COMUNE DI BRACCIANO
Provincia di Roma

27 agosto 1945

N. 4331

Al Comando Militare Alleato
(Villa Giulia)
BraccianoOggetto: Servizio di assistenza sanitaria
nel territorio del Comune.

Il Medico-chirurgo Dott. De Lellis Giuseppe disimpegna il servizio di assistenza sanitaria nella 1^o condotta di questo Comune, nonche' quello di vigilanza sanitaria nella intera giurisdizione territoriale del Comune stesso. Per le gravose esigenze del servizio e la notevole estensione del territorio del Comune, egli ha assoluta necessita' di servirsi della propria automobile. Tale automezzo, dal decorso inverno, non e' piu' utilizzabile perche' le relative ruote (pneumatici e camere d'aria) sono fuori uso per il lungo impiego.

L'interessato ebbe a rivolgere ripetute istanze alle superiori Autorita'; altrettante richieste furono formulate anche da questo Municipio: tutte intese ad ottenere l'assegnazione dei detti pneumatici e camere d'aria. Fino ad oggi, nessun esito si e' potuto ottenere per il grave difetto di disponibilita' presso gli Uffici competenti. Premesso quanto sopra, e allo scopo di mettere il Sanitario Dott. De Lellis nella possibilita' di disimpegnare i suoi delicati servizi con quella regolarita' che le circostanze richiedono nell'interesse della pubblica salute, mi permetto di rivolgere preghiera a Codesto Comando affinche', per tale considerazione, voglia compiacersi provvedere al predetto Sanitario almeno No.2 ruote complete di pneumatici e camere d'aria di automezzi Gip.-

Codesto Comando compirebbe atto veramente umanitario in favore specialmente della popolazione rurale povera che tanto ha bisogno della regolare assistenza medica.

2385

Fiducioso in un benevolo accoglimento, ringrazio fin d'ora e distintamente ossequio.

1. Your a/m letter has been received through CE of this HQ but it is pointed out that he has no interest or authority in connection with the re-issue of tyres from Salvage.
2. It is also pointed out that a bulk re-issue of tyres has been made to MMIA because Salvage is not in a position to make frequent re-issues of relatively small numbers of tyres of varying sizes.
3. It is understood that some tyres of this bulk re-issue have been despatched to Rome and it is requested that your future demands should be made through HQ MMIA Rome for satisfaction from the bulk re-issue.
4. On this occasion efforts are being made to find and re-issue the tyres required because your transport would otherwise be wasted but this cannot be done in future.

2. In order to comply with normal inter-Governmental accounting procedure the direct sale of salvage tyres to contractors should be discontinued. In cases where the supply is essential please arrange for the War Ministry to take the salvage tyres on charge in the normal manner signing priced vouchers for all receipts. These can then be debited to the Italian Government who can arrange resale to contractors at the same rates.
3. It is suggested that the small balance stocks mentioned in para's 1 and 2 of your minute be disposed of in the same way as previous issues, i.e direct to contractors.

Gentilissimo Signor Maggione,

La prego vivamente di voler far consegnare a mio figlio le gomme per la vettura Fiat 1100 dato che mi occorrono con urgenza per il trasporto dei dirigenti e dei tecnici miei collaboratori per seguire i lavori militari in corso.

Per il rifino delle gomme degli autocarri provvederò in un secondo tempo non appena avrà disponibile il camion.

Con l'occasione La prego vivamente di voler per cortesia, compiacersi di rilasciarmi un documento in inglese sul tipo di quello allegato, rilasciatoomi dalla Direzione Lavori Genio, al fine di evitare la possibile requisizione dell'autovettura Lancia Aprilia che ho acquistata per mio uso personale per essere edibita al collegamento con i cantieri di Cesano e con quelli di Bracciano e La Storta.

La ringrazio sentitamente e Le porgo i miei deferenti e cordiali saluti.

Subject : Repairs of the Bracciano & Cesano roads

We refer to our precedent letter.

Notwithstanding our & your insistences, to this date we did not succeed to make Ten. Matchett deliver us the bitumen emulsion. To-day our Eng. Balzano has gone again to insist, but he has been told that for the Cesano road the 104 C.E. York has taken no engagement for delivering the bitumen emulsion & therefore they don't intend to give it to us. For the Bracciano road, though they admit their engagement to supply it, Ten. Matchett specified that at present, for want of coal and bitumen in Rome, no emulsion is manufactured, and he could not say when there will be some quantity available.

We have begun, some days ago, the collage on the Cesano road, but owing to the intense military traffic, the road being narrow and for want of bound, the same collage can't go on satisfactorily, though our steam rollers insist to pass till to make the rubble round. Therefore, it is not absolutely possible to get a good collage without delivering us bounding material or bitumen, or clay powder, but as we have no contractual engagement to supply either, we beg to give us, as soon as possible, your directions on the matter, so that we shall not be obliged to interrupt the works.

With kindest regards,

7 *G. Cornetto*
