Subject: A.A. Artillery School of Sabaudia. -

We have found it necessary that the A.A. Artillery School of Sabaudia be re-organised as soon as possible. -

Therefore we beg your Ministry to order the speedy clearance of the following buildings at present occupied by bombed-out personnel:

- three villas for officers billets;
- two houses situated in the square of Sabaudia, used, previous to the 8th September 1943, for accomodating the families of officers and NCOs of the School;
- the barracks of the ex docks militia;

The Military Administration will have to carry out repair and refinishing works in the a/m buildings. -

The bombed-out personnel, as proposed by the Mayor of Sabaudia, could be billeted in the Refugee Camp which is being prepared at Gaeta, or in the functional barracks of Latinia, which have already been assigned to your Ministry for the assistance of the bombed-out.

We beg you to inform us of the instructions that your Ministry intends to issue on the matter. -

SUBJECT: Proposed move of AA Wing of School of Artillery.

LAND FORCES SUB COM, AC(MSLA)

(439084 Ext. 476) TRG/16/2/2

16 Oct 46

TO : MINISTRY OF WAR.

Reference your 5488/S/6/Add of 9 September 46.

1. This Mission is in agreement with your proposal to move the AA Wing of the School of Artillery to SABAUDIA.

2. The move is dependent on two main factors:

(a) The releasing of certain buildings in SABAUDIA at present occupied by refugees by the Ministero Post-

Bellio;

(b) The provision of water in and the carrying out of repairs on the main barrack blocks and sheds.

3. Since SABAUDIA is a remote town it is considered essential that accommodation should be provided in SABAUDIA itself for the 4711 families of Officers and other ranks on the permanent Staff of the School.

Reference attached papers :

1. I recommend that the A.A. Wing of the School of Arty should move to SABAUDIA as soon as this is administratively possible.
2. I further recommend that the A.A. Wing should stay at BRACCIANO until SABAUDIA is ready. An interim move to NETTUNO does not appear to be practicable.

SUBJECT:- Advanced training for artillery recruits.

1. - This S.M. has in mind - in order to gradually¹⁰ arrive at the foreseen concentration at the School of Artillery of the training of all recruits of that arm - the formation of a detachment for A.A. training at Seboudia, in the buildings formerly occupied before the 8th September 1943 by the A.A. School.

The locality would be particularly suitable for such training.

The work of restoration of the buildings would be, if begun immediately, probably completed during the month of December next.

2. - We await the opinion of your Mission.
