Subject: Vehicle Spares and Materials.

British Liaison & Training Unit
RTU ICH.

Ref. W/4/438.

23 August 45.

O.C. 132 D & M School
RTU ICH.

References the list of materials required for the vehicles of the
D & M School.
Item No 1. 20 Tyre pressure gauges are available for collection from NADOS stores.

No 2. You have already submitted an indent (No. 27/34) for 6 rolls of insulating tape authorised under S/L 347/4. If further supplies are required a normal indent should be submitted.

No 3. } A request will be made by this H.Q. for S/L 347/4 to be amended to include one voltmeter, one grindstone, and one air compressor for tyres. Indents for these items cannot be submitted until authority is received.

No 4. A hydrometer is included in S/L 347/4 and an indent should be submitted for this item.

No 5. It is regretted that authority cannot be given for the school to hold a forge.

Nos 7 to 17. The question of the provision of spare dynamos and petrol pumps has been referred to D.M.F.

No 18. Details of electric bulbs for headlamps and sidelamps are as follow :-

Vehicle Type	Vocabulary Section	Part No	Description	1556
Bedford & Austin }	LW6. M13.	12526	Bulb, electric, 12-volt, 36-watt S.B.C. (Headlamp)	
			Bulb, electric, 12-volt, 6-watt S.B.C. (Sidelamp)	

required a normal indent should be submitted.

No 3.) A request will be made by this H.Q. for 333 327/4 to be varied to include one voltmeter, one windstone, and one air compressor for tyres. Indents for these items cannot be submitted until authority is received.

No 4. A hydrometer is included in 333 327/4 and an indent should be submitted for this item.

No 5. It is regretted that authority cannot be given for the school to hold a forge.

No 7 to 17. The question of the provision of spare lenses and petrol pumps has been referred to DAME.

No 18 Details of electric bulbs for handlamps and sidelamps are as follow :-

Vehicle Type.	Nomenclature Section.	Part No	Description.	1556
Bodford (Austin)	INV6. M13.	12526	Bulb, electric, 12-volt, 36-watt E.H.O. (headlamp) Bulb, electric, 12-volt, 6-watt E.H.O. (sidelamp)	
Ford Dodge Chevrolet	INV6. M13.	HA/AL. 20008	Bulb, electric, 6-volt, 32-24 C.P., (Canadian 2320) (headlamp)	
	INV6. M13.	HA/AL. 20005	Bulb, electric, 6-volt, 3 C.P., (Canadian 63) (side lamp).

SUBJECT: Incident for H.M. Spence.

RE: INCIDENT INVOLVING A TRAINING UNIT
H.M.S., I.C.P.

Ref: 12/1/121.

9 August 45.

To: O.C.

152 D & M. School.

Copy to (Purification)

H.M.

H.M.S., I.C.P.

1. Referring to the question of the supply of H.M. spares discussed this morning.
2. It is now considered advisable that incidents for spare parts required for the vehicles of the D. & M. School should continue to be forwarded through H.M., R.T.C., I.C.P., and not through 152 Platons Office.
3. It is suggested that all incidents should first be brought to B.A.D.S.T., H.M. & T.B. for checking, before forwarding to H.M., R.T.C., I.C.P. and that an additional copy of each incident is made for his retention. In this way, delay due to any error in the preparation of the incident can be avoided and hastening action can be taken in conjunction with B.A.D.S.T., H.M. & T.B. where necessary.
4. It is also suggested that a review is made of all insufficient vehicles which require only the replacement of small, damaged parts and which could be repaired by personnel of the D. & M. School. Incidents should be prepared for all such small items required. B.A.D.S.T. will give all assistance possible where difficulty is experienced in identifying the correct names and part numbers of the necessary spares.
5. It was noted that many irreparable tyres were attached in the 1553 Store at the school. Arrangements have been made for a H.M.S. representative to inspect these and issue B.L.M. certificates as required. On receipt of the B.L.M. certificates incidents should be submitted for replacement.

for the vehicles of the D. & M. School should continue to be forwarded through H.C., R.T.B., I.C.P., and not through 152 Platoon Office.

3. It is suggested that all incidents should first be brought to D.A.D.S.T., P. B.L. & T.U. for checking, before forwarding to H.C., R.T.B., I.C.P. and that an additional copy of each incident is made for his retention. In this way, delay due to any error in the preparation of the incident can be avoided and hastening action can be taken in conjunction with D.A.D.S.T., P. B.L. & T.U. where necessary.

4. It is also suggested that a review is made of all inefficient vehicles which require only the replacement of small, damaged parts and which could be repaired by personnel of the D. & M. School. Incidents should be prepared for all such small items required. D.A.D.S.T. will give all assistance possible where difficulty is experienced in identifying the correct name and part numbers of the necessary spares.

5. It was noted that many irreparable tyres were stocked in the store at the school. Arrangements have been made for a R.A.M.S. representative to inspect these and issue B.L.R. certification as required. On receipt of the B.L.R. certification incidents should be submitted for replacement.
