Aderendo alla richiesta di codesto ufficio contenuta nel foglio Ord. /9/19 del 11 giugno u.s. questo comando ha provveduto al trasferimento del sottoten.autom. DE ROSA MICHELE dalla Scuola autieri al 152° Prot. Officina.

Dato però che la Scuola autieri aveva già in servizio presso il 152° prot. officina il sottoten. FIASTRI, fu necessario disporre il rientro di quest'ultimo per non mettere in crisi la predetta scuola, togliendone in poco tempo due ufficiali autom. Senonché il magg. Hinton ha ora fatto presente che il sottoten. FIASTRI per le sue cognizioni tecniche è molto utile presso il 152° prot. officina ed ha chiesto la revoca dell'ordine di rientro.

Per aderire a tale invito questo comando, salvo diverso avviso di codesto ufficio, annuncerà il rientro del sottoten. FIASTRI e sospenderà, fino a sostituzione avvenuta, il trasferimento del sottoten. DE ROSA.

Receipt of your 3642/Add dated 9th JUNE 45, is acknowledged.

1. Reference your proposed allocation of Officers and Other ranks returning from the Course for Storemen M.T., I have consulted DADST and DADME on this subject and recommend the following modifications for your consideration:-

- (a) The Workshop Platoon of 3 Reparto Trasporti has been left out of account. The establishment of M.T. Storemen for this Platoon is Corporals 2, Privates 2, I am given to understand the present personnel employed are untrained. I suggest therefore that 1 NCO and 1 Private be allocated to this unit from students who have attended the course at Pontecagnano. The displaced storemen, I am told, could fill other vacancies in the unit.
- (b) 152 Platoon Workshop is, I am informed, short of one officer. After consulting DADME I consider it might be worth while posting one officer there instead of to the Scuola Autieri, ~~and~~ as Stores and Administrative Officer.
- (c) The allocation of personnel to Central Storehouse, M.T. section, is in my opinion too large. One NCO and One Private could be deducted and given to the 3° Reparto Trasporti as in above (a).

2. The Allocation would then read as under:-

OVER/-----

3. My contention is that the most difficult and complicated work in the units mentioned above is with the two Platoon Workshops, and that they should be given preference of personnel. They will handle M.T. stores in greater detail than anybody else and they should be able to give unfailing assistance to the commanding officers of their respective units in the demanding of stores, keeping items correctly binned, accounting, and issuing.

4. Next in importance comes the Central Storehouse M.T. Section--- but this is only a part of the Transit Shed. There will not be a miniature M.T. Depot at this Centre, and all the work involved in the Transit Shed is to ensure correct checking of stores against ^{Spot} vouchers and ^{handing over} issuing such stores to the units. Infact it is not much more than "post office" work.

5. For the other units, I cannot visualise any very great amount of work in connection with M.T. Stores. Some Storemen will have to specialise on spares for Carriers, But apart from that it seems unlikely that there will be any complications.

6. I shall be interested to know your decision on this matter.

1. Although I have not yet received notification, it can be anticipated that the next course at Ponticagnano for Storemen, Armaments, will begin as soon as the present one for Storemen M.T. is completed.
2. This may be within the next week or fortnight.
3. Will you please take immediate action to select 3 Officers and 12 other ranks for this course and send me a nominal roll.
4. Personnel must be selected with a view to employment within RTC, ICF in connection with Storehouse work for arms and weapons of all types, both Infantry and Artillery. Such personnel would be required for the Central Storehouse and the stores of training regiments and schools where arms are used in large quantity.
5. With reference to personnel at present away on the course for Storemen M.T., will you please notify me as soon as possible, how and where it is proposed to employ them. It is strongly recommended that the Central Storehouse, Workshops Platoons, Mechanics School and Light Aid Detachments be given priority for such personnel, bearing in mind their ^{Reserve} War Establishments.

1. At a recent conference held in Rome, when a representative from Ordnance AMB was present I raised the point of training and instruction for Italian personnel in British Ordnance procedure.

2. I was informed that if particulars of Italian personnel requiring such instruction were forwarded through M.I.I., arrangements could be made for such personnel to attend courses.

3. To my knowledge, none of the Italian Officers or O.R.'s handling stores in RIG, ICE has had any previous training or experience in British Ordnance.

4. In my opinion, as long as British materials are being handled, it would be a great help if all Italian ^{stores} W.O.s; and N.O.s, were given the opportunity of attending either a Clerk's or Storeman's course on Ordnance procedure.

5. In this respect it would be appreciated if HQ RIG, ICE, were approached with a view to making available such O.R.s for courses for :-

(1) Clerks - General RIG accounting etc
