MEMO.

MEMO II (Schools)
MEMO III (Infantry)

1. It is proposed to open a Mountain Warfare Museum at S.I.M.A. as part of the School of War and the attached list given details of the suggested equipment. This is based on the report at GHO.

2. Although this type of equipment may not be made available to the Italian Army, this type of warfare is particularly suited to them, and a museum explaining and showing our equipment would be helpful.

3. Please advise us if these items can be made available.
