4. As a further guide, and in amplification only of these examples, Appx. A and B are att.

(a) Appx. A contains a short list of subjects which must under NO circumstances be treated as Unclassified.

(b) Appx. B provides instruction upon the permissible text of Unclassified messages in which Cipher references are quoted.

The provisions of U.S. Army Regs. 380 - 5 para 51(b)2 and W.O. pamphlet "Classification and Handling of Protected Documents 1944" para 17(b) and (c), regarding the urgent transmission in clear of messages which would normally be Classified, still apply.

6. Originators of Unclassified messages will include the instruction UNCLASSIFIED (abbreviation - UNCLAS) as the first word of the text. This instruction authorizes the transmission in clear by any means including radio and commercial agencies.
