In reply to your letter 5430 of 27 Aug '45.

1. Fuse 426 is included in the next consignment of ammunition as you will remember we particularly asked for this type fuse.
2. Attached herewith details of the ammunition despatched from 16 B.A.D on 24 August. It is noted the extra quantity of CORTEX and explosives you asked for are not included, which is probably due to the shortage of time, but no doubt they will come in next month's allotment.
