3. REASONS FOR THE PROPOSAL.

These proposals are submitted to bring the Reinforcement Training Centre, Italian Army, Headquarters and units on to effective establishments in accordance with Directives laid down by G.O.C. Land Forces Sub Commission A.C. and in the light of eight months practical experience at GEFANO. The main departure from the present War Establishment is in the proposed concentration of all load-carrying vehicles in a domestic G.T. Company. Units of the Reinforcement Training Centre will only have light vehicles and training vehicles on charge, all lorries 3-ton 4 x 2 G.S. will be allotted to them by the domestic G.T. Company which will be entirely responsible for their maintenance. The proposed allocation of lorries 3-ton by the G.T. Company to units is shown at Appendix "Q".

The total permanent staff is 4,538, to train, equip, administer and maintain 7,500 recruits, plus 2,500 pupils from Units = 10,000 students in all. The proportion of permanent staff to pupils is 1 : 2.2
