4 COMPAGNIA SPECIALE TRANSPORTI.

1. Instructions for the disbandment of the above named unit were issued in this GHQ letter 1074/A1 (Ser 5049) dated 23 May 46. The Supervisory Authority for the disbandment was HQ MMIA in conjunction with HQ No. 3 District and HQ No. 3 District passed the copies of the disbandment order to HQ 52 Sub Area and made them responsible for supervision.

2. No completion reports have been received by this GHQ.

3. HQ Naples Area have investigated correspondence regarding this unit and report that it was not established with any degree of certainty who was in fact responsible for the unit.

4. A letter to HQ Naples Area from CC Troops BARI states :-

"Enquiries have been made by this HQ both with 9 BLU and the Local Comando Presidio but no positive information has been obtained.

I am informed by 9 BLU that all Special Transport Coys were directly controlled by the Italian War Ministry. It is suggested therefore that the necessary information may be forthcoming from either HQ MMIA or from the Italian War Ministry".

5. It is requested that you inform this GHQ of the circumstances of the dispersal of the unit and whether or not dispersal was in accordance with the above quoted GHQ letter.

6. For HQ Naples Area :

Reference your A/40/1 dated 14 Nov 46. No further action is required by your HQ.

TO : MINISTRY OF WAR

Further to this HQ letter ED/6/2 dated 2 July 46.

1. As a result of the conversations that have taken place at this HQ during yesterday morning and this morning it is now agreed that:

(a) 24 MT Unit, E.M.F. ROMA and to a certain extent the POL Depot ROMA are units which must be directly under command of S.M.E.

(b) The formation of the MT Group HQ is NOT necessary, but it is recognised that some co-ordinating office is required to save the Staff Officer of the Ufficio Servizi from having to issue instructions to the three separate units as at present. This office should be a sub-branch of the Ufficio Servizi.

2. It is therefore agreed that a unit designated "Comando Coordinamento Reparti Auto S.M.E." should be formed, and should consist of:

	Personnel	
Commander	1	(Lt Col or Major)
Adjutant	1	(Lieutenant)

1947 Ser. 201
for follow up.

TO : MINISTRY OF WAR

Reference your letter 3276/ord/H dated 21 June 46.

1. This question has been carefully studied by this branch on the advice of our services concerned, and our opinion is as follows.

2. (a) The division of 24 MT Unit which consists of a Headquarters (on HQ 33/443/1) four transport platoons (each on HQ 33/444/1) and one mixed platoon (on HQ 33/445/1) into two MT Units each consisting of a Headquarters, two transport platoons and one mixed platoon on the same HQ as shown above would result in their being an increase in the availability of tank vehicles of only one mixed platoon, that is 10 motor-cycles, 15 cars and six heavy lorries.

(b) The net benefit of this conversion is offset by the necessity of having to provide an extra two Headquarters, firstly the HQ of the new MT Unit, two officers and twelve other ranks, and secondly the HQ of the 22 Group, 3 officers and 9 other ranks. These two HQs will be merely additional limbs in the chain of command.

(c) Your desire to have additional load carrying vehicles at your disposal is appreciated. It is considered however, that the benefits of your proposed reorganisation (that is 15 motor-vehicles, the balance of the additional vehicles being 10 motor-cycles and cars) are greatly minimised by the additional expense incurred by the creation of the two superfluous HQs mentioned in para 2 (b) above. According to the latest information held at this HQ, 24 MT Unit has nineteen load carrying vehicles that are inefficient. A simple method of creating a greater availability of load carriers than is enjoyed at the present time would be to ensure the permanent efficiency of all vehicles of 24 MT Unit.

(d) It is stated in paragraph 3 of your letter that one of the reasons for forming an MT Group HQ is for better co-ordination of the various MT Services of HQ, which are 24 MT Unit, B.V.V. HQ and HQ Depot HQ. It has always been considered by this HQ that the B.V.V. HQ and the HQ Depot HQ were under the command of HQ 3 Territorial Command, as is shown in the Order of Battle of HQ 3 Territorial Command, as has been received that

Release your letter 3296/63d/II dated 21 June 1963.

1. This question has been carefully studied by this branch on the advice of our service personnel, and our opinion is as follows.

2. (a) The division of 24 MT Unit which consists of a headquarter (on HQ 33/413/1) four transport platoons (each on HQ 33/413/1) and one mixed platoon (on HQ 33/413/1) into two MT units each consisting of a headquarter, two transport platoons and one mixed platoon on the same HQ as shown above would result in their being an increase in the availability of task vehicles of only one mixed platoon, that is 10 motor-cycles, 15 cars and six heavy lorries.
- (b) The negative benefit of this conversion is offset by the necessity of having to provide an extra two headquarters, firstly the HQ of the new MT unit, two officers and twelve other ranks, and secondly the HQ of the MT group, 3 officers and 9 other ranks. These two HQs would be merely additional limbs in the chain of command.
- (c) Your desire to have additional load carrying vehicles at your disposal is appreciated. It is considered however, that the benefits of your proposed reorganisation (that is 35 new lorries, the balance of the additional vehicles being 35 motor-cycles and cars) are greatly minimised by the additional expenses incurred by the creation of the two superfluous HQs mentioned in para 2 (b) above. According to the latest information held at this HQ, 24 MT Unit has nineteen load carrying vehicles that are inefficient. A simple method of creating a greater availability of load carriers than is enjoyed at the present time would be to ensure the permanent efficiency of all vehicles of 24 MT Unit.
- (d) It is stated in paragraph 3 of your letter that one of the reasons for forming an MT Group HQ is for better co-ordination of the various MT Services of HQs, which are 24 MT Unit, R.V.M., R.M.M. and POL Depot WMEF. It has always been considered by this HQ that the R.V.M., R.M.M. and the POL Depot HQs were under command of HQ 3 Territorial Command, as is shown in the Order of Battle; and no previous information has been received that you considered these two units to be under your direct command. It is considered that the R.V.M., R.M.M. and POL Depot HQs should remain under command of HQ 3 Territorial Command.
- (e) The formation of an MT Group HQ as proposed in paragraph 3 of your letter merely to supervise the administration of one unit (24 MT Unit) is not considered advisable. This HQ would merely duplicate work and be quite superfluous to essential requirements. It has been found quite practicable in the British Army for a unit to be under direct command of a large HQ, such as the HQ.

conclusion

3. In ~~conjunction~~ therefore, it is considered by this HQ that in order to obtain the maximum availability of reserve transport with a limited number of personnel, it is better to raise 21 MP Unit to 100% strength and efficiency both in personnel and vehicles rather than split this unit into two in order to provide a small number of extra vehicles but at the cost of forming two unnecessary Hqs.

EXAMINATION

From: M.O. H.
To: M.A.I.A.
Ref: 5596/Ord/II
Date: 31/3/46

Subject: M.F. Units at disposal of S.M.A.E. -

- 1 - In letter no 6/1197/3erv dated 17/3/46, the Service Office of this S.M.A.E. pointed out to your M.A.I.A. the advisability of building up, at the Central Authority, a reserve of vehicles so as to be able to cope with unexpected moves of personnel and material for operational requirements. -
In pointing out the above, it was stated that the vehicles on the W/E. of the 21st M.F. Unit (ex 1st S.T.C.) proved to be insufficient and proposed the formation of an "M.F. Manoeuvre Unit" formed by 2 Units: - the 21st and another unit to be formed by reorganising the M/Us Coy. -
- 2 - In your letter 31/1001 dated 26/3/46 you stated your own opinion on the a/m proposals.

- 3 - The Recent occurrences confirmed the proposals made by the Service Office dealing with the necessity of having at disposal of S.M.A.E., a reserve of vehicles in order to be in a position to cope with unexpected requirements without having to reply upon vehicles of the Territorial Command or Home and particularly those of the 8th M.F. Unit (ex 8th A.F.C.) which, in letter 31/1001 mentioned above, is listed as being at disposal of S.M.A.E. because stationed in the Capital.
In view of the above, it must be noted that the necessity of having a "Manoeuvre Group" at the Central Authority is, therefore, entailed by the fact that the Terr. Commands (including that of Home) cannot fulfill with their vehicles any special requirement. Another admin. reason which advises the formation of an "M.F. Group at disposal of S.M.A.E." is the necessity of grouping under one HQ the various M.F. Services of S.M.A.E. (21st M.F. Unit - M.V.P. Home - P.O.L. Depot) with a view of coordinating better the work under one authority. -

4 - In view of the above, we propose the following:
Place the M/Us Coy to one platoon (M.F. strength: 1 Officer 3 NCOs, 33 men) which will remain under the Engineer Services

so as to be able to cope with unexpected moves of personnel and material for operational requirements. -

In pointing out the above, it was stated that the vehicles on the M/E. of the 21st M.T. Unit (ex 1st S.T.C.) proved to be insufficient and proposed the formation of an "M.T. Manoeuvre Unit" formed by 2 Units: - the 21st and another unit to be formed by reorganising the M/Cs Coy. -

2 - In your letter ST/1001 dated 25/3/46 you stated your own opinion on the s/m proposals.

3 - The Recent occurrences confirmed the proposals made by the Service Office dealing with the necessity of having at disposal of S.M.A.M., a reserve of vehicles in order to be in a position to cope with unexpected requirements without having to rely upon vehicles of the Territorial Command of Rome and particularly those of the 6th M.T. Unit (ex 6th A.I.B.) which, in letter ST/1001 mentioned above, is listed as being at disposal of S.M.A.M. because stationed in the Capital.

In view of the above, it must be noted that the necessity of having a "Manoeuvre Group" as the Central Authority is, therefore, entailed by the fact that the Terr. Commands (including that of Rome) cannot fulfill with their vehicles any special requirement. Another admin. person which advises the formation of an "M.T. Group as disposal of S.M.A.M." is the necessity of grouping under one HQ the various M.T. Services of S.M.A.M. (21st M.T. Unit - M.V.P. Rome - P.O.I. Depot) with a view of coordinating better the work under one authority. -

2568

4 - In view of the above, we propose the following:

Reduce the M/C. Coy to one platoon (M.E. strength: 1 Officer 3 MCOs, 23 men) which will remain under the Engineer Service (signals);

50/6/2 - 20th M.T. Group HQ (M.E. strength: 3 Officers, 2 MCOs, 7 men);
DATE R/22/6.

From two M.T. Units having: 1 HQ

2 Truck Section
1 Mixed Section

The personnel for the s/m unit would be drawn from the M.T. Unit and from personnel recovered on account of the reduction in strength of the M.C. Coy.

The increases in confront with the present M.Cs would be 17 men that could be drawn from the 28,000 not yet employed held at disposal of the Territorial Services Units.

211700

- 2 -

- 5 - Should your M.M.I.A. not consider convenient to adhere totally to the proposals mentioned above, we beg you to consider the advisability of forming the M.F. Group HQ (13 men) for the administration of the M.F. Units under this S.M. -

REQUEST :- M.T. Units at the disposal of S.M.R.E.

SE/1001

28 Mar 46

Land Forces Sub Comm. A.S. (INDIA)
ROME
Tel : Rome 489034 Ext 526

To :- S.M.R.E., Ufficio Automobiliismo.

In reply to your letter ref 6/1197 dated 17th March, the matter has been referred to the appropriate branches of this HQ and our opinion is that the formation of a new Unit at the present time would not be justified and is entirely unnecessary for the following reasons.

1. LOADCARRIER SECTIONS.

The strengths at March 25th (in loadcarriers) against actual War Establishments of the two Rome Units are as follows :-

	Strength	W.E.	Difference	Inefficient
No 8 Terr Admin Tpt Coy	74	104	- 30	13
" 1 Spec Tpt Coy	95	104	- 9	32
Totals	169	208	- 39	45

These figures (taken from states submitted by you as at 25 March) show that if the two Units were brought up to establishment in vehicles, and inefficient vehicles were made efficient or replaced, it would give an availability of approximately 3 more loadcarrier sections - one more than requested in Para 3 of above quoted letter.

2. No 8 Amb Car Section at present holds 15 ambulances against a W.E. of 20; when this is brought up to strength there will be no need for another Ambulance Section in Rome.

3. The motorcyclist section is, we understand, at present fully employed by Signals under the Genio, and disbandment would only presumably be considered if there was insufficient work to justify its continued existence, in which case it would be pointless to form another section within the Corpo Automobilistico.

SUBJECT :- M.T. Units at the disposal of S.M.R.E.

Attached is copy of translation of a letter (ref 6/1197 date 17 Mar) from S.M.R.E. requesting our opinion on the formation of a new Transport Coy in Rome consisting of 1 HQ, 2 Loadcarriers Sections, 1 Ambulance Section and 1 Motorcyclist Section.

In the opinion of this Branch it is unnecessary and would be superfluous for the following reasons :-

1. Apart from the Ministry of War Admin Tpt Coy there are already two Tpt Coys in Rome - No 8 Terr Admin Tpt Coy and No 1 Special Tpt Coy - as opposed to one only in every other Territorial Command.

2. Before thinking of forming new Companies it is thought better to bring present ones throughout the country up to Establishment.

3. LOADCARRIER SECTIONS.

The strengths as at March 25th (in loadcarriers) against actual War Establishments of the two Rome Units are as follows :-

	<u>Strength</u>	<u>WE.</u>	<u>Difference</u>	<u>Inefficient</u>

" 1 Spec Tpt Coy	95	104	- 9	32
Totals	169	208	- 39	45

These figures (taken from states submitted by S.M.R.E. as at 25 March) show that if the two Units were brought up to establishment in vehicles, and inefficient vehicles were made efficient or replaced, it would give an availability of approximately 3 more loadcarrier sections - one more than requested in Para 3 of above quoted letter.

4. AMBULANCE SECTION.

No 8 Amb Car Section in Rome at present holds 15 ambulances against a WE of 20. We are informed by Med this HQ that these are not fully employed, it would therefore appear to be undesirable to form a new ambulance section as suggested.

5. MOTORCYCLISTS SECTION. is a Signals unit under the Genio, and Sigs this HQ have no knowledge or any possible disbandment and say that they are fully employed. If disbandment was considered, it would presumably be because there was insufficient work to justify its continued existence, and it would therefore be pointless to form another section within the Corpo Automobiliistico.

in the opinion of this branch it is unnecessary and would be superfluous for the following reasons :-

1. Apart from the Ministry of War Admin Tpt Coy there are already two Tpt Coys in Rome - No 8 Terr Admin Tpt Coy and No 1 Special Tpt Coy - as opposed to one only in every other Territorial Command.

2. Before thinking of forming new Companies it is thought better to bring present ones throughout the country up to Establishment.

3. LOADCARRIER SECTIONS.

The strengths as at March 25th (in loadcarriers) against actual War Establishments of the two Rome Units are as follows :-

	<u>Strength</u>	<u>WE.</u>	<u>Difference</u>	<u>Inefficient</u>
No 8 Terr Adm Tpt Coy	74	104	- 30	13
" 1 Spec Tpt Coy	95	104	- 9	32
Totals	169	208	- 39	45

Subject: Means of transport

Rebying to letter SD/6/2 dated 11/2/46

All the C.A.R. have, to-day's date- all the means needed for their working and we think that during this month the W/E of vehicles authorised for the a/m Centres will be completed.

Considering the difficulties met in repairing Allied vehicles, to the a/m Centres have been distributed only Italian vehicles drawn from those originating from release and Repairs.

Ref your L.1/5265/Corp of 26 Dec 44.

1. You will have noted that our letter of 2005 of 8 Feb 45 that whereas British weapons are strictly to be issued through British Clearance Depot For J.Rs no transport, other than motor bicycles, is being provided at present.

2. It will therefore be necessary for some or all of the Motor Transport required for C.Rs to be provided by withdrawal of transport from British Army formations and divisions; some of this transport may include vehicles of British Army type.

3. You will no doubt appreciate that no British formation facilities for the repair of British vehicles exists south of BOLOGNA and that it will therefore be necessary to allocate British types of vehicles only to those C.Rs which can conveniently send such vehicles to BOLOGNA for repair.

4. If you contemplate withdrawing vehicles of British make from British units in order to bring down of transport up to strength it is requested that the same consideration be kept in mind.

1. You will have noted that our letter 1003 of 8 Feb 46 that whereas BRITISH transport was ordered to be issued from BRITISH Ordnance Depot for CARs as transport, which shall cover bicycles, in being provided at present.

2. It will therefore be necessary for you to call on the Motor Transport provided by CARs to be provided by withdrawal of transport from ITALIAN Army Headquarters and Services; none of this transport may include vehicles of BRITISH type.

3. You will no doubt appreciate that no ITALIAN workshop facilities for the repair of BRITISH vehicles exist with the exception of those at the BRITISH Army Headquarters in Rome. It will therefore be necessary to allocate BRITISH types of vehicles only to those CARs which can conveniently send such vehicles to POLAND for repair.

4. It will be appreciated withdrawing vehicles of BRITISH make from ITALIAN units in order to bring them to BRITISH units in strength it is requested that the same consideration be kept in mind.

SUBJECT: Organisation of Part III (b) 4 Units.

LAND FORCES SUB COM, A.C. (DMIA)

SD/6/2

Jan 46

TO : MINISTRY OF WAR

1. MAJOR AMBULANCE CONVOY.

1. To carry out the agreement reached between the Ministry of War, DMIA and D.P.&R Sub Commission, that the above unit should be concentrated at Milan and reduced to 2 Platoon strength, action is required to be taken as follows:-

(a) 'A' Platoon to be withdrawn from the Cremona Inf Div and disbanded.

(b) Personnel and ambulances thus made surplus, to be used to bring the remaining two Platoons up to full strength. After satisfying this proviso any surplus vehicles will be handed in to No 3 E.V.P.

2. This unit on concentration at Milan, should therefore be organised on WE VI/719/1 (2 pls only) with a strength of 181 all ranks and a total of 50 ambulances.

3. After concentration at Milan, the unit will be under your administrative and operational control, however it is understood that twenty ambulances will be made available for duty at camps operated by D.P.&R Sub Commission and Ministero Assistenza Post Bellica.

4. Please advise completion of this reorganisation.

To:- 3 District.

A request has been received by the War Ministry direct from G.O.R.U. Form that No. 4 Special Transport Company may be completed to W.B. as the available vehicles are insufficient for the work in hand.

It is regretted that the present availability of vehicles in the Italian Army and the grave shortage in G.O.R.U. units does not permit of Italian vehicles being provided for what is a RR-ITI unit.

It is therefore requested that you will take such steps as are considered appropriate to remedy the deficiencies complained of.

It will be appreciated if some indication can be given when this unit may be disbanded.

Jan 86

TO : MEMORANDUM FOR

Re: your N. 1/8/86/very/ dated 23 Dec 85.

1. It is requested that your proposed distribution of value against 100 of the Interior Army cannot be entirely supported by this V.

2. It is suggested that the scale of allocation should be based rather on the basis of the sum than on a fixed percentage of V.

The following proposals are therefore forwarded for your consideration:

(a) The amount to hold 100% transient except in the case of units with high values of the on or when a low scale is considered completely acceptable.

(b) Policies and Decisions to hold 100% transient.

(c) 20% to hold 100% transient.

(2) Detailed program and information. A full scale of the is probably not required. As however individual parts and units are covering out different functions a "holding scale" for separate parts should be devised. This scale should not be calculated on the basis of a percentage of V but in accordance with requirements of parts taking into account their present individual roles.

All value surplus to those "holding scales" would then be available to make up deficiencies elsewhere.

3. It is requested, therefore, that you study the problem on the above lines. In any case your suggestion that the Army should hold a reduced scale of the Army be agreed in view of their commitments at the present time.

Major General,

1. It is requested that your proposed distribution of votes against the of the interim army cannot be entirely suggested by this.
2. It is suggested that the scale of allocation shall be based rather on the basis of the size than on a fixed percentage of it.
The following examples are therefore forwarded for your consideration:
(a) The Army to hold 100% transport except in the case of units with high surplus of fuel or in which a lower scale is considered completely appropriate.
(b) Engineers and Artillery to hold 100% transport.
(c) Cavalry to hold 100% transport.
(d) Infantry to hold 100% transport. A full scale of 100% is probably not required, as however individual units and units are carrying out different functions a "holding scale" for services also should be devised. This scale should not be calculated on the basis of a percentage of it but in accordance with requirements of units taking into account their present individual roles. All vote surplus to these "holding scales" would then be available to make up deficiencies elsewhere.
It is requested, therefore, that you study the problem on the above lines. In any case your suggestion that the army should hold a reduced scale of 100% cannot be agreed in view of their commitments at the present time.

1. Reference correspondence on the above subject ending with this office letter 4410/ST3 dated 17th December 45. It is felt that the matter of the above mentioned Italian Transport Companies needs clearing up.
2. The units are ITI-III Units, and are not the responsibility of S & T, but some months ago two of them Nos 1 and 2 were allotted for ops to Br. Increment 5th Army and later 1 District.
3. The companies which were it is believed originally intended to be 3rd line companies of Gruppi, have never had British Cadres, and have been entirely administered by the Italian H.Q.'s allotted for this purpose.
4. None-the-less, owing to the circumstances described in para 2 above they have at least in the case of Nos 1 and 2, been to certain extent erroneously identified with S & T.
5. With regard to Nos 1 and 2 Italian Transport Companies, as the need for their assistance ceased in June/July last, information was received by ST, 1 District from ARHQ to the effect that they were no longer required by the Br. Army and could be disbanded.
6. These two units, or what remains of them, are it is believed still in existence the one at FORLI, and the other at BOLOGNA. No definite information is available about No. 3 Italian Transport Company, but it is believed to be at GENOA, and to have until recently been working for AG/AMG.
7. It would appear greatly to the advantage of all concerned, if action could be taken either to complete the disbandment of these units or to confirm their status.
