SUBJECT :- Report on Deficiencies Found in Consignments of Rations ex NAPLES

HQ RTC ICF
Ref 07/804/S/Comm

12 Apr 45

'P' BLU RTC ICF

The following is a copy of a letter from OC Ration Stores regarding deficiencies in deliveries of rations from NAPLES, in reply to our letter No 45 dated 2 April 45 :-

"Ref your 07/704/S/Comm dated 3 Apr 45 regarding shortage of dry figs, salt and sugar. The following report is submitted :-

The majority of the baskets of dry figs are usually received opened and part of the contents missing. All the sacks of salt are lead-sealed, nevertheless, deficiencies have been found when checking the weight, as some of the sacks are not completely full. Sugar is always deficient in comparision with the stated weight, deficiencies in the bags can be seen without close examination.

Deficiencies are especially noticeable when sugar is packed in jute-bags, sewn at the top, as the sugar can escape very easily from the corners of the bags. Further deficiencies have also been found in the paper bags, which do not show any apparent signs of having been handled. When checking flour or dry figs are averaged or there is one bag missing out of the six notified on the check slip. It has been found that seams have been re-sewn and covered with wax for camouflage!!.

It is pointed out that the escort party should be disciplined and steps should be taken to ensure that the party never travels in the ration wagon but in another wagon.

All ration wagons should be lead-sealed by the Railway and Senders seal, and also be secured by several rounds of twisted thick wire, in order to hinder as much as possible any thieves endeavouring to effect an entry.

SUBJECT :- Report on the Deficiencies Found on the Arrivals of Food from NAPLES

MINISTRY OF WAR
DIRECTOR MILITARY ADMINISTRATION NAPLES
DIRECTOR MILITARY ADMINISTRATION ROME

In order to prevent deficiencies found in the deliveries of rations from NAPLES to the 69 Food Stores, Palidor, we forward to you report from the above mentioned Stores as follows :-

1. Open Ration Wagons are usually sent, because an escort party travels in them.

2. Copies of the issue tickets, pencil written, without envelopes, are handed to the escort party when leaving.

3. Neither the original tickets nor the advice note for the rations loaded in NAPLES, were, until a short time ago, sent to the above mentioned stores.

4. It is pointed out that the stores were notified by RMTA, ROME and by the Military Administration Director, ROME, only as to the whole tonnage loaded on each wagon, or the amount loaded during a whole fortnight, advice of which was often received days after the arrival and un-loading of the wagons in question.

5. On the special request of the stores RMTA arranged that original tickets would be sent in advance from NAPLES and that signals advising loading, item by item would be made.

6. By means of these advices the addressee has latterly been in a position to check the correctness of the tickets shown by the escorts, which allowed him to confirm what he already suspected, namely that escort parties systematically altered the documents by subtracting the amount of stolen items.

7. The deficiencies found in each wagon have always been notified

4. 5. On the special request of the stores MMIA arranged that original tickets would be sent in advance from NAPLES and that signals advising loading, item by item would be made.

6. By means of these advices the addressee has latterly been in a position to check the correctness of the tickets shown by the escorts, which allowed him to confirm what he already suspected, namely that escort parties systematically altered the documents by subtracting the amount of stolen items.

7. The deficiencies found in each wagon have always been notified by discharging vouchers, a copy of which was initially forwarded to the sender through the returning escorts, as there is no Post Office in Palidoro. However since the alterations of tickets have been confirmed all reports are being sent from the Aurelia Post Office under Registered cover.

8. A detailed report was sent on 17 Jan to the Director of Military Administration ROME who notified the NAPLES Director of the fact that packages apparently intact (like cases of coffee, tomatoes and corned beef) arrive from NAPLES, full of straw, stones cloths etc. Nevertheless deficiencies are still being found, nor does it seem that steps have been taken by the competent authorities to punish the guilty escorts, as it has been seen, according to the reports from the Storehouse, that these men are still being detailed for escort duty and still making their subtractions.

8(Contd)

Deficiencies have also been found on the rations sent directly from NAPLES to the CESANO Storehouse - reports in the latter case will be forwarded in due course to the Director of Military Administration NAPLES.

In order to prevent occureences of this nature, and to protect the Public interest, especially at this time, the following suggestions are made :-

(a) The escort parties should not travel in Ration Trucks, but in separate wagons, as they declared that they are usually present at the counting of the loaded cases, but not at the weight checking, which allows them to make extractions with impunity.

(b) Each wagon, besides carrying the seals of the FF.SS (State Railyway) and of the sender's unit should also have the doors secured by several rounds of thick twisted wire, in order to hinder as much as possible any thieves trying to open a car.

(c) A duplicate of the ticket, written in ink, should be attached inside each wagon, besides the copy given to the escort men in a sealed envelope.

(d) All the escorts suspected of pilfering should be reported immediately, and not detailed again for escort duty.

It is thought that, providing the steps indicated above are carried out, further occurrences of this nature will be prevented.- 3772

Questo Comando, allo scopo di evitare il ripetersi di forti ammanchi di derrate, verificatasi sinora nelle spedizioni da Napoli al 69° Magazzino Viveri di Palidoro, comunica qui di seguito quanto il suddetto stabilimento gli ha testè fatto conoscere :

1°)- I vagoni di derrate gli sono stati spediti aperti, perchè con la scorta a bordo;

2°)- Alla stessa scorta vengono consegnate a mano, senza busta, le copie delle bollette di spedizione, compilate a matita all'atto del carico;

3°)- Fino a poco tempo addietro, il Magazzino suddetto non riceveva in precedenza nè la bolletta originale, nè la comunicazione relativa al carico effettuato a Napoli sul vagone;

4°)- Lo stesso ha fatto conoscere che dalla M.M.I.A. di Roma e dalla Direzione di Commissariato Militare di Roma stessa gli giungevano soltanto i preavvisi dei tonnellaggi complessivi caricati, per vagone o addirittura per quindicina, preavvisi che spesso gli giungevano vari giorni dopo l'arrivo e lo scarico dei vagoni stessi;

5°)- Su espressa richiesta del Magazzino, la M.M.I.A. provvide a fargli spedire tempestivamente da Napoli le bollette originali ed a preavvertirlo telefonicamente dei quantitativi caricati, distinti per derrata;

6°)- In tal modo il destinatario ebbe così ultimamente la possibilità di controllare l'attendibilità delle bollette esibite dalle scorte, la qual cosa gli permise di stabilire con sicurezza quanto aveva più volte sospettato, cioè che le scorte sistematicamente alteravano i documenti decurtando le cifre dei colli e dei rispettivi pesi e sottraendone le differenze lungo il viaggio;

7°)- Le deficienze riscontrate in ogni vagone sono sempre state fatte constatate con regolari verbali di scarico, dei quali inizialmente il 69° Magazzino Viveri inviava una copia al Deposito Mittente a mez-

Quello che dovrebbe essere disciplinato é il servizio della scorta;infatti questa non dovrebbe viaggiare nello stesso carro delle derrate,ma in un carro a parte.

I vagoni in cui sono allogate le merci dovrebbero avere le porte assicurate col suggello delle ferrovie ,con quello dello stabilimento spedizore ed, oltre assicurato con filo di ferro grosso a diversi giri, allo scopo di determinare una maggior perdita di tempo da parte di malintenzionati nel manomettere il carro.

Dei noti inconvenienti,questo Comando con una relazione,di cui si unisce copia,ha informato anche il Ministero della Guerra.

Ciò malgrado, i lamentati inconvenienti continuano sistematicamente a verificarsi; nè sembra allo stesso che i verbali inviati per raccomandata abbiano finora dato luogo, da parte dei competenti comandi a provvedimenti disciplinari o penali nei riguardi delle scorte colpevoli o fortemente indiziate, poichè queste, a detta del Magazzino Viveri di Palidoro, ricompaiono tranquillamente colà ricomandate di scorta ad altri vagoni e continuano ad effettuare sottrazioni di derrate.=

Anche sulle spedizioni che attualmente vengono fatte pure da Napoli direttamente al dipendente Magazzino Viveri di Cesano si riscontrano dei forti ammanchi, malgrado i vagoni fossero regolarmente scortati da soldati viaggianti nell'interno di essi. Si fa riserva di trasmettere a codesto Ministero ed alla Direzione di Commissariato Militare di Napoli quanto prima i relativi verbali.=

Al precipuo scopo di ovviare agli inconvenienti di cui alla presente relazione onde curare maggiormente gli interessi dell'Erario specie negli attuali momenti, questo Comando si permette proporre a codesto Ministero i seguenti accorgimenti pratici:

a)- che la scorta non viaggi più nei carri delle derrate, ma separatamente; ciò, anche per il fatto che la scorta stessa il più delle volte ha dichiarato di aver assistito durante il carico al conteggio dei colli e non alla pesatura ed agli accertamenti circa la loro condizionatura; tal cosa dà la possibilità alla scorta stessa di manomettere i colli senza la minima preoccupazione di denunzia a suo carico;

b)- che ogni carro ferroviario, oltre a portare la fascetta di suggello delle FF.SS. ed i piombi dell'ente mittente, abbia le porte assicurate con grosso filo di ferro a molti giri, la qual cosa possa determinare una maggiore perdita di tempo da parte di malintenzionati nel manomettere il carro stesso;

c)- che nel carro venga apposta una copia delle bollette di spedizione compilate a penna, oltre quella da darsi alla scorta in regolare busta chiusa e suggellata;

d)- porre subito sotto denunzia tutte le scorte che dai verbali che si trasmettono offrono fondati sospetti di reità, e comunque non inviarle di nuovo di scorta ad altri vagoni.=

Questo Centro ritiene che, adottando prontamente quanto sopra proposto, verrebbero a mancare le condizioni fondamentali per il verificarsi degli inconvenienti lamentati.=

'F' BLU. RRTC. ICF.

Ref: ST/4A/200

2 April 45.

To: H.Q.
R.T.C., I.C.F.

1. It is noted from the quantities of bulk rations actually received by rail that there is a consistent deficiency of certain items, particularly Sugar, Salt and Figs.

2. Over the last five consignments, out of a total of 2312 kilos of sugar, 401 kilos were short on receipt - - a loss of 17½%.

3. Will you please inform me if the wagons or containers appear to have been pilfered or if the discrepancies appear to be the fault of the depot from which the supplies were originally consigned. 37.36
