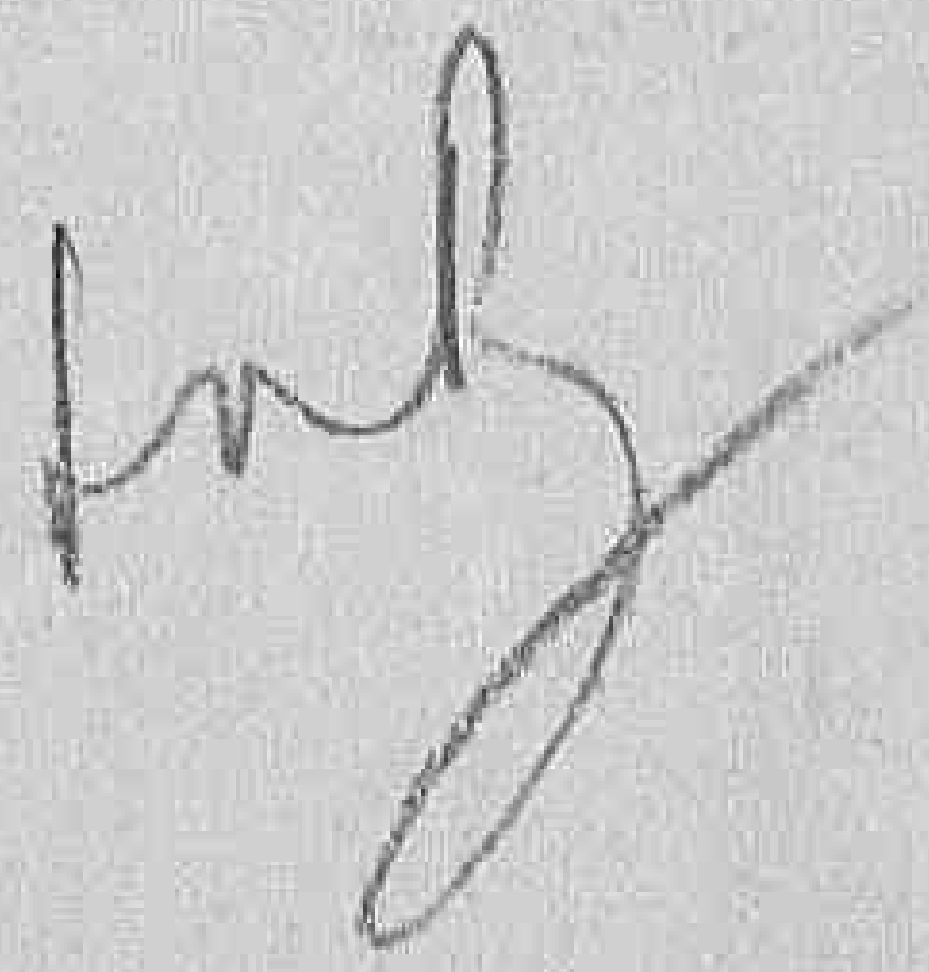

While on the subject of NAAFI supplies, this detachment would like to call attention to the fact that recent whiskey supplies have all been Canadian. If the Scotch ration is too small to permit of a distribution each month to all messes, may this detachment please be put on a roster with other messes, in order that on occasion Scotch does arrive.
