Reference your observation OS/1000/954 of 27th May 46 and OS/600/5 of 17th
May 46.

1. The enclosed indents were returned under your above observation, because OS/600/5
of 17th May 46 was not complied with, but it was agreed between Major Turner and Major
Shorthose that the indents could be re-submitted after the necessary action had been
taken by 12 B.I.U.
2. The return and re-submission of these indents has caused considerable delay,
especially as every item had to be indented for separately.
3. In consideration of the above it will be much appreciated if these indents can
be approved by you and forwarded as a special case to the Depot.

Subj: Request materials.

for information - - - -

The war office - Direzione Generale Artiglieria e Motorizzazione - has given back the herewith enclosed "Intenta for ordnance stored" which had been sent for further forwarding to the 137A, saying that by the said M.D., there is no possibility to satisfy the request as, that henceforth the competence to distribute allied maps-parts and covers will be exclusively of the C.A.R.E. of Bologna, which for the moment is in condition to satisfy the request being in course of organization.

The unit to which the present letter is addressed are begged not to make request for spare parts and allied covers, until they will not receive new instruction.

The following table gives the results of the investigation.

Le lotterie sono state istituite per la raccolta di fondi destinati a scopi sociali, scientifici, culturali, sportivi, ecc. I premi sono generalmente di tipo monetario, ma possono anche essere di natura non monetaria, come ad esempio viaggi, vacanze, attrezzi sportivi, ecc. Le lotterie sono gestite da enti pubblici o privati, che si occupano della raccolta dei fondi e della distribuzione dei premi. Il denaro raccolto viene utilizzato per sostenere progetti di carattere sociale, scientifico, culturale, sportivo, ecc. Le lotterie sono una forma di intrattenimento che consente di contribuire alla società in modo divertente e coinvolgente.

Il nostro intervento - la restituzione di tutte le terre - deve essere in linea con l'azione -

I often find myself in a position of having to decide whether or not to take a particular action. In such cases, I usually follow a simple rule of thumb: if the decision is likely to have a significant impact on my life, then I will take it; if it's unlikely to have much impact, then I'll leave it alone.

Con i fogli n° 08/1345/S/Aut. del 9/9 e  
n° 08/1705/S/Aut. del 10/10 questo Comando rap-  
presentò a codesto l'urgente necessità di dotare  
gli autocarri che ne sono sprovvisti di coperto-  
ni impermeabili e di centine.

In seguito ad istruzioni date da codesto  
B.I. T.U. con foglio Ord./2/104 del 13/10, questo  
Comando rinnovò le richieste di copertoni impermea-  
bili e di centine con i fogli n° 08/2064/S/Aut del  
6/11 e n° 08/2172/S/Aut del 10/11.-

La già inoltrata stagione invernale costrin-  
ge questo Comando ad insistere sulla richiesta, in  
considerazione che tale deficienza rende inutiliz-  
zabili quasi tutti gli automezzi, aggravando enor-  
memente la già critica situazione dei trasporti.

Nelle relazioni nennili sulla manutenzione degli automezzi allemini reparti lamentano la deficienza di gomme.

Finora non si è potuto avere un esatto controllo in materia, in quanto non tutti i reparti trasmettono alla Sezione Auto di questo Comando le richieste di coperture - per l'ulteriore motivo al B.L. T.U. - accompagnate dai prescritti certificati B.L.R. -

Al ovviare tale inconveniente si prescrive che tutte le richieste devono essere inoltrate tramite questo Comando, il quale - oltre a curarne l'inoltro - avvolgerà tutto l'interessamento possibile per la sollecita sostituzione.

Si prega l'<sup>o</sup> P.M. B.L. T.U. di considerare che quasi tutti gli automezzi sono sprovvisti di ruote di scorta e che, pertanto, l'inefficienza delle gomme si risolve praticamente nella inutilizzabilità degli automezzi, con conseguente inasprimento della crisi - già grave - dei trasporti.
