PROCEEDINGS of an Audit Board
 assembled at General's House
 on the fourth day of April 1946
 by order of Col L.H. Mackay, CBE.

for the purpose of auditing accounts for period

1 Jan 1946 - 31 Mar 1946 for

PRESIDENT.

Major A. T. V. M., RMC.

MEMBERS.

Capt A. G. G. M., R.A.

Sub Commander S. G. G. M., R.A.

IN ATTENDANCE.

The Board having assembled pursuant to order, proceed to
 audit the above mentioned accounts and make the following observations
 and suggestions

7054

./.

1). Officers' Mess.

Observations.

- a) The balance sheet shows a true statement of the account as at 31 Mar and the accounts are being kept correctly.
- b) Messing is running at a substantial loss which is balanced by an excessive profit in both wine and general accounts.
- c) A civilian cook is being employed and paid from the general account.
- d) Accumulated funds at beginning of quarter Nil - accumulated funds at 31 Mar \$46.13.2.

Suggestions.

- a) As the Mess is now financially sound that care be taken to ensure that there is no over-spending on the messing account and that messing be run with a one per cent profit.
- b) The bar prices be reduced to realise no more than ten per cent profit.
- c) The civilian cook either be replaced by an Italian soldier cook or absorbed as a civilian within the U.K. of the unit and paid from Imperial accounts to the procedure laid down in ARK book "Employment of Civilians".
- d) The general account be run without profit or loss.
- e) In view of the uncertain future of the unit and the constant arrival and departure of Officers, the accumulated funds be kept at as low a figure as possible as best on disbandment the share out would involve as little cash as possible.

2). Sergeants Mess and P.M.I. accounts are found correct and there are no observations or suggestions.

1. Herewith submitted Army Form N 1514a together with supporting documents for Officers Mess 12 B.L.U., CUSANO for quarter ending 31 March 1946.

2. The profit on the Bar account is shown as 29.3%, which exceeds the authorised profit of 19% by 10.3%. The reason for this excess is as follows:

- (a) When I took over the responsibility of P.M.C. there were at the time no accounts being kept and the Mess was in debt.
- (b) In order to enable the Mess to pay off outstanding debts Comd. 12 B.L.U. authorised two £1-5-0 loans to be raised.
- (c) In order that the two £1-5-0 loans could be paid back as soon as possible and that the Mess could be solvent and run on a normal footing Comd. 12 B.L.U. authorised that a large enough profit be made on wines so that this state of affairs could be brought about as soon as possible.
- (d) The prices of drinks were therefore increased in early February when the new rate of exchange (300 lire = £1) was introduced so that the Mess would be receiving a large enough profit though Officers were paying the same amount in sterling.
- (e) The profit for January was 47.3% and that for February (due to small turnover) 12.6%. This is an average for the two months of 29.95%.
- (f) I decided on 9th March to reduce all drinks to within 10.15% profit since by that time first £1-5-0 loan had been paid off and the second £1-5-0 loan was to be paid back on 14 March. The Mess was

1. Herewith submitted Army Form H 1514A together with supporting documents for Officers Mess 12 B.L.U., CEB4NO for quarter ending 31 March 1946.

2. The profit on the Bar account is shown as 29.3%, which exceeds the authorised profit of 15% by 14.3%. The reason for this excess is as follows:

(a) When I took over the responsibility of P.M.O. there were at the time no accounts being kept and the Mess was in debt.

(b) In order to enable the Mess to pay off outstanding debts Ocmd. 12 B.L.U. authorised two M-5-0 loans to be raised.

(c) In order that the two M-5-0 loans could be paid back as soon as possible and that the Mess could be solvent and run on a normal footing Ocmd. 12 B.L.U. authorised that a large enough profit be made on wines so that this state of affairs could be brought about as soon as possible.

(d) The prices of drinks were therefore increased in early February when the new rate of exchange (900 Lira = £1) was introduced so that the Mess would be receiving a large enough profit though Officers were paying the same amount in sterling.

(e) The profit for January was 27.3% and that for February (due to small turnover) 12.6%. This is an average for the two months of 29.95%.

(f) I decided on 9th March to reduce all drinks to within 10.15% profit since by that time first M-5-0 loan had been paid off and the second M-5-0 loan was to be paid back on 14 March. The Mess was therefore from 14 March onwards running on a normal basis and making 10 - 15% profit on the wines account. However, since the wines account had not yet had time to "settle down" the profit at 31 March was still in excess of the authorised limit.

3. The loss of £25-7-1 on the Messing account was due to the following:

(a) The Messing account lost approximately £10 at the time of the change in the rate of exchange.

...../2.

- Page 2 -

3. (Cont'd)

- (b) The civilian cook was paid out of the Messing account for two months December and January (Total \$10-16-8), which reduced the amount available for purchase of extra messing too much and was ruled out. The cook was paid out of the General Account for the month of February.
- (c) The remainder of the Loss (approximately \$5) was caused through purchasing for the Officers who were absent without warning or suddenly ordered away on duty.

1/Major A.J. TWINE (230819) REME

The above-named officer submitted a request to this Branch whilst serving with 203 Fixed Defences RA for information concerning his eligibility to receive graded pay.

The following information has been received in this connection from

A.9, GHQ:

"1. Capt Twine apparently comes within the terms of ACI, 1884/43 Part C para (i) and may claim pay under Royal Warrant 1940 Art 28A subject to a satisfactory interview with a REME colonel. This concession is effective from 1 Oct 43. It is for War Office, who authorize all gradings, to decide the effective date of each application.

"2. It is not necessary, therefore, for Capt Twine to change his commission to REME in order to benefit under this ACI.

"3. Letter 36/1/215 of 11 Jan 46 from Cdr 203 Fixed Defences to Dep Mil Sec states that Capt Twine is an AMI Hech E. As such he might be considered eligible for grading under ACI 1884/43 Part C para (i). Care should be taken, however, to differentiate between Associate Member of the Institution and an Associate of the Institution. The former is a corporate member and is senior to a Graduate Member; the Associate is not a corporate member - as explained in the Institution's letter 2/23 of 31 Dec 45, and would not be eligible for grading under Part A of the ACI.

"4. It is recommended that Capt Twine apply through Service channels for grading under Part C para (i) of ACI 1884/43, requesting an interview by a REME colonel. Subject to a successful interview, the application will be forwarded eventually by this section to War Office (AG21) for consideration."

- "2. It is not necessary, therefore, for Capt Twine to change his commission to REME in order to benefit under this ACI.
- "3. Letter 36/1/215 of 11 Jan 46 from Cmdr 203 Fixed Defences to Dep Mil Sec states that Capt Twine is an AMI Mech R. As such he might be considered eligible for grading under ACI 1884/43 Part 43. Care should be taken, however, to differentiate between Assoc. Member of the Institution and an Associate of the Institution. The former is a corporate member and is senior to a Graduate Member; the Associate is not a corporate member - as explained in the Institution's letter 3/83 of 31 Dec 45, and would not be eligible for grading under Part A of the ACI.
