N°08/I358/S/Aut.di pret. P.M., LI IO settembre I945

OGGETTO: Rilascio veicoli.

ALL"F" BLU. RTC. ICF. S E D E

Riferimento foglio 25/I47 data 7 corrente.-

OS/REL/727 IN data 22 agosto I945

Questo Comando concorda nel non assegnare l'autocarro 3 Ton. al I52° Centro Addestramento Collegamenti,essendo al completo nel suo organico.

Propone che detto autocarro venga assegnato al I590 Plotone Trasporti,che ha deficienza nell'organico in seguito al versamento di due autocarri dichiarati B.L.R. in data 3/9/45 e dei quali é stata chiesta,a Codesto Comando,la sostituzione in data 8 corr. con foglio 08/I340/S/Aut.-

L'autocarro I5 CWT 4X2 Wireless(radio) si propone venga assegnato al I52 Centro Addestramento,in considerazione che detto centro,pur avendone in distribuzione 6 in piu dell'organico,ne ha 7 inefficienti,come già rappresentato a Codesto Comando con foglio 08/I328/S/Aut. data 5 corrente.

OS/REL/728/ in data 22/8/I945

1411

E' esatto che nel censimento ultimo il Comando C.A.C.F.I.C. risulta al completo nel suo organico,ma deve essere tenuto presente che un autocarro fu dichiarato B.L.R. in data II/8/45 e ne é stata richiesta la sostituzione in data 2/9/I945 con foglio 08/I322/S/Aut.-

Il Comando C.A.C.F.I.C. ha quindi un autocarro in meno dell'organico.

OS/REL/727 IN data 22 agosto 1945

Questo Comando concorda nel non assegnare l'autocarro 3 Ton. al I52° Centro Addestramento Collegamenti,essendo al completo nel suo organico.

Propone che detto autocarro venga assegnato al I590 Plotone Trasporti,che ha deficienza nell'organico in seguito al versamento di due autocarri dichiarati B.L.R. in data 3/5/45 e dei quali é stata chiesta,a Codesto Comando,la sostituzione in data 8 corr. con foglio 08/1840/S/Aut.-

L'autocarro I5 CWT 4X2 Wireless(radio) si propone venga assegnato al I52 Centro Addestramento,in considerazione che detto centro,pur avendone in distribuzione 6 in piu dell'organico,ne ha 7 inefficienti,come già rappresentato a Codesto Comando con foglio 08/I328/S/Aut. data 5 corrente.

OS/REL/728/ in data 22/8/I945

1411

E' esatto che nel censimento ultimo il Comando C.A.C.F.I.C. risulta al completo nel suo organico,ma deve essere tenuto presente che un autocarro fu dichiarato B.L.R. in data II/8/45 e ne é stata richiesta la sostituzione in data 2/9/I945 con foglio 08/I322/S/Aut.-

Il Comando C.A.C.F.I.C. ha quindi un autocarro in meno dell'organico.

Dovendo provvedere a molteplici servizi,si propone che venga ad esso assegnato l'autocarro in questione.-

Si allega,pertanto,il documento di rilascio.

2. Under the present system a vehicle can only be obtained from unit transport "if available".

1. It is noted that, owing to the shortage of available cars 2 - seater, one truck 15 - cwt 4x2 GS has been released to 152 D & M School in lieu of the car 2 - seater authorised on War Establishment CM/991/1.

2. The essential function of the D & M School is the training of drivers in practical road experience and convoy discipline. For the adequate control and checking of a road convoy a small car 2 - seater is a 'sine qua non', whilst a 15-cwt truck is totally unsuitable.

3. It is requested that in this instance a special case be submitted to higher authority for the issue of a car 2 - seater to 152 D & M School.

1. It is understood that the lack of transport renders it impossible for a light vehicle to be allocated solely for the use of the D.A.D.O.S.

2. In view of the fact that I shall have many visits to make to units, plus occasional trips to Base Depots to look into the supply of stores and equipment it would be appreciated if the question of transport could be reviewed and a suitable vehicle allocated to me, a driver is not necessary for I have my own.

3. It is pointed out that the D.A.D.O.S. must be in constant contact with his units and it is considered that a vehicle is essential. A vehicle may be obtained from Pool, if available, I consider this most unsatisfactory and I fail to see how I can carry out my duties efficiently unless I have transport to use as and when I actually need it. It would be appreciated if authority could be obtained for the release of a car or light truck for my personal use, to be returned when the transport of "F" BL & TU improves.

1. OS/REL/636 was included among the releases sent to you under cover of above quoted letter.

2. This release was for two Cars 2-str 4X2 for Driving & Maintenance School.

3. I am informed D & M School have not yet received this release or notified that vehicles have been drawn for them. Will you please investigate and inform me on this matter. It is over a week since the releases were sent to you and you acknowledged receipt of them on your 08/1042/S/Aut dated 17th July 1945.

4. D & M School are only entitled to ONE Car 2-str 4X2. Therefore only one should be drawn against OS/REL/636, and the other cancelled. Let me know immediately please, if on the other hand the two vehicles have already been drawn.

Reference your Q.242/4 of 16 July 45.

1. All vehicle requirements against War Establishments of Units of R.T.C., I.C.F. have been released direct from Q(AE) A.F.H.Q., through your Headquarters, in consequence of a meeting held at A.F.H.Q.on about 8 March 45. At this meeting G-1.Q(AE), A.F.H.Q. informed 'F' B.L.U. that all outstanding deficiencies would be made up automatically by A.F.H.Q. as and when vehicles became available. It would seem that this procedure has not been carried out, although progress reports showing deficiency of vehicles have been submitted from time to time by this Headquarters.

4370

2. D.A.D.O.S., 'F' B.L. & T.U. is submitting indents in accordance with requirements set out in my AQ/17/979. It is particularly requested, however, that if Cars 4-str. 4 x 2 and Cars 2-str. 4 x 2 are not available, that trucks G.S. 15-cwt. be issued in lieu, especially as now that the 3 (Italian) G.T.Company has passed from under command R.T.C., I.C.F. the transport situation at this Formation is extremely acute.

1. Application was made on 26 Jun. '45 through Staff Channels for exchange of Lorry 3 ton 4 x 2 Wk/Shop in possession of No.3 Italian G.T. Coy., which was incompletely equipped, at time of issue.

2. The exchange was authorised and a Class I Vehicle was released under DOS/3112 dated 2 July '45.

On receipt of this release it was discovered that a similar vehicle had been demanded through other channels and released under DOS/3003 dated 16 June '45, therefore this demand had been duplicated.

3. It is requested that in future demands for all vehicles required for Units under command of R.T.C. I.C.F. be made through D.A.D.O.S. "F" B.L.T.U. to regularise the procedure and so avoid further duplication.

1. BLR Certificates: It is observed that one is addressed to RTC, ICF, and the other to British Liaison Company ! In fact the vehicles were on charge of 152 Italian Mechanics School and 155 CCRR Section.

2. The Workshops must always be given the correct information when vehicles are handed in for repairs or condemnation, and the correct designations of the units concerned must be used appropriately for each and every vehicle.

3. This important for two reasons:-

(a) A unit should not be able to obtain a replacement vehicle for one which has been condemned and shown as belonging to another unit.

(b) The Workshops make out Part X Orders for condemned and evacuated vehicles. These orders will be wrong if they are misinformed as to the units on whose charge the vehicles belonged.

4. Will you please put the matter right, and inform the Workshops to what units the vehicles they have condemned really belong. The indents are returned and will be accepted when adjustments have been made.

5. The entitlement authority must be quoted on 24/3.4350

1. Indent No 7/2 dated 25th June 1945 from 1500 Transport Platoon is not approved, and returned hwrewith.

2. The last time this unit demanded vehicles I pointed out that it held 19 over establishment, and could not obtain replacements in excess of establishment.

3. Before I can approve this demand, which states the Platoon now holds only 30 vehicles against establishment of 31, please inform me how the remaining 19, once held surplus, have been disposed of, and under what authority.

1. Will you please instruct units to put a reference number on their indents. This avoids possible misunderstanding and confusion if queries arise later. I have mentioned this before.

2. The vehicles demanded are for training purposes. In both instances the units have quoted their War Establishment number. This is not necessary and on the other hand it is misleading as it leads one to suppose the vehicles are required against War Establishment.

3. War Establishment and Training Scales are quite separate and must not be confused. The Training Scale authority for all units of RTC, ICF and regarding vehicles for Training purposes is DMT/88/4/MT1 dated 2nd February 1945. In such cases as these, this reference should be quoted and not the War Establishment.

4. The scale of lorries for training applicable to Mechanics School is not merely 27 lorries 3 Ton G.S. 4 X 2. In this instance DMT is very specific as to the make of lorries involved and the table reads:-

Lorries	3 Ton	FORD	Quantity	7
"	"	DODGE	"	7
"	"	GMC (Chev)	"	7
"	"	BEDFORD	"	6

The demand should therefore, in this case, stipulate that Bedford lorries are required, and not just any make of vehicle. Will you please explain this to the unit.

5. The demands have been suitably amended by me and passed through.

Ref : ORD/25/69
June 4th 1945.

Three Indents, numbered serially by my office RTC/150 -- 151 -- 157, from HQ 2 Infantry Regiment are returned herewith.

1. It is recommended that Units insert a serial number on their indents. Otherwise it is difficult, when writing to refer to any one particular demand.

2. RTC/150 quotes War Establishment reference CM/740/1 RTC/151 and 157 quote W.E. reference CM/741/1, the first represents a Regimental HQ, the second a Battalion. Either the W.E. reference or the Unit designation is wrong on RTC/151 and 157. Please investigate and correct.

3. On the face of it, HQ. 2 Infantry Regt requires 4 lorries 3 Ton G.S, yet each indent states either 2 or 3 serviceable lorries are held and the total establishment is 4. In fact the arithmetic is all nonsense unless separate battalions of this Regiment are involved on each indent. Please adjust.

Reference your 05/2966/S/SM of 22 April 1945.

1. There is no war establishment authorised for a special workshops for the carriers, consequently no vehicle can be released as requested in your letter.

2. Overalls should be demanded in the normal way. One suit of overalls can be provided for each driver of carriers, or mechanic.

3. Covers should also be demanded through normal ordnance channels.

4. Repairs to carriers should be carried out by the RTC ICF Vehicle Repair facilities at present 152 Mechanical Engineer Platoon. The whole question of vehicle repair facilities is being considered. A new scheme is being put up to higher authority so that adequate workshop facilities will be available for all vehicle on charge to Units of RTC ICF.

To : A.D.C.S. (Ops 5)
A.D.S.S.

Reference your DOS 2/3/4 (5) of 28 March '45.

1. Your remarks in para 1 are noted.

2. I find it difficult to understand para 2. of the above mentioned letter in the light of (a) the recent experiences by the R.C.A.F. when collecting vehicles (for which see their 08/1/7/1 dated 28 Feb. '45) and (b) my suggestion to overcome this difficulty as detailed in 08/954/1 of 16 March '45 and reiterated in my letter of the 19th. March '45, which confirmed phone conversation (Major Cleveland - Davie Note) on this subject.

3. It is pointed out that, up to the present, signals asking for confirmation of availability have been sent from this office to the appropriate vehicle parks (or Ops) on receipt of release notes and replies from parks or Ops have in fact been received. But this practice causes a further time lag, and additional work for this office, which would be entirely unnecessary if an endorsement adding the vehicle park to signal availability as previously I suggested, were made on the original release note.

4. May the suggestion now be put into effect please.

1. The release of vehicles is controlled by G(AS) and the issue of the phased programme rests entirely with the allocation by them. The procedure is however being adhered to as provided.

2. It is regretted that it is not at present possible for individual vehicle parks to signal when releases are available for collection, and since releases are only made when vehicles are fit, serviced and available for issue, there is no necessity for this procedure to be put into operation.

SUBJECT: Vehicle Releases - BLU REC ICF

TO : Q(MX) AFHQ

Reference Vehicle Releases Nos VR 1423, 1512 and 1502.
This HQ letter Q 156 dated 28 Feb 45 Appendix 'A' refers.

1. It is advised that, against a total of 41 Lorries 3 ton GS 4 x 2 Class 5 on the above releases, only 12 have been issued by 408 MVP, the balance being not available.

2. It will be appreciated that a deficiency of 29 out of a total of 41 is rather a severe proportion and as 32 of these vehicles are required for a transport platoon, the position is serious.

3. It is requested that 29 lorries 3 ton GS 4 x 4 be released in lieu of the lorries 4 x 2 or alternatively that the balance be released from another Vehicle Park.

4. May this matter please be treated as urgent.

Subject:- Release & Collection of Vehicles - RTC ICP

To :- D.O.S. (OS 3)
A.F.H.Q.

1. It is understood from Major Gelardi of B.L.O. attached R.T.C., I.C.P., that during last week he visited Q(AI) regarding releases of vehicles both now and during this month, and the attached sheet shows a summary of the promised releases under three phases. May it be confirmed please that phase 2 and phase 3 will be implemented on or about the dates shown, i.e., 16 and 23 March respectively.

2. As you are already aware (vide copy NAAF's letter MT/17/71 of 28 Feb. '45 forwarded from this office on 5 March '45) some difficulty has been experienced by [illegible] in collection of vehicles.

3. In an endeavour to prevent any difficulties in the future I would suggest the following simple expedient as being worthy of adoption:-

Release noted issued to the appropriate Vehicle Coy. should be endorsed "No.....V. Park (or Coy.) to signal RTC ICP (copy to AMS RAAC) that vehicles are available and awaiting collection".

I shall be glad to hear of your agreement to this procedure.

1. Reference Vehicle Release CS/MEA/265 of 23 February 45 and CS/MEA/282 of 1 March 45, making a total of 44 Lorries 3-ton G.S. 4 x 2 Class V released, only 12 have been issued by 400 M.V.P., the balance not being available. If Lorries 3-on G.S. 4 x 4 Class 5 are available from 400 M.V.P., could a number of these be issued in lieu of 4 x 2's.?

2. It will be appreciated that a deficiency of 29 out of a total of 41 is rather a severe proportion, and as 32 of the Lorries are required for a Transport Platoon, the position is serious.

'F' B.L.U., R.T.C., I.C.F.

Ref: G/GB/26

10 March 45.

To: H.Q.
R.T.C., I.C.F.

1. A.F.H.Q. have agreed to release the outstanding vehicles to complete all units of R.T.C., I.C.F. to War Establishment scale.

2. Releases will be made through Rome Area Allied Command in three phases, as follows :-

Phase 1 - immediately.
Phase 2 - Approximately 16 March 45.
Phase 3 - Approximately 23 March 45.

3. Attached at Appendix 'A' is shown the releases to be made in each phase against each Unit's entitlement.

4. It will be noted that no cars 4-str. 4 x 2 are available and that Cars 2-str. 4 x 2 (i.e. Utilities) are in very short supply. Only four Utilities are available for Phase 1 and it is not yet known how many can be issued in Phases 2 and 3.

5. No 15-cwts.4 x 2 F.F.W. (fitted for Wireless) are available. 15-cwt. 4 x 2 W/T (Wireless) are being issued in lieu.

6. Thirty 3-ton lorries are also being issued. These are to be either Class I or Class ID. They will be issued to 1500 Transport Platoon. This issue will make 3-ton lorries held by R.T.C, I.C.F. surplus by 20 when all releases are drawn. The 20 worst vehicles will be returned to R.V.Ps. in due course. G.O.C., RTC ICF is asked to ensure that by the end of Phase 3 all units of R.T.C. have their full entitlement of 3-ton lorries.

7. All vehicles on return to R.T.C., I.C.F. CESANO will be examined by D.A.D.M.E. Deficiencies in kit and tools will be indented for an vehicles given such repairs as considered necessary.

8. Documentation of vehicles to be fully carried out before issue to permanent drivers, i.e., each vehicle will have

1. Today a RASC representative accompanied an Italian Lieutenant to 405 M.V.P. to collect vehicles as per letter above.

2. On presenting the release note D03/1428 to the O.C. of the Park, it was found that the copy of the release note held by the park showed only 3, 3 Ton 4 x 2 G.S. Vehicles. The correct number should have been 32.

3. O.C. Park might have checked on this apparent error with A.A.G., RAAC and thereby saved a Sergeant, whom I can ill afford at this present, wasting his time.

4. As the collection of the three 3 Ton 4 x 2 Vehicles has been arranged for Monday 5th March. 45., could this difference in the number of vehicles for issue be corrected and this office advised, please.
