13. It is considered that little or no effort has been made in your HQ to check and correct the Vehicle Census Returns submitted, and that there would have been no need for me to raise this long list of observations had some interest and action been taken on your part. Taking into account the very frequent observations I have to raise also on Indents, Vouchers and other documentation, it would be considered at least an act of courtesy to institute a more thorough scrutiny of documents before passing them on to this office.

1. The question of 'Write Off' has been taken up with higher formation for some time. NO policy has yet been received from the Combined Chiefs of Staff at WASHINGTON as to the exact procedure for writing off Allied material on loan or vouchered to the Italian Army.

2. Until such a policy is defined it will be necessary to continue to show the loss as 'theft' in the Remarks column of the Monthly Census Return.

Subject: Part X (Orders).

1. 22. 1940. 10.

Ref: 10/17/236

6 April 1945.

1. With reference to the conference held on 4 April 1945 on the subject of Part X (Orders), the following points are stated.

When a vehicle/motor cycle is driven by a unit from an Ordnance Vehicle Unit, or any other organization and taken on the strength of that unit, the sole custody of that vehicle/motor cycle is the responsibility of that unit. The vehicle/motor cycle cannot be permanently transferred or taken on the strength of any other organization, or returned to an Ordnance Vehicle Unit without authority from Higher Command (in this case P.I.U.) or L.S.M. When the vehicle/motor cycle is taken from a vehicle unit, for instance, a Part X Order must be prepared and forwarded to British (Central Headquarters, Rome) records of all vehicles/motor cycles are kept. The vehicle/motor cycle concerned will be recorded against the unit which drove it, and it will remain thus recorded until a Part X Order is received transferring it to another unit. It will be seen, therefore, that a crucial check is kept of each vehicle, and that each Commanding Officer of a unit is individually responsible for the each value of every vehicle on charge. It is very important to note, therefore, that a crucial record must be kept of each vehicle and that if it is permanently transferred to another unit etc., (only when authority has been obtained from Higher Authority), a Part X Order must be prepared in accordance with the following instructions.

Note: A Part X Order is not necessary when a vehicle/motor cycle is only loaned from one unit to another. Nevertheless the unit which loans it is still held responsible for its safe custody.

3. Attached herewith is an Italian translation of a Part X Order, for information only. Also enclosed are sufficient blank copies of Part X Orders in English, for use by the following units:-

- 1. 1st Italian Army, Rome.
- 152 Italian Division and 102, 103rd and 153rd Glider Regts.
- 152 Italian Lab.
- 152 Italian Transport to Italy for Italian 101 Div.

- 112 Italian Inf. School.
 112 Italian Inf. School.
 112 Italian Infantry School (All Arms)
 112 Italian Infantry School.

Part X Orders will be reviewed immediately by the above units for all vehicles/motor cycles which have been received by them. They will be forwarded to D.M.S. & C.M.S., in triplicate (three copies) by 14 April 1945.

11 When vehicles/motor cycles are received or transferred in future, Part X Orders will be made out within 24 hours and forwarded to D.M.S. & C.M.S. 11 D.M.S. He will be responsible for forwarding them on to British General Headquarters.

11 It is once again stressed that the utmost care must be taken to see that Part X Orders are completed correctly and promptly. As with commanders of British units, Officers commanding Italian units are responsible for the full review value of vehicles on charge, so that there should be no failure to comply with the regulations laid down.
