L'Adunato Maggiore in 1

P.M.92, li 26 Aprile 1945

Ill.mo Signor Maggiore,

se ho ben compreso la Sua richiesta telefonica, Le segnalo il numero degli ufficiali e sottufficiali necessari per l'addestramento dei reparti :

- ufficiali 60 (20 per btg.) ;
- sottufficiali 108 (36 per btg.).

Come numero dei presenti, essi ci sono, ma mancano gli "specializzati" per ogni genere di istruzione (specialmente fra gli ufficiali).

Nel reggimento ce ne sono molto di più, ma oltre a quelli occorrenti per l'addestramento, occorrono ufficiali e sottufficiali per i plotoni comando di btg. (3) e per il reparto comando, nonché per i servizi generali di reggimento.

In complesso occorrono :

- ufficiali : 110 (presenti);
- sottufficiali : 200 (presenti).

Con molta stima.

1. The holding of re-inforcements has been increased to a ceiling of 13,550.

2. All War Establishments will be considered and a number will be revised generally in accordance with the basis laid down in HQ/50/405 of 24 April 45.

3. The object of the revision will be to ensure that the total Permanent and Temporary Staff in the HQ ICP inclusive of CIVIL and other Schools, does not exceed 3,000.

4. Any figures in excess of 3,000 will be subject to ruthless scrutiny by both HQ and ICP and a very full explanation will be needed to justify them and it is probable that such excesses will pass without drastic curtailment. Such curtailment is better carried out by personnel of the HQ ICP and ICP than by Officers at HQ and ICP who are less fully in the picture.

5. A ICP War Establishment Committee comprising the following will be convened with effect from MONDAY April 30th:-

MEMBERS

Major R.W. HUNTER FORSEY
Major A.M.C. GILBERT P.
Lieut-Col SIVO
ANOTHER Italian Officer.

The Committee will elect its own President and will have the power of co-opting any member of the Italian or British Staff at HQ.

6. The Committee will meet at 1400 hours on 30th April in the Conference Room and thereafter daily (excluding SATURDAYS and SUNDAYS) till the work is completed. The President will decide if for any reason a meeting of the Committee cannot be held and will report the circumstance to Officer Commanding 'Q' ICP.

7. The following Officers will be required to submit their proposals for consideration to existing War Establishments as called for by the Committee. All plans will be prepared prior to 1400 hours 30th April 45 :-

Dear, Steve,

1. Last time I was at AFHQ I was shown a proposed WE for the BTI of the Engineer Training Centre as follows:-

ROBE (Major).	)	
Capt RE.	)	Already published in WE 733/1
1 QMSI.	)	
4 Sgts.		
1 Storeman.

1805139	Sgt SHARRINGTON, F.
2114680	Sgt BUDD, W.J.
1878355	Sgt LANGMAN, C.W.

and they are doing excellent work under very difficult and trying conditions.

3. May the other Sgt, and the storeman please be expedited. It is understood that a clerk is out of the question at the moment.

4. Can anything be done about altering Le TOCQ's appointment to Assistant Instructor in order that he can get a well earned instructor's pay.

5. Can the posting of the N.C.Os be authorised officially as at the moment there is no published WE for us to make a casualty.

6. I am ringing you up about the additional attached staff I so badly need.

Proposed Increase of War Establishment at CANTON.

Chief of Staff Training HQ INF.

British Training Increment HQ INF
 c/o Land Forces Sub Com
 HQ (MILIA) N.S.W.
 Ref. 1871/15/35.
 Maxon. 45.

1. Opening Remarks.

It is proposed to raise the holding of CANTON from 7,800 to 11,200. This will entail an increase of establishment. It has also been found by experience that the present establishment is not altogether satisfactory and the changes are in any case required. The proposal enumerated in subsequent paragraphs gives a solution which it is considered safe for the minimum increase of instructors and training material for the proposed increase of holdings, at the same time ironing out difficulties of the present organisation.

2. Situation at present.

(a)

While the first regiment shows signs of functioning efficiently, it is apparent that not only will No 2 Regiment be incapable of expansion, but that it is at present incapable of coping with the numbers at present allotted to it.

This is not surprising, as from the training point of view the establishment is inadequate as the comparison below shows:-

Comparative Table between No 1 and No 2 Regiments.

Regiment.	Org Staff	Holding Org's	Ratio Org Staff to men
No 1 Reception	12 Orgs 162 HQ's	1250	7.) To nearest
No 2 Infantry Regt.	50 Orgs 199 HQ's	4110	figures. 22.)

training material for the proposed increase of holdings, at the same time iron out difficulties of the present organization.

2. Situation at present.

- (a) While the first regiment shows signs of functioning efficiently, it is apparent that not only will No 2 Regiment be incapable of expansion, but that it is at present incapable of coping with the numbers at present allotted to it.

This is not surprising, as from the training point of view the establishment is inadequate on the comparison below shown:-

Comparative Table between No 1 and No 2 Regiments.

Regiment.	Trg Staff	Holding Co's	Ratio Trg Staff to men
No 1 Reception	12 031rs 162 100's	1250	7. } To nearest 22. }
No 2 Infantry Regt.	30 031rs 159 100's	4410	

The above table does not take in account the number of 5521st shown on held as reinforcements. It has been found they are useless for instructional purposes.

From the above it is apparent that No 1 Regiment can increase its present holding to about 2,000 without increase of staff, but that No 2 Regiment would in any case require a big increase of staff to bring the ratio to 1:10, which is the accepted figure.

- (b) The accommodation in No 1 Regiment with double bolls provided and when all available accommodation is put into habitable state of repair will allow 3,000 men.

On the other hand the building at present occupied by No2 Regiment will not hold more than 3,500 men.

- (c) Both for accommodation and training No 2 Regiment is not suitable as at present found.

It is understaffed and it is impossible for the training as envisaged for it to take place, for not only is it supposed to train ordinary infantry but also infantry specialists. These are at present mixed up with the infantry under training.

-2-

The building where the men are billeted has insufficient out-buildings for offices etc, and is like an ant hill.

3. Proposals.

It is proposed that to meet the increase of 3,400, the following take place :-

- (a) Only Infantry soldiers can be trained. The task at present done by No 1 Regiment be done at UGIRI camp. Artillery etc, going straight to MACHAKO from this camp.
- (b) That No 1 Recce Regiment becomes No 1 Elementary Training Regiment, that it be expanded to hold 3,000 men, but an increase of staff only for 1,000 men be asked for here. This will involve the formation of an additional Company per Battalion. Each Battalion will then have four Companies.
- (c) That No 2 Regiment be reduced to 3,500 men, but that an increase of staff be allowed to make it an efficient command.

That no Infantry Specialist training be done in this Regiment. The staff and equipment being allotted to a new Regiment to be formed.

This Regiment will then be solely for giving advanced training to the ordinary Infantry soldier.

This Regiment to be known as the No 2 Advanced Infantry Training Regiment. Each of the three Battalions of this Regiment will have five Companies.

- (d) A new Regiment to be formed as No 4 Regiment for training Infantry Specialists, holding 1,750.

This would be divided into 2 Battalions. 1 Battalion for teaching Infantry Specialist subjects. 2 Battalion for training Patriots as Recce personnel. See Appendix "B".

The organization of the Specialist Battalion will be flexible to meet the demand for particular classes of specialists and the supply of suitable personnel.

The Recce personnel will organize two groups each of 500 men. This will be regarded as a Cadre d'elite and a very high standard of physical fitness and training will be called for. Out of the best personnel in the two groups it is hoped to form a complete Recce personnel unit of approximately 500 strong to be posted as a unit with its own officers to one of the forward Camps. The remainder, suitably reinforced as additional personnel will be brought up to the same standard with a view to producing a second unit if this should be required. The requirements of the various additional units are set out in Appendix "A" to "D" and summarized in Appendix "E". It will be

This Regiment will then be solely for giving advanced training to the ordinary Infantry soldier.

This Regiment to be known as the No 2 Advanced Infantry Training Regiment. Each of the three Battalions of this Regiment will have five Companies.

- (4) A new Regiment to be formed as No 4 Regiment for training Infantry Specialists, holding 1,750.

This would be divided into 2 Battalions. 1 Battalion for teaching Infantry Specialist subjects. 2 Battalion for training Patriots as Reconnaissance personnel. See Appendix "A".

The organization of the Specialist Battalion will be flexible to meet the demand for particular classes of specialists and the supply of suitable personnel.

The Reconnaissance will comprise two groups each of 500 men. This will be regarded as a Corps d'elite and a very high standard of physical fitness and training will be called for. Out of the best personnel in the two groups it is hoped to form a complete Reconnaissance Unit of approximately 500 strong to be posted as a Unit with its own officers to one of the forward Groups. The remainder, suitably reinforced as additional personnel will be brought up to the same standard with a view to producing a second Unit if this should be required. The requirements of the various additional Units are set out in Appendixes "A" to "D" and summarized in Appendix "C". It will be noted that the increases asked for are in proportion to those originally authorized for a ceiling of 7,500.

Costing	Authorized	Ratio Instructors to Pupils
7,500	2,100	1:3.7
New Costing	Authority required	Ratio Instructors to Pupils
11,250	2,987	1:4.0

The advantages of the above Regiment will be :-

- (i) That it centralizes Specialist Training, making supervision easier.
- (ii) That it relieves the top heaviness of No 2 Regiment.
- (iii) That it enables the semi-trained Patriots to arrive to be dealt with separately and given more advanced training than would be possible with untrained call-ups, enabling the independence and spirit of the Patriots to be developed on Command lines, at the same time ensuring that the somewhat undisciplined outlook of the Patriot does not affect the rest.

...../3.

- (c) The Infantry School to have as its object, firstly, the production of instructors to meet the new proposals. Secondly, to maintain the standard of instruction by refresher courses once this has been achieved.

1. British ORs

It was agreed that all British ORs attached to LMT but at present at OSSANO should, provided O2S agree, be absorbed within the ORs of the three units. It is imperative that O2S authority be obtained. All ORs surplus to AE will be disposed of in accordance with O2S instructions. It is essential that this Directorate is informed of any movement or casualties concerning the personnel attached to the Directorate and in this connection information is requested urgently concerning Capt LEVIN.

2. OFFICERS

The responsibility for the posting of the officers of 'G' B.T.U. and 'H' Br Trg Increment lies with LMT but no action can be taken until all officers have completed where marked 'X' in duplicate of the attached proforma. These should be forwarded to this Directorate as soon as possible. Also dates of joining should be forwarded.

On the proforma the para "Present unit/Apppt" should show the officer's last unit or appointment before he reported to the B.T.U. or Br Trg Increment.

Reference on 2/6/29/43 of 12 January.

1. It is important, while the M.F.'s are still under consideration, that the RTO ICF should have the necessary transport and maintenance units to enable it to function.

2. The proposed organisation includes the following units:-

Unit	Office	CRs	S.E.S.	War Establishment
1 Transport Platoon	1	49		NA/533/1
2 LAD's (each)		12		NA/540/1
1 Section CC.RR. (for duty)	1	51		NA/524/5504

3. It is requested that you issue formation orders for the above units. It is suggested that they be formed at CESMA under supervision of RAC and the proposed EIB. Personnel would be provided at CESMA under arrangements to be made by MMIA.

4. In addition could approval be given to the release of 12 cars 4 str or 2 str, against the proposed establishments, to enable officers of the Centre to be mobile during the period of organisation.

5. It is requested that vehicles released by the Transport Platoon above should be in addition to any vehicles released hitherto.

SUBJECT	PROBLEM
5. <u>PROVISION OF BRITISH PERSONNEL TO SUPERVISE TRG.</u> (a) In order to establish the Trg Centres and Schools quickly small cadres of British personnel have been temporarily attached to the Rft Trg Depot. As a long term policy it is proposed to add a British Trg Increment of all arms to the Rft Trg Depot to supervise trg as long as necessary. (b) It is not proposed to add British Trg Increments to <u>Base Rft Depots.</u>	14. Is the long term policy agreed? 15. If so will Branches and Services who have not already done so submit details of their recommendations to DMT by 9 Jan 45 for inclusion in the W.E. 16. Will WFL agree to submit the W.E. to G-5 (Org) AFHQ on receipt of the trg requirements from DMT? 17. Is it agreed that no British Trg Increments are required at Base Rft Depots? ✓
6. <u>PROVISION OF TRG EQPT.</u>	18. Where not already done it is requested that Branches and Services will submit detailed lists of trg eqpt to DMT by 12 Jan 45. 19. Are Branches and Services satisfied that adequate trg eqpt can in fact be made available? Can a firm date be given for release? NO 20. It appears that some 300-400 vehs will be required for trg and adm purposes. Can these be supplied, and by when?
