1. The Ministry of War Italian Army have made a request for copies of any posters showing sectionised engines and tables containing data on construction of British Vehicles which might be of use in their School of Motorisation.

2. Although no reference to such posters is made in General Staff Publications 1945 it is thought that you may have something suitable in this line.

Date: 15th June 1946.

Subject: Data regarding vehicles for training purposes.

See P 12.

It would be useful, for the training of recruits of motorisation and drivers of various arms of service, to have educational posters showing sections of engines and tables containing data on the construction and use of the Allied vehicles issued to Units.

We shall be grateful if your M.M.I.A. will kindly forward several copies of said posters, authorising at the same time their reproduction and distribution to units. -
