Subject: Material for Air Photographs.

1. The Ministry of War forwarded a request some months ago for a supply of photographic material.
2. This supply has now been obtained from the R.A.F. and is available for collection at GUIDONIA airport.
3. Please arrange collection and deliver to the Italian Air Force HQ with a request that aerial photographs be taken of the CREMAO, BRACCIANO and CIVITAVECCHIA areas.
4. Ministry of War has already been in communication with the Italian Air Force HQ on this subject.

Copy to :
H.Q.
Land Forces Sub Comm.
A.C. (M.M.I.A.)

I have been asked by M.M.I.A. to enquire into the situation regarding Gridded maps for the Italian Army, and to ascertain Italian policy on this matter.

1. The Italian Artillery adopted a gridded system similar to ours in 1942. A copy of the manual has been handed to Lt.Col. Medlam.
2. If it were possible to provide sufficient English made maps of Italy to equip the Italian Army to scale, the Italians would be willing to accept our grid, based on a Lambert projection.
3. As (2) is manifestly impossible they would prefer to continue with the production of Italian gridded maps based on the more accurate Gauss projection. This work has already started in Florence and by continuing on this, the long term policy, the expense and labour of interim schemes are thereby avoided.
4. It is emphasized that there is no difference in the operation of the two grid systems. The Italian method, however, has a much smaller convergence error.

GI *Col. G. Medlam* *has asked whether the Italians have*
some grid system of their own which would work
before our system on them

George H. Alexander

To : M.I.A

Ref: 5052/0/6
Date: 11/8/46

Subject: Aerial photographs.

19

1. This S.M. sent request to survey the Cesano, Bracciano and Civitavecchia area by air as requested by you (appendix "A") in your letter TRG/64 dated 30th April 1946, to the Air Ministry.

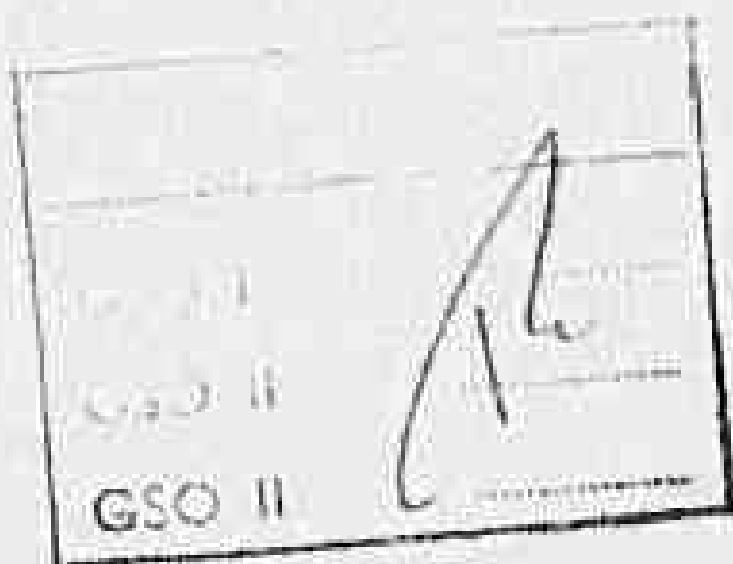

2. On the 29th July 1946 the aforesaid Ministry informed us that:

- a)- though being able to carry out the survey work, it cannot supply the number of copies requested, this is due to the small amount of equipment which is available at present, and will have to limit this to negatives and one single copy of the various photographs;
- b)- at present, due to technical reasons, only Allied type of camera AF. 24 - size 13x13 cm. lense = 20 cm. can be used, this S.M. will have to supply the developing material, necessary for the photographs, as follows:

- 5 rolls of a hundred exposures each film for camera type AF 24 size 13x13;
- 500 sheets of printing paper of the same size.

3. Since this S.M. has not at present any of this type film and printing paper requested by the Air Force, we would be very grateful if your Mission would kindly suggest how we could obtain the above material.

for the
ITALIAN CENTRAL MILITARY SCHOOLS
(Tel : ROME 66318-9)

Ref : G/A.8/1059

26 March 1946.

To: G (TRG),
Land Forces Sub Comm AC (MMIA)

1. A number of air photographs were held of the local area but owing to moves of Schools and increased needs, more are required.
2. Photographs of the following areas are particularly required :-
Ref Rd Map 1/200,000 CIVITAVECCHIA area. Between North Road CIVITAVECCHIA - TOLFA - MANZIANA - BRACCIANO and South Road BRACCIANO - VACCINA 4276.
CESANO area - Between VIA CLAUDIA and VIA CASSIA.
3. As many vertical and obliques as possible of these areas.
4. If no photo's of the above areas are now available, any suitably varied sets would be better than nothing.
